

ECZEMA THE MATCH KING

Of the many tantalizing and stubborn diseases which afflict mankind, ECZEMA stands easily supreme. In whatever form, it is caused by a morbid, diseased condition of the blood which produces eruptions and itching.

SHOULD BE TREATED AS A BLOOD POISON S. S. S. clears the system of the poisonous effete matter, restores the blood to a pure and healthy state, when the skin takes on new action and the eruptions and inflammation disappear. The cure is permanent. S. S. S. cures the worst cases of Eczema and Tetter.

Mr. G. W. Miller, of Delaware, Va., says: "My daughter, Lorena, had an awful eruption of the skin, which caused the most intense itching. The doctors pronounced it a severe case of Eczema, and prescribed ointments for external application, but she continued to grow worse, and the suffering was almost unbearable. We were advised to try S. S. S., and a few bottles cured her completely."

BROOKLYN TIED UP

Algy McBride's Steak Work Was the Feature

BROOKLYN, Sept. 11.—Cincinnati played Brooklyn to a standstill today. After the home team had gained a lead of five to nothing, Phillips was wild at the start, but settled down after the second inning. Howell had the visitors six to two when the eighth began, but a single by McBride, followed by a triple and Barrett's home run tied the score. The game was called at the end of the ninth, McBride's batting record, 324. Score: 0-0.

LUCKY SEVENTH

Boston Bounced Five Hits in One Inning

BOSTON, Sept. 11.—Five consecutive singles and an out in the seventh inning today gave Boston four runs and the game, both teams put up a slug game in the field. Attendance, 1,000. Score: 4-0.

DO YOU WANT A GOOD TEAM

CENTRAL HIGH SCHOOL FOOTBALLERS HAVE COMMENCED TO TRAIN

HAVE SOME GOOD MATERIAL

Went Through Last Season With Only One Defeat, and This Year They Hope to Improve Their Record.

The Central high school's crack football team promises to play to be stronger than it has ever been before. And the boys are determined to play their regular schedule without a single defeat.

Included in this commendable resolve is an ambition to defeat the Minneapolis Central high school team, which last season inflicted the only defeat sustained by the local youthful kickers.

The boys are full of enthusiasm, and Captain Leggett has already had his players out for two good hard practices. Lexington park has been secured for practice and match purposes, and Messrs. Sloan and Sickles will instruct the players in various tricks calculated to bewilder and deceive opposing teams.

Many of last year's team are available and there are a host of candidates for positions that are at present vacant. Captain Leggett will again be seen at center. Hoagland has been named as center. T. O'Brien will hold down the position of right end, and Brennan that of left guard. Doherty will probably be right tackle and H. O'Brien will this year play in his old position of right half. Manley will be the quarter back if he is in his form of last year.

Candidates for the positions are numerous, and among those who have already turned out are: Stringer, Fry, Hermann and Peabody, as center; O'Brien, as half-back; Kennedy, McNamara and Johnson, who would like to play quarter, and Stringer, Curry and McGregor, who are after the end positions.

The schedule includes matches with the high schools of Madison, Wis.; Hyde Park, Crookston, Fargo, Alexandria, Shattuck, Pillsbury and Minneapolis. The first match of the season will be played a week from next Saturday, when the boys will line up against the first eleven of the University of Minnesota at Minneapolis. The latter team has been in close training for some weeks, and the high school boys will be satisfied if they manage to score on their older and more experienced opponents.

GRAND CIRCUIT RACES

Fanny Dillard Leads the Favorites in 200 Paces

NEW YORK, Sept. 11.—The second day of the Grand Circuit meeting at the Empire City track had a first-class card, which resulted in fast and an sensational racing. The weather was perfect and the track exceedingly fast.

Speculation was lively and heavy. Nine started in the 200 trot and the chestnut horse Maj. Greer was at once made the favorite at 100 to 50. The race was never in doubt as the favorite won in straight heats, with a time of 1:20.30.

In the first heat, the brown gelding Tiverton was a good second, though it was his first race, while Dolly Bidwell was a close second in the other two.

The least race of the day was the 250 pace, for which the bay gelding Harry O was so hot a choice that he sold at even money against a strong field of seven. He won the first and second heats in close and whipping finishes. Fanny Dillard then flashed to the front with the couple. The fifth heat looked as if it would decide the race, as Harry O appeared to be winning in the stretch, but in a cracking finish Will Leyburn won by half a length. The sixth heat Fanny Dillard led a tired party home in 2:09 by a length.

The 255 pace had only four starters, and Frank Bogash sold at 100 to 50, in spite of the high reputation of the race gelding Connor. This was a race which finished in three heats, each heat being in fact a race. Connor won the first heat in the second round time of 2:05.8. The finish in the stretch was a hair-raising one, as Frank Bogash, Connor and Royal H Sheldon came down the stretch together and shot under the wire so close together that the judges to place them, the heat going to Sheldon. Connor won the third heat in a whipping finish.

The wagon race for pacers was won easily by Hontas Crook. Summary: 200 paces, class, purse \$1,200—Fanny Dillard, 1:20.30; Harry O, 1:21.1; Will Leyburn, 1:22.2; Harry O, 1:22.2; Will Leyburn, 1:22.2.

Tommy Ryan Laid Up

SAN FRANCISCO, Sept. 11.—Tommy Ryan-Jack Moffatt fight for the middleweight championship of the world, which was scheduled for tonight at Mechanics pavilion, has been declared off. Ryan, who has been laid up with a stomach ailment for several days, has a stomach pain for the forfeit and cancel his date with the champion.

San Francisco Recovered

SAN FRANCISCO, Sept. 11.—Tommy Ryan, who yesterday was the victim of a total club that he couldn't meet Jack Moffatt tomorrow night, owing to illness, is now prepared to go against Moffatt, having sufficiently recovered from his recent indisposition to warrant his fighting tomorrow.

Baseball Notes

Minneapolis and Buffalo will play two games this afternoon at Nicolet park. The first one will begin at 2 and the second at 4. The game will be for the first. Bailey and Kerwin will win for the Millers, and Kerwin and Frank Foreman for the Pan-Americans.

Commando Won the Rich Stake at the Gravesend Track

NEW YORK, Sept. 11.—Bright skies, a fast track and a good-sized crowd were the accompaniments to the opening day of the Brooklyn Jockey club's fall meeting at Gravesend. Seven races were decided, with the Junior Champion of \$5,000 and the First Special of \$2,500 as the stake features.

Keene stables, won the Junior Champion stake easily, while his stable mate, Olympian, was beaten a head by Bellario. Commando finally romped home in 1:34.5, the fastest time that the stake has ever been run in.

The stake was worth \$10,000 to the winner, \$3,000 to the second and \$2,000 to the third. Commando and Olympian, coupled in the betting, were favorites at 1 to 5. Only three horses faced the starter for the First Special at one mile and a quarter. Imp was the hot favorite, opening at 6 to 5 and closing at 9 to 10. Kinley Mack was the winner, however. He trailed behind Imp and McMeekin to the head of the drive, and then came on in a hard drive with McMeekin within a hair of him. Imp was four lengths away, disgracefully beaten. St. Finnan fell with Spencer in the first race, but the latter escaped unhurt. Summary:

First race, about six furlongs—Montano won, Meekins second, Gold or third. Time, 1:31.2-5.

Second race, steeplechase, about two miles—Cock Robin won, Perrin second, George Keene third. Time, 3:58.

Third race, the Junior Champion, six furlongs—Commando won, Bellario second, Olympian third. Time, 1:34.5.

STORY OF THE STORM

Continued From First Page.

That he believes that not over a third of the dead bodies are being recovered. Many sunk before reaching the beach, and he believes a week will pass before the bay gives up all its dead.

A man who arrived from Galveston today asserts that bodies are being cast up in great numbers, but that the best means of disposing of them, while many are being buried in the sand where found, many of these are unidentifiable, so the full list of dead may never be known. Bodies are arriving here, trying to get into Galveston, but it is impossible for them to proceed.

The great storm covered a large area of the cotton growing section of Texas and did tremendous damage to the crop. It is reported that for 100 miles west of Houston the storm has wrought great havoc, and all chances of a crop have been destroyed. Southwest of Houston the crops are ruined. In the large cotton growing counties around Houston the crops have been beaten into the ground.

DESTRUCTION OF PORTS.

Jaicinto and Crockett Swept Away by the Storm.

WASHINGTON, Sept. 11.—Acting Secretary Melkjohn authorized the chartering of a special train from St. Louis to carry quartermasters and commissary supplies to the relief of the destitute property scattered in the quarters of engineers, has not yet received any advices as to losses upon fortifications and river and harbor works though telegrams to the quartermaster's department indicate that the fortifications have been damaged. The following telegrams have been received:

GALVESTON, Texas, Sept. 9.—Quartermaster General, Washington. I report terrific cyclone with wind velocity of 100 m.p.h. All improvements, temporary buildings, property and stores at both Jaicinto and Crockett destroyed and swept clean.

These buildings were of the kind usually erected by the quartermasters for the troops. A second telegram follows: GALVESTON, Texas, Sept. 11.—Quartermaster, Washington. Referring to the losses at the quarters of quartermasters, I urgently recommend that fair compensation be made contractors for their losses and that they be relieved of their contracts. If fortifications are rebuilt at or near their present sites, I strongly recommend that the contractors be purchased and built on higher ground in city, centrally located.

Whereas destroyers and light cruisers swept away and building operations of any nature cannot be resumed for six weeks, I recommend that quartermaster's employees lost on barge Howard, both barges totally wrecked.

Mr. Baxter has been advised that no action can be taken on his recommendations until further information has been received.

HEROIC POLICEMEN.

Saved Many Lives, Only to Learn Death of Their Families.

Among the saddest incidents were the loss of the families of two police officers, who the husband and fathers were engaged in rescue work. Officers Joe Bird and John Rowan were assigned to rescue work in the east, and early Saturday afternoon, together with other officers, they worked faithfully to succor water-bound families near the gulf. They rescued about 100 people from the fury of the storm. They returned to the station only when high water floated the patrol wagon and threatened to drown the team of horses attached to it. They had no idea that the waters of the gulf had invaded the western portion of the city, where they lived, until they returned to the police station and heard the report. Rowan and Bird started immediately for their homes, but their families had been swept away. Officer Bird lost his wife and five children, and Officer Rowan his wife and three children.

ORDER FROM CHAOS.

Systematic Work Now Being Done in Galveston.

GALVESTON, Tex., Sept. 11.—Some order is being brought out of chaos, and the city is being systematically cleaned up. Being made to clear away the debris and remove the dead. Officers are being prepared into service at the point of the bayonet and made to work, and a military organization is being formed to clean up above the place. MONEY FROM KANSAS.

Galveston Can Draw on the Star for \$22,000.

KANSAS CITY, Mo., Sept. 11.—Gov. Joseph D. Sargent, of Texas, was authorized by telegraph this morning to draw on the Kansas City Star for \$22,000 for the relief of the storm sufferers at Galveston and other points on the Texas coast. More than \$1,000 was subscribed by stockmen, as a result of a subscription paper being circulated at the stockyards today. The money will be forwarded to the mayor of Galveston tonight. The local grain men have already subscribed \$900. Proctor & Sons, grain dealers of Liverpool, Eng., gave \$500 to the relief fund today. They sent the following cable message to their agents here: "Much sympathy Galveston disaster. Please pay over to relief fund one hundred pounds."

Soliciting committees are at work among the various industries of the city, and there is every evidence that their labors will meet with a generous response.

UNDER MARTIAL LAW.

Texas State Troops Will Occupy Galveston.

DALLAS, Tex., Sept. 11.—A bulletin received at noon states that Gov. Sayers has placed Galveston city and island under martial law. Adm. Gen. Murray is ordered to have state troops move at once. The order includes instructions that the troops compel the people to bury the dead.

RAILROADS CRIPPLED.

Damage at Galveston Will Run Far Into Millions.

HOUSTON, Tex., Sept. 11.—The railroads will suffer the loss of millions of dollars in actual damage, to say nothing of the loss from stopped business. At Galveston their wharves, warehouses, depots and stores are ruined. The costly bridges which connect the island are in ruins and must be completely rebuilt.

The International Great Northern and Santa Fe have considerable track washed out, while the Galveston, Houston & Northern will suffer heavily.

Supt. Mulvey yesterday received notice that all the track between Seabrook and Virginia Point, with all the bridges, had been washed away, and Section Foreman Scanlan and all his crew at Nadeau had been lost.

Money From Carolina.

CHARLESTON, S. C., Sept. 11.—The Howard Society of Charleston today sent \$1,000 to the mayor of Galveston for storm sufferers.
