ST. PAUL GASLIGHT CO. CITY NEWS. Fred Rice, a special delivery boy at the postoffice, has resigned. Charles T. Lawton has been appointed to fill the vacancy.

Every day you clean the house you live in, to get rid of the dust and dirt. Your body, the house your soul lives in, also becomes filled up with all manner of filth, which should have been removed from day to day. Your body needs daily cleaning inside. If your bowels, your liver, your kidneys are full of putrid filth, and you don't clean them out, you'll be in bad odor with yourself and everybody else. DON'T USE A HOSE to clean your body inside, but sweet, fragrant, mild but positive and forceful CASCARETS, that WORK WHILE YOU SLEEP, prepare all the filth collected in your body for removal, and drive it off softly, gently, but none the less surely, leaving your blood pure and nourishing, your stomach and bowels clean and lively, and your liver and kidneys healthy and active. Get a 50-cent box today, a whole month's treatment, and if not satisfied get your money back—but you'll see how the cleaning of your body is MADE EASY BY CASCARETS. BEST FOR THE BOWELS. NEVER SOLD IN BULK.

GUARANTEED TO CURE. Five years ago the first box of CASCARETS was sold. Now it is over six boxes a day, more than any other medicine in the world. This is absolute proof of its importance. It has been tested and found to be the best medicine for the bowels. It is a fair, honest trial, as per simple directions, and if you are not satisfied, after using one box, you may return the box and the empty box to us by mail, or the druggist from whom you purchased it, and get your money back for the box. Take our advice—no matter what ailment you suffer from, if you are troubled with constipation, take one box of CASCARETS to-day, under an absolute guarantee to cure or money refunded.

Minneapolis News. Struggle Between Carpenters and Their Employers is Still On. The lockout inaugurated by the Master Builders' association against the carpenters still continues, with no changes of importance. The men are finding plenty of work, either with independent contractors or as individuals, and assert that if it came to the worst in the withdrawal of the men, they have been able to get on. The only condition being that the contractors be willing to do with it. Neither side shows any signs of weakening, and it is the general impression that the Building Trades council will order a general strike in case such action should be necessary. If this is done, over 4,000 workmen will be affected.
