NOT HEREDITARY.

In the main, consumption is not hereditary; it is infectious.

Low vital force is hereditary; which gives consumption its chance. An infection starts it.

Between the two, the crop is a big one: about one-sixth of the human race.

We suppose it needn't be more than 5 per cent, if people would take fair care and Scott's emulsion of cod-liver oil.

We'll send you a little try, if you like.

SORES, ULCERS, ETC. HEAL QUICKLY

When the blood is impure, poor and thin, an insignificant scratch or bruise often becomes a stubborn running sore or an offensive eating ulcer, and unless given the right treatment, terminates in that most dreaded of all diseases, Cancer.

LOCAL REMEDIES AND ORDINARY TONICS CAN NOT CURE because they do not reach the seat of the trouble. S. S. S. is the only medicine that does. It purifies, strengthens and enriches the blood, drives out the poison, builds up the weak and exhausted body, when the sores and ulcers heal quickly and naturally.

S. S. S. is guaranteed purely vegetable and has for fifty years been curing deep-seated blood disorders.

J. B. Talbot, Post-office Box 245, Winona, Minn., says: "Six years ago I became afflicted with a severe sore on leg, which gradually grew worse until the entire leg from knee to foot was a mass of sores and corruption. After consulting my local physician I made two trips to Hot Springs and spent over \$1,000 in trying get cured. I had come to the conclusion that the only cure was to try S. S. S., and in the short space of seven months it has cured me of all sores on blood and skin. Diseases mailed free. The S. S. S. Co., Atlanta, Ga."
