

WANT A BETTER SERVICE

ASSEMBLY DEMANDS IMPROVEMENT ON GRAND AVENUE CAR LINE

PETER GLOMBITZA IS OUT OF IT

Board's Action in Revoking His License Was Confirmed Last Night—Other Business of Importance.

Two measures of importance were passed at the assembly meeting last night, the first being the resolution introduced by Dr. Schiffmann demanding better service on the Grand avenue street car line, and the other the revocation of the license of Peter Glombitza, a butcher shop on Arcade and Lawson streets.

Dr. Schiffmann's resolution was passed at the last meeting of the board of aldermen, and is to the effect that the service on the Grand avenue line should be increased during the busy hours of the day. The resolution was first referred to the committee on streets last night, but reconsidered on motion of Assemblyman Wheeler and passed.

Dr. Ollage was present at the meeting, and explained upon request, why the license of Butcher Glombitza should be revoked. He said that it was impossible for the health inspectors to prevent the selling of bad meat unless strenuous measures were adopted.

A resolution to pave with Kettle River sandstone, on concrete foundation, Rosabel street, from the Union depot grounds to Fifth street, was passed.

A resolution that the estimate of the city engineer on the erection of the superstructure of the Raymond avenue bridge be allowed, and that the proper officers of the city be instructed to draw a warrant on the city treasurer in favor of A. C. Bell for the sum of \$3,825.50 in payment of the same, was sent to the controller for audit.

A final ordinance for a sewer on Alden street and Portland and Dewey avenues, was passed; also a resolution appropriating \$5,000 from the Hamline sewer fund with which to defray part of the cost of the sewer.

The lease matter of the Vulcan boiler works, which came up before the assembly for the second time last night, was acted upon, and a twenty-five year straight lease grant on Kent street, for one year has now been given in both branches of the council.

Final orders for constructing a sewer on Maple street, from the field avenue to Hastings avenue, were passed.

An amendment to the ordinance to protect sidewalks was introduced so as to make it read "any stone or cement sidewalks," and was passed.

Final orders for the widening of Como avenue from Dale to the Great Northern bridge were passed.

Assemblyman Whitcomb introduced an amendment to the bicycle ordinance prohibiting the carrying of small children on the handlebars of bicycles. It was referred to the committee on streets.

The resolution to remove the big bill board erected by J. H. Guide & Co., on University avenue between Avon and Victoria streets, was passed. It has passed both branches of the council.

Alderman Bent's resolution to direct the commissioner of public works to report to the common council an estimate of the cost of constructing a plant for the lighting by electricity of the district now lighted with gas and electric lights, was passed.

More than one-third of the manufactured goods made in France are the product of female labor.

A machine is being placed in the East-end worsted mills which displaces about one-half of the wool sorters—a class of workers who possess considerable skill.

CONVENTION FOR COUNTY ATTORNEY, SEEMS TO BE HAVING SOME TROUBLE GETTING HIS FORCE INTO WORKING ORDER

Everybody in the county does not seem to be joining in one tremendous tidal wave to sweep him back, despite his protests to establish a record, the county attorney's department similar to the one that has been the cause of so much comment even in his own party.

In Labor's Field.

The Bricklayers' union held a meeting last night, when John C. Hansen and John Kelly were present. The following resolutions were adopted: That the following committee be appointed to solicit aid for the New York strikers: F. E. Huffmann, Joseph Gardner, J. E. Krieger, Henry Glese Jr. and G. Gehrmann. Receipts, \$72.35; disbursements, \$175.40.

The Stone Cutters' union held a meeting last night, when it was expected that the union would be reorganized. There was much disappointment at his non-appearance, as the union had been reorganized in his name. An application for membership was received from Arthur Jones, which was referred to the examining committee. The union made a grant of \$5 to the Galveston sufferers. The request of the Galveston sufferers for a grant of \$500 was referred to the examining committee. The union made a grant of \$5 to the Galveston sufferers.

The Stonemasons' union held a meeting last night, when John C. Hansen and John Kelly were present. A communication was received from the Bricklayers' union asking for a meeting agreement in matters of interest to both unions, and a committee was appointed to meet a similar committee of the Bricklayers' union to make the required arrangements. Labor day bills amounting to \$50 were passed last night. Receipts, \$30; disbursements, \$56.

The Retail Grocery Clerks' union held a meeting last night, and it was decided to meet on Thursday evening, Sept. 20, when an interesting program of music and speeches will be given. The program will be addressed by Louis Nash and others. Business communication was received from the Retail Grocers' union of the International union. The balance of the meeting was devoted to routine business.

The following unions held meetings tonight: Painters, steamfitters, coremakers and Building Trades council. Alderman Bent's resolution to direct the commissioner of public works to report to the common council an estimate of the cost of constructing a plant for the lighting by electricity of the district now lighted with gas and electric lights, was passed.

More than one-third of the manufactured goods made in France are the product of female labor.

A machine is being placed in the East-end worsted mills which displaces about one-half of the wool sorters—a class of workers who possess considerable skill.

A resolution was introduced to give the Barber Asphalt Paving company an extension of time for the paving of Summit court, Nelson avenue and Kent street, and was referred to the committee on streets.

The resolution to remove the big bill board erected by J. H. Guide & Co., on University avenue between Avon and Victoria streets, was passed. It has passed both branches of the council.

HOW LOGS ARE ASSESSED

The mooted question—where to assess, and how to classify logs—occupied the attention of the board of equalization for a time yesterday afternoon. In some cases logs had been classified by county boards as merchandise, in other cases as manufactured goods. They had assessed them variously at the owner's principal place of business and again at the place of residence. To what class and in what locality should such property be assessed, was the question which the state board finally submitted to the attorney general for an opinion.

LEGAL OPINION OBTAINED

That logs should be assessed at the owner's principal place of business, or if no special place of business was maintained, then at the place of residence, was the ruling of Attorney General Douglas. Logs in transit should be assessed at the point of destination. If the principal place of business be outside of the state, such property should be assessed at the owner's place of residence.

The annual meeting of the Relief Society of St. Paul Chapter No. 24, Order of the Good Templars, was held yesterday afternoon at the residence of Mrs. J. H. Simpson. The following officers were elected: President, Mrs. J. H. Simpson; vice president, Mrs. Lillian Ellis; secretary and treasurer, Mrs. Benjamin Longley and Mrs. Williams.

The Ladies' Aid Society of the Central Park Methodist church gave a birthday social last evening at the home of Mrs. J. H. Simpson. The following officers were elected: President, Mrs. J. H. Simpson; vice president, Mrs. Lillian Ellis; secretary and treasurer, Mrs. Benjamin Longley and Mrs. Williams.

OLCOTT FORCED TO SING

Chauncey Olcott was given a shock at the Metropolitan opera house last night, and the big audience hugely enjoyed the momentary discomfiture of the popular singer. The leader of the orchestra handed Olcott a surprise that brought roars of laughter and applause from every part of the house.

During Mr. Olcott's engagement, on occasions when he has been called before the footlights, many people in the house would call for one or more songs in which he has scored his best. On one occasion Mr. Olcott has invariably refused, pleading fatigue, the length of the performance, the number of songs which his role demands, or other excuses. Last night when called before the curtain he was greeted with shouts of "Wild Irish Rose," which were taken up by the entire audience, until the house was in a good-natured roar.

Olcott bowed, shook his head, and in other ways indicated his disinclination to sing anything except the songs written in the play, and finally, advanced to the footlights, he said: "Ladies and gentlemen, I would be very glad to oblige you with the 'Wild Irish Rose' tonight, but I am sorry to say that it is impossible for me to do so, as neither myself nor the orchestra have the music of the song."

Just at that moment the orchestra struck up the prelude to "My Wild Irish Rose." Olcott's face took on a carmine hue that rivaled the most brilliant colors of the rainbow. The house roared with laughter. The house took the joke in a second and a moment later Olcott rushed up to find the trouble. He was just in time to hear Chauncey start to sing "My Wild Irish Rose." He hadn't the nerve to persist in his refusal.

Cash for Coal. I found I could loan through the Minnesota Mortgage Loan company, 317 Pioneer street, and pay cash for coal and other necessities and save money. Their terms are very liberal. I have had numerous requests for classes in commercial law and electricity, but as yet not enough have been received to warrant the organization of these classes.

Skoon Knew His Business. Eighty thousand feet of lumber were secured by the contractor in tearing down the Fort Snelling depot. When the chance to do the work was put up at auction, the contractor wanted \$50 to do the work. Andrew Skoon, of this city, immediately offered the government \$100 for the work. The contractor was awarded the contract. All the timber was sold on the spot.

Both Want a Divorce. William T. Warner, Milwaukee, has brought action for divorce against Mrs. Emma J. Warner on the ground of cruel and inhuman treatment. They were married in St. Paul in 1890, and they afterwards moved to Milwaukee. Warner beat his wife three times and finally left him and went to St. Paul.

Bought the Stolen Valves. A warrant for the arrest of Samuel Miller, a junk dealer, was issued yesterday, charging him with receiving stolen property. The allegations are to the effect that he bought three brass valves valued at \$15 each from John Lichinsky, John Malkowitz and Frank Fisher, who are under arrest on the charge of stealing the valves.

Stole Time, Got Time. Henry Robinson and William Johnson, both colored, plead guilty in the municipal court yesterday to stealing a watch from the residence of Mrs. J. H. Simpson. They were sentenced to the workhouse for ninety days each.

THE BUSINESS OF THE RAILROAD COMPANY TO KEEP THE BRIDGE IN GOOD REPAIR.

Nearly three weeks ago the council passed an order compelling the company to do the work. The city engineer has received a reply from the railroad company to the effect that the company do not consider it their affair and absolutely refuse to do a cent's worth of work on the bridge.

Yesterday Mr. Clausen gave up all hope of bringing the railroad to time without legal process, and the matter is now in the hands of the corporation attorney. He will institute suit at once, as the bridge is in a dangerous condition, and the maintenance fund of the engineer's department is very low. Engineer Clausen states that it would be impossible for the city to do the work and charge it up to the railway.

WHERE'S THE BRIDEGROOM?

Albert Rude, of Mendota, is missing, and the police don't know where to find him. Tomorrow he was to have been married to his fiancée, Miss Clara Revitchka, but it does not seem likely that the wedding will take place. Rude was last seen at 9 o'clock Monday evening on a Port Snelling street car bound out from the city.

The only clue there is to the disappearance is the fact that a hat was picked up Tuesday morning below the Port Snelling street car house out from the city. The hat is not likely as he was a young man of good habits and reputation. He had very little change with him when he left the city.

SAYS HAAS OWES \$225.

J. E. O'Brien suing Building Inspector for Money Loaned. John E. O'Brien has brought suit against S. H. Haas, building inspector, to recover \$225 for money loaned.

The complaint and summons is to the effect that on diverse occasions in 1888 and 1889 the plaintiff loaned money to the defendant, that the total is \$225, and that the same has been duly demanded, with no result.

The complaint demands an answer in ten days.

For Junior Pioneer Officers. The Junior Pioneers nominated officers at their last meeting. They are as follows: President, Judge E. W. Basille; first vice president, A. J. Schweizer; second vice president, Charles Karst; secretary, Edward Dahl; the present incumbent, treasurer, Albert J. Oertel; Julius Keller, assistant marshal; Fred H. Haupt; color bearer, Adolph Guerin; assistant color bearer, A. N. Peltier and W. H. Schreier; board of directors, W. R. Johnson, L. D. Phillips, E. A. Deifel, Frank Robert Jr., Charles T. Jessing, A. A. Tschelt, John H. Schulte, O. K. Rohland, Samuel E. Kellerman, G. A. Cariveau and John T. Bruggeman.

The majority of men know the satisfaction of wearing a Gordon hat. Do you?

VITAL STATISTICS.

BIRTHS. Mrs. Chas. J. Edmondson, 460 Rondo, boy. Mrs. Wm. F. Johnson, 104 York, girl. Mrs. Philip Kamp, 625 Van Buren, girl. Mrs. Henry Smith, 310 Goodhue, boy. Mrs. W. Neid, 419 Sherburne, boy. Mrs. Henry Moore, Selby av., girl. Mrs. A. McDonald, 289 Carroll, boy. Mrs. E. F. Dobson, city hospital, girl.

DEATHS. Martin Kelly, city hospital, 35 yrs. Carl Knitner, 48 St. Paul, Thursday, Sept. 13, at 11:40 p. m., at St. Joseph's hospital. Miss Eliza Downey, aged fifty years. Funeral, 10 o'clock, Sept. 14, from her residence near Rich Valley, at 9 o'clock. Services at St. Patrick's church, 10 o'clock. Burial, 10 o'clock, interment at Inver Grove cemetery.

AMUSEMENTS. METROPOLITAN. L. N. SCOTT, Lessee & Manager. TONIGHT. Natline Tomorrow 10:05. Mr. Chauncey OLCOTT IN MAUVORNEEN. Evening Prices—25c, 50c, 75c, \$1.00.

every billboard in the city or whether one bond will cover the holdings of a company.

Further, the law must be construed to mean that only such boards as the city engineer has to make better than ten feet to the sidewalk are embraced in the meaning of the law.

ARE BEARING GOOD FRUIT.

Recent Complaints Serve to Hurray Up Street Paving Contractors. The paving on Jackson street is to be hustled up and finished by tomorrow night from Third street to Fifth. The city engineer has been doing all in his power to have the work pushed to completion and yesterday he received a communication from the Barber Asphalt company, promising to finish that part of sidewalk by Saturday evening at the very latest.

The street railway company has got a large crew at work putting down the tracks from Fifth to Seventh. Yesterday the workmen were met by a flock of bees. The protests and complaints which have been piling up seem to be bearing fruit.

WHERE'S THE BRIDEGROOM? Albert Rude, of Mendota, is missing, and the police don't know where to find him. Tomorrow he was to have been married to his fiancée, Miss Clara Revitchka, but it does not seem likely that the wedding will take place.
