

Lennon & Gibbons' Wonderful Sale of Fashionable Suits and

OVERCOATS

Made by New York's Celebrated Manufacturers of Fashionable Clothing, **ALFRED BENJAMIN & CO.**

Alfred Benjamin
& Co., Makers of
the Most Fashion-
able Clothing in
America.

We have recently made a very large purchase from this well-known house, closing out their stock of fine silk and satin-lined RAGLANS, AUTOMOBILES, CHESTERFIELDS, BROADWAY BOX AND NEW YORK TOP COATS, and every garment we offer in our great sale of these Fashionable Overcoats now in progress possesses its own individual style, instead of the mechanical precision so characteristic of most of the clothing sold in this city. ALFRED BENJAMIN & CO. follow faithfully to accepted designs of fashion. They select only the tastiest patterns and use exclusively, absolutely pure wool and worsted fabrics. They use the costliest and richest silks and satins for linings. Their specialty is the very finest garments and their styles are far and away ahead of any merchant tailor's. The styles which we display in this great purchase you will find the merchant tailors making next fall and winter. Alfred Benjamin & Co. are fully one year ahead of all others on style. They originate the styles and set the fashions for all other manufacturers. St. Paul's better dressers to a man are wearing these Fashionable Overcoats. The demand for them is way beyond our expectations, but our purchase was very large and we still have hundreds of these handsome garments at all prices in stock.
