CITY NEWS.

H. J. McManus is at St. Joseph's hospital owing to attack of appendicitis. The monthly meeting of the Junior Pioneers will be held Wednesday evening. The funeral of Michael Mostert, a charter member of the Press Feeders' union, was held from his late residence, Sixth

street and Maria avenue, yesterday morning.

The Minnehaha street bridge, which is being paved with brick, will be thrown open to team travel Tuesday.

Section St. Paul, of the Socialist Labor party, will hold its regular monthly business meeting this afternoon in Assembly hall.

Van Rensselaer Benham Jr., a traveling salesman, has filed a petition in bankruptcy. His liabilities are \$2,621.03, and assets \$227.50.

A special meeting of the board of aldermen was held yesterday afternoon to approve of contracts for sewers awarded to John Lind and Thomas Reilly.

The Second Ward Improvement association will hold an important meeting

Monday evening at 8 o'clock, at the hall, corner Seventh and Bates avenue.

Miss Emma Koch, aged 16, died yesterday at the home of her parents, Mr. and Mrs. John Koch, 961 Gantner street. The funeral will be held tomorrow morning at St. Bernard's church.

Collis Lovely, general vice president of the Boot and Shoe Workers' union, will address a meeting of shoe workers at 2:30 o'clock today at Assembly hall, Third and Wabasha streets.

The Mental Science Temple of St. Paul meets at Central hall, Sixth and Seventh streets, at 11 o'clock p. m. today. Mr. O. T. Smith will speak on "Mental Science: What Does It Mean to You?"

The Social Democratic party will give a series of six lectures on "Evolution" on the following Sundays at Pfeifer's hall, Eighth and Wabasha. Today's topic, "Evolution," by Thomas H. Lucas.

The funeral of Mrs. Catherine Whalen, who died Wednesday, will take place today from the family residence, 64 West Seventh street, at 1:30 o'clock, followed by services at St. James' church at 2 o'clock.

Dr. John Snelcar, pastor of the First Presbytery, an church, will deliver his lecture on "The Passion Play" Friday evening, Nov. 23, at the Central Presbyterian church for the benefit of the Sunday school.

The completion of the work in progress on the Third street bridge, and the paving of the alley with asphalt alongside of the Metropolitan opera house, will be among the last improvements undertaken by the board of public works and the city engineer this season.

Patrick Mylon, aged forty-eight years, an old resident of St. Paul, died yesterday morning at his home, 694 Grove street, from consumption. The funeral will be held Monday morning at 9 o'clock from St. Mary's church. Interment will be at Calvary.

A meeting of the executive council, Minnesota Historical society, will be held at the state capitol Monday evening. Judge Flindrau will speak on the dedication of the new building of the Wisconsin Historical society, and Hartwig Deppa will read a paper on "Roman Camps in Germany."

The strong box of the city was replenished yesterday by \$1,667, accruing from the sale of springing assessments in districts 8, 10, 11 and 14. The certificate holders will be entitled to a deed to the property upon application to the district court, at the end of five years if the certificates have not been previously redeemed.

The board of public works tomorrow afternoon will open bids at 2 o'clock upon the construction of the Fairfield avenue sewer. The board will also consider the Whitall street sewer matter. Postal notices will probably be sent to the abutting property owners along the proposed improvement to appear before the board and express their opinion.

Community gatherings will be held for

HAS GONE TO HIS REST

PHILIPPE VETERAN SUCCEUMBS TO A PECULIAR DISEASE. Another soldier of the Thirteenth Minnesota has gone to his rest, August P. Mitchell, private company D, died at the Soldiers' home day before yesterday, after many weary months of illness.

Mr. Mitchell was looked upon as one of the best private soldiers in the regiment when it was stationed in the Philippines. He was in the army over a year and saw much hard service. The climate was his undoing. He became sick and it was soon necessary to take him to this country. He has been stationed at the Soldiers' home for a long time and has wasted away.

His disease baffled the doctors who attended him. It was something different to anything they have ever seen or heard of and nothing could be done for the man.

The dead soldier was born in Ohio and was forty-five years old. A father and brother are still living in that state.

There will be a meeting of the members of the soldier's company at the armory at 8 o'clock tonight and they will attend the funeral which is to be held at the Soldiers' home at 10 o'clock. A large number of friends of the dead man will also be in attendance.

MAINS WERE ALL RIGHT.

Inspection of Pipes to Be Used on West Side. Secretary Caulfield, of the water department, and City Engineer Clausen yesterday made an inspection of the new sixteen-inch water main under the Wabasha street bridge leading to the West side and reported their inspection of the contractor's work as having been very satisfactory.

The main and connections are 2,900 feet in length and will cost approximately \$10,000. The new connection with the

BLAZE AT MANNHEIMER'S

FIRE IN THE BASEMENT MAY HAVE CAUSED MUCH DAMAGE.

Fire was discovered in the basement of the Mannheimer Dry Goods Store, Sixth and Robert streets, at 2:45 o'clock this morning.

Engineer Boyd and Night Watchman Haase were looking for the blaze, having had their suspicions aroused by a strong smell that suggested something burning. The engineer soon located it in the rear of the engine room, where a number of dry goods boxes were burning.

An alarm was sent in and the department soon put out the fire. While the loss from the material burned was nominal, a good deal of smoke found its way to the floors above, and from this cause much damage may have resulted. Thousands of dollars of valuable goods, susceptible to injury from smoke, were exposed, and with what result will probably be disclosed today. The loss to the goods, therefore, may be small, or, as is more likely, it may amount to several thousand dollars.

JEWELRY OPERA GLASSES CLOCKS

LIND GAINS BUT SLOWLY

CORRECT RETURNS YESTERDAY REDUCED VAN SANT'S PLURALITY. Correct returns were received by the secretary of state yesterday from nine of the counties of the state, and in nearly every case they show slight gains for Gov. Lind, although Carlton was a notable exception to this rule.

Mr. Van Sant's plurality, however, on these revised figures is still well below 200, and shows no sign of ever reaching that figure.

THE MICROBE THEORY

Has Become a Microbe Fable! So says Dr. Max Meyer in the Pioneer Press of Friday morning and copied from the New York Herald. Well, this is just as we have always said. "Microbes are the result of disease and not its cause." The doctor says the popular notion regarding bacilli is a "bogus." You know what a bogus is, do you not? It is something to frighten people, and this is the sum and substance of this whole "germ theory." "Nothing in it," he says.

Well this bogus must pass into oblivion with the obsolete practice of bleeding people to cure disease. We tell people how they can cure disease, and save life and save expense and save misery by using the Oxycodon.

Some people do not believe it, but whose loss is it if they turn a deaf ear to this serious truth? C. S. Wilson, 610 and 611 New York Life building.

TALK OF MANY SITES.

Winter Baths May Be Pleased in Old Grand Block. There appears to be some difference of opinion as to the location which should be selected if the proposition of the health commissioner to establish all the year round baths is accepted by the general public as worthy of consideration.

Besides the suggested locations under the library building, or facing whole river on West Third street, the ruins of the old Grand opera house have been spoken of with favor.

The expense of repairing the building sufficiently for the purposes of the baths would not amount to a great deal and it is believed that the property might be rented from the Davidson estate at a very reasonable figure.

COULD NOT GET A QUORUM.

The Charles and Blair street sewer, which it was hoped to complete before the ground froze up, seems to be left over until next season. The board of aldermen attempted to form a quorum for the purpose of approving the awards of contracts yesterday afternoon, so that the work might be rushed, but a sufficient number failed to put in an appearance.
