

A CALCULATION.

WHEN you are ready to buy, stop and compute the cost of the soap used by your household in a day, a week or a month, and for the slight difference in price you will never forgo the pleasure of using the purest soap made, that is, Ivory Soap.

It is the most inexpensive of pure soaps. You need no knowledge of chemistry to realize this purity, use it and you will know. It floats.

IN VERY FINE QUARTERS

MILWAUKEE NEW CITY TICKET OFFICE ABOUT COMPLETED.

FURNISHED IN MAHOGANY

W. H. Hill Will Advance to Position of Assistant Superintendent of Minnesota Division of the Eastern.

The improvements that have been in course at the local ticket office of the Milwaukee line, at Fifth and Robert, are about complete, and the office is now one of the best equipped as well as the most attractive appearing in the West. The whole of the ground floor corner of the building was rebuilt inside from the inside out. All of the furnishings from the chairs and partition railings, including counters, desks, ward rooms and telephone booths, are of solid mahogany, highly polished, massive and of fine workmanship. Even the telegraph table is of mahogany.

CROPS WILL AVERAGE.

Say Farmers Along Pacific Division M. & St. L.

H. V. Peterson, traveling passenger agent for the Minneapolis & St. Louis railroad, was in the city yesterday. Mr. Peterson has charge of the excursion business of the company in its northern territory, and reports excellent business on the Pacific division, where he has just organized a ten-day excursion from Morriston, Minn., to Watertown, S. D. The excursion is for the accommodation of residents of the towns along the line between the two points on account of a carnival and street entertainment and circus at Watertown on July 20.

Mr. Peterson says the farmers along the Pacific division report excellent crop prospects, the only shortage being in hay. In all other particulars, especially wheat and oats, the crop will be fully up to the average, while the smaller cereals and vegetables are in excellent condition. The outlook does not expect any loss of traffic along its lines as a result of short crops.

W. H. HILL TO MOVE UP.

Will Be Made Assistant Superintendent of Minnesota Division.

Effective July 15 an order has been issued making numerous changes in the official positions at the Great Northern general offices. The order promotes W. H. Hill from the position of assistant general freight agent to that of assistant superintendent of the Minnesota division, with headquarters at Larimore, N. D. The position made vacant by the promotion of Mr. Hill will be filled by the promotion of John A. Sargent, at present chief clerk in the general freight agent's office. The position made vacant by the promotion of Mr. Sargent will be filled by the promotion of...

We clothe from Head to Foot.

The Summer Girls are the ones we have studied to please in selecting our stock. Feminine approval is what nine-tenths of the men want in regard to their dress. Good taste—good style—good fit—are characteristic of our Summer Suits. Good bargains this week in all departments.

Our semi-annual clothing sale of all broken lines and odd sizes of the best Hats, Clothes and Shoes made in this country, and guaranteed as such.

THE PLYMOUTH. The Best Outfitting House in America. The lowest prices always.

END OF KITSON ESTATE

FINAL HEARING AND SETTLEMENT ASKED FOR BY THE EXECUTOR

IN LITIGATION MANY YEARS

Has Been Carried Into Every Available Court—Estate Originally Valued at Nearly Three Millions.

After being for twelve years the subject of litigation the Kitson estate will probably be finally disposed of in August. The St. Paul Trust company, which is executor under the will of Norman W. Kitson, yesterday filed its seventh and final account with the probate court which has set Aug. 8 as the day for examination and action.

When the will first came to probate the estate was valued at nearly \$3,000,000, but much of this has been dissipated in litigation which has carried it into every court available.

All the special bequests have been paid, and the property remaining will be divided amongst the heirs. It consists mainly of real estate in Midway and New York city.

GETS HIS COMMISSION. Stock Broker Gets Verdict in Interesting Case.

Judge Kelly yesterday awarded Charles B. Towers, a commission broker, of Miles City, Mont., a \$300 judgment against the Stevens Cattle company, of Minnesota, in business in Tower, N. D., for commission on 600 cattle.

Towers had arranged with the Stevens company to sell cattle on commission, and claimed that after he had advised the stock and negotiated for its sale, the Stevens company made a deal directly with its customer, thus depriving him of his commission. Judge Kelly took this view of the matter, and awarded Towers 50 cents per head for his services in the deal.

GETS NO DIVORCE. Odd Case Before Judge Kelly Yesterday.

Etta May Fuller's application for a divorce from William P. Fuller was yesterday denied by Judge Kelly, and she was further reprimanded by being deprived of the custody of her two-year-old daughter. She made no appearance in court, and the husband's answer showed that he, rather than she, was entitled to the decree.

SELL ITS REAL ESTATE. Foreclosure Decree Against St. Paul Land Company.

Judge Kelly yesterday issued a decree to wind up the affairs of the St. Paul Land company, which in the month of May, 1899, gave as security lots in North St. Paul. The accumulated interest now makes the liability \$201,877.33, only about \$100,000 of the bonds having been redeemed, and the court orders a decree of foreclosure and sale of the property.

Verdict for Railroad. In the suit of A. DeLong, infant, by his guardian, against the Omaha railway for \$30,000 indemnity for the loss of an arm by being run over by a train, Judge Kelly yesterday afternoon directed a verdict for the defendant.

Asks Divorce for Desertion. Julia Bador alleges that her husband, Frank Bador, to whom she was united by a Hudson marriage in 1894, has deserted her. The case is before Judge Kelly.

SHERBURNE AVENUE PAVING. Formal Objections Filed With Board of Public Works.

The board of public works had a hearing yesterday afternoon on the paving of Sherburne avenue with asphalt, from Cedar street to the east terminus. H. F. Stevens, owner of lot 1, Sherburne terrace, and Judge Kelly objected to the race, and Judge Kelly objected to the assessment first, because they claimed that the board of public works has not, and never had, jurisdiction to order or cause to be made the improvements in question, for the reasons that the street, and all prior assessments paid in full.

Second—Because the council of the city of St. Paul has no jurisdiction to order the improvement.

Third—This objection objects to the amount of the assessment proposed to be made upon the property, for the reason that the improvement in question is not a private improvement.

Fourth—That it is unjust, unequal and partial.

Fifth—That property, by this objection, is not benefited by said party greater than \$30.

The clerk was directed to give an assessment notice in the matter of a sewer on Lawrence street, from Cedar street to the east terminus.

The clerk was also directed to call in owners of property on St. Albans, from Fairmount to Pleasant, on sidewalks.

The board heard the report of the street paving of East Seventh street, from Hope to Atlantic. The estimates are: For brick, \$23,970; sandstone or granite, \$36,238; asphalt, \$49,945. The amount of the street railway of this assessment is \$24,752.

The lights on Wabasha street bridge were ordered discontinued until further notice.

MANY NEW CORPORATIONS. They Filed Articles With Secretary of State Yesterday.

NEW ARMORY PROJECT

IT IS RAPIDLY ASSUMING A FORM THAT PROMISES FRUITFUL RESULTS

PLANS ARE BEING DRAWN

And It Is Said That the Necessary Capital Awaits the Signing of a Suitable Lease.

Adt. Gen. Lambert is fostering a plan for a new armory for St. Paul, and plans are being drawn by Architect H. A. Kretz. The plan is well developed, but is sufficiently well developed to point very strongly to its successful completion.

The proposed new building will occupy the site of the present structure on Sixth street that has served the purpose of an armory building and public hall since 1882, when the guard was yet in its infancy, and has since become inadequate to meet the growing demands of the guard. The necessity for larger quarters is very largely emphasized by the acquisition of an additional regiment to the guard.

The Fourth regiment will doubtless be transferred from the reserve force to the regular militia by the next legislature, and there is scarcely room for company quarters in the building.

The plan, as roughly outlined, will give St. Paul an armory building that will cost in the neighborhood of \$50,000, with very little additional cost to the city over and above the rent now paid for the present poorly equipped structure.

The city now pays \$3,500 per year in rent, including janitor's services, and if the city will build itself with a fifteen-year contract, an investor stands ready to build the armory and rent it to the city for \$4,000 or thereabouts. The last legislature authorized cities of the first class to lease armories for a period of fifteen years, and acting under this law the transaction will be entirely legal and binding on all parties, besides giving the city a much desired improvement.

The consent of the council to such an arrangement must first be secured, but from the conferences that have been held between the national guard authorities and the local law making body, it is safe to predict that such a plan would be very readily accepted.

The armory association, composed of representatives of each of the St. Paul companies, owns the armory site, and has held several interviews with the adjutant general, and the plans now being drawn by Architect Kretz will be presented for their approval as soon as completed.

The new building will be strictly modern in every respect, embodying the good points of the Chicago armory and other of the best militia headquarters in the United States. It is understood that the association has an option on a piece of the adjoining property as that may be needed to give adequate room for the new structure.

If you visit the metropolis, the ad of the Hotel Empire on page 8 will interest you.

VITAL STATISTICS. BIRTHS.

Mrs. Joseph Lang, 99 W. Lawson, boy. Mrs. John Beck, 121 W. 1st St., girl. Mrs. A. Atkinson, 122 McNeal, boy.

MARRIAGES. Adolph Ackermann, D. von Nordack. Henry J. Handy, Evangelin Goodrow. Joseph A. Dreis, Alice Kinney.

DEATHS. EVERSEN—In St. Paul, Minn., July 11, 1900, at Bethesda hospital, Andrew Eversen, aged twenty-nine years. Funeral today, 1:30, at residence, 669 Broadway, at 2 o'clock p. m.
