

IRONMASTERS TAKE VICTORY IN THEIR STEEL WORKERS AT JOLIET, SOUTH CHICAGO AND BAY VIEW REFUSE TO OBEY SHAFFER'S ORDER.

Steel Workers at Joliet, South Chicago and Bay View Refuse to Obey Shaffer's Order.

Strike Leaders Do Not Conceal Their Disappointment, but Say They Are Sure of Victory.

PITTSBURG, Pa., Aug. 11.—The ironmasters are tonight claiming victory in the great steel strike. They base their claim upon the refusal of the Amalgamated men at South Chicago, Joliet and Bay View to obey the general strike order of President Shaffer and their success in maintaining operations in other plants where it was anticipated that there would be serious trouble.

The strike leaders meet the claims of victory with the assertion that their cause is making satisfactory progress and that they will themselves manage the situation before the contest has progressed much further. They do not conceal their disappointment at the refusal of their Western brethren to join with them in the strike, but none of the leaders would discuss the defections. President Shaffer refused to meet the newspaper men who sought him, and kept within the seclusion of his home. The other leaders who were seen intimated that there would be developments tomorrow and throughout the week that would materially change the situation. They would not say, however, what they had in mind or what their cause was to gain in strength. It was said they were counting upon strong aid from the American Federation of Labor and other organizations of union labor, but those bodies have not yet given any public intimation of what they will do.

The Amalgamated men have developed great strength throughout the Wheeling district and has made gains in some Pennsylvania districts, but it will be tomorrow when the cleavage will be marked with sufficient clearness for a count of the men. The strike headquarters were closed today and tonight, and it was claimed that no real progress had been made in the outlying districts as to the progress of the strike, except in a general way.

The steel managers were in communication with their superintendents and district managers and at 11 o'clock made public the result of their reports. The latter showed that South Chicago, Joliet and Bay View, Milwaukee, had voted to stay in; that the Ohio works of the National Steel company at Youngstown and the King, Gilbert & Warner plant of the National Steel company at Columbus resumed operations; that the Homestead, Edgar Thompson, Duquesne, Upper and Lower Union, Howard and Wierke works of the Carnegie group, employing more than 15,000 men, had resumed without trouble; that the converging and blooming mills of the National Tube company at McKeesport had started without difficulty and that Bellair had been only a few days out. They were also advised that the men of the Boston rolling plant at McKeesport had notified the company they would go to work tomorrow, and that the Wheeling plant at McKeesport would be started in the morning. It was certain many men would go out. They were notified that they were being planted and were not to be out of the plant until they were ready to go to work. It was said that the Clark mill here, which has been running non-union for several days, will be started up tomorrow morning, and there is no doubt of its successful operation. The steel officials were elated over their showing at the Carnegie plants, and in the Ohio and Wisconsin, and expressed confidence in speedy victory over the strikers.

LARKIN MAKES STATEMENT. National Vice President Larkin, of the Amalgamated association, discussing the situation in the Wheeling district tonight, said: "At the Riverside plant of the National Tube company the plate and tube mills will be off Monday morning and possibly the steel departments of the plant will be taken into membership in the Amalgamated 650 of the 800 skilled men at the Riverside, and the remaining 150 workmen in the steel department of the plant will be called to a meeting at which they will organize a lodge. This request has been granted and the meeting will be held Monday evening at 7 o'clock at Mozart hall, in South of the city. The afternoon's meeting of the Riverside men at Mozart hall we took in 100 members from the tube and plate departments. We have succeeded in getting the men of the Bellair steel plant of the National Steel company. We organized 250 of the skilled men Saturday, and at a meeting this afternoon they were organized into a union, though I have not yet received my deputies' report as to the exact number. But even without a single accession, this afternoon we have enough to keep the plant in operation."

"The Labelle plant of the American company is closed tight, as are the Acta-Standard mills of the American Steel and Wire company. The Mingo Junction plants of the National Steel and American Steel Hoop companies also are closed.

"We are arranging for a great strike rally to be held at West Virginia state fair ground in Wheeling next Wednesday or Thursday. President Shaffer will be the principal orator. At the meeting of the Ohio Valley Trade and Labor assembly this afternoon, resolutions were passed denouncing Andrew Carnegie, and calling upon the labor people of Wheeling to vote against the acceptance of the \$75,000 offered Wheeling for a library building."

Secretary Williams gave out an interview tonight in which he placed the blame for the strike upon the refusal of the United States Steel corporation to arbitrate, and declared that before the strike was over thousands of men in other trades would be drawn into it to save the Amalgamated association and the principles for which it stands. He said:

ASKED FOR ARBITRATION. "We agreed to arbitrate, because the business men of Wheeling urged us to do so. We were willing to risk the interests of our organization in the hands of others in this dispute if there was any chance of success. It is practically the first time in the history of our organization that we have gone thus far. The effect upon the future would be far-reaching, as it would enable manufacturers to ask the same concession from us and this we have in the past declined to grant, because we feared that our strikers would be being turned down flat and uncondition-

BADGER WORKERS TAKEN

TWO SMOOTH THIEVES TAKEN IN CHARGE BY BOSTON POLICE. Officers Think They Have Two 'Diamond Snatchers' Who Are Wanted in a Number of Cities.

BOSTON, Aug. 11.—The police have under arrest for the Chicago officers two alleged "badger workers," and the evidence accumulated since yesterday, together with the confession the woman is said to have made, makes it appear that the prisoners are more than ordinarily adroit in crime. The woman is Nellie Pentony, 32½ years old, 5'4", Watson, Mary Dunn and "Blonde" Nellie, and her partner is John Pentony, alias John Warner, alias John Barr. Upon being searched at police headquarters, the woman's tiny pocketbook concealed in her dress yielded seven diamond rings and a diamond-studded locket and pawn tickets for diamonds valued at \$1,000.

QUET AT PITTSBURG. No Suggestion of Disorder Apparent Throughout the Day. PITTSBURG, Aug. 11.—Pittsburg, has passed the first day of the strike in a spirit of calmness. There are strong undercurrents of indignation and sympathy running through popular feeling, but there were few surface indications of them. It was a bright, clear day, and the streets were filled with holiday crowds. There seemed to be a general agreement to throw off the worry and evils of the serious labor conflict and to let the time pass quietly.

At the Riverside plant of the National Tube company the plate and tube mills will be off Monday morning and possibly the steel departments of the plant will be taken into membership in the Amalgamated 650 of the 800 skilled men at the Riverside, and the remaining 150 workmen in the steel department of the plant will be called to a meeting at which they will organize a lodge.

BURNED AT STAKE WISH TARIFF REFORM

CHARRED BODY ALL THAT REMAINS OF JOE WASHINGTON. GOV. TAFT SAYS IT IS NECESSARY IN THE PHILIPPINES. PROOF OF GUILT WAS ABSOLUTE. NEW LAWS ARE ASKED FOR. Next Session of Congress Should Pass Laws Prohibiting Sale of Public Lands and Timber.

MANILA, Aug. 11.—Gov. Taft, speaking at the banquet given today by the Californians in Manila to Representative Julius Kahn, of San Francisco, said that in order to properly develop the Philippines satisfactorily legislation dealing with tariff reform must be passed at the next session of congress. He asserted also that laws prohibiting the sale of public lands and timber, laws providing for the incorporation of American banks and laws granting franchises and mining rights were imperatively demanded. Other members of the Philippine commission spoke in the same vein.

Gen. Chaffee described the achievements of Julius Kahn, of San Francisco, and several other speakers. The commission have granted \$25,000 to each province where cattle have been killed by rinderpest, and this sum will be expended in giving work to those who need it, with a preference to outlay upon public roads. The new heads of the city departments have been very busy during the last few days making minor appointments. Gen. Davis expects to complete the work of turning over the duties of provost marshal to the military police, and to assume the command of the United States troops on the island of Mindanao and in the Jolo archipelago.

Gen. Greely, chief signal officer, has had an interview with the members of the commission with reference to turning over the telegraph system, and he has advised the establishment of a school of telegraphy. Gen. Chaffee has received from Lieut. Herbert L. Evans, of the Forty-fourth volunteer infantry, a full report of the military operations in the northern provinces. Lieut. Evans says the insurgents fled to the mountains, but they must soon surrender, as they have no means of escape.

Commissioner General Watson asserts that the original reports of the frauds in the commissary department were much exaggerated, and that the total money lost to the government turns out to be only \$750. Gov. Taft and Commissioners Ide and Moses will leave Manila Tuesday to establish civil government in the northern provinces. Commissioners Wright and Worcester will remain in Manila to conduct the government.

ERROR ON RIGHT SIDE. GEORGE H. PHILLIPS FINDS MISTAKE IN HIS FAVOR. CHICAGO, Aug. 11.—The George H. Phillips company has found itself better off by \$134,000 than it thought by the discovery of two errors in the books found in the firm's suspended judgment. One was an error of an even \$100,000. The firm deposited in the bank \$123,000 in cash, for which it received credit by the bank but which appeared on the books of the firm as a deposit of \$33,000. Another mistake of the bookkeeper was a failure to credit the firm with \$44,000 worth of warehouse receipts deposited in the bank early in April. The deposit of these receipts is the same as a deposit of cash, and the failure to account for them caused a reduction of the working capital of the firm by that additional amount. A statement will be made tomorrow by Mr. Phillips of the affairs of the firm, and it is probable that the firm, reorganized, will resume business Tuesday.

VETERANS TO MEET. ARMY OF PHILIPPINES WILL HOLD REUNION AT SALT LAKE. SALT LAKE CITY, Utah, Aug. 11.—Everything points to a successful convention of the National Society of the Army of the Philippines, which will hold its second annual encampment and reunion in this city on Aug. 13, 14 and 15. Fully 2,000 veterans of the Spanish and Philippine wars are expected to attend the reunion and elaborate arrangements have been made for their entertainment. The first business session of the society will be held in Asbury hall Tuesday afternoon. It will be followed by a patriotic meeting in the tabernacle, the delegates being welcomed to the state by Gov. Wells. Among the speakers at the reunion will be Gen. W. S. Metcalf, of Kansas, and Capt. J. J. Cosgrove, of Nebraska.

SAMPSON'S SUCCESSOR CHOSEN. Admiral Is in Poor Health and May Be Relieved. WASHINGTON, Aug. 11.—Having in view the possibility of the application of Admiral W. T. Sampson for relief from duty as commander of the Boston navy yard, pending his retirement, the navy department officials have selected an officer for assignment to that duty. The admiral has been in delicate health for some time, and it would not surprise officials here should he seek an early relief from duty. Thus far, the admiral has made no request for relief. The name of the officer selected to succeed him has not been announced.

ENCKES' Comet Visible. GENEVA, N. Y., Aug. 11.—Enckes' comet was observed this morning by Dr. William R. Brooks, at Smith's observatory. The comet is in constellation Gemini in the eastern morning sky. Its position this morning was right ascension 6 hours 35 minutes 30 seconds, and declination north 31 degrees 11 minutes. The comet is moving in a southerly direction and approaching the sun. It is increasing in brightness but is not visible without a telescope.

LAST SAD RITES READY TO HELP

REQUIRE SERVICES ARE HELD OVER REMAINS OF GERMANY'S DOWAGER EMPRESS. MANY FLOCK TO KRONBERG. Church Was Filled With Officers in Splendid Uniforms and Ladies in Deep Mourning.

IMPRESSIVE CEREMONIES HELD. KRONBERG, Aug. 11.—People flocked into Kronberg from an early hour today to see the august personages who attended the requiem service over the remains of the dowager empress. Through the night and again today the officers of the regiments of which the deceased was honorable colonel had stood guard over the coffin.

From 11 a. m. there was an unbroken stream of carriages arriving from Homburg, Frankfurt and other points, bringing those invited to the solemn ceremony. Considerable bodies of troops, both infantry and cavalry, also arrived. At 2:30 p. m. the eightieth regiment formed up along the streets and the land of the Hohenzollerns took its stand opposite the church. Every window, balcony and housetop was filled with people awaiting the arrival of the imperial personages. Baron von Reineck, court marshal of the dowager empress, superintended the arrangements. Sir Frank Lascelles, the British ambassador in Berlin, was present. He took a seat facing the coffin, which was covered with wreaths. On either side of the coffin were four officers holding the standards of the empire, of Prussia and of the deceased.

Between them and the coffin were other officers rigid and bearing drawn swords. Gradually the church filled with officers in splendid uniforms and ladies wearing deep mourning. The congregation included the Duke of Connaught, the Duke of Cambridge and several members of the British royal household. Count von Buelow, Count von Waldersee, Dr. Spielhagen and Gen. von Lindquist.

At 4 o'clock the roll of muffled drums announced the arrival of Emperor William and King Edward, who had driven together from Homburg. The emperor, wearing the black uniform of the Emperor's Own Posen Hussars, led Queen Alexandra into the church, while King Edward, in blue uniform of the King Edward Prussian dragoons, conducted the members of the British royal household. Victoria, with Crown Prince Frederick William and a numerous suite followed.

Their majesties occupied a pew to the left of the chancel, the emperor and queen seated next to the emperor. The deceased used to sit, while grouped around the chancel stood the other imperial and royal personages mentioned. The British members of the household, Prince and Princess Schaumburg Lippe, the hereditary Prince of Saxe Meiningen, Prince and Princess Charles of Hesse, the Grand Duke of Baden, the Crown Prince and Princess of Greece, with their children, and the Prince of Reuss, together with the suites of all.

SERVICES WERE IMPRESSIVE. Baron von Reischach stood at the right and Count von Sockendorff, who was the great chamberlain of the emperor, stood to the left of the coffin. As the organ played the funeral march, Dr. Dryander advanced to the head of the coffin. The emperor, who had been seated in the front row, rose and read a specially written prayer, followed by the words of the burial service. The emperor then read the "Know That My Redeemer Liveth," and Dr. Dryander read a specially written prayer, followed by the words of the burial service. The emperor then read the "Know That My Redeemer Liveth," and Dr. Dryander read a specially written prayer, followed by the words of the burial service.

Its conclusion Empress Augusta Victoria and Queen Alexandra drove in a victoria to Homburg, the emperor and king following in a second carriage. The burial of the emperor's body was held long after the imperial and royal personages departed.

ANXIOUS TO SEE EDWARD. Streets of Homburg Thronged With People. HOMBURG, Aug. 11.—The city of Homburg was astir early today to witness the arrival of King Edward, but as his majesty had specially requested that there should be no demonstration, the railway station was completely closed to the public. Emperor William, in the uniform of a field marshal, accompanied by the empress and their sons, together with their suites and followed by Count von Waldersee, Countess von Buelow and others, drove to the railway station. The emperor reviewed the guard of honor.

At 9:16 the royal train arrived. King Edward, in the uniform of the Prussian dragoons, alighted with Queen Alexandra, Princess Victoria and Prince Nicholas of Greece. Emperor William affectionately clasped the hand of a cordial welcome. He then kissed the hands of Queen Alexandra and Princess Victoria. Their majesties conversed for a few minutes and then the emperor and queen were introduced. King Edward warmly shaking the hand of Count von Waldersee.

The guard of honor then marched past, after which the imperial and royal party drove to Rotters hotel, the emperor and Queen Alexandra and King Edward with the empress. The emperor and empress remained at the hotel for a quarter of an hour and then drove to Homburg castle, the king and queen standing in the doorway until they had gone. The streets were lined with troops, but the carriages were not escorted by cavalry. In the course of the afternoon King Edward and Queen Alexandra returned to the castle. Woods, the prize winner in the land lottery, who claimed a strip along the Lawton townsite to the injury of Miss Mattie Beale, a Kansas telephone girl, has appealed to ex-Gov. Richards, who conducted the opening, to have government troops put the trespassers off his claim. Telegraphic correspondence is said to have passed between Gov. Richards and Maj. H. L. Scott, commanding officer at Fort Sill, but no official order has yet been given. Squatters are now camped on nearly 500 acres of the 160 acres of Woods' homestead. Woods' lawyers declare that if his homestead rights are not established, the homestead is worthless and chaos will prevail.

MONEY FOR MULES. British Gold Dole Lavishly in the Southwest. KANSAS CITY, Aug. 11.—Col. Skinner the British army, one of the English officers who has been stationed in the United States since the outbreak of the Boer war buying horses and mules, returned to Kansas City from New Orleans today. With the shipment just made from Kansas City to Cape Town the British government has spent \$1,000,000 in Kansas City for horses and mules for service in South Africa. Col. Skinner says that approximately 100,000 animals have been shipped from this vicinity through the port of New Orleans during the past three years. The average paid for these animals is \$50 a head, making the total expenditure \$5,000,000 in Missouri and Kansas alone.
