LONDON AT THE SWITCH. LEUTENANT GOVERNOR MADE SEVERAL CHANGES IN THE SENATE COMMITTEES. QUIET DAY IN THE SENATE. Budget of Fifteen Curative Acts Was Introduced at a Brief Session of an Hour.

The lieutenant governor has announced the committees, and the personnel of one of them, as announced, came near to causing a mild sensation, and senators, looking one to the other, asked, "His 'Uncle Allan' been turned down?" It looked that way, but Senator Allan J. Greer assured the Globe afterward that he was relieved from chairmanship of the tax and laws committee at his own request. Senator McGill was made chairman, to succeed Senator Greer, who becomes chairman of the committee on education.

LAYBOURN'S LEFT OUT. DULUTH MAN IS NOT GIVEN A COMMITTEE CHAIRMANSHIP BY SPEAKER DOWLING.

Speaker Dowling, in making up his long list of committees yesterday, managed to get but one member from Duluth at the head of a committee and that member was not George R. Laybourn, the man who gave Mr. Dowling a race for the speakership. Albert Berg of the Seventh district, who was Dowling's other, but less formidable opponent, was honored with an important chairmanship. He was placed at the head of the committee on drainage, which is the most important committee to the people of the Seventh district.

With rapid attention did the Duluth and many other members listen, as the committee were being read off, for the mention of the name of Mr. Laybourn at the head of one of the committees. His successful opponent found it possible to draft his slate without having to place Berg, Laybourn and the Wisconsin necessity of looking after the work of a committee as its chairman. The only man from the Duluth City delegation thus honored in the list of committees was chairman of the committee on insurance. Mr. Laybourn was, however, placed on three other committees, two of which, the committee on claims and appropriations, are of some consequence.

Berg, whose candidacy was little more than nominal, is given the chairmanship of the committee on claims and appropriations, and is said to be quite content with his lot. The Duluth members were not slow to realize that there are no better beneficiaries of the speaker's good offices during this session and some of them expressed themselves freely upon the subject after the reading of the list. They are determined, they say, under any circumstances, they will stand together and when one receives a rebuff at the hands of opponents he will be taken up by all. This spirit prevailing at the beginning of the session would seem to suggest that unless some means of peace are resorted to, the end of the term will find a considerable breach existing between the two factions.

Speaking of the situation yesterday a Duluth member stated: "Well, one thing we have in our favor, perhaps, is that we have very few demands to make for legislation this time. We have not come here this winter with many requests for legislation. In the past two or three terms of the legislature Duluth has been compelled to ask many things at the hands of the state—we have been in the position of a supplicant from our colleagues, but this time there is no cause for this supplicant attitude and we mean to get what little we are after." About the only legislation of importance which is bothering the minds of the Duluth people just at present, is an appropriation of \$25,000 for the completion of their new normal school building, the exterior of which is finished. Two years ago they asked for \$150,000 for the construction of this building and got half that amount, but this year they declare that no reduction of less than \$25,000 will be adequate for the purpose required and they will not be content to accept less than the full amount. One or two of the Duluth members are apprehensive of opposition to their demand from a certain source, but they claim to be prepared to meet any opposition to push their claim through against all odds.

PERSONNEL OF THE COMMITTEES. The chief order of business at the short session of the house yesterday was Speaker Dowling's committee assignments. Mr. Dowling did not lose the opportunity afforded by this means of repaying campaign debts, but aside from one or two instances the election gave the Democrats a majority in the committee having little, of course, to expect at the hands of the Republican administration. The committees are as follows: Agriculture—Messrs. A. J. Rush, Hillary, Lemmon, Norman, Cooke, Hunt, Schultz, Ryan, Von Wald, Anshutz, Cummings, Pennington and Ploewman. Appropriations—Benson, Wallace, LaBourne, Roberts, Benn, Riley, Berg, Whitford, Schurman, Ward, Johnson, Johnson, Sweet, Rich, Ryan and Hickney. When poverty comes in at the door love flies out of the window. Poverty is not the only enemy of wedded love. Many a home has been made loveless by disease which ruined the wife's health, undermined her strength and robbed her of physical attractiveness. Whatever makes for woman's health makes for home happiness. Thousands of women cured by Dr. Pierce's Favorite Prescription testify to this.

What Makes Women Weak? The chief contributing cause to woman's weakness and ill-health is her ignorance of the important truth that a woman's general health depends upon the local womanly health. If women knew and understood this fact they would not attempt the impossible feat of developing the general health while ignoring unhealthy local conditions. Money is wasted in "doctoring" for headache, backache, nervousness, sleeplessness and other ills familiar to women, if the treatment of these diseases does not cure the primary disturbing cause—disease of the delicate womanly organs. It is of course possible that there may be general ill-health in spite of sound local health. But it is absolutely impossible that the general health can be good when there are disagreeable and unhealthy drains, inflammation, ulceration or female weakness. The first step to sound health is to cure these diseases, and the quickest and surest cure of womanly diseases is accomplished by the use of Dr. Pierce's Favorite Prescription.

of diseases peculiar to women. It always helps. It almost always cures. I wish to thank you for the good your medicines have done me," writes Mrs. Mae Brown, of Canton, Fulton Co., Ill. "I was troubled with female weakness, and doctored with several different doctors. They did not seem to help me; indeed, I got worse all the time. I had ulceration and displacement of the uterus. What I suffered no tongue can tell. I had heavy bearing-down pains, and thought my back taking five bottles of the 'Favorite Prescription,' and three of the 'Golden Medical Discovery' I am feeling as well as ever. My friends tell me I don't look as though I ever was sick." Dr. Pierce's Favorite Prescription is the best of all medicines for the cure of woman's ills. It is a perfect regulator. It dries the unhealthy and offensive drains which weaken women. It heals inflammation and ulceration and cures female weakness. It is the best preparative for maternity, giving abundant strength and making the baby's advent practically painless.

Words can't express how grateful I am for your kind advice and good medicines," writes Mrs. Ada Brooks, of Kirbyville, DeWitt Co., Missouri. "I suffered for four years with what four physicians pronounced ulceration and prolapsus of the uterus; also inflammation of bladder and urethra. My case was chronic and complicated. When my first child was born (five years ago) I was in a very bad condition. My health had been very poor for some time when I was taken down bed-fast. I was in a critical condition for five months. Had several good physicians, but kept getting worse. Could not bear to be moved from my bed. Had been confined to my bed five months when I wrote to you. I received your reply very soon, and then dismissed my physicians, and began taking Dr. Pierce's medicines. I took eight bottles of his 'Favorite Prescription' and 'Golden Medical Discovery,' and I began to get better at once. In two months I could sit up in a chair, and kept getting better. In four months could do all my housework, including washing and sewing. I think your medicines saved me from the grave."

"SOONER SUFFER THAN SUBMIT." That is the sentiment of many a woman who knows the source of her suffering and yet shrinks from submitting to the offensive questionings, the indelicate examinations and the obnoxious local treatments considered necessary by some local physicians. It is due to this cause that many of the women who gladly take advantage of Dr. Pierce's offer of free consultation, by letter, are suffering from diseases far advanced in chronic form. But however far advanced the disease may be, in ninety-eight cases out of every hundred the result is a perfect and permanent cure. Even the two women in each hundred for whom no perfect cure is possible are made glad by a larger measure of health and happiness than they have enjoyed for years. Every sick and ailing woman is invited to take advantage of Dr. Pierce's offer of a free consultation, by letter. Address Dr. R. V. Pierce, Buffalo, N. Y. In this way a woman may avoid the things which offend her modesty, and, at the same time, enjoy the benefit of a consultation with one of the foremost specialists in the treatment and cure of the diseases peculiar to women. Absolute privacy guards every woman's letter, each letter being read and answered under the guard of the same professional privacy observed by Dr. Pierce and physicians generally in a personal consultation. "Favorite Prescription" contains no alcohol and is free from opium, cocaine and all other narcotics. Do not accept a substitute for "Favorite Prescription" if you want the cures performed by "Favorite Prescription" only. No "just-as-good" medicine can take its place.

ONE CENT A DAY saved for a month of 31 days will pay the expense of mailing a cloth-bound copy of Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages and over 700 illustrations. There is no charge for the book itself. It is sent absolutely FREE to those who send stamps to defray expense of mailing ONLY. For the book bound in cloth send 31 one-cent stamps, or only 21 stamps for the book in paper-covers. Address Dr. R. V. PIERCE, Buffalo, N. Y.

SOLONS HARD AT WORK. SOUTH DAKOTA LEGISLATURE DOING ITS BEST TO EARN ITS PAY. HERRED'S MEN CONFIRMED. New Members of Board of Charities and Corrections Will Support Gov. Lee's Hold-overs.

PIERRE, S. D., Jan. 15.—(Special).—In the house today W. H. Greeno, of Sully, and E. G. Griffith, of Fall River, were appointed on the clerkship force. The first house bill of the session was passed, it being to appropriate money to pay per diem and expenses of the two houses. The principal bills introduced were: To grant cities power to own and operate lighting and power plants; providing for election of commissioners by whole counties; for the transfer of certain state funds to the bond interest and sinking fund, and to appropriate \$36,000 to pay wolf bounty deficiency. In the senate the principal bills introduced were: To define qualifications for admission to the bar, and granting graduates of the Madison state normal school state certificates. Senate committee clerks appointed were: Sioux K. Grigsby, of Minnehaha, and E. I. Gregory, of Hanson. NEW BOARD OF CHARITIES. Gov. Herred sent in the appointment of John D. Lavin, of Aberdeen, W. G. Rice, of Deadwood, and H. M. Finerand, of Watertown, as members of the board of charities and corrections, and all were recognized as the legal one by the present state authorities and will be called together in a few days. It is expected that the Lee board will carry the matter into the courts. WORK OF THE SOLONS. Up to the present the legislative session has been very tame, and all indications are that it will continue so through the session. Party fights on any proposition are not possible, as the political complexion of the body, in both houses, is too unanimous to allow such a contingency, and while the future may show a division into Republican factions, such a move has not yet developed, but it is too early for any contest, as no bills have got to the stage where they are open to discussion, and the members are not yet warmed up to the work. Bills introduced in the house, in detail Saturday, were: By Martin—Fixing contract legal interest rate at 7 per cent, and rate without contract at 7 per cent. By Feitzsch—Amending the ninth judicial circuit out of the counties of Campbell, Walworth, Potter, Faulk, Edmunds, McCook, DeWitt, and Deuel, and providing regulations for sale of land and redemption in tax sales. By Benedict—Allowing certificates of purchase to be issued at any time when there is a purchase and providing regulations for sale of land and redemption in tax sales. By Martin—Introducing, not duplicated, were: By Vanrum—To amend the law for two payments of taxes. By Newby—Providing more efficient methods of collecting personal property taxes. By Williamson—Authorizing the governor, with the consent of the supreme court, to appoint three commissioners to revise and codify the laws, such commissioners to draw up a bill for the first assembly bill of the year. By Gilmore—Providing for an appropriation of \$25,000 for an exhibit at the Buffalo exposition. PRIMARY ELECTION LAW. Has an Excellent Chance of Winning in Wisconsin. MADISON, Wis., Jan. 15.—Speaker George H. Hay, of the assembly, this evening announced his standing committee on privileges and elections. The committee on privileges and elections is one that is considered favorable to the primary election law. Several bills were introduced in the assembly, to Mr. Overbeck belonging the bill of the Forty-first session that prohibiting any place where liquor is sold in less quantities than five gallons for any purpose, a saloon. This goes after the bill introduced by the first assembly bill of the reform bills, cutting down the first of the state oil inspector to about \$100, which Gov. La Follette suggested in his message. Mr. Mills also introduced a bill repealing the law licensing street railways, electric light and power companies and still another makes stealing a ride on a railroad train a misdemeanor.
