In the fifth round he came up groggy and was completely with a right hook on the jaw.

THE TRUST PROBLEM.

To a thoughtful mind, the trust problem is one of serious import. It must be firmly grappled with, for it creeps upon us insidiously, and its existence, in this respect much resembling the various disorders which attack the stomach, such as constipation, indigestion, dyspepsia and biliousness. Hostetter's Stomach Bitters will cure all such ailments, and prevent the griping, colic, fever and ague. Be sure to give it a trial.

TRAINS CRASHED.

Fatal Head-On Collision Near McKeesport, Pa.

PITTSBURGH, March 1.—Two dead, three badly hurt and a passenger train burned is the result of a head-on collision between Passenger Train No. 16, south-bound, and a local freight on the Pittsburgh, Virginia and Chesapeake railway, tonight at Coal Valley, five miles from McKeesport.

Immediately after the collision the passenger cars took fire and soon were totally destroyed, only one car escaping the flames. The trains in collision were the Untonvont express, south-bound, and the local freight coming towards Pittsburgh. The local was standing on a siding delivering freight at the time. For some cause as yet unexplained, the express, instead of keeping to the main track shot off into the siding and telescoped the other train. All of the victims were on the express train, which carried between fifty and sixty passengers. The engine men of the freight jumped when they saw the collision was inevitable.

STRUCK BY A TIDAL WAVE.

Steamship Teutonic Had a Rough Experience.

NEW YORK, March 1.—The White Star liner Teutonic, which reached this port late today, had a most exciting experience. While the ship was running in fair weather and going at her usual speed, she was struck by a tidal wave. The ship went down in the hollow of the sea and immediately there was crushing of ironwork and a mass of water boarded her on the starboard side, thundering down on hatches and deck houses. The ship recovered suddenly, throwing more water aboard. The wave broke high up, throwing down the men in the crew's nest, and rushing on, leaving them bruised and badly shaken.

John Michaelson, a steerage passenger, was hurled down and caught his foot in such a way that it was completely torn off at the ankle. The passengers generally became so frightened that they were on the verge of a panic, so that Capt. McKinstry was obliged to go into the saloon and assure them that there was no danger.

CLOSE CALL FOR KAISER.

His Majesty of Germany Run Down by a Street Car.

BERLIN, March 1.—At noon yesterday Emperor William had a narrow escape from serious injury while crossing Unter den Linden, when his carriage came into collision with an electric street car near the Schloss, which he was returning. The brake of the car did not work effectively and the emperor's coachman barely succeeded in stopping the horses. As the car was rushing on, it struck roughly and somewhat damaged it.

The emperor was thrown against the side of the carriage and slightly bruised, but almost immediately recovered and out to ascertain the cause of the accident.

As his majesty drove through the city he was greeted by a vast throng of people during the last few months. An eye witness who describes his parting from Dowager Empress Frederick at Cronberg says he carried away strong emotions so as not to allow her to suspect her real condition.

Last night the officer, fearing trouble, secretly conveyed his prisoner out of town two or three miles and lodged him at the farm house of Robert Stewart.
