

FILL THE CITY

KNIGHTS TEMPLARS FROM ALL OVER UNITED STATES POUR INTO LOUISVILLE

RELIGIOUS EXERCISES HELD

Form of Service Especially Prepared by the Bishop of Kentucky Is Used—Grand Prelate Cox Delivers the Sermon

CONCLAVE BEGINS TOMORROW

LOUISVILLE, Ky., Aug. 25.—Commanderies of Knights Templars poured into Louisville today and tonight from the four corners of the United States. The city is rapidly filling with its plumed guests, although the triennial convocation proper does not begin until the grand parade starts tomorrow morning.

Imposing religious exercises were held this afternoon and these were the only formal events of the day. At 1 p. m. the knights assembled at the United States commanderies, and at 2 o'clock marched to the Gault house, where the general formation was made for the march to the Broadway Methodist church, where the services were held.

The form of the service had been prepared by Sir Knight of the Rev. Thomas U. Dudley, Episcopal bishop of Kentucky. With a few changes it was the form of worship used by the grand commandery of Kentucky. The services opened with a special musical programme.

At the opening of the anthem the knights rose and stood while it was being sung and while Grand Prelate Cox, of the Washington, Iowa, commandery delivered the ritual exhortation. This was followed by prayers, the Gloria and Te Deum.

After the taking of a collection, to be delivered to the Minnesota Louisville commanderies for distribution to the poor, the hymn "St. Hilda" was sung, and after prayers the service closed with the benediction.

Tomorrow will be taken up with the reception and escorting to their quarters of arriving commanderies. From 8 p. m. to 11 m. tomorrow the grand commandery of Kentucky will hold a reception at Kentucky headquarters at the custom house in honor of the officers and members of the grand encampment.

Hon. W. C. Breckinridge, of Lexington, Ky., will deliver Kentucky's welcome to the Knights Templars at the opening meeting of the grand encampment Tuesday afternoon.

Among the arrivals today and tonight were the following: Ann Arbor commandery, of Ann Arbor, Mich.; and Milwaukee commandery, of Milwaukee, Wis.

Honolulu Commandery No. 1, of Honolulu, is represented at the triennial convocation by Grand Master, J. C. Gillilan, Past Grand Commander H. H. Williams and Standard Bearer T. J. King.

These Knights have traveled over 400 miles for the purpose of attending the grand encampment in Louisville. The roster of the commanderies embraces such names as Col. Samuel Parker, Prince David, Judge Keppel and ex-King Kalanui of Hawaii. Gillilan is a member of the Hawaiian legislature.

DIDN'T WANT THE QUAYS

SUBLIME PORTE TURNS THEM OVER TO FRANCE.

CONSTANTINOPLE, Aug. 25.—M. Constantins, the French ambassador, sent a note to the porte last Thursday to the effect that he would leave Constantinople Aug. 25 unless the French claims were settled.

Thereupon Tewfik Pasha, the Turkish minister of foreign affairs, called at the French embassy and informed M. Constantins that the porte had abandoned the idea of purchasing the quays. It is believed that the purchase was a bad speculation for Turkey, and, second, on account of the financial difficulty involved, as the Ottoman government had no hope that the Paris market would take up a loan to cover the purchase.

M. Constantins gave the Ottoman government until Monday (tomorrow) to issue an order granting the quays company full rights and indemnity for the two years during which the company had been deprived of those rights.

SHOT BY JOB

NEGRO CRIMINAL TAKEN FROM JAIL AT WINCHESTER AND INCINERATED

THE AUTHORITIES POWERLESS

Population for Miles Around Turned Out to See the Execution of the Doomed Man

VICTIM MADE NO OUTCRY

CHATTANOOGA, Tenn., Aug. 25.—Harry Noles, the negro who criminally assaulted and shot to death Mrs. Charles Williams, wife of a prominent farmer near Winchester, Tenn., last Friday, was captured early this morning at Water Camp, near Cowan, Tenn. He was taken to Winchester by express and placed in the county jail. Sheriff Stewart made haste to try to barricade the jail and protect the prisoner. Soon an angry mob of several hundred men gathered, but Assistant Attorney General Matt Newittaker appeared and made a speech to the crowd. He appealed to them to assist him in allaying excitement and upholding the majesty of the law. He promised to reconvene the grand jury tomorrow to promptly indict the negro and have him speedily tried at the term of court, assuring them of his conviction and legal execution was a foregone conclusion. This appeal was supplemented by Judge J. J. Lynch, Capt. W. P. Tolley, Joseph M. Littleton, Foster Ramsey and others. No sooner had these appeals been made than several hundred citizens from the neighborhood were en masse made to leave the jail. They swept forward upon the jail, overpowered the sheriff and his deputies, took the prisoner and started for the scene of the crime, twelve miles distant, at 10:15 a. m. The mob was orderly, but determined. It seemed that the whole population for miles around had turned out to see the fate of the wretch. A procession three miles in length followed the mob to the Williams' home. Arriving at a point near the scene of the crime the negro was placed on a stump and a crowd of thousands gathered. He mounted a stump stolidly and laughed as he began his statement. He said:

"I all my sisters and brothers to meet me in glory. I am going to make that my home. Tell my mother to meet me where parting will be no more." He was then asked if anyone else was implicated in the crime. He replied stolidly that there was no one else implicated but himself.

"Why did you kill Mrs. Williams?" "I just did it because I had nothing else to do."

He finished his statement at 1:30 p. m. He was taken from the stump, carried to a tree trunk, bound with chains and his body was saturated with oil. At 1:40 a match was applied, and instantly the quivering body was a mass of flames. The negro was pitched about the burning body, and soon life was extinct. The negro made no outcry at any time, and died as stolidly as he lived. The scene was a disorderly one. A crowd of 6,000 people witnessed the horrible fate of the negro. Many remained until midnight, augmenting the blaze until the body was entirely consumed. They then departed for their homes quietly.

STORY OF THE CRIME.

Lying on the floor of the family room, her face splashed with clotted blood, and the open planks stained with the same drops, Charles Williams found his dead wife in the morning. He was returning from marketing his wheat in the little town of Maxwell. A heavy bullet had gone through her head. Life was completely extinct, and her two baby children were crying about her. The oldest boy, aged five, told what had occurred. The young mother had been shot and killed by Henry Noles, a negro who was a farmer, well to do and a mortally wounded woman lay on the floor. Noles shot at the boy, the bullet grazing the child's head. Then he fled to the woods.

Williams neighbors were stirred to the pitch of exacting merciless and summary justice. On receipt of news of the crime, Sheriff Stewart departed for the scene with a posse of determined citizens well armed. It was reported that the motive was robbery, and \$30 was obtained by the murderer.

One of the two children, a boy, aged one of the most prominent residents of his section of Franklin county. The dead woman was a member of one of the oldest and most respected families in the county. Of the two children, the oldest is just five years of age. They were the only witnesses of the tragedy.

ON THE BERLIN BOERSE

BUSINESS IS RESTRICTED, BUT HOPEFUL SPIRIT PREVAILS.

BERLIN, Aug. 25.—Business on the Berlin boerse continues restricted, but on the whole a confident feeling prevails owing to the almost complete absence of sellers. The tone of the market last week was firm and such changes as occurred were for the greater part, in favor of holders.

At the beginning of the week home government securities were easy, but they hardened later on a report that the banks would be compelled to invest their reserves in government bonds.

Much interest was shown in the rumor that the Disconto-Gesellschaft intends to establish a branch in Cologne, and for this purpose will increase its share capital.

Coal and iron shares showed improvement on the strength of favorable reports from the Silesian and British markets. The Franco-Turkish crisis caused some weakness in local speculative stocks and bank and mining shares. Americans and Canadians were steady. Both Canadian Pacific and Northern Pacific maintained a good tone.

The first petroleum ship direct from Baku has arrived at Dortmund by the way of the Ems canal.

CALL ON M'ARTHUR.

Former Comrades of Civil War Green the General.

CHICAGO, Aug. 25.—Major Gen. MacArthur, who has just returned from the Philippines, will leave for Washington on Wednesday to report to the war department. He expects to stop at Canton on his way East to pay his respects to President McKinley. On Sept. 11 he will return to his home in Milwaukee.

READY TO BEGIN

OFFICERS OF STEEL TRUST SAY THEY HAVE MEN ENOUGH

WILL WORK FULL FORCE

Skilled Workmen Smuggled by the Strikers' Pickets and Landed Safely in the Star Plant

NO CHANGE AT M'KEESPORT

PITTSBURGH, Pa., Aug. 25.—Some remarkable changes in the situation of the strike-ridden mills of the United States Steel corporation are promised for the present week that will change the aspect of affairs considerably if carried out. It was stated on good authority today that before the end of the week those of the plants that have been operating on single shifts will be run with full force, and for the usual three full turns each day. Men enough have been secured for this purpose, the officials say, in spite of the claims of the strikers that the companies could not get enough men to operate their plants, and the managers of the various mills say they will be ready with all the skilled men required to start up the machinery and run the plants.

The most interesting situation is in the Star mill, of the American Tin Plate company, here. This plant was until this morning considered a closed one. The Tin Plate company had, it is said, decided to abandon the mill and move the machinery elsewhere. Since the strike has come on, and it was demonstrated that the operation of the mill was profitable, it was possible under the protection of a well equipped police force, the officials decided to keep this mill, make extensive improvements in its equipment and make it a permanent fixture of the plant.

The most significant feature of this plan has been carried out during the past week. This consists of fitting the mill in the same manner as that of the Monessen, Pa., plant. The former eight mills have been changed to four double mills. Other improvements have been added that will give the plant a larger capacity, increase its force of men and make it one of the most modern of all the tin plate companies.

With the completion of these improvements, the company will be prepared to place a sufficient number of men in the plant to work the four double mills three full turns. This is said to be expected to be done during the present week. Before Saturday, according to a report, Piper, of the Star mills, the plant will be operated to its full extent.

SKILLED WORKMEN IN MILL

Referring to the present condition of the mills, Mr. Piper said: "We received eight skilled men early this morning. Mr. R. Phillips, who was picked to accompany the men to the mill, and it was not until after they were in, and comfortably settled for the night, that the strikers discovered their presence. Those men are of the best in the trade, and will enable us to move the plant on a better basis than before."

Outside of the Star plant today, a large number of strikers were picked up. They were quiet and orderly, but had their eyes and ears open for any signs of new comers. The peculiar feature of the strike about the Star plant, which has been the cause of much talk, is that the strikers deny that there were as many skilled men at work as was claimed, and said those who were in the plant were sent there from the Monessen plant, which is a well known fact. It is impossible to obtain men enough to operate the plant without settling the strike.

There was no change in the situation regarding the Amalgamated strikers. They were all quiet, and the former employees remained away from the plants. It is understood that the officials of the National Tube company have practically determined not to start these plants for the present.

Everything at McKeesport is reported quiet. Pickets are around the Demmeler plant mill in large numbers, but they are orderly and are determined to be on hand all night, as they believed an attempt would be made to start the plant in the morning.

READY TO MAKE CONCESSIONS.

Amalgamated Leaders Willing to Waive Some Demands.

PITTSBURGH, Aug. 25.—In furtherance of the "peace" programme, which is said to have been in the course of preparation for many days, it was given out today by one of the Amalgamated strikers that they have consented to have certain propositions made to the officials of the United States Steel corporation through members of the conciliatory committee of the National Civic Federation, which proposals are expected to bring about a settlement of the great strike. Those interested in the matter were in waiting in order to be on hand to proceed with the programme as outlined at the conference of Amalgamated executives and the conciliatory committee of the Civic Federation last Friday.

The propositions, which are to be taken to New York, carry certain concessions by the Amalgamated officials which, it is hoped, will pave the way for the reopening of direct negotiations between the association and the company. What these terms are and the mode of their presentation are carefully guarded secrets. There is no indication that they contain concessions of such importance that those in interest expect the corporation to drop its adverse attitude toward the strikers. The proposal contains nothing looking to arbitration. This mode of settlement was waived on the advice of the Civic Federation men.

While the conferees were discussing peace plans, the Amalgamated men were secretly looking to the possibility of showing the impracticability of sympathetic strikes by the miners and other organized men affiliated with the American Federation of Labor.

The action of President Shaffer in abrogating the wage contracts with the Federal Steel company, covering its West-ern mills, and in other instances, was questioned. Messrs. Mitchell, White and Jenks spoke of the importance of the observation of wage agreements as contracts by the labor unions. President Shaffer maintained his position to the satisfaction of most of the conferees. It has been reported that the conferees approved the move in abrogating the Federal Steel company contracts, and told President Shaffer so with unmistakable emphasis.

WORKERS STAYED AWAY.

Meeting at South Chicago Something of a Frost.

CHICAGO, Aug. 25.—The only visible result of the mass meetings of trades unionists and sympathizers held in South Chicago today, was the declaration of one skilled steel worker, Robert Collins, that he would not again enter the mill until the strike had settled. Only eight of the steel workers, whom the meeting was designed to reach, were present.

Assistant Secretary Tighe, of the Amalgamated association, was the principal speaker. He denounced the former members of the association in South Chicago "for deserting their union under the guise of living up to a contract."

Mr. Tighe contended that the contract of the steel workers had been rendered nugatory by the encroachments of the steel trust, and that it was the duty of Chicago steel workers to join their fellow unionists in the East in a battle where, he said, the very existence of the Amalgamated association was at stake.

Besides Mr. Tighe, the speakers at the meeting were James E. Ryan, president of the Chicago Federation of Labor; S. D. Nedrey, organizer of the American Federation of Labor; H. J. Skelton, of the Boot and Shoe Workers' union, and Mrs. Emma Lamphere, of the Retail Clerks' union.

Imported Men Striking.

CHICAGO, Aug. 25.—Striking machinists at the Allis-Chalmers and the Gates Iron works, and at the Westinghouse today despite the temporary injunction issued by Judge Kohlsaat. Pickets were stationed at both plants during the day and it is reported that five imported machinists employed at the Gates works, who were ordered to leave the plant, were waylaid and severely beaten by friends of the strikers. Former Gov. John P. Altgeld is reported to have been in conjunction on the part of the strikers, but it is said he refused to take charge of the case, except in an advisory capacity.

ON ROAD TO BERLIN

PRINCE WILL APOLOGIZE FOR MURDER OF VON KETTLER

Military Commission to Investigate Charges Preferred Against Sergeants Hiekel and Marten

BERLIN, Aug. 25.—Prince Chun, brother of the emperor of China, and the members of the Chinese mission now on the way to Berlin to apologize for the murder of Baron von Kettler, German minister in Peking, have arrived at Basel, Switzerland. Prince Chun, who is ill, will remain there for a few days.

An unconfirmed rumor is in circulation in Berlin that a military commission has gone to Gumbinnen, Prussia, to reinvestigate the charges of murder brought against the sergeant Hiekel and Sergeant Marten in connection with the death of Cavalry Captain von Krosigk, charges which have already been the subject of two trials by court-martial.

WANT IMPROVEMENTS

ENGLISH ARE NOT HOSTILE TO AMERICAN CAPITALISTS.

NEW YORK, Aug. 25.—George Westinghouse, who, on his return from England yesterday, refused to discuss the affairs of the District Underground Railway of London, of which Charles T. Yerkes is in control, changed his mind and gave the following statements in print, he thought the public might as well have the matter straight; he then went on to say that there were no differences between the two companies, and that Mr. Yerkes has awarded to the British Westinghouse company the contract for 30,000-horse power engines, and generators for the Metropolitan District railway enterprise, and will require much more apparatus, the manufacture of which in England will be advantageous to its interests.

On the question of a certain spirit of hostility which, according to some London dispatches, is said to have developed in that city against the American control of the Metropolitan District railway, Mr. Westinghouse said: "While it is true that some hostility has been displayed, this does not amount to much. It is the view of the English that the matter is now under way and while they might prefer to have them as the result of British enterprise, they are glad to have them regardless of the source."

WORK ON FAIR GROUNDS

PRINCIPAL BUILDINGS TO BE DESIGNED AT ONCE.

ST. LOUIS, Mo., Aug. 25.—Director of Works, J. Edgar Schreyer, of the Louisiana Purchase exposition, said today that the ground plans are practically complete, and that no time will be lost in submitting them to the executive committee for their approval.

As soon as this has been done to every member of the committee will be allotted one of the principal buildings to design, and the actual building of the fair will have commenced.

"The plan upon which we have agreed," Mr. Taylor said, "is absolutely novel and will present to the visitors at the fair something which has never been seen. Hackneyed features, such as a court of honor and uniform court plan, have no part in it. The style of the architecture of the exposition will follow the Italian Renaissance. There will be little or none of the severe classic style in the principal buildings. The trend of the plan is to have artistically beautiful buildings so placed that each structure will harmonize with its neighbor and the landscape feature near, producing an ensemble perfectly pleasing."
