

Royal Baking Powder

Absolutely Pure

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corrosive acid, which taken in food means injury to health.

IS OFFERED TO MR. DAVIS

SCHOOL BOARD YESTERDAY TENDERED HIM THE SUPERINTENDENCY

MR. DAVIS IS NOW IN PARIS

Testimonial Resolutions to Supt. Smith on His Departure for Europe—Reporters Discover Secrets.

President J. W. L. Corning was authorized at a special meeting of the board of school inspectors held yesterday afternoon to send a letter to Dr. George W. Davis at Paris, offering him the superintendency of the St. Paul schools. Supt. A. J. Smith is still superintendent, and will remain so until the first of the year, and in case Dr. Davis does not accept the place, he will, without question, be asked to withdraw his letter of resignation.

Mr. Smith left for an extended trip in Europe last night, and on the eve of his departure he received by special messenger a set of resolutions passed by the board in executive session yesterday afternoon that can leave no room for doubt as to the regard with which he is held by the members of the board.

After E. O. Zimmerman let the cat out of the bag Thursday afternoon by the introduction of a resolution electing Dr. Davis, and assigning Mr. Bond to serve during the interval, the members of the board were somewhat in the air. In the executive session which preceded, Mr. Corning was authorized to write the letter that was sent last night, and it was thought that no publicity whatever should be given to the matter, except that a tacit understanding exist that Mr. Smith hold over until such a time as Dr. Davis could accept the place. E. O. Zimmerman's resolution very nearly caused a split in the board, and considerable bad feeling was developed.

Mr. Corning yesterday morning was in a dilemma. He could not determine whether to send the letter to Dr. Davis after what had passed in open session. It was impossible to determine just where the board stood, so, at the suggestion of several of his colleagues, he called the special meeting for yesterday afternoon.

The suits were consumed with the superintendency question. Mr. Corning was authorized to write to Dr. Davis, and Supt. Smith was notified of the board's action.

The board is somewhat exercised over the exclusive news that has been printed in the Globe from time to time upon the superintendency question. When the board met yesterday afternoon some one moved that the reporters be excluded.

E. O. Zimmerman put in a good word for the newspaper men.

Then President Corning said: "We don't seem to be able to have any executive sessions, for the next day we see it all in the paper. I don't think executive sessions are the right thing, but if we are going to have a trumpet out of the window, I am not in favor of holding any more executive sessions."

"It would be well if the wires around the school board office were examined to see where the leak comes from," suggested Dr. Wallace.

"For my part," said Mr. McNair, "I have said nothing about the matter to any reporter. I always refer them to Corning."

"They don't get much out of me," declared the president, with a flourish of his gavel.

E. Zimmerman and E. E. McDonald voted against closing the door upon the press, but were overruled by a majority of the board.

The salary question was pretty thoroughly discussed, with rather satisfactory results. Principal Robinson, of the St. Paul high school, will have his salary raised to \$3,000, and the principals of the other three high schools will receive \$2,000 instead of \$1,800. Several minor officers of the board were given small advances, but the grade teachers and most of the principals will have to be content with the regular schedule increase.

TEN RECEIVED DIPLOMAS

CLASS OF ST. JOSEPH'S ACADEMY GRADUATED YESTERDAY.

Ten young women received diplomas at St. Joseph's academy yesterday afternoon, showing that they had completed the course of study prescribed by the convent.

The diplomas were prefaced by an interesting and varied programme in which the graduates displayed not only proficiency in their work but ability as entertainers.

The Assembly hall was crowded with the parents of the pupils and patrons of the institution. The stage, adorned with palms and cut flowers was a pretty background for the daintily robed graduates.

The instrumental numbers revealed marked proficiency on the part of the performers. The opening number was Weber's "Overture to Oberon," arranged for piano by Miss E. Frasier, Miss J. Hilger, Miss E. Mandigo, Miss M. Twoby, Miss M. Jewett and Miss A. Leonard.

Miss E. Frasier, Miss E. Mandigo, Miss M. Twoby, Miss M. Jewett and Miss A. Leonard played a piano solo, "Capriccio Brillante" Mendelssohn. Another instrumental number was "The Bird in the Hand," arranged for two pianos and played by Miss L. Riegel, Miss E. De Lamere, Miss L. Snow and Miss M. Webb.

The vocal numbers were sung smoothly and with unusual finish. Miss A. Fontaine's numbers were: Elizabeth's prayer from "The Bible in Latin," "The Moral Influence of the Drama," and "The Moral Influence of the Drama."

Miss Helen E. Frasier recited "Raphael Sanzio," by Griffith and the graduating class gave a Deostean interpretation of "Mirith." An interesting bit of elocution
