

FORAKER AND THE TREATY

SENATOR FROM OHIO FAVORS THE TREATY AS SECRETARY HAY SIGNED IT

MORGAN WANTS IT RATIFIED

Leader of the Canal Forces Wants Its Neutrality Assured and the Treaty Ratified

WASHINGTON, Dec. 18.—The friends of the Hay-Pauncefote treaty occupied nearly all of the time of the senate in executive session today. Senator Foraker and Morgan being the speakers.

Previous to the taking up of the treaty the senate for the purpose of clearing its calendar disposed of several other treaties of comparatively little importance. Five conventions in all were ratified. Among the documents the house disposed of was an agreement supplementary to the Hay-Pauncefote treaty itself, and extending the time within which it may be ratified. Under the terms of the original treaty the time for ratification expired five months ago. The agreement favorably passed upon today extends the time until the 4th of March, during which the treaty may be completed. Senator Lodge, who has been in charge, manifested some anxiety over this treaty and evidently was somewhat relieved when it went through without a dissenting voice.

The other treaties which were ratified were as follows: Extending for one year the time within which the commercial treaty with Argentina may be ratified. Extending for a year the time within which the treaty with Great Britain for reciprocity with Jamaica may be ratified. The new extradition treaties with Bolivia and China.

When the Hay-Pauncefote treaty was taken up attention was given to the resolution offered in an open session called the day by Senator Tillman calling for the correspondence between this government and the government of Colombia, relative to the right of the United States to construct a canal through Colombia river at Dabique, I., was passed.

INDIAN COMMISSION REPORT. The annual report of the commission to the Five Civilized Tribes says that with the improving conditions it is hoped to have a uniformity of political institutions to lay the foundation for an ultimate common government. The hostility to any change in the old ways, coupled with an inability to comprehend any benefit that could be derived from the commission have gradually relaxed. Practically all the citizens of the tribes are now in co-operation with the commission in the endeavor to bring to a speedy conclusion the original undertaking of the commission.

KRAGS FOR THE MILITIA. Senator Nelson, of Minnesota, today offered in the senate an amendment which will propose to the army reorganization bill the issuance of the honors of the states and territories of Krag-Jorgensen rifles and equipment for the use of the national guard.

CONFIRMED BY THE SENATE. Confirmation by the senate of Daniel H. McMillan, of New Mexico, to be associate justice of the supreme court of New Mexico.

has provisionally agreed upon \$20,000,000 for Butterfield channel, N. Y. The committee has decided that the total carried by the bill, including provisions for continuing contracts, shall not exceed \$60,000,000, and tentative items will be sent accordingly. The bill will carry about \$20,000,000 of direct appropriations.

IN THE HOUSE. The house devoted the day to District of Columbia business. The whole time was occupied in considering a bill to change the terminal facilities of the Pennsylvania railroad in this city, and to provide for the elevation of its tracks to the level of the Pennsylvania avenue.

THE REAPPORTIONMENT. These promises to be a big fight over the Hopkins reapportionment bill when it is taken up in the house after the holidays. The representatives of the states which will lose representatives under the bill are organizing for the struggle.

WASHINGTON, Dec. 18.—The attention of President McCurdy, of the Mutual Life Insurance company, has been directed to the following assertion which has been reported in the press: "The American insurance companies may unload their stockholdings so as to be able to do business in the German empire. This would be done through the stock market next year many millions worth of American railway stock. It is said that the stockholdings of the Mutual Life Insurance company alone approximate \$40,000,000. The further declaration was made that it was 'believed in insurance circles that the report is true.'"

THE TROUBLE IN GERMANY. The full history of the difficulty which arose between our company and the Prussian government is too long and complicated for present recapitulation, but it is sufficient to say that the revocation of our license in 1898 was due to a misapprehension on the part of the government regarding certain details of our company's business. This misapprehension has since been acknowledged by the government, and we infer from an allusion in the president's message to congress that our state department has received assurance that the wrong will be righted and the privilege restored.

THAT CALLS FOR AN AMERICAN CANAL ACROSS THE Isthmus.

REPORT BY SENATOR MORGAN

As Chairman of the United States Senate Committee on Inter-Oceanic Canals in Comprehensive.

WASHINGTON, Dec. 18.—Senator Morgan, chairman of the senate committee on interoceanic canals, to which was referred the preliminary report of the inter-oceanic commission, today submitted his report thereon in connection with the protocol of agreements with Costa Rica and Nicaragua relating to the proposed canal, which were submitted to the senate yesterday. The report is said that the statement of the Walker commission and the protocols referred to have a direct bearing upon the stock market next year. It is the latest necessary, and the expectation of profit or advantage to the United States, that compels us to construct a canal across the isthmus, and through Costa Rica and Nicaragua, and the geological relation of those states to our country and the prestige of the United States among American governments.

THE ONLY SPECIFIC FOR KIDNEY DISEASE.

21 Years of Success Its Reputation.

"I have used Warner's Safe Cure for general debility and cheerfully recommend it as the very best medicine I know of to build up a broken down constitution."

Lady Commander, Jewel Huizer, No. 162 L. O. T. M. Evansville, Ind., 513 Mary St., August 17, 1900.

"When a man's life is saved he naturally feels grateful to the instrument. So I feel very grateful to Warner's Safe Cure as I know that it saved my life and restored me to perfect health and strength. For seven years I suffered with kidney and bladder trouble, finding no relief, and although I spent my income on doctors and medicines, I would not help until I read an advertisement of Warner's Safe Cure and decided to try it. For four months I faithfully took the remedy twice a day, feeling that I was gaining strength, then I considered myself cured. This is five months ago and I have had no trouble since and am in good health."

W. E. ECK, Sec'y Royal Arcanum, Virden, Manitoba, Aug. 31, 1900.

"If I was the 'chief' I would order every officer to keep a bottle of Warner's Safe Cure on hand and there would be but a 'dry' on an account of sickness. Being exposed to all kinds of weather, excessive heat and sudden frosts or rains, it takes an iron constitution to stand it. I advise Warner's Safe Cure as it keeps the system in good condition, which means that all poison and disease is quickly carried off from the system, thus maintaining good health. I cure you when sick and keeps you in good health if you take a dose now and then. I advise every man who has to be cut of doors most of the time in all kinds of weather to keep Warner's Safe Cure on hand and keep getting it."

SUSTAINED DELCASSE. French Chamber Accepts the Foreign Minister's Explanation.

PARIS, Aug. 18.—In the chamber of deputies today the debate on the amnesty bill was continued and several amendments were proposed. The chamber is in favor of minor classes of offenders were accepted by the government and adopted by the house.

M. Joseph Lasles, anti-semitic deputy for Condon, called attention to a letter written by Maj. Cuiquet, who figured in the Dreyfus court-martial at Rennes, as being the copy of the Panizzari telegram presented to the chamber as a forgery. M. Delcasse announced that a dispatch respecting its authenticity existed bearing the signatures of Maj. Cuiquet, Gen. Chamoin and M. Paleologue, the foreign office expert.

"The addition of a few insults" exclaimed M. Delcasse amid applause, "to so many others will not cause me to regret having done my duty."

M. Lasles interjected a remark that Maj. Cuiquet and Gen. Chamoin, who were signed another statement expressing doubt as to the authenticity of the copy presented to the chamber.

It was evident, however, that the deputies were entirely satisfied with the explanation of the minister of foreign affairs and the matter was dropped.

AGAINST AMERICAN WHEAT. Probability of Drastic Agrarian Legislation in the German Reichstag.

WASHINGTON, Dec. 18.—The Agrarian party in Germany, having successfully brought about a law at the last session of the Reichstag, prohibiting the importation of American canned meats, is now using its powerful influence to increase heavily the import duties on all grains entering the empire, notably of wheat.

Reports United States Consul Diederich, at Bremen, to the state department, that the aim of the Agrarians, according to the consul, is to make Germany entirely independent of all countries for its breadstuffs and food supplies. It is difficult

sees, says Mr. Diederich, "how the proposed national legislation can have any other effect in the long run than to enhance the price of the daily bread so that every man, woman and child in this country."

It is impossible to understand, he says, how the proposed duty can increase the price of wheat throughout Germany, or decrease the appetite of the German people.

At present, however, says the consul, there seems little doubt that the proposed law will be passed by the Reichstag. As a large portion of the importation of wheat is American grown, this will seriously affect the interests of the American farmer. "A duty of 40 to 50 cents on every bushel of wheat," concludes Consul Diederich, "cannot fail to be well-nigh prohibitive, and the consequence will be more limited markets, fiercer competition and lower prices to the producers."

A BEAUTIFUL COMPLEXION FREE. Madame A. Ruppert's World Renowned Face Bleach. Most without cost. No matter how bleached the skin, face bleach will make it perfect.

Madame A. Ruppert says: "My Face Bleach is not a new, untried remedy, but has been used by the best people for years, and for discoloring and removing freckles, pimples, freckles, moles, patches, blackheads, eczema, tan, sunburn, rashes, redness, or redness of the skin, and for brightening and beautifying the complexion, it has no equal. It is absolutely harmless to the most delicate skin."

The marvelous improvement after a few applications is most apparent, for the skin becomes as nature intended it should be, smooth, clear and white, free from every impurity and blemish. It cannot stain, nor does it dry the skin, or draw out impurities out of the skin, and does not cover them up, and is invisible during use. This is the only thorough and permanent way.

During this month, I will offer to all a trial bottle of my world renowned Face Bleach, sufficient to show that it is all that I claim for it, and any reader of this can send me 25 cents in stamps or silver, and I will send the trial bottle, securely packed in plain wrapper, sealed, all charges prepaid.

My book "How to be Beautiful" will be mailed free to all who write for it.
