The thirty-second legislature of Minnesota winked itself out of existence yesterday, unless forsooth, the extra session partially arranged for next February is held. It is pretty generally supposed that Gov. Van Sant will be asked to call such a session at that time for the purpose of having the report of the tax commission acted upon. There is a bare possibility, however, that such a departure will not be made. The legislature convened on Jan. 8, and since that time has consumed just seven days in actual time. The session was shortened at the instance of the Republicans, who created the tax commission and who expect to tack on the twelve remaining days with probably eight or ten additional next year to listen to the commission's report. Incidentally it was thought that such a move would be productive of good campaign results.

The battle cry of the retiring legislature will be its "unprecedented frugality and economy." Despite the cold facts disclosed by the record to the contrary, the "clear people" will be asked to believe that never was there a law-making body which so carefully and heretofore guarded the state's funds as the thirty-second Minnesota legislature. A hint of the tremendous amount of "excretion made at keeping down 'needless' expenses may be derived from the first few lines above. They will furnish interesting topics for "my constituents" to deride all year and a half hence, but may possibly fall short of substantiating the boasts made from the stump.

JOURNAL REPORTER LANDS.

As will be seen from the names and items above, the legislature did away almost entirely with one old-time custom which has prevailed throughout the history of practically all the legislatures. That was the custom of granting gratuities to the official representatives of the press. It has heretofore been the practice to allow each of these representatives \$10, but yesterday this rule was laid in the shade with respect to all the papers but one. That was the Minneapolis Journal, whose regular reporter in the house was "rewarded" with \$20, beside other "emoluments." The house saw fit to confer upon him a clerkship which yielded the trifling figure of \$7 a day. No other Twin City newspaper was allowed a clerkship nor was any other representative let "in" on the graft.

In both house and senate the resolution to treat all the newspaper men alike in this matter was defeated and there the "journal" reporter was not "rewarded." The "press" felicitated itself upon the gracefulness of Representative Roberts, of Minneapolis, however, who offered a resolution recognizing their "efficient, faithful and uniform" work in reporting the proceedings of the house.

IGNORED PREVIOUS AGREEMENT.

In making the regular wholesale allowances the legislature absolutely ignored a tacit agreement which was made at the beginning of the session. It was terminated then that these "gratuities" should cease and that no "specials" would be recognized. On this theory the force of employees was greatly increased. Some of the "house" members, however, by their word when the proposition to break the agreement came up yesterday in the form of a resolution making the news, although they were so hopelessly in the minority that the resolution carried. There were too many political debts to be paid and this was the only way which some had of discharging these "obligations." The legislative committee in the house, by which body all the gratuities, save one or two, were granted, had conferred with the senate committee to stand by the agreement and refused to report in favor of any allowances. The senate committee kept the faith, but three of the house committee members broke it. The house committee was composed of James A. Larson, of Walnut Grove; chairman William F. Anderson, Winona; John F. Jacobson, Lac qui Parle county; Sherman S. Smith, Minneapolis; and E. A. Whitford, Hastings. The two members who stood by their word were Sherman S. Smith and E. A. Whitford. The gratuities were granted by Messrs. Anderson, Larson and Jacobson.

Mr. Dunn, of Ramsey, when his name was called on the grafts, gave a complete exposure of the agreement into which the legislature had entered at the beginning of the session regarding these gratuities. He said at that time the salaries of the employees were fixed and that it was definitely understood that there were to be no gratuities allowed at the close of the session. In making the report of the committee on rules, he reported. In view of this solemn agreement Mr. Dunn said he was constrained to vote against the grafts.

The house indulged a short time yesterday morning in the usual bouquet throwing. Julius Schnahl, the chief clerk, came in for his share of compliments and was presented by the house with a very large framed collection of the various members' photographs. He acknowledged the compliments becomingly. Mr. Roberts presented a resolution in token of the high respect and esteem in which the majority members held Speaker Dowling and for the minority faction Mr. Hickey, of St. Paul, performed a similar office.

DORSEY THROWS BOMB.

Everything was drifting along as smoothly as could be expected when Representative Dorsey, of Cloness, fired a bomb into the camp and caused a terrible consternation. The house had gotten within just a few minutes of time to die and Messrs. Jacobson and Washburn were occupying unarmored their charges of bribery. Then, like a clap of thunder out of a clear sky, burst the motion of Mr. Dorsey that the Laybourn resolution to censure these two members be expunged from the record.

This brought Mr. Laybourn to his feet instantly. Cries of "Sit down," "no, no," came from the majority members all over the house, but Mr. Laybourn was not to be cowed in his seat. He turned and faced the man Jacobson, who had made the ringing charges which placed the entire house under a common stigma, and as a member from Lac qui Parle crouched low in his seat, which

GOVERNOR YATES OF ILLINOIS

One of the Thousands Who Testify to the Great Worth of Paine's Celery Compound.

Governor Richard Yates is the son of Richard Yates, the war governor of Illinois.

Yates is to Illinois what Roosevelt is to the energetic, ambitious, progressive element in the East. One of the most convincing speakers in the West, he is a man of great personal magnetism, as an incident during the President's inauguration reception at the White House showed. The Hamilton Club of Chicago were received by President McKinley in the East Room. After the introduction, Bank Examiner Lamson sang "Illinois," the last line changed to "True to Yates and McKinley, Illinois."

One source of Gov. Yates' great strength with all classes is his willingness to recognize merit and to employ the best means, without fear or favor. Needing a spring remedy for himself, and knowing Paine's celery compound by reputation, and believing it to be the best spring remedy obtainable, he used it with such excellent results that he is willing to add his name to the many others in endorsing Paine's celery compound.

Chicago, Ill., Feb. 8, 1901.
Wells, Richardson & Co.:

Gentlemen—I have used Paine's celery compound and find it an excellent remedy. Very truly yours,
RICHARD YATES.

The more intelligent portion of every community are the ones who best recommend Paine's celery compound. They have looked into this great remedy, followed its remarkable achievements in the cases of friends, neighbors and relatives, and know just what to expect from its use as a nerve and brain strengthener and restorer, and an ideal invigorator for a run-down system. There is less hesitation nowadays among well-informed people in attending to the beginnings of poor health. It is well known that disease is progressive and cumulative, easy to drive out at the start, but a menace to life when allowed to entrench itself in any organ of the body. If people would consider head-aches, rheumatism, neuralgia, sleeplessness, indigestion and languid feelings in their true light and as seriously as they deserve to be, and make a stand against them at once by means of Paine's celery compound, there would be a wonderful

diminution in the amount of kidney, liver and heart disease.

Any one who reads the heartfelt, emphatic letters that have appeared from men and women who owe their health and often their lives to Paine's celery compound, will be impressed by the sincerity in every line.

This great modern scientific invigorator and health-maker is doing an enormous amount of lasting good these spring days. Its success in making people well has had no parallel in the history of medicine. It has cured thousands of cases of rheumatism and neuralgia, many of long standing that have been despised of by friends and physicians. Compared with other remedies, its permanent cures stand out as a mountain does beside a mole hill. If all the men and women who have got rid entirely of nervous debility, threatened nervous exhaustion, sleeplessness and such organic troubles as kidney, liver and stomach diseases by its help during the past year alone could be brought together, what an army of grateful people it would make! Paine's celery compound is the most remarkable medical achievement of the last fifty years. Take it now, 'tis spring.

RICHARD HAYDEN MOULTON IS DYING AT BELLEVUE HOSPITAL

MISS MAY BUCKLEY.

RICHARD HAYDEN MOULTON.

NEW YORK, April 12.—Richard Hayden Moulton, the young Southerner who recently shot Theatrical Manager A. W. Dingwall and attempted to kill May Buckley, the actress, in the Rathskeller of the Paist hotel in New York, is dying at Bellevue hospital. The hospital authorities say that he has become a wreck as a result of the excessive use of morphine and other stimulants, and cannot be kept alive. Moulton apparently has no recollection of recent events and recognizes no one except his mother, who has been a constant attendant at his bedside since he reached New York.

Moulton had been living a fast life in New York for some time, and was infatuated with Miss Buckley, a member of the "Price of Peace" company. It was after the close of the opening production that Miss Buckley and several friends went to the Rathskeller for lunch and Moulton followed them. His attention was attracted by her friends, who ordered a revolver and fired five shots, three of them at the actress.

One feature of the case which has not been explained is the finding of several letters belonging to Miss Buckley in the luxurious apartments which Moulton had occupied.

A Misstep on the Stairs.
Ordinary Accidents Lead to Uterine Derangement—Mrs. Reinor's Suffering Relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—My trouble was inflammation of the womb. Two months after my baby was born, I made a misstep in coming down stairs. I did not mind it until two weeks after, then I could not bear the weight of my clothes, and had a constant burning feeling. I suffered a long time without relief, then I began using Lydia E. Pinkham's Vegetable Compound and it cured me. I think your Vegetable Compound is a wonderful medicine for women."—Mrs. S. P. REINOR, Box 258, Ashley, Pa.

The troubles to which women are subject, because of their sex, are legion. Every day a woman is liable to have a new pain. Excessive worry may disturb the menstrual function and unsettle the nerves, over-exertion may set up some abdominal inflammation, or a trifling accident derange the whole reproductive system. If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. LYDIA E. PINKHAM'S VEGETABLE COMPOUND has cured and is curing thousands of these cases of female trouble—curing them inexpensively and absolutely. When you go to your druggist, insist upon getting

Lydia E. Pinkham's Vegetable Compound.

\$5000 REWARD We have deposited with the National City Bank of New York, \$5,000, which will be paid to any person who can find the above testimonial is not genuine, or was published before obtaining the writer's special permission. LYDIA E. PINKHAM'S VEGETABLE COMPOUND CO.

SENATORS SAY GOOD BYE

UPPER HOUSE FINISHES ITS LABORS AND ADJOURNS SINE DIE

GENEROUS GRATUITIES GIVEN

Presiding Officer and Members Throw Bouquets at One Another and Part With Tear-Dimmed Eyes.

The senate has adjourned. Called together for the last time at 11 o'clock yesterday by Lieut. Gov. Smith, one would not think the quiet, attentive body was identical with that which Thursday evening took part in the most exaggerated playtime. The park memorial, which has shown a feline tenacity to life, was called up again by Senator Underleak. Senator Daugherty, of Duluth, instantly gave notice of debate, which was declared out of order by the lieutenant governor. Senator Daugherty then proceeded to launch one of the prettiest contests of the session by protesting against the unfairness as he put it, of the ruling. "We, of Northern Minnesota, are in the minority here," he said, "but we have some rights. The people in the territory asked for a park are against it. The matter has been settled twice—last evening." He argued at length against calling up the memorial, and stated that the most audacious lobbying had been done upon the floor of the senate on behalf of the memorial. Senator Underleak made a last plea for the memorial, but was not successful in getting it before the senate. The Duluth and Northern Minnesota members are jubilant over the turn the affair has taken.

The report of the committee on legislative expenses was called up by Senator Brower. It was a recommendation for the passage of the resolution appropriating to Caroline Hammond, telegraph operator, and Anna Murray, telephone operator, \$150 each, and a recommendation

for the indefinite postponement of the resolution appropriating \$150 each to the senate reporters. A motion by Senator Ives to suspend the rule requiring a three-fourths vote to turn down the report of the committee was lost, it having received but thirty-six votes, forty-two being necessary. Senators Stockwell, Roverud, Wilson and Lord appealed to the senate to stand by the report of the committee, and it was most apparent that the senate has been awakened to the necessity of promoting economy in legislative appropriations.

There was little debate. Senator Brower made a plea on behalf of the "boys." They had served the state and the legislature faithfully and well; they had been fair, fearless and at the same time courteous in their treatment of all news matter and personal reports. In his opinion, they were entitled to the compliment which it has been the custom of the legislature to bestow upon them. Senator Potter added a good word. But the report of the committee was adopted.

BOUQUET THROWING BEGINS.

The ladies of the W. C. T. U. sent a beautiful floral tribute to the senate in token of appreciation for its efforts on behalf of the Chilton bill. Senator Stockwell made the presentation speech. With well-wished and earnest expression of the senate's good will and friendliness, and regret for the severance of existing ties, Senator E. T. Young presented on behalf of the body an edition of the works of John Morley to Lieut. Gov. Smith, who responded feelingly. The husky-voiced response acted upon the senate in a most extraordinary manner and there was every evidence of a sudden epidemic of the grip in the way the senatorial handkerchief sought the senatorial nose. The lieutenant governor complimented and thanked the press for its fairness and courtesy extended the body and to him personally.

Senator Johnson, on behalf of the body, gracefully presented to Secretary Langum a group picture of the senate, its officers and employees. The appointment of Dr. C. M. Jordan, of Minneapolis, as a member of the state high school board was confirmed, as were the appointments of a number of notables. Then came the joint resolution stage of the proceedings and some really amusing missives were read by Secretary Langum, including one from Senator Ives attaching East Minneapolis and its councilmen to St. Paul. Senators Daugherty, McGill and J. D.

CAR SHOPS TIED UP.

WILKESBARRE, Pa., April 12.—The tie-up in the car shops of the Central New Jersey, at Ashley, is now complete. Today the machinists, blacksmiths and laborers joined the car men who went out yesterday. A few men still remained at work, but the officials concluded to shut down the works and notices were posted to that effect this evening. Supt. Thomas went to New York today to confer with General Manager Warren. There will probably be another conference in Ashley tomorrow. The strikers have got the impression that General Manager Warren may issue an order to reinstate the twenty-seven men whose discharge brought about the lock-out. If such an order was issued it would settle the strike at once. At a meeting of the strikers held tonight they resolved to stay out until the discharged men were reinstated. Official notices of the strike were sent to the machinists and car men unions and notifying members of those unions to keep away from Ashley.
