"NO FUSION" THE SLOGAN

MINNESOTA POPULISTS DECIDE TO PADDLE THEIR OWN CANOE HEREAFTER

STATE COMMITTEE MEETS

Circular to Be Sent to the Faithful Advising Them That Henceforth the Party Will Go It Alone.

"Resolved, That it is the sense of the People's party state committee, extended on a meeting of said committee held on March 1st, at St. Paul, Minn., to accept the policy of the People's party national committee, to nominate and support a national ticket, and to support the slogan 'No fusion' in Minnesota from now on.

The initiative was taken last evening at a meeting of the state committee, held at the Merchants hotel, and this week a letter, with the above resolution embodied in it, will be sent to every member of the faithful living in the state.

The committee, some forty strong, held a lengthy executive session last night and the situation was thoroughly discussed. The fact that the committee last year was the basis of the speeches made, and the decision finally reached to go it alone hereafter, in national affairs, it was the belief of the committee that fusion had more to do with the defeat of the national candidate last November than anything else.

The "no fusion" slogan is only directed at the national ticket, but this did not prevent a few enthusiastic clubs, making an effort to have it include the state and local tickets. It did not find support, however, the committee being of the opinion that the independence of action should be allowed, and, moreover, encouraged. In all there were probably forty representative members present in attendance, and the gathering was voted one of the best and most enthusiastic yet held. It was determined to commence work at once, and a number of them in cash and for good time, were taken up.

The circular to the members of the party in Minnesota will be prepared and sent out by the office in St. Paul. The resolution regarding fusion, the circular will include a plea to the workers of the party to gather their forces together, and to stand by the party, and to be ready if the time is distant. The committee entrusted with the work consists of Z. H. Austin, M. J. Daly, Victor E. Lawson, T. B. McFarland, and J. W. White. While the meeting was executive, the members among them Victor Larson and Z. H. Austin, say that it was in every way happy, and that the resolutions were unanimously adopted.

LEFT FOR WASHINGTON

TWIN CITY ROOSEVELT CLUBS START ON A SPECIAL TRAIN.

The seventy-five members of the original St. Paul club, and the twenty-five members of the Minneapolis club, who are to take part in the inauguration parade at Washington Monday, left on a special train over the Great Western railway last night. A number of the friends of the club, and the depot to bid them farewell and on voyage.

The train consisted of five sleepers, a dining car, a baggage car, and a Pullman. The rear sleepers were occupied by the fifty-five members of the Minneapolis Roosevelt club. The Minneapolis boys were to make the trip in the Pullman, and the St. Paul boys were to travel in the baggage car. The train left for Washington at 11 o'clock this morning, where they will have about three hours in which to get ready for the parade.
