

CITY NEWS.

The funeral of Nellie P. Downey, who died at St. Joseph's hospital last Saturday, will be held from the family residence, 129 Magnolia street, tomorrow at 2 p. m., and from St. Patrick's church at 9:30.

PERSONALS.

Mrs. E. P. Green has recovered from an attack of the grip at Cassadaga, N. Y., by the use of Dr. Miles' Nerve Pills.

Among the victims of the grip epidemic now prevalent, E. Coyle is now recovering in Canton, O., by the use of Dr. Miles' Nerve and Pills.

W. E. Nibbles, of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nerve and Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip, at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Pills.

Everybody says that J. W. Uley is looking splendid after his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nerve and Pills cured him.

Prosecuting Attorney, Charles L. De Waele, who has passed the three-score milestone, had a time with the grip; but when seen at his home in Rosemont, Mich., the other day, he said Dr. Miles' Nerve was what cured him.

At nearly three score and ten Mrs. Helen Humphrey was fighting against odds when the grip attacked her; but she took Dr. Miles' Nerve, and now her neighbors in Waukegan, Miss., remark on how well she is looking.

After an illness of five weeks from the grip, Mrs. Harriet Jackson is again about and looking fine. She began taking Dr. Miles' Nerve after the fourth week. Her home is in Bowling Green, Mo.

FRANK BARNHART IS DEAD.

Was One of the Best Known Telegraphers in the Twin Cities.

Frank Irving Barnhart, a telegraph operator, was known in the Twin Cities, died suddenly Friday evening at his home in this city, 729 Martin street. It was known that "Barnhart" was a friend of the editor of this paper, was ill of typhoid fever, but his condition was not considered serious, and his friends in St. Paul and Minneapolis are greatly shocked at the announcement of his death.

Mr. Barnhart was thirty-three years of age and is survived by a widow to whom he was married a few years ago, and three children, Mr. and Mrs. W. W. Barnhart, 671 Ashland avenue, and a brother, A. E. Barnhart, of Chicago.

Deceased was a member of the Telegraphers' union and that organization will attend in a body the funeral, which will take place this morning at 10 o'clock from the family residence. Burial will be in Oakland.

CENTRAL BUND MEETS.

Representatives From 52 German Lodges Report Progress.

The German American Central Bund of Minnesota, held its regular monthly meeting at Mozart hall yesterday afternoon. Prof. Boenisch presided and gave out the standing order for the coming year. Representatives from fifty-two different German lodges and societies were present and reported good progress. It was decided to have a lecture on some popular subject at every meeting after this. The next meeting will be held at Mozart hall, the third Sunday in March, and the April session will be held at Minneapolis.

General Throughout Northwest.

Nearly three inches of snow fell during the snow storm, which visited this part of the country early yesterday morning. The storm did not become very bad, however, following the snow, was general throughout the Northwest. All Western trains reached St. Paul on time, with the exception of the Great Northern "Flyer" from the coast, which suffered a delay of four hours on account of the storm.

"Grip made me very weak and nervous with tightness of chest and headache. Dr. Miles' Nerve Pills, however, gave me quick relief."—Mrs. Clarinda Butler, W. Wheeling, O.

Very Low Rates West.

On Feb. 18th and each Tuesday until April 30th, the "Omaha road" will sell one-way tickets from Minneapolis and St. Paul at following low rates: To Ogden and Salt Lake, Utah, \$25.00. To Leadville and Montrose, Col., \$35.00. To Baker City, Oregon, and Weir, Idaho, \$25.00. To Santa Fe, Mexico, and El Paso, Tex., \$35.00. To California, \$32.50. Two trains daily for Utah, Oregon and California, per week. For tickets and information call at 332 Robert street, St. Paul, and 413 Nicollet avenue, Minneapolis.

OWN'S SEATING ARE OPEN

SAINT GIRDLES HIMSELF AND PREPARES TO WELCOME THE BUTTERMAKERS

GREAT DISPLAY IS ASSURED

Big Auditorium Crowded With Latest and Most Approved Appliances in Use by Dairymen.

St. Paul, girdled in his best, will welcome the disciples of the lowly bovine and the aristocratic Jersey this week. Already the classes are gathering, and tomorrow his Sainship, represented by Gov. Van Sant and Mayor Smith, will tender to the officers and members of the National Creamery association the golden keys to the city of St. Paul.

Today really is the inaugural occasion, but tomorrow will come the formal opening of the big buttermakers convention, when addresses of welcome will be made by the governor and mayor and the freedom of the city given. Of the 5,000 or more delegates expected in the city to attend the big meet, probably 800 have arrived, the larger portion of this number making their appearance last night and scattering among the hotels of the city.

The big Auditorium, which will be the headquarters of the delegates during the convention, was remarkably clean yesterday, mechanic and exhibitor alike being engaged in the laudable work of transforming its interior and barn-like aspects into a thing of beauty. The buzz of the saw and the tattoo of the hammer held forth all through the day and well into the night, and the transformation in consequence was remarkable. Under the direction of the Commercial club the walls were relieved of their cheerless aspect by the liberal application of paper, six big furnaces were installed, and the ceiling beams hid from view by a ceiling of muslin. The work yesterday was on behalf of the exhibitors, who were busy installing machinery and exhibits in the spaces allotted.

MACHINERY HALL IS FULL.

The top gallery, denuded of chairs and reduced to a level, has been set aside as machinery hall, and here spaces have been made for the exhibit of machinery, and inventions identified with the making of butter. In all probability 100 booths have been arranged in the hall and each is occupied by a piece of machinery. The exhibit is a complete and complete, and it will probably be late tonight before the auxiliary to the big show is fully installed. The removal of chairs from the top gallery has been a complete and complete, and it will probably be late tonight before the auxiliary to the big show is fully installed.

On the lower floor the business session of the convention will be held and many addresses will be made. The amount of butter received is quite formidable, and it will take the judges another two days to complete their work.

Among the arrivals yesterday was G. M. Brown, of Washington, who will have charge of the exhibit. A number of the state vice presidents and also some of the national officers made their appearance and will be on hand today to greet the visitors.

PRECAUTIONS AGAINST FIRE.

Owing to the combustible nature of the machinery, every precaution has been taken to prevent a fire. Warning signs of "No Smoking" have been tacked up all over the building, and chemical fire extinguishers, every kind placed in the galleries and on the lower floor. Two firemen are kept on duty in the big building.

PROPRIETOR OF THE AQUARIUM

IMAGINED HE WAS BEING NATIONALIZED

GLASS TANK WAS BROKEN

Investigation Proved It to Be the Result of an Accident and the Breaker Brought East-ly, Again.

The famous ride of Paul Revere and his call to the minute men to gather at Lexington square was nothing to the excitement that an insignificant looking fishbowl, flashed in the eye of the crowd caused among the saloon men of St. Paul yesterday. It ran thus:

Chicago, Feb. 17, 1901.—Charles Brenck, proprietor of the Aquarium, St. Paul, Minn., writes me that he has just received a letter from the National Association of Aquarists, which reads as follows: "Mr. Brenck cast fugitive glances at the door, assured himself that everything was safe and then rushed to a phone where the fated intelligence was conveyed to a friend with instructions to 'keep along the line.' It was 'dired' with a vengeance, and in half an hour every cafe proprietor in St. Paul was shivering with fright, while more than 100 'Johnnies' in Minneapolis was quaking with fear lest that the same fate should befall them."

Mr. Brenck kept fugitive glances at the door, assured himself that everything was safe and then rushed to a phone where the fated intelligence was conveyed to a friend with instructions to 'keep along the line.' It was 'dired' with a vengeance, and in half an hour every cafe proprietor in St. Paul was shivering with fright, while more than 100 'Johnnies' in Minneapolis was quaking with fear lest that the same fate should befall them."

NEW SPOT IS STOPPING

TWENTIETH CENTURY DESTINED TO SEE IMPORTANT CHANGES IN RELIGIOUS WORLD.

BECOMING MORE TOLERANT

Time Will Come When Men Will Think More of How to Live and Less of What to Believe.

Rev. A. N. Alcott preached about the spirit of the twentieth century yesterday afternoon at the Church of the Redeemer. The text was, "The world is changing the signs of the times." Matthew, xvi, 3. In part, the sermon follows: "While Jesus was once preaching his new conception of God and of religion, the Pharisees and the Sadducees asked Him for a sign of some kind to show them the truth of what He said. The Savior asked them to observe the signs of the time. The world was pregnant with new ideas and great events. The Romans were mighty and their overbearing influence was felt by all. Old religions were being forgotten and new thoughts and new doctrines were being preached; in short, a new spirit seemed to be creeping over the world. Jesus said, 'There is a Saviour alone. His statesman's eye could discern what others could not, and it was for this reason that He asked the Pharisees and Sadducees to observe the signs of the times.'"

"In all centuries there are signs of the times. The twentieth century will witness changes in the religious world that are already beginning to be foreseen by those interested in work for the Almighty on this earth. One of the most striking changes in the religious world of the present time is that religious people are becoming more tolerant of those who do not believe just as they do. 'I am' are losing their old exclusiveness. The religion is beginning to mean just what it should. I firmly believe, and many people over the earth believe likewise, that the twentieth century will witness the greatest change in the history of the world from a religious point of view. The time will come when the Universalist will not push his doctrine, or the Congregationalist, a member of any sect, will not assert this or that. We, or those who live after us, will not worry about anything, save leading a noble, religious life. He is a Baptist or 'she is a Catholic' will probably not be heard and 'I am' will be dead forever. It may seem impossible for these things to come about. Many will doubt whether they will come to pass, but everyone knows that churches, like human beings, must change or die. We all know that changes in religion come slowly and that there are a thousand and one things which tend to these changes. The 'I am' has arrived for people to look upon religion as it should be. They will think more of how they live, not how they believe. They will be satisfied with that, and are satisfied with that belief, but we forget to live. A righteous, Christian life means much.

"A rich man should not avoid paying his taxes and thus put some of his own burdens upon the backs of others. It is not right. People who have money should not avoid paying their taxes for that reason, but it seems that many do. 'I have been much interested in the Hamilton trial over in Minneapolis. I think it has been the cause of more crimes than anything else. 'I have also been much interested in the doings of Mrs. Norton. Her battles with the saloonkeepers in Kansas have created excitement all over the country. Things have reached a stage now where revenge is being sought on many sides. Physical violence is something that ought not to be recognized, yet Mrs. Norton has done a great and good work. The state of Kansas ought to have its laws enforced, and they probably will be before long. 'The signs of the times are beginning to be noticed. People are looking for freer religion. Many want to lead better lives and let live and let alone stand for what they are. The church will during the coming century be the medium of the religion of all and all people will go to church to be taught how to live from day to day, month to month, year to year, birth to death.'"

LABOR NOTES.

It is becoming daily more and more evident that there is trouble brewing between the Woodworkers' union and the Minneapolis manufacturers. A number of the manufacturers have recently expressed their dissatisfaction with the compact that the Woodworkers have prepared for the coming year. Physical violence is something that ought not to be recognized, yet Mrs. Norton has done a great and good work. The state of Kansas ought to have its laws enforced, and they probably will be before long. 'The signs of the times are beginning to be noticed. People are looking for freer religion. Many want to lead better lives and let live and let alone stand for what they are. The church will during the coming century be the medium of the religion of all and all people will go to church to be taught how to live from day to day, month to month, year to year, birth to death.'"

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, REST. Take care of yourself. Your already weakened nerves want rest, and must have it. If the attack is severe, go to bed and remain there. More fatalities result from the neglect of this precaution than from any other cause. Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food. Drink plenty of pure, cold water. It allays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills. Take three doses of Dr. Miles' Nerve and Liver Pills per day, and if you cannot sleep take an extra dose at bedtime. To further control the fever, and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectively, and no bad effects result from their use. These remedies have been thoroughly tested more than a million times, and their efficiency is thoroughly established. They never fail to give relief. Dr. Miles' Remedies can be found at any drug store, and they are sold on a positive guarantee that first bottle or package benefits and money refunded.

TO PREVENT THE GRIP.

Laxative Bromo-Quinine removes the cause.

Mrs. Winslow's Soothing Syrup has been used for over FIFTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE TEETHING, AND FOR BRONCHITIS, COLIC, AND ALL AFFECTIONS OF THE THROAT AND LUNGS. IT SOOTHES THE GUMS, ALLOYS ALL PAINS, CURES WIND COLIC, AND IS THE BEST REMEDY FOR ALL INFANTS. It is sold by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup, and make it other kind. Twenty-five cents a bottle.

THREE ADVERSE DECISIONS

Supreme Court's Pronouncement on Water Front Taxes is Another Heavy Blow to the City.

With several of the provisions of the tax law declared unconstitutional, and a threatened wholesale overthrow of tax titles, because of the blunder of a Republican legislator, Ramsey county officials are in a quandary at present as to the best method of averting the calamity that will of necessity cause the depletion of the county treasury thousands of dollars and bring endless litigation in order to correct titles to property purchased at tax sales in years gone by. A little less than a month ago Judge Brill handed down an order that virtually declared the entire delinquent tax sale of May 4, 1898, null and void, and of no effect, a blunder of ex-Auditor Sullivan being the cause. Judge Lewis followed it with a decision that property sold at a clearance sale can be redeemed for the price paid, even if it is less than the amount taxed against it, and now comes the decision of the supreme court, announced last week, giving a quietus to the time-honored water frontage tax, from which the county derives its chief revenue. The two latter decisions were based on irregularities in the framing of the law, while the former was due to carelessness on the part of the auditor. The result is that the water frontage tax opinion falls to bow to a curative act that will shortly be passed in the legislature, and Judge Brill's opinion on the neglect of ex-County Auditor Sullivan is sustained in the supreme court, where it will be carried, Ramsey county will be milked dry of its water frontage tax, and a shaking that will call for unending litigation. Hard on its heels is the opinion of Judge Lewis, which, while not without a certain amount of merit, will be attended with the disastrous results that come with the other two.

THE DECISION BY JUDGE BRILL, which brings before the public eye one blunder after another, is the result of a blunder by a Republican auditor, who held forth previous to the administration of the present auditor, W. R. Johnson, was given an action to quiet title brought by Thomas Gould against the Real Estate Title and Insurance Company of Philadelphia, as administrator for August 1898, and involved a piece of tax-burdened property whose value was \$300. The heirs of Boyd demurred to allowing the property to pass out of their possession, and the disclosures made brought to light some facts that called for a decision by Judge Brill practically declaring the tax sale of '98 for taxes delinquent in '91 of no effect. The decision in this case was based on the carelessness of ex-County Auditor Sullivan, who utterly disregarded the law which demands notice of a tax sale to be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale. Instead of doing this, Judge Brill allowed the matter to run along until a week before the sale, and then gave it publication, seeking to make up for his oversight by six or seven consecutive insertions, the last insertions being on the day that the sale took place, May 4, 1898. That provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale, is a provision of the law which requires that the proper publication of delinquent tax sales be made in a public place for at least twice for two consecutive weeks, the first publication to be no later than fifteen days prior to the date of the sale,
