GETS IT IN THE NECK.

PRIMARY ELECTION REFORM BILL IS BEING KILLED OFF BY THE REPUBLICAN MACHINE.

MADISON, Wis., April 5.—A test vote on the primary election reform bill was taken in the senate this morning and it showed a majority of five against the bill, the vote being 15 to 13. Senators Jacobs and Hays, who were in the minority, were expected to oppose the bill, making the actual strength against it 20.

The vote was given by a resolution by Senator Gaveny calling on the committee on privileges and elections for a report this evening on the original primary bill introduced by Senator Miller, which was held back when the substitute assembly bill was introduced. Senator Miller opposed the resolution, but it went through. The bill will be made a special order for Wednesday evening.

The hall resolution for a constitutional amendment legalizing the use of voting machines was lost. The vote was 15 to 15 in its favor, but a majority of all members is required.

The assembly sent the bill conveying the Green Bay ship canal land grant to Ephraim Mariner and Charles F. Pfister to a special committee.

Old Kenosha Resident Suicides. KENOSHA, Wis., April 5.—Col. Chas. Palmeter, one of the best known residents of Kenosha, committed suicide by shooting himself in the right temple. The verdict of the coroner's jury was that the deed was committed while in a state of melancholia. Col. Palmeter was well known and reputed to be wealthy.

Vaccination Order Revoked. DULUTH, Minn., April 5.—(Special.)—The health authorities have decided to repeal the order made early last fall requiring all school children to be vaccinated, and on Monday the schools will be thrown open to all children. About 60 will be affected by the order.

"The Milwaukee's" Day Train for Hastings & Dakota Div. Points to Run Through to Aberdeen. Effective April 8th, "The Milwaukee's" train leaving St. Paul, 8:20 a. m., and Minneapolis, 9:00 a. m., daily except Sunday, for Glencoe, Ortonville, Milbank, etc., will run through to Aberdeen. Returning, this train will leave Aberdeen, 7:30 a. m., and arrive, Minneapolis, 5:45 p. m., and St. Paul, 6:30 p. m., as now.

GERMAN BAPTISTS. Annual Convention May 24-31, at Lincoln, Neb. Rates reduced to \$12.29 round trip via "The North-Western Line"—direct and best line to Lincoln. Tickets on sale May 23 to 27th, inclusive. Tickets to Lincoln, \$12.29. St. Paul, 413 Nicollet avenue, Minneapolis.

Winona Presbytery. WINONA, Minn., April 5.—(Special.)—The Winona presbytery, which has just concluded its spring meeting at Chatfield, will hold its next meeting at Preston the first Tuesday in October. Rev. J. Russell Jones was elected moderator for this meeting.

MINNESOTA LEGISLATURE

HORNETS' NEST BUTLER BILL STIRS UP FRIENDS OF STREET RAILWAY COMPANY

ONLY ONE SECTION PASSES Paragraph Giving State Railroad and Warehouse Commission Power to Regulate Fares Is Expunged.

A hornets' nest was struck in the house yesterday when the Butler bill, requiring electric railway companies to file their annual reports with the state railroad and warehouse commission, was otherwise making these concerns subject to this commission in the same manner that railroad companies are came up for consideration. Almost simultaneously, when the bill was reached on general orders, Representatives Phillips and Roberts, of Minneapolis; Dunn and Rich, of Ramsey county, arose and began to assail the measure. Mr. Roberts was content, however, to allow the first section of the bill to pass, making the companies file their reports.

The chief argument of those opposed to the bill was that it provided for placing the control of the companies under the state railroad and warehouse commission, which would cause confusion of authority since they are now under the regulation of municipal powers. Mr. Dunn made a valiant fight against the measure on some legal technicality, saying that his intention was to remove the conflict of authorities. Mr. Roberts submitted a resolution striking out the second section, making the rates and fares fixed by the commission, and this resolution, which met the approval of the author of the bill, whose only intention was to make the companies show up their annual earnings, was adopted and the bill then recommended to pass as amended.

MAY ERECT LIGHT PLANT. The Anderson bill, giving to cities of from 10,000 to 50,000 population the right to erect and carry on their own electric light plants, passed the house yesterday. The measure brought out some sharp debates at the very last. Mr. Anderson secured the cooperation of his colleague, Mr. Sikorski, of Winona, throughout the fight on this bill. Winona, it is known, has been wanting just such privileges as this measure gives for some time and there are other cities of nearly the same population that are also desirous of such a law.

The conference committee having come to an agreement as to the amendment of the Dunn primary election bill the measure came back into the house yesterday for further action. The lower body concurred in the amendments and the bill was placed upon its final action. The result was 75 in favor and 37 against the bill as amended.

Mr. Berg's voice could be heard to the very end in denunciation of the bill. He thought it would introduce a law which was not wanted in the country districts of the state, where it was an experiment and was unpopular in Minneapolis, where it has been tried. He dubbed it as one of the worst laws that could be enacted.

RECALL DEMING BILL. House Will Endeavor to Correct a Flaw.

Attorney General Douglas yesterday afternoon rendered an opinion as to the constitutionality of House File 234, better known as the Deming bill, which was introduced and passed by both houses for the purpose of securing the release of the younger brothers of the body convicted by the rules established by a uniform line of authorities, the enactment in question is, in his opinion, unconstitutional, either for the reason that it assigns to the chief justice other than his judicial duties, or for the reason that it assigns to the chief justice other than his judicial duties, or for the reason that it assigns to the chief justice other than his judicial duties.

It will be remembered that the act in question authorizes, among other things, the board of managers of the Minnesota state prison to pardon convicts who have been sentenced to the state prison for the period of their natural life, provided, among other things, that the body convicted by the board of pardons.

The attorney general states further in his opinion that the bill, as amended, was created by an amendment to the constitution, which empowers such board of pardons, and that the act in question is unconstitutional, either for the reason that it assigns to the chief justice other than his judicial duties, or for the reason that it assigns to the chief justice other than his judicial duties.

He adds that, aside from the delegation of executive power to the judiciary under the amendment to the constitution, the people of the state never delegated to any member of the board of pardons the right to exercise other than judicial powers.

The bill is now in the hands of the legislature for reconsideration. Mr. Deming will introduce an amendment calculated to correct the deficiency, and it is expected that the bill will be passed by the legislature.

NEW SENATE BILLS. S. F. 549, Young (at request of Gov. Van Sant), Substitute for S. F. 257, to amend the constitution of the state, and to provide for the release of convicts who have been sentenced to the state prison for the period of their natural life, provided, among other things, that the body convicted by the board of pardons.

S. F. 550, Young (at request of Gov. Van Sant), Substitute for S. F. 257, to amend the constitution of the state, and to provide for the release of convicts who have been sentenced to the state prison for the period of their natural life, provided, among other things, that the body convicted by the board of pardons.

S. F. 551, Ives (at request of Gov. Van Sant), To legalize mortgages given by guardians upon real property given by their wards. Judiciary.

South Dakota Board of Health. PIERRE, S. D., April 5.—Gov. Herried today appointed Dr. H. E. McNutt, of Aberdeen, as member of the state board of health, and Dr. H. H. Dickinson, of Lead City, a member of the state board of dental examiners.

Three Years for Mrs. Foster. Husband Defended Woman Who Convicted at His Murder.

MASON CITY, Ia., April 5.—(Special.)—Mrs. Foster, convicted of complicity in the attempted murder of her husband at the time he was sentenced to the state prison for life, was sentenced today by Judge Baile to three years in the state penitentiary. The man Robinson, alleged to have been Mrs. Foster's paramour, was sentenced to the state prison for life, and Mrs. Foster was sentenced to the state prison for life.

Two Indictments Returned by Grand Jury at Sioux Falls. SIOUX FALLS, S. D., April 5.—(Special.)—In the United States court today the grand jury returned indictments against Frederick Beckert, an old resident of Bon Homme county, for selling liquor to Indians, and against George Campbell, a Paulina, for selling liquor to Indians, and against George Campbell, a Paulina, for selling liquor to Indians.

French Cruiser Suetet Passed by New Orleans Officers. NEW ORLEANS, April 5.—The French cruiser Suetet was released today from the quarantine station and started for the city. The officers of the United States navy, who were on duty at the quarantine station, were notified of the arrival of the cruiser and they were notified of the arrival of the cruiser.

OUT OF QUARANTINE. French Cruiser Suetet Passed by New Orleans Officers.

REGULATIONS PROMULGATED FOR UNITED STATES ARMY COURTS MARTIAL. WASHINGTON, April 5.—The secretary of war has amended the army regulations as to the procedure of courts martial. A civilian not in government employ, duly summoned to appear as a witness before a military court, will receive \$15.00 for each day actually in attendance upon the court, and 5 cents a mile for going from his place of residence to the place of trial or hearing, and 5 cents a mile for returning; but in Wyoming, Montana, Washington, Oregon, California, Utah, New Mexico, Arizona and Porto Rico he will be paid 15 cents for each mile necessary to travel over any railway in such travel.

FEES FOR WITNESSES. Regulations Promulgated for United States Army Courts Martial.

ONE DEAD, ONE DYING. GRAND PORKS, N. D., April 5.—(Special.)—While his parents were away at church tonight Charles Boeber, aged fourteen, accidentally shot his brother, Fred, who was sitting next to him. The latter is dead and the former cannot live. Charles has disappeared.

Funds for Epworth League. SIOUX FALLS, S. D., April 5.—(Special.)—Rev. J. O. Johnson, presiding elder of the Epworth League of the Methodist Episcopal church at Sioux Falls, is collecting funds for the Epworth League of the Methodist Episcopal church at Sioux Falls.

Devis Lake's New Armory. DEVIS LAKE, N. D., April 5.—(Special.)—Company D, of this city, will in a few days complete the construction of an armory which will cost \$10,000. The building will be 60x140 feet, of a modern type of architecture.

Estimable Woman Dead. HASTINGS, Minn., April 5.—(Special.)—Mrs. R. C. Boy, wife of Capt. Liberty, died at her residence on Vermillion street this afternoon, aged sixty years. A husband and one daughter, Mrs. Mae Gordon, survive. She also leaves two

MRS. HENRY DOBLER KILLED IN FOUNTAIN CITY IN UNUSUAL WAY

HOUSE BUILT ON A BLUFF

Large Stone Rolled Down the Side, Crashing Through the Building, Killing One of the Occupants While Asleep.

WINONA, Minn., April 5.—(Special.)—Mrs. Henry Doblér met death at Fountain City at an early hour this morning in a most unusual manner. The village of Fountain City is built on a high bluff facing the river. A large stone at the top of the bluff in some manner became loosened and in crashing down the side struck the residence of Henry Doblér. It entered at the roof and went down to the basement. The house was badly demolished and Mrs. and Mrs. Doblér, who were in bed, were carried down the rock to the basement. Mrs. Doblér's body was crushed almost beyond recognition and she was instantly killed. Mr. Doblér escaped with slight injuries.

ONCE WAS ENOUGH. No Seed Grain Loans in Ransom County, N. D., This Year.

LISBON, N. D., April 5.—(Special.)—The county commissioners of this county have refused the petition for the supply of seed grain by the county to the farmers. The petition which was signed by over 100 persons claiming to be freeholders did not, it seems, have the requisite number of names of freeholders thereon. State's Attorney C. E. Pierson advised the county board that a settler on a government claim which had not been proved up, and one holding land by an ordinary contract which had not been conveyed, were not legally freeholders, consequently the petition was rejected to the extent of about one-third.

They reported to him the price of meats here is higher than in any other place in the state a few years ago in a similar matter was not of such a favorable character as to warrant any further venture in that direction. This county then really lost about 100,000 which the general taxpayers had to make good. On account of the severe drought last year there are a few farmers short of seed, but a public procure it, but it is a speaking generaly. Ransom county is in a pretty good shape; and most farmers are not intending to seed so much wheat as formerly, and the acreage of that cereal in this county this season will be probably 25 to 25 per cent less than last year, while oats and millet will be considerably increased, and corn—which of late years has been remarkably successful—will be largely augmented.

The most serious drawback to the farmers is the general scarcity of feed stuffs.

PLUMS FOR REPUBLICANS. Annual Salaries of \$70,000 Go With Control of South Dak. Institutions.

SIOUX FALLS, S. D., April 5.—(Special.)—The decision of the state supreme court in the now celebrated struggle between the Republicans and Fusionists of South Dakota for control of the state board of charities and corrections is the state for many years past. The decision of the Republicans of the state will be a great victory for the Fusionists positions in the state. The state board of charities and corrections reform school and other institutions under the jurisdiction of the board will pay aggregate salaries of about \$70,000.

THREE YEARS FOR MRS. FOSTER. Husband Defended Woman Who Convicted at His Murder.

MASON CITY, Ia., April 5.—(Special.)—Mrs. Foster, convicted of complicity in the attempted murder of her husband at the time he was sentenced to the state prison for life, was sentenced today by Judge Baile to three years in the state penitentiary.

The man Robinson, alleged to have been Mrs. Foster's paramour, was sentenced to the state prison for life, and Mrs. Foster was sentenced to the state prison for life.

Two Indictments Returned by Grand Jury at Sioux Falls. SIOUX FALLS, S. THE ONLY CURE FOR NERVOUS DISEASES

There is one and only one specific known to medicine for diseases arising from impure blood and a debilitated nervous system, and that is Paine's celery compound. It is the most remarkable remedy that the scientific research of this country has produced. It is not a patent medicine. It is not foisted upon public attention by smart advertisement writers. Its proprietors claim nothing for it that it will not accomplish. It appeals to no prejudices, but relies absolutely upon its unparalleled record for preventing and curing the diseases for which the greatest physician of modern times intended it. No remedy ever accomplished so much good, none ever achieved such universal attention. There is no substitute for it, and there can be none. Paine's celery compound makes the sick well.
