BELL MUST FIGHT ALONE

REPUBLICAN COMMITTEES REPUDIATE PROCEEDING FOR OUTGER.

M. Bell promises that the application for a writ of quo warranto in the "ouster proceedings," the Sixth ward Alderman, M. J. Moriarty, will be filed this week.

The Republican city and county committees have absolutely repudiated the proceedings according to the Midway News, which says:

The Republican party of the city of St. Paul will not undertake to ouster Mayor Smith or the present set of Democratic officials. If the Pioneer Press and some disconsolate officeholders insist upon such an enterprise they will have to go into it strictly on their private account. The Republican organization will not put a finger into it. It has been so decided. A. J. Koeseke, chairman of the Republican city committee and the Republican county committee, in joint session.

Archbishop Ireland, who would be one of the beneficiaries in the event of a court decision invalidating the new charter and oustering the present city officials, so clearly presented the legal status of the case that not another word was said. Although there were about seventy-five representative Republicans in the meeting, a motion asking the Republican city officials to institute proceedings in the courts was tabled without a dissenting vote.

However, the city officials, who are a technicality of law, there is absolutely no doubt that upon a question of politics the people mean to elect Robert A. Smith mayor of St. Paul, and did elect him.

However, the adoption of the new charter may affect the best interests of the people, there is absolutely no doubt that the city officials, who are a technicality of law, there is absolutely no doubt that upon a question of politics the people mean to elect Robert A. Smith mayor of St. Paul, and did elect him.

Whether or not Mayor Robert A. Smith has some legal right to the office of the new charter may well give rise to an honest difference of opinion. But the election of a city official in no sense has changed this situation.

If the Pioneer Press company, or any other party, desires to press this question in the courts, they have a perfect right to do so. But the city officials, who are a technicality of law, there is absolutely no doubt that upon a question of politics the people mean to elect Robert A. Smith mayor of St. Paul, and did elect him.

THEY WIRED KNUTE NELSON

The Senator Is Strongly Urged to Exert His Influence in Favor of the Littlefield Amendment.

A discussion concerning Archbishop Ireland's opposition to the Littlefield amendment to the army reorganization bill, and his involvement in the Littlefield amendment, took up most of the time at the Methodist Ministers' association meeting yesterday afternoon at the Y. M. C. A. The members of the association strongly condemned the archbishop's attitude concerning it. A committee consisting of Revs. A. J. Koeseke, and Benjamin Longley drafted the following telegram, which was sent last night to Senator Nelson in Washington: "We, the Methodist ministers of St. Paul, in session today, protest against the efforts being made to defeat the Littlefield amendment to the army reorganization bill, and request you to use your influence and vote in behalf of the same."

Prof. Cooper, who occupies the chair of English literature at Hamline, gave an interesting talk on "Rudyard Kipling's Characteristics." Several of Kipling's shorter poems were read.

The next meeting of the association will be held the first Monday in January. Dr. H. H. Johnson, president of the association, will preach a new century sermon.

CONGREGATIONALISTS CELEBRATED FOREFATHERS' DAY

IN ST. PAUL

DR. NORTHPROP'S ADDRESS

Reviewed Early History and Influence of the Church in This Country—Principles Have Grown Broader.

The Congregational club, of St. Paul and Minneapolis, celebrated Forefathers' day last night at the Park Congregational church with a large banquet at which 150 guests were entertained. Dr. J. H. Fallock, of Plymouth church, Minneapolis, president of the club, presided. The banquet was held in the parlors arranged in the Sunday school rooms of the church. The address of the evening was delivered by Dr. Cyrus Northrop, of St. Paul. Dr. Northrop spoke on "The Past and Future of Congregationalism." He sketched the history of the Congregational church in America from the early days of the New England colonies, when it was so closely identified with the colonies that it was, in effect, the state religion, down to the present time, when, though severed from the state, it is one of the strongest religious influences in the land. Very early in the eighteenth century and in the latter part of the sixteenth, other churches began to clamor for some of the privileges possessed by the Congregational church. These privileges were extended first to the Episcopal and then to the Presbyterian church, until in time all churches had equal rights with the Congregational church. President Northrop stated that the first Congregational church in this country was organized in the last half of this century, and nowhere was this growth more marked than in Minnesota. When the first Congregational church was started in the state, there were 2,000 churches in Minnesota. Now there are 5,000, and the Congregationalists have much to do with this increase.

Dr. Northrop's address there was an informal review. The following women of Park church had charge of the supper: Mrs. H. B. Gates, Mrs. Fowler, Mrs. B. H. Johnson, Mrs. E. J. Johnson, Mrs. L. A. Moore, Mrs. Foulke, Mrs. Johnson, Mrs. White, Mrs. Noble, Mrs. G. P. Tuttle, Mrs. Gerard, Mrs. Clapp, Miss Barr, Miss Pike and Miss Hines.

Proceeding the banquet the club held a short business session last evening, at which thirty-four new members were voted into the club. The next meeting will be held in Minneapolis, Jan. 21.

HOUSE WAS ROBBERED FIRST

Thief Then Chopped Holes into the Studding and Tried to Conceal His Crime.

On investigation it has developed that the fire at the home of Mrs. Sarah Crane, 658 Conway street, Saturday night, was caused by incendiaries, who robbed the house and then tried to conceal their crime.

William Neuman, Thomas Water, Mary McGuire and Mrs. Moore, arrested at the "DeWitt" hotel early yesterday morning for disorderly conduct, were charged by Judge Hine, the men signing bonds to keep the peace and the women home on a promise to return at once to their homes.

P. A. Clark, charged with drunkenness and disorderly conduct, was discharged. He has a large family, and the court felt that he needed his services. He signed a bond to keep the peace.

James Kenney, charged with larceny of a clock from the C. F. Adams installment agency, was committed to jail.

The case against the St. Paul Sanitation company was continued until today. The company is charged with violating the ordinance by cleaning a vault without a permit.

TOOLS FOUND IN PAWN SHOPS.

James O'Connor's Case Is Continued Until Today.

James O'Connor was in police court yesterday, charged with stealing a number of tools from James Aron, a contractor. His case will be continued until today. Tools stolen from Mr. Aron were found in some of the local pawnshops, and O'Connor has been identified as the man who disposed of them.

William Neuman, Thomas Water, Mary McGuire and Mrs. Moore, arrested at the "DeWitt" hotel early yesterday morning for disorderly conduct, were charged by Judge Hine, the men signing bonds to keep the peace and the women home on a promise to return at once to their homes.

BONDS REALIZE GOOD PRICE

On the \$50,000 Issue a Net Premium of \$1,820 Was Received—Better Offer Was Rejected.

All but one of the contracts in connection with the erection of a new county jail were let yesterday at a special meeting of the board of county commissioners, and the \$50,000 issue of bonds issued were satisfactorily sold.

Although the interest which these bonds bear was advertised to be 3 1/2 per cent, it was demonstrated that the offer of Ramsey county stands so high in financial circles that bonds bearing 3 1/2 per cent interest can be floated at a premium.

One of the firms tendered offered to purchase the whole issue at 3 1/2 per cent, and in addition offered a premium of \$5. This offer was the most satisfactory of any received, but as the board had invited tenders at 3 1/2 per cent, the commissioners felt that it would be an injustice to the other to accept it.

The tender of the Union bank for half was accepted. Without much discussion, and then began a long wrangle for the remaining 1/2 per cent. The Union bank offered \$1,820, the tender of the Keyhole Co. \$1,800, and the tender of the Minnesota Loan & Trust Co. \$1,790, and the Minnesota Loan & Trust Co. \$1,780. The tender of the Keyhole Co. was the highest, and the tender of the Union bank was the lowest. The tender of the Keyhole Co. was the highest, and the tender of the Union bank was the lowest.

ARE BIDDING THEIR TIME

METHODIST MINISTERS WILL SUPPORT WINE ROOM ORDINANCE.

The wine room ordinance, presented to the board of aldermen by Ald. Hunt, meets the approval of the Methodist Ministers' Association of St. Paul and will receive their unqualified support if they are given an opportunity of taking a stand upon the matter. No immediate action will be taken, however.

A few divines of the Methodist church were gathered at the First church last night for some private business, and at this meeting it was learned that the ministers intend to support the ordinance. However, the matter is not yet settled, and the ministers will not do anything, in fact, until we have an opportunity. The church committee of the city council has decided to let the matter rest until the state supreme court renders its decision in the case under consideration from Minneapolis, which is practically the same as the case now pending in St. Paul.

STAFF MUCH TOO SMALL

DAIRY AND FOOD DEPARTMENT HAS TOO MUCH WORK.

In view of the fact that the dairy industry has grown more rapidly than almost any other in the state and the dairy department has had to keep pace with this growth, the officials of the department think, and stated yesterday that it would be advisable to have the staff increased.

Said E. D. White, of the dairy and food department, yesterday:

"The appropriations made by the legislature for the department twelve years ago were as large as they are at the present time. Then there were no creameries in the state worthy of mention now, and the dairy industry has grown to 70 of the former and 80 of the latter. There were few adulterations at that time. Now they are numerous.

"The department now has only four regular inspectors, and it is difficult for me to go around, making five in all. There is more work than the department can attend to and the coming legislature should be given to understand as much."

Speaking further about the record of the state in the dairy industry, Mr. White said that this year has been an exceptional one for Minnesota. The state has taken more prizes than any other state in the Union and the fact that a country in Europe that can show a better record in dairy products. I was just footing up some of the prizes taken this year. At the National Buttermakers' convention at Lincoln, Neb., the state walked off with the first prize. It captured the grand prize for butter at the Paris exposition (nobody knows what the prize is as yet). Half a dozen gold medals were also taken there. At the state fairs several outside states were represented in the dairy department, but the chief prizes went to Minnesota. Once in a while the department ought to be supplied with sufficient funds to meet new conditions arising through the growth of the industry."

DELIGHTFUL RELIEF FROM CATARRH.

There is one of a thousand such testimonials from the people of Buffalo, N. Y., who say: "I wish all to know that a blessing Dr. Agnew's Catarrhal Powder has done for me. I have used it for the first time with this disease for years, but the first time I used it gave me most delightful relief. It cured me in two months."—J. H. D.

BIG BANANA WAR IS ON

BUT PRICES IN ST. PAUL WILL NOT CHANGE.

A banana war of large proportions is now being waged in Chicago, and the retail price of the succulent fruit in that city threatens to take a tumble from the dizzy height from which it has been boosted. An independent banana company has entered the field against the monopoly, and it is said, has an excellent opportunity to bear the price down to a more reasonable level.

In view of this it is not comforting to those who in this city have a taste for this fruit to be told that even though the prices in Chicago are falling, the price of bananas at present level. This is, however true, according to one of the most prominent wholesale dealers in fruit in St. Paul.

Julius C. Fanechon, manager for E. P. Stacy & Sons, in discussing the effect of the war, said: "The price of bananas in this city will not be affected by the war in Chicago, but it is a difficult matter to always keep the fruit at a proper temperature. It is necessary to keep none but the best in stock in this city."

"It will surprise most people to know that in St. Paul better bananas are sold than in Chicago, but it is a difficult matter to always keep the fruit at a proper temperature. It is necessary to keep none but the best in stock in this city."

UNCLE LOREN IS CAUSTIC

SOME SARCASTIC IN HIS REPLY TO ST. PAUL SUGGESTION.

There was some irony in the reply of Congressman Loren Fletcher, of Minneapolis, to the St. Paul Chamber of Commerce to its request of last week. Mr. Fletcher said he would be glad to visit St. Paul, but he would not be there for the purpose of the chamber and the deep blue sea. The chamber, in one sentence, asked the abatement of the war taxes, and in the next, an appropriation of \$200,000 for the city. He would do the best he could, but he suggested that the chamber might do patriotic work along the lines of devising a scheme for the revenue, instead of the expenditure of the government.

The chamber passed a resolution urging congress to establish a national park and forestry reserve at the head waters of the Mississippi.

It is understood that all but two of the assemblymen were present and all of the board of aldermen.

Those present endeavored to keep the meeting a secret, but nevertheless it was "too good to keep" and the secret leaked last night.

Tony Jans, Arrested at Butte on a Charge of Murder.

Tony Jans, son of Theodore Jans, proprietor of the Capital Hotel, 45 Wabasha street, was arrested at Butte, Monday, charged with shooting a butcher in that place, named Henry Staebler. Jans, a confederate, attempted to rob Staebler, and as the latter resisted, Jans, it is charged, shot him in the shoulder.

Jans is unfavorably known to the local police. He was several times under arrest, his latest episode being a fight with Patrolman Carey. It is said in dispatches that the prisoner has confessed to the shooting and about the latter's name of his confederate. The local officials are of the opinion that the latter also is from St. Paul.
