NOT COD-LIVER OIL but Scott's emulsion of cod-liver oil. They are not the same; far from it.

Scott's emulsion is cod-liver oil prepared for the stomach. Let cod-liver oil alone if you need it. When your physician orders toast, do you breakfast on flour? Pure cod-liver oil is hard to take and hard to digest. A man that can keep it down, can saw wood. He thinks he is sick; he is lazy.

Paul Cooperman, 28 years of age, a native of Roumania, who recently arrived in this country, was yesterday ordered adjudged insane as the result of examination in the probate court. The man has been in the state only a few days, so the attention of the state board of corrections and charities will be called to the case. CASE FOR SECRETARY HAY

AMERICAN CITIZENS MALTREATED BY BRITISH OFFICERS. NEW YORK, Oct. 11.—The Herald tomorrow publishes the following: Driven from the Transvaal by force of British arms, eight American citizens, who recently arrived penniless in this city, have petitioned the United States government to present claims for indemnity against Great Britain. They declare that although neutral in the recent conflict they were kidnaped from their homes, leaving wives and children behind. As prisoners of war, the men say, they were driven out of Johannesburg on July 13, railroaded to the sea coast in cattle trucks and then sent in the steerage of a transport to Holland. American consuls in the ports where they stopped were powerless to rescue them, and they have made a final appeal through attorneys in this city to the secretary of state at Washington. These men arrived in the steerage of the Sparmdam, of the Holland-American line, on Thursday, Sept. 27. They are Charles Fowles, a mill contractor; Whitefield, Mr. James J. Maloney, a miner, of Chicago; Frank Sharpe, an engine driver, of Detroit; Frank Cress, a mining expert, of New York, and the following naturalized American citizens: Francisco Budjamskan, manufacturer; William Phillips, a gold miner; John Anderson, a carpenter, and Henry Formentstein, an interpreter. Charles Fowles' case is typical. He was arrested by two Africaner detectives on returning to his house from the mine where he was employed as foreman. Without trial he was hurried out of the country as a prisoner of war. His wife and two young children, who were dependent upon him, were left behind. Fowles does not know whether they are dead or alive.

EXTRADITION OF ROCKEFELLER

Lieut. Gov. Woodruff Refuses to Act in the Matter. ALBANY, N. Y., Oct. 1.—There was quite a good deal of a mix-up here today over an attempt to extradite the position of the requisition of Gov. Sayers, of Texas, for the persons of William Rockefeller and members of the board of directors of the Standard Oil company. Tonight it is definitely ascertained that the only action taken in the case was by Judge Joyce, the governor'sardon clerk, who formally gave Gov. Sayers' counsel an opinion that unless his papers could state that the persons wanted had been in the State of Texas and had committed a crime there they could not be taken from this state. So far Gov. Roosevelt is concerned, he has not acted in the matter, because of absence from the state. The position of Lieut. Gov. Woodruff, who is acting as governor in Gov. Roosevelt's absence, is explained in the following statement: "I have not rendered any opinion in the case. It was presented formally to me three weeks ago by interested persons and then stated that it seemed improper for me as acting governor to act on so important a case, but inasmuch as but a few weeks ago the most important case before Gov. Roosevelt returned to the state, it should be submitted to him; that inasmuch as the case has been pending for two or three weeks' delay would but little hardship to my mind."

FOREIGN MISSIONS.

Dr. Judson Smith Addressed the Board on China. ST. LOUIS, Oct. 11.—Attendance at the second day's session of the ninety-first annual meeting of the American board of commissioners for foreign missions, increased today through the arrival of a number of belated delegates. Great interest was shown in the board's work in China, which was discussed at the morning session. After devotional exercises, Rev. Judson Smith, D. D., foreign secretary of the American board, read an interesting paper on "China, the situation and the future." Dr. Smith's paper was followed by a general discussion of the subject. Among the missionaries who spoke were a number who passed through the recent Boxer attack in China. The speakers were: Rev. Dr. C. A. Stanley, Rev. G. Henry Ewing, Rev. E. E. Aiken, Willis C. Noble, M. D., missionary in China; Rev. J. H. B. Rogers, Rev. Henry A. Stimson, D. D.; President Edward D. Eaton, D. D. and Rev. Harlan P. Beach.

FINANCES OF FRANCE.

Statement of the Government Shows a Prosperous Year. PARIS, Oct. 11.—A financial statement issued today shows a very satisfactory state of affairs for the Exposition year. The revenue for the month ending with October yields a surplus of \$7,000,000 francs over the estimated and an increase of \$8,000,000 francs over the similar period of last year. This increase is in spite of the fact that the estimates were fixed at 20,000,000 francs above 1899 on account of the expansion of revenue, calculated to result from the Exposition. The increase, however, will be nearly all swallowed by the Chinese credits, which already amount to 70,000,000 francs. But the government's account wiping out the latter by the indemnity to be eventually exacted from China.

Another excellent report was that of Dr. Kellogg on "Libraries." Following this report it was suggested that the association establish traveling libraries, and the suggestion will be adopted. President Thompson, of Minneapolis, issued that she would take this matter up before the convention and will appoint a committee to have the matter in charge. Miss Kellogg, of Minneapolis, made a report on "Oratorical Contest" and stated that a contest was held in Winnebago City, Minn., on Woman's Suffrage and that the prize was won by Ernest Taylor, the prize consisting of three volumes of the "History of Woman's Suffrage."

GREETINGS EXTENDED.

This afternoon Mrs. Catt conducted a work conference after which prayer was offered by Rev. S. J. Kennedy and Mrs. E. O. B. Freitag sang a solo, "He Was a Prince." WATER IN WISCONSIN.

Wolf and Embarras Rivers Are Now on the Rampage. LONDON, Wis., Oct. 11.—Now that the raging waters of the Wisconsin river are beginning to subside, the trouble is starting in this section of the state. The rising of the Wolf and Embarras rivers has been the highest in the history of the state. It has been in twenty years, and is going higher. All the lands as far as one can see east, west and north are covered with water. If the water continues to rise about three feet more, which it appears it will, it has been rising rapidly during the day, the principal business portions of this city will be submerged by about one foot of water. Many potato crops are under water.

To Teach the Filipinos.

WINONA, Minn., Oct. 11.—(Special.)—President Millard B. Clark of the normal school in this city, has received a letter from Supt. Fred R. Atkinson of the department of public instruction for the Philippine islands, in which the latter asks permission to send native Filipinos to the normal school to obtain education. In his letter, Mr. Atkinson asks that they be given such means of living while here. His idea is to secure for the Filipinos a practical American education, that they may be better fitted to teach in the Philippines. Mr. Atkinson is also asked President Northrup of the state to send a number of teachers to be sent to the distant islands.

MANILA JUSTICE A FARCE

SWEEPING ARRANGING OF THE NATIVE JUDICIARY IN THE PHILIPPINES

ALL HAVE ITCHING PALMS

Litigant With the Longest Purse Gets the Verdict—Money Paid in Fines Appropriated by the Judges.

MANILA, Saturday, Oct. 6, via Hong Kong, Oct. 11.—The administration of Manila civil courts by Filipino magistrates, which has long been scandalous, is now attracting public attention more than ever, and has been brought to the notice of the Taft commission with the request for rectification. The courts are presided over by four justices of the peace and four primary courts. The magistrates are all Filipinos and developments have proved that the incumbents are utter failures as administrators of justice. The dissatisfaction with and contempt for the existing courts are unending. Natives and foreigners dread litigation, knowing the facts in the case. Charges have been filed, and evidence is in the hands of the authorities, which, it is claimed, will show that the magistrates have been guilty of the grossest corruption and malfeasance in office. One magistrate was recently suspended on suspicion of criminal abuse of power and attempt to defraud. The monthly collection of fines of the four native justices is estimated at \$200,000. The amount collected by the primary courts for the same period is about the same amount. The eight magistrates persistently ignore the regulations established by the authorities for the purpose of honest men for the accountability of moneys. They deposit less than \$100 monthly, and are alleged to appropriate the balance of their collections.

Baptists at Montevideo.

MONTVIDEO, Minn., Oct. 11.—The forty-third Minnesota Baptist conference opened here last evening. Hon. C. A. Fosberg gave the address of welcome, which was responded to by Rev. President Carey Emerson. Myron W. Hayes, D. D., of Chicago, followed with a stirring address upon the "Renaissance of Wiles Christianity." He welcomed the larger and more intelligent faith as the natural product of advanced scientific Bible study, and while revivals of religion were not as prevalent as a quarter of a century ago, he believed that the religious awakening was at hand such as the world has never seen. He spoke with satisfaction of the revival of the church lists, and while the result was a smaller membership, in many cases it had proved a strengthening process to the churches.

ANARCHY IN LEYTE.

Benighted Filipinos Don't Appreciate the Blessings of Peace. NEW YORK, Oct. 11.—A dispatch to the Tribune from London says that opinion is gaining ground that parliament will not assemble for effective work before the end of January. This interval will allow Lord Salisbury leisure for recasting the cabinet and deciding various questions relating to South Africa. A report that Lord Cromer has been summoned to England is probably well founded. He has been spoken of as usually well informed quarters as the new member of the cabinet, and certainly his inclusion would greatly strengthen the government. There are more unlikely than that he should be appointed to succeed Lord Lansdowne at the war office.
