

MINNEAPOLIS PAPERS CONFIDENT THAT THEY HAVE FOUND MARE'S NEST

SPRING TWO LURID 'PIPES' Committee Appointed to Make Investigation Has Not Yet Achieved Any Definite Results

The bribery investigation committee of the house has not yet arrived at definite results and it is believed that the alleged bribes continue to multiply as they have been doing for the past few days. The latest report, that of the county officials of the state trying to force a certain bill through the legislature that, it is claimed, will increase their terms from two to four years, was given a full hearing yesterday, but as evening drew on the members became more skeptical and last there were some at the Winslow who were actually ready to declare that they didn't believe there had been such a bribe offered since the session began.

HOUSE BREVITIES.

A concurrent resolution was introduced by Representative Nichols yesterday petitioning congress to raise the only appropriation in Minnesota from \$167 per capita to \$200. Mr. Jury is the author of a bill compelling railroad companies to adopt a uniform system of lights for switch tracks and a separate system for main tracks, the distinguishing feature being the color.

Senator Laucherty's bill prohibiting the adulteration of liquor with "knock-out drops" was recommended for passage in the house yesterday.

The Hickey bill providing disabled school teachers, was placed at the head of general orders yesterday for Saturday.

Under a bill introduced by Mr. Stites there are to be 12 representatives in the House after the next session of the legislature. The present number is 119.

The house yesterday voted favorably to raising the salary of the state printer from \$1,500 a year to \$1,800.

A resolution was introduced in the house yesterday providing for an increase in the salaries of doorknockers from \$3 to \$5 a day.

The Fair-Trade exposition commission has returned from Buffalo after a week of inspection, and will be at the capitol today.

The house refused to call yesterday into question the railroad and warehouse commissions bill, delegating to them the power of appointing their members and making their terms.

Donnelly Has One More Chance.

By a vote of 61 to 35 the house yesterday defeated the Hurl bill, which provided that the state board of game and fish commissioners might have power to pay Stan J. Donnelly for his services in the case of the late Verden Corbett, who killed a fisherman named Mrozinski last fall. Mr. Hickey charged his vote so as to force a reconsideration, but S. S. Smith moved for immediate reconsideration, and then Mr. Jacobson moved for the return with a motion that the matter lay on the table, which gives Mr. Donnelly still another chance for his fees.

MINNESOTA SMOKERS MAY CONTINUE TO BURN THE PAPER TUBES

Senator Halvorson forgot his rabbit foot yesterday. His anti-cigarette bill, which passed the senate some time ago, and had its single amendment concurred in by the senate, met a sudden and violent death at the hands of its former friends yesterday. The vote on passage of the bill stood 25 to 27, Senators Benedict, Ryder, Halvorson and Mellicke were participants in the discussion of the measure.

WINONA, Minn., March 26.—(Special.)

The state meeting of the Royal Arcanum was held in Mankato today, the first meeting ever held outside of Mankato. Representatives from the Twin Cities came down by special train, returning this evening. At the meeting the afternoon officers were elected as follows:

Representative to Supreme Council—Henry C. Gilbert, St. Paul.

Grand Regent—George W. Dunlap, St. Paul.

Grand Vice Regent—W. L. Comstock, Mankato.

Grand Secretary—George Hughes, Duluth.

Grand Chaplain—Dr. Buckley, St. Paul.

Prizes of \$70 and \$50 were awarded to Minnehaha council, Mankato council and Des Moines valley council, at Windom.

These prizes were given for the largest gain membership during the year. The next council will be held in Minneapolis March 25, 1914. A banquet was served by the local lodge tonight.

About 125 delegates, grand officers and others were present. The special train over the Great Western, arriving at 11 a. m., brought the Twin City contingent which was met at the station by the Mankato council and escorted to the hotel.

The meeting was presided over by Grand Regent Robert M. McKenny, of Minneapolis, who said the past year was one to feel proud of, as there had been a general increase in the membership. Minnehaha and Cataract councils, of Minneapolis and the Des Moines valley council at Windom had made a splendid record and were particularly complimented. Since Jan. 1 the Windom council alone and unaided had made a gain of over 147 per cent in membership.

The meeting was held in the grand hall of the Hotel Mankato, which was decorated for the occasion. The program was most interesting and the evening was a success.

MANILA, March 26.—Lieut. Col. Hughes, of the Third Cavalry; Maj. Greenberg, of the Seventh Artillery; and Capt. Robinson, of the Twenty-seventh Infantry, and Lieut. Winslow, of the Twentieth Infantry, as judge advocate, compose the military commission which is trying the Halterman case. It is attracting great attention. The evidence against the accused is strong. There have been no further developments in the case of Dr. Halterman, the American contractor, charged with selling the insurance and who was recently released on \$10,000 bail.

Another dog's "fall." A suburban gentleman, who was in the habit of giving his dog some small delicacy on leaving his house each morning, forgot to do so on one occasion. As he was going out of his house the dog caught his master's eye and, leading and leading him into the garden, stopped at a flower bed. The flowers growing there were "forget-me-nots."

Two Clever Dogs.

A sportsman was boasting of the intelligence of his dog. "Would you believe it," he said, "when I was walking into the city he suddenly stopped and pointed to a book stall, and nothing I could do would induce him to move. So I went up to the man and said, 'Would you oblige me with your name?' 'Certainly,' said the stranger, 'my name is Partridge.'"

WATERBURY'S COMPOUND

GEORGIA OWES ITS RAILROADS TO HIM

Paine's Celery Compound Was a Revelation to E. C. MACHEN.

Machen is one of the makers of the new South. He has changed the map of Central Georgia. Flourishing towns have sprung up along the railroad lines he has developed.

Hon. Clark Howell, in an editorial in the Atlanta Constitution, said of Machen: "To the people of Georgia, Machen is known principally by the roads he has built in the South. He has brought all Georgia within hand-reach of Atlanta. It is a public benefactor."

While at work on the Covington and Macon railroad, Machen's health failed. After much useless expenditure of time and money he was induced by a friend who had been cured of nervous prostration to try Paine's celery compound. That the remedy was a revelation to him no one can doubt who reads Machen's letter:

"I have spent many thousands of dollars, including eight months abroad, for nervous prostration, and then found Paine's celery compound the remedy I sought. I have taken it for several years periodically tinkered at and patched me up so that my nerves would hold together for a short while, seemingly just long enough for me to get on my feet and resume. However, your medicine has sidetracked the doctors. My nerves don't seem to require any rest, and I am in such good spirits these days it is hard to believe that I have ever had a bank account or not. I have determined on Paine's celery compound as my family remedy from now on.

E. C. MACHEN.

When thousands of men and women in every walk of life from the humblest to the most famous and honored, voluntarily go out of their way to testify to the great good Paine's celery compound has done them; when the ablest physicians and the best informed pharmacists not only prescribe and recommend, but themselves use and find health in Paine's celery compound, the present great demand for the spring remedy is not to be wondered at.

The agreement of opinion among the best informed, most observant class of people, in the well-to-do homes of our largest cities, as well as in the most frugal town communities, places Paine's celery compound far in advance of any spring remedy.
