

CITY NEWS.

Judge Bunn has returned from a visit to Wisconsin, where his father is ill. Diphtheria is reported by the health officer existing at 274 East Seventh street and 183 East Grand street.

The park policemen and employees of the park board will be paid July salaries today. The amount to be disbursed is \$6,183.22.

Judge Ludwig, of the circuit court of Milwaukee, was in the city yesterday and was the guest of Paul Martin at the Commercial club.

William Cunningham has brought a suit against Northrup J. McCauley to recover a quantity of broken goods of their value, \$795.37, with \$250 damages.

"Foretelling the Future by Clairvoyance" is the subject of an open meeting of the St. Paul Theosophical society at 671 Broadway building this evening.

The Duluth, St. Cloud & Menominee railroad yesterday afternoon filed amended articles of incorporation to provide for a directorate of thirteen members.

Couner Nelson did not hold an inquest on the body of James Pichon, the boy who was drowned Tuesday at McCarron's lake. He considered that an inquest was unnecessary.

Two slot machines were stolen Sunday night, one from the saloon of Thomas Smith, 127 East Seventh street, and the other from Middlestreet & Himes' saloon, 419 Wabasha street.

The North Timber company, of Stillwater, yesterday filed amended articles of incorporation with the secretary of state providing for change of title to the Minnesota Timber company.

General court-martial has convicted Private John Coleman, of Company I, Eighth Infantry, of insubordination toward a non-commissioned officer. He is fined \$10 a month for six months.

It is said that Prof. Beggs, of Rock Island, Ill., has been practically decided upon for teacher of Latin in the Central high school, succeeding Prof. F. W. Fluke, whose resignation was presented to the school board at its last meeting.

Edgar A. Marshall, of Otter Tail county, formerly of Company G, One Hundred and Forty-ninth New York Infantry, and Michael A. Brown, of Todd county, formerly of Company I, Twenty-third Ohio Infantry, have been admitted to the state soldiers' home.

The fire department will not respond in the future to mercantile alarms that come in from the Drake building. Chief Cook issued that order yesterday. The wiring in the building is said to be defective, and since several alarms have come in from there during the past few months and no fire, the department will in the future ignore the alarm.

Arthur Nolan, a young man whose home is at 368 York street, was painfully injured yesterday at the shops of the Bohm Manufacturing company. He was piling a number of large timbers, when one of them slipped from the top of the pile and fell with full force on him, breaking his right leg. He was removed to St. Joseph's hospital.

HONOR TO KING HUMBERT SOLEMN SERVICES AT THE CATHEDRAL FOR DEAD KING. A solemn religious service will be held at the Cathedral this morning at 9 o'clock on the death of King Humbert of Italy. The affair is in charge of local Italians, more particularly the parishioners of that nativity, of whom there are about 100 families.

Rev. Father Odont, an Italian clergyman connected with the Cathedral, will celebrate a solemn requiem mass, and after the service absolution will be pronounced and a sermon delivered by Father Odont on the life and character of the dead king.

The services will be held in the basement of the cathedral. The sanctuary and altar have been draped in mourning, and a raised catafalque, surrounded by lighted tapers, symbolical of another service in Italy, stands before the altar. It was planned to have the Banda Rossa lead a procession previous to and after the service, but the project has been abandoned, as it has been impossible to secure the famous band.

REVIEWED POLICE FORCE

DECIDED CHANGE MADE IN THE DEPARTMENT BY COMMISSION YESTERDAY

THIRTY-FIVE STARS FALLEN

Meeting at Which General Shaking Took Place Largely Attended—Flynn's Resignation Was Accepted.

The "expected" happened yesterday afternoon when the police commissioners held a meeting and proceeded to take steps toward giving the police department a general cleaning up and putting it on a substantial basis. As a result of the meeting there are just thirty-five men who will now have to look for something else to do.

Capt. Charles Roosevelt and Capt. Philip Pottdessner are among those whose heads were cut off. Lieut. J. W. Cook and Sergeants J. T. Ross, J. P. McKinley and William Ryan, were also given their walking papers.

Capt. Ernest Boerner was reduced to the rank of lieutenant, and Lieut. John A. Shogren and Serg. G. A. Malmquist were reduced to patrolmen. Edward Sexton was appointed lieutenant and Fred Tegler, Martin Finnagan and William N. Perro, were appointed sergeants. Andy Call was promoted from patrolman to sergeant.

Poundmasters A. M. Bartlett and Fred Lind were removed, and Frank Dross and Thomas Brennan appointed in their places. The following patrolmen were removed:

- A. B. Swanson, M. J. Schorn, C. E. Swanson, G. F. Kreiger, W. R. Hammargren, N. Mantuffel, A. J. Christopherson, H. E. Sims, A. H. Stone, John Hosh, C. A. Anderson, Chas. Niemczyk, G. Kostoryz, T. F. Eubank, J. P. Enright, H. C. Salverda, L. J. Baumgartner, Herman Eunde, G. B. Hutchins, E. L. Schilling, W. B. Monbrhand, Alfred Garbout, H. E. Schinger, E. M. Parrish, W. W. Smith.

The following persons were appointed as patrolmen: Charles Banker, James Howley, Benj. McGuire, James Brogan, Wm. Matkocks, J. J. Murphy, F. J. Cassidy, Theo. Nedeau, Dennis Murphy, W. H. Gavin, John Hayek, M. Nicholson, J. J. Esch, J. W. Williams, P. Hurley, A. Guerin, Thos. Mooney, C. F. Morrison, Daniel O'Brien, W. J. Thau, J. J. Maloney, W. E. Henton, Herman Miller, D. J. Sullivan, J. Grabowski, James H. Loomis, Bernard Smith, R. A. Vance.

Julian C. Covington was appointed driver of the workhouse van, vice M. J. Schorn, removed. The following persons were appointed as patrolmen: John Minor, Arthur Avenue station; William Delaney, Rondo street station; James O'Brien, Margaret street station.

The resignation of Charles Hoffman, Thomas Lendon, T. M. Cummings and Thomas Flynn, were received and accepted. Chief O'Connor wants all those who were appointed to report to him at the central station at 11 o'clock this morning.

A resolution was passed directing Secretary Corley, of the commission, to notify the city engineer of the resignation in writing of the changes made by the commission yesterday, and also to send notices to all those removed and removed from the force or to resign, and to notify all those who were appointed.

There has probably never been so much interest displayed in a meeting before as was evidenced at the meeting yesterday. As early as 2 o'clock in the afternoon people commenced to pour into the building and to listen to the report of the police commission. It was nearly 2:30 before any of the commissioners arrived, and from the time they did arrive, and until the meeting ended, they were surrounded by men who either wanted some friend retained on the force or else had some friend that they wanted appointed.

CONDEMNNS THE STONE ENGINEER CLAUSEN FORBIDS USE OF MINNEAPOLIS MATERIAL. President Ames and Commissioners of Public Works, with City Engineer Clausen, visited the paving work being done on Arundel street by the Barber Asphalt company, yesterday afternoon.

The statement by Mr. Lauer that the stone brought from Minneapolis was of an inferior quality was responsible for the visit of the board. An inspection of the stone used revealed the fact that it was inferior, and accordingly City Engineer Clausen ordered the stone condemned and also ordered that no more of this Minneapolis stone be received, declaring that it was too dirty.

The board also made an investigation of the trouble between the asphalt company and the contractors' union, and found out that the teams hauling the stone were not hired by the contractors, but were hired by the people who furnished the stone.

DISAPPOINTMENT IN ALASKA. C. S. Crain Tells of Failures Among the Gold Seekers Up There. C. S. Crain, special agent of the treasury department, has returned from a trip to Dawson City and the Yukon country. During a trip of a little less than a month Mr. Crain has visited Fort Wrangle, Juneau, Sitka, Skagway, Killisnoo and many inland rivers and stations. He stated that all who came down on the boat with him had been doing well apparently, but that the passengers returning from Cape Nome told a sad story of disappointment and failure.

They say that all the gold in that section is washed out and that the beach for miles is covered with old and discarded tests and utensils which disheartened miners have thrown away rather than lug off. Most of them have no means of returning home or of supporting themselves this coming winter, and unless some measures are taken to relieve them by outsiders there will be great suffering there this winter.

VIA "THE MILWAUKEE'S" NEW TRAIN. You can leave Minneapolis 10:50 p. m. and arrive Milwaukee 12:25 p. m. (every night) and Chicago 12:45 p. m. and arrive Chicago 1:00 p. m. Fine sleepers and coaches through to Chicago.

A Bank That Failed. Nelson & Brandall have begun suit against the Volkszeitung Publishing company to recover \$200. They received payment of one time, but the check was deposited in the Allemania bank by the State bank, on whom it was drawn, and as the former institution failed, the latter bank refused to pay the check.

The "Wild West" is represented by Indian braves and squaws, cowboys, bucking bronchos, riders, and rifle experts both male and female. The armies of the world which contribute picked men to this monster company are those of Great Britain, France, Germany, Russia, and the United States. Every one of the men who form a part of this wonderful feature of the performance, has been chosen for his individual skill and being horseman, and many of them carry the scar of battle, and decorations awarded them for their bravery and suffering in time of war.

Col. Cody will lead in person a mounted parade in which his entire company will take part, forming one of the greatest, most unique and gorgeous pageants ever seen in this city.

THOS. FLYNN'S ACTION REPORT OF SERGEANT AAMOLD STRONGLY DENIED. A great injustice seems to have been done an Ex-Officer Thomas Flynn by the statement that he was found upon the streets drunk and that it was due to the report that he had resigned his position.

Mr. Flynn says he had been sick and leaving his home at an early hour in the evening went to a drug store for some medicine. He telephoned to the headquarters that he was sick and would be unable for duty.

The report of Sergeant Aamold to Chief O'Connor is strongly denied by the ex-officer. When he was detailed to appear before the chief for an explanation, rather than engage in a controversy with his superior, Mr. Flynn deliberately resigned his position and surrendered his star. The action was purely voluntary and taken not because he thought there was any grounds for his resigning, but because he did not care to prolong in the service after the false report had gained circulation.

VACATION FOR FIEST. Veteran Employee of Waterworks Will Go to Germany. The water board met yesterday and disposed of considerable business. Chief Engineer Fiest, in charge of the works of the Rice street station, was voted a vacation of ninety days. Mr. Fiest has worked for the department sixteen years without a day of absence from the job. He is going to Germany immediately, where his wife has gone for her health to the mineral springs.

Southern Park foundry got the contract for three expansion joints for use in the new main to be put in under the new Wabasha street bridge. Price agreed upon was \$100 per joint.

The boiler inspector reports that all the water department pumping apparatus is in good order.

DEMOCRATIC STATE EXECUTIVE COMMITTEE WILL HOLD A SESSION THIS MORNING

BIXBY'S DELAY A PUZZLE

Vandiver and Other Party Wheel-horses Do Not Know What to Make of His Continued Absence. The Democratic state campaign committee will meet today at the Merchants' and formulate a plan of preliminary assault, and will prima some of the smaller guns and sort out its ammunition.

The committee will discuss the work of the reform press bureau, has been enlarged in its scope and will profit by an interchange of ideas upon campaign matters.

It is quite likely that the candidates for places on the state ticket will be discussed, as considerable interest has been aroused over the candidacy of about a score of prominent Democrats. S. M. Owen, of Minneapolis, is mentioned for lieutenant governor, Judge William Mitchell for attorney general, Henry Truelson, of Duluth, for treasurer, and Professor Wilhelm Peterson, of Minneapolis, for secretary of state, with Knox and Ringdahl for railroad commissioners.

More interest is being taken in the prospective nominations for places on the state ticket than for years. An air of anxiety prevailed around the Republican literary bureau yesterday, and to the untutored the reason was not obvious. Tams Bixby did not arrive from Mark Hanna's National bank, and J. S. Vandiver was uneasy lest something might have happened to the "Indian arrow" entrusted to Bixby's care.

Indeed, Vandiver has an idea that no one is quite so well qualified to look after the slips as J. S. V., and therefore, when there is any apparent delay in Bixby's return, the Republican state committee is experiencing difficulty in the fact that the committee was rolling in luck had a moral effect, and every one is looking for a "divy."

Capt. Van Sant will address the Hubbard county fair Sept. 6. Chairman Barton of the Democratic county organization, yesterday issued the following call for a county convention to be held Aug. 30, in Assembly hall, to elect delegates to the state and congressional conventions.

OFFICIAL CALL. A Democratic delegate convention for the county of Ramsey, state of Minnesota, is hereby called to meet at Assembly hall, corner of Third and Wabasha streets, in the city of St. Paul, in said county, on Thursday, the 30th day of August, at 10 o'clock in the forenoon, for the purpose of selecting ninety-five delegates to the Democratic state convention to be held in the said city of St. Paul, on Thursday, the 6th day of September, at 10 o'clock in the forenoon, for the purpose of nominating a state ticket.

Said county convention is also called for the purpose of selecting ninety-five delegates to the Democratic congressional convention of the Fourth congressional district of said state, to be held at the said city of St. Paul on Sept. 4, A. D. 1900, and to transact such other business as may properly come before such county convention.

The basis of representation to said county convention shall be one delegate for every forty votes or major fraction thereof cast for Hon. John Lind for governor in November, 1898, but every voting precinct is to be represented by at least one delegate. In accordance with the above apportionment the several precincts will be distributed to the following number of delegates:

TAX ON TYPE MACHINES MORUZZI HEIM SAYS THE LAW IS PLAIN AS DAY. Montz Heim, who has been active in tax matters recently, said last night: "Three weeks ago the Globe published a notice read before the county board of equalization to the effect that the Mergenthaler Linotype company, owning at least fifteen machines in this city, of the value of at least \$45,000, have not been taxed on the tax list. The law on the subject is plain. It is the county auditor's duty, in such case, to procure such machines to be placed on the tax books, to enable the county and state board of equalization to review the valuation. The supreme court of the state and the federal supreme court sustained such law. It is a piece of negligence on the part of the county auditor to wait till now to ask the county attorney's advice as to how he should proceed in the matter. He don't like to be probed by a private citizen to do his duty. He can complain to the board of equalization, but they are capitalized for \$150,000 and assessed on the basis of \$75,000."

PROGRESS IN ISLANDS ACCORDING TO STEWART PHILIPPINES ARE ADVANCING. Fred L. McGhee, of this city, is entertaining a young colored attorney of South Dakota, who was one of the commissioners appointed by President McKinley to visit and investigate the status of the Philippines. He therefore quite well informed on the conditions that prevail there. A full report of his commission will be made at the next meeting.

Mr. Stewart states that American customs are getting a strong foothold in the minds of the Filipinos. The natives are being schooled in the methods of self-government, and in a few instances have held elections after the manner prescribed in this country.

During his absence from the United States Mr. Stewart made a brief visit to the Orient. He says when he was in China everything was drifting along peaceably. He regards the resorting to arms by the United States and other powers as a grave error, particularly in the case of the American government. According to his views, the matter could have been settled by peaceful arbitration.

Mr. Stewart believes that finally the Chinese will be conquered, but it will be after the powers have lost many thousands of lives and millions of dollars in carrying on the war. He fears that dismemberment of the empire will be the inevitable result, due to China's inability to pay an indemnity after the conquest.

Mr. Stewart is opposed to seeing this country again in a state of dismemberment of the empire of the celestials.

MAY NOT WAIT FOR DAVIS BOARD OF SCHOOL INSPECTORS MAY CHOOSE ANOTHER. Supt. A. J. Smith, of the St. Paul public schools, will probably be elected to succeed himself unless the school board hears something definite from Rev. George W. Davis within the next week. Dr. Davis received the board's telegram tendering him the place, but has made no answer.

When Supt. Smith called for Europe it was with the understanding that he would confer with the dean of Macalester upon reaching the continent. Nothing has been heard from either.

Engineer Taken Ill. An A. H. Hildebrand, an engineer on the Omaha, living at 181 Western avenue, was stricken with paralysis last evening and taken to St. Joseph's hospital.

Table with 2 columns: Precinct Name and Number of Delegates. Lists precincts from First Prec to Ninth Ward and their respective delegate counts.

OFFICIAL CALL. A delegate convention of the Democratic electors of the Fourth congressional district of the state of Minnesota is hereby called to meet at Assembly hall, corner of Third and Wabasha streets, in the city of St. Paul, county of Ramsey and county of Hennepin, on Tuesday, the 4th day of September, at 10 o'clock in the forenoon, for the purpose of nominating a candidate for congress from said congressional district to be elected at the general election to be held in the state of Minnesota on the 6th day of November, A. D. 1900, and to transact such other business as may properly come before said convention.

The basis of representation to said congressional convention shall be one delegate for every 125 votes, or major portion thereof, cast for Hon. John Lind for governor at the general election held in November, 1898.

The following is the representation to which each county is entitled under said apportionment in said convention, to-wit: Chicago county, 9; Cook county, 12; DuSable county, 12; Kanebec county, 12; Ramsey county, 15; Hennepin county, 18.

The said delegates to the county convention shall be selected at the county convention to be held in said county on the 30th day of August, A. D. 1900.

By order of the Democratic congressional committee of the Fourth congressional district. Frank Batley, Secretary.

The National Association of Democratic clubs has organized clubs at Arlian, Cass Lake, Wheatland, Erin, Shieldsville, and Wells.

Tomorrow the Republican state committee meets at the headquarters. Tams Bixby will, unless delayed, reach here in the afternoon. He will be in the conduct of a campaign. During his visit East he met Billy Mack and chummed with other heavyweights, and is said to be well healed both in campaign information and luck.

Maj. J. M. Bowler left last evening for Chicago, where he will attend a meeting of the national committee of the People's party organization. Maj. Bowler gives it as his opinion that the only thing left for the committee to do is to endorse Stevenson.

TUMBLER OF CARBOLIC ACID AND DIES DOMESTIC TROUBLE THE CAUSE Was Taken to City Hospital, but Help Was in Vain—Husband Is Greatly Excited at the News.

Mrs. Athelda Ohde, at her residence, 191 Franklin street, swallowed nearly a common tumbler full of carbolic acid late last night and died at 2:10 at the city hospital, where she had been taken for treatment.

Her husband, who is a laborer, accused her last evening of being out of the house and visiting places she should not go. This chiding was the provocation for taking the poison. She went into a room and poured a small quantity of acid in a tumbler, but before she had time to quaff it, her husband interfered and threw the glass to the floor.

Falling in the first attempt, she quickly ran into another room, where she had a large bottle of the acid. She pulled out the cork, lifted the bottle to her lips and before her husband could reach her, she had swallowed nearly all that was in the bottle.

She fell to the floor and her groans attracted the people that occupy the ground floor of the house. They rushed upstairs and found the woman in terrible agony. Drs. Hoff, Nelson and Leck made a hasty examination. They found that the mucous membrane lining her mouth and throat had been destroyed. It was evident that the poison had reached the stomach and they used stomach pump. In a few minutes she was breathing gasp for gasp and for a time it looked as if she might recover. She then took a sinking spell, and injections of morphia and strychnine were made. She rallied again and then fell into a deep sleep.

Mr. and Mrs. Ohde were married last July, and since then they have not lived happily. Mr. Ohde seems to be a very industrious and hard working man, but his wife seems to be of an opposite nature. He was very much wrought up over the act and was almost prostrated. She was twenty-five years of age.

CEDAR STREET MEETINGS. They Are Still Progressing With Encouraging Results. The union meetings of the Methodist churches, which are in session every evening on Cedar street last back of Seventh, are being conducted with great success, and good results are confidently expected.

Last night Rev. Homer Ashcraft, of Grace church, was expected to preach, but on account of the rainy weather the attendance was not so large as usual, so the meeting was turned into a conference, the important problem of the churches of today was taken up and discussed in all its phases by well known ministers of this city. Among the able speakers who discussed the subject were Rev. Saunders, superintendent of the anti-saloon league; Rev. Peter Clare, of Hamline; Rev. Benjamin Longley, Rev. John J. Caldwell, William C. Sage, and several others. Rev. Ashcraft gave a short talk on the benefits to the young people of joining the church or declaring themselves Christians.

The interest in the meetings is steadily growing, and as the number of people who visit the tent is on the increase, sessions will be continued for some time.

JUNIOR PIONEERS MET. Affairs of the Juveniles in Flourishing Condition at Present. The Junior Pioneers met last night and enjoyed a social evening. Several court selections were rendered by Edward P. Bolton, who was given a number of enthusiastic encores. Those encores were enjoyed by "Young America" and "Lake Harriet." J. E. Skemp gave humorous recitations from the life of Col. Carter, also Irish dialect selections.

The committee reported that the Spring fair given by the Junior Pioneers at Spring Park, July 10, was a very successful affair, netting the club \$85.

The following new members were admitted: A. Present, Stephen J. Picha, Clarence P. Nixon and Charles Passavant and "Lake Harriet." J. E. Skemp gave humorous recitations from the life of Col. Carter, also Irish dialect selections.

WHERE ARE THE SUPPLIES? Court-Martial Will Inquire into Capt. Foster's Affairs. Gen. Wade has issued an order constituting Maj. William L. Piche and Capt. Stamper, of the Eighth Infantry, and Lieut. Joseph P. Tracy, one of the general's aids, a board of inquiry to determine the purpose of ascertaining the responsibility of certain quartermaster's supplies charged against Capt. John Foster, late of Troop B, Third United States volunteer cavalry.

The board will meet at the army building Aug. 13.

BISHOP GILBERT'S WILL. It Is Admitted to Probate With W. H. Lightner as Executor. Bishop Gilbert's will, which was found recently, has been admitted to probate by Judge Bazille. W. H. Lightner has been appointed executor and put under a bond of \$7500. The bishop left his estate valued at \$7000 to his wife. Mrs. Gilbert's demise brings the same property before the court together with \$23,000 of her money. Mr. Lightner is executor in her case also, and is under a second bond of \$1800.

ORPHANS' ANNUAL PICNIC. Rain Interfered With Excurses Last Night at Fetsch's Grove. Rain interfered somewhat with the picnic held yesterday afternoon at Fetsch's Grove, Lake Como, for the benefit of St. Joseph's German Catholic orphan asylum. There were perhaps fifty guests present, but the picnic was cut short by the rain. The mother superior of St. Joseph's orphanage announced, therefore, that the entertainment will be held tonight at the grounds of the orphanage, 169 West Ninth street, where a variety of refreshments will be served. The orchestra will be in attendance and games and other sports are promised.

Thanks Owing for the Tip. Dr. Ohage, health commissioner, has received a letter from A. R. Reynolds, health commissioner at Chicago, thanking him for the money he had sent to pay for the tip shipped to Chicago from the cold storage house.
