

The Absolutely Pure

BAKING POWDER

Made from pure grape cream of tartar, and free from lime, alum and ammonia.

ROYAL is the most economical baking powder, no matter how cheap others are sold, because being of greater leavening strength it goes further. Besides, it safeguards the food against alum, from which low-grade, low-priced powders are made.

The low-grade, cheap powders contain alum and lime, and injuriously affect the stomach and kidneys.

THE SOCIAL WORLD.

This will be known as ladies' day and ladies' night, and the management announced last night that the carnival will close promptly and the grounds be cleared at 11 o'clock. No deviation from this rule will be made tonight, and the same good order will prevail that has characterized the entire carnival. It is worthy of special note that not one arrest has been made during the entire show. When the large crowds that have been daily handled are considered it is not short of remarkable. The fair has been quite successful, and with all that has tended to retard success, St. Paul Lodge of Elks No. 29 will net a small sum, and be accorded credit for the successful issue of a very large undertaking.

The Lederer came in from a short trip through the country yesterday, and stated that the drought had probably kept several thousand country people away from the fair. The crop conditions in many sections is a serious drawback, and for that reason many who would have otherwise visited St. Paul during the two weeks were kept at home.

Today and tonight special band concerts will be given in various parts of the grounds. It is expected that this afternoon's attendance will be a record breaker, owing to the fact that it is the last afternoon, and all the jobbing houses, railroads and business establishments generally observe Saturday afternoon as a half holiday.

"We were fired from this booth," is the little catch line over about 30 cents' worth of debris which the Stevens & Robinson exhibit was located before the fire. Then the Boston has a sign which is read with a smile by many. "Forget it, but remember the Boston."

Over the charred frame of a \$350 piano is a sign, "Now \$2.50. We have a lot more wonderful bargains." The marked-down instrument was part of the exhibit of the Farwell Music company.

Yesterday was fraternal order day, and many lodges were within the grounds. The Royal Arch society of Minneapolis, came down in a body, and were discernible by their badges.

The policing of the grounds has been all that could be desired, and the protection has been wholly adequate. The lightning gentry have given the town a wide-berth since the installation of Chief O'Connor.

The attendance yesterday probably exceeded 10,000. Bosco, the man, or whatever it is, that eats snakes, has an moderate appetite. It does about twenty "turns" a day, and of necessity the last snake is not eaten with as much relish as the first. It does very well, however, and those who see the creature do his gruesome act do not feel inclined to do so again. "It" was captured by a military officer in Australia.

It was stated officially last night that the use of rubber balls attached to elastics will be prohibited on the grounds today and this evening.

The marriage of Miss Grace Leonard Cleveland, daughter of Mr. and Mrs. C. W. Cleveland, to Mr. George W. Raudenbush will take place this evening at 8 o'clock at the bride's home on Sberburne avenue. Rev. Benjamin L. Longley, of the Central Park M. E. church, will perform the ceremony. The bride will be attended by her sister, Miss Mayme Cleveland, as maid of honor. Robert Sanger will act as best man. About fifty guests, including only relatives and most intimate friends, will be present at the ceremony. A wedding supper will be served immediately after the ceremony. There will be an informal reception. Mr. and Mrs. Raudenbush will go East, visiting at Niagara Falls and continuing to White Bear, where they will be the guests of the groom's parents. They will be at home after Aug. 1 at 822 Sberburne avenue.

Miss Ida Elizabeth Gundlach and Mr. Robert Field Garland were married Tuesday afternoon at the bride's home, White Bear lake. The ceremony was performed in the library which was decorated with ferns and marigolds. Both bride and groom were unattended. Miss Lucy Gundlach played the wedding music. The Loebengrin wedding music was played in a professional and later the Mendelssohn march was played. The bride was gown in white mousseline de soie over white tulle and carried a bunch of Bride roses.

A reception and supper followed the wedding, the guests being relatives and intimate friends. The parlor was decorated with daisies and the dining room with pink roses, sweet peas and ferns. Mr. and Mrs. Garland have gone East on a home tour. They will be at home after Aug. 1 at 846 Fairmount avenue.

Mrs. Louis N. Chamberlain will be guest of honor this morning at a euchre and buffet luncheon given by the Misses Shaw at their home on East Ninth street.

The Ramsey County Graduate Nurses' association will meet Monday afternoon at the medical association rooms, Lowry arcade.

HARD TO STAY GREAT.

Forces in Nature Intended to Level Those Who Push Ahead of the Mass.

By brains, hard work and self-denial a man reaches a position of wealth and greatness.

Right then, by a natural law, the contrary forces set to work to tear him down, to prevent his getting too far ahead of the regular evolutionary development.

Think it over and you will remember your own life and your friends' experience.

When fortune's iron hand begins to smile, misfortune's iron hand appears, for the man yields to some or many of the "smiling down" forces, anxiety, worry, whiskey, tobacco, lust, coffee, etc., etc. Health begins to leave as the man is unable to hold his lofty position.

ROYAL BAKING POWDER

Made from pure grape cream of tartar, and free from lime, alum and ammonia.

ROYAL is the most economical baking powder, no matter how cheap others are sold, because being of greater leavening strength it goes further. Besides, it safeguards the food against alum, from which low-grade, low-priced powders are made.

The low-grade, cheap powders contain alum and lime, and injuriously affect the stomach and kidneys.
