

THE GLOBE'S HOME STUDY COURSE BEGINS TODAY

YALE MEN MAD

SONS OF ELLI CHARGE COLUMBIA WITH HAVING PLAYED "RINGERS"
NEW YORKERS ARE INDIGNANT
Declare That Every Man of Our Team is a Bona Fide Student at the University

COMMITTEE MAKES STATEMENT

NEW HAVEN, Conn., Oct. 27.—Ugly stories are heard about the game between Columbia and Yale yesterday, the Yale students claiming that several of the men on the Columbia eleven were not bona fide students. The Yale football authorities will not make any statement to that effect, but admit that an investigation has been started. The undergraduates demand that there be no game next year with Columbia, but the management will not say that that will be the course pursued. Coach C. Foster Sanford, of Columbia, while here, denied absolutely that a single man on the Columbia eleven was not a student in good standing in that university. The Yale conciliators have said that no protest will be made about yesterday's game, but they do not deny the report that is current on the campus that Yale will refuse Columbia a date hereafter.

ATHLETIC COMMITTEE SAYS 'Varsity Players Are Eligible'

NEW YORK, Oct. 27.—Columbia's football players and the undergraduates generally are indignant over the insinuation made by Yale that Columbia had "ringed" on her team, even though an hour after the insinuations were made they were retraced.

Prof. Kirschner, of the Columbia Committee on Athletics in Regard to the Eligibility of Columbia Team Today

"The rules of football are that no one shall be allowed to represent the university unless he can satisfy the committee that he is in good standing in the academic year, a bona fide member of the university, taking a full year's work.

As far as the committee has been able to determine every member of the Columbia 'Varsity football team has fulfilled these requirements. The committee has no means of determining in advance the good faith of students who take part in athletics who are regularly entered as students in the university.

As far as the football team is concerned the committee has no reason to believe that any of the men who played against Yale are not bona fide members of the university."

In connection the Herald will say tomorrow:

"It is known that the faculty committee has regarded Lancon and Kinglet with suspicion, however, from the fact that two or three years ago these men played in athletic club teams. This was considered ground for rigorous investigation. The men have been before the faculty daily and examined as to the motives that prompted their entering Columbia. Every possible source of information and every clew has been examined with the result that nothing detrimental could be found against them."

DELAY CAUSES COMMENT

NO WORD FROM ROME CONCERNING SIOUX CITY DIOCESE.

WASHINGTON, Oct. 27.—Some interest has been occasioned here by the delay in appointing a bishop to the Sioux City diocese of the new Sioux City diocese which is to be created out of the old Dubuque diocese of the church. The preliminary steps were taken early last year when Cardinal Martinielli called last March for the pope the necessary three names constituting his recommendations for the appointment. No word has come from Rome since that time.

ORDINARILY THE APPOINTMENT WOULD HAVE BEEN ANNOUNCED SOME MONTHS AGO AND IT IS SURMISED THE DELAY IS DUE TO PAPERS FORWARDED TO ROME OPPOSING THE CANDIDATES, OR OBJECTING TO THE DIVISION OF THE DIOCESE, ALTHOUGH THIS IS MERE CONJECTURE.

DESPERATE MAN'S FIGHT FOR LIBERTY

Believed to Be One of the Gang Who Held Up the Great Northern Express.

NASHVILLE, Tenn., Oct. 27.—A desperate man fought his way clear of two city detectives here today, and after a thrilling chase, escaped in his race for liberty. He utilized a two-horse wagon team, a horse and buggy and a riding horse, all forcibly taken, while two dead bloodhounds mark the first portion of his trail.

Officers believe the man is one of the gang that held up the Great Northern express near Wagner, Mont., last June, his attempt to get change for a \$20 bill of the series secured in that robbery attracting the attention of the police to him.

At 10:30 this morning a raw-boned man about five feet in height, with florid complexion, offered the bill in exchange of a small purchase made at a store on the public square. Difficulty in making the change caused the salesman to closely scrutinize the bill, which proved to be on the Montana bank, to which the stolen bills were consigned. The police were quickly notified, the clerk meanwhile delaying the matter of change.

Detectives Dwyer and Dickens were soon on hand, approaching the man, demanded his name.

"Ferguson" was the reply, and after another question or two, Detective Dwyer informed the man he was under arrest. Quick as a flash Ferguson had a revolver in each hand and started for the door. A hand-to-hand fight followed, both officers scrapping with the stranger, who proved more than a match for them.

Using his pistols as clubs he fought his way to the door and fled down the street. A pursuing wagon caught his attention and he threw away the stolen bill, soon out of his way. Then, at a terrible pace the wagon was headed across the

MOUNTAINS ARE ABLAZE

FOREST FIRES SWEEP WESTERN SLOPE OF ALLEGHANIES.

UNIONTOWN, Pa., Oct. 27.—The western slope of the Allegheny mountains through Fayette county, a mile from the Yough river through into West Virginia and mountaineers are fleeing from their doomed homes with their families. Careless hunters started a dozen fires during the past week and the brush is as dry as tinder.

Streams that were never before known to go dry have dried up and the fire is steadily spreading destruction. The fire has been spreading for a week and the glare at night can be seen for miles. The destruction has been enormous to crops, fences, barns, stock and dwellings, with many narrow escapes from cremation in homes that were surrounded by the flames.

KILLED WIFE AND SELF

JAMES KENNEDY ANGERED BECAUSE HE WAS DECEIVED.

CHICAGO, Oct. 27.—Because he was ceined the sight of his two little children, James Kennedy, laborer, today murdered himself and his wife. The couple were married twelve years ago, but quarreled recently and separated. Kennedy called on his wife today and asked to see the children. Fearing that he meant to take them away from her she told him they had gone to church. In a few minutes, however, when they heard their father's voice, they came running from a bedroom, where they had been hidden by their mother. This enraged Kennedy and, pulling out a revolver, he fired three shots at his wife, killing her. He then turned the revolver on himself and when found a few minutes later was dead.

SEEKING SUITABLE SOILS

SECRETARY OF AGRICULTURE IS LOOKING FOR TOBACCO LAND.

WASHINGTON, Oct. 27.—Secretary Wilson announced today that experts of the agricultural department will hunt all over the United States and its new possessions for conditions favorable to the cultivation of the filler tobacco, such as is now raised in Cuba, so that it is possible all the filler tobacco used in this country eventually may be raised within the boundaries of the United States.

"The United States," he said, "is now paying \$3,000,000 for wrapper tobacco. We have succeeded in finding in this country the conditions under which all the wrapper tobacco we need can be raised here and experts of the department of agriculture for the first time are seeking soils adaptable to the cultivation of the fine filler tobacco. We have parts of Pennsylvania, Ohio and Texas selected for the investigations of our experts and land for similar purposes will be selected in all our new island possessions with a view to strengthening where necessary the company's expense and the company offers to assume the burden of building a stone or steel bridge across the Nevada river the palace to replace the present wooden structure, the cost of the bridge to be deducted from the annual payments. This is a point of great importance to the city, which is considering the issue of bonds for this purpose. It is stipulated that Russian materials and Russian engineers and workmen shall be employed as far as available.

HAS THE MONEY

PITTSBURG MAN OFFERS TO BUY ST. PETERSBURG STREET CAR LINES

CAN PAY CASH FOR THEM

Promises to Introduce Electrical Traction and Give Cars' Subjects an Up-to-Date Service

LOCAL PRESS FAVORS THE SALE

Correspondence of the Associated Press.

PITTSBURG, Oct. 15.—The offer of Murray A. Verner, Pittsburg, Pa., to buy all the municipal and private street railways of St. Petersburg, introduced electrical traction and organize a complete system of electric tramways has been received very favorably by the local press. The municipal council has been discussing the matter for several years, but Mr. Verner's offer is the first genuine step towards the introduction of electricity. The city owns three lines and a number of other lines are owned and operated by two private companies. The city has begun legal proceedings against these companies with a view to uniting all the surface traction companies and Mr. Verner's offer stipulates that the city shall turn the private lines over to him when the matter has been litigated.

Mr. Verner's offer is regarded by the press as straightforward, businesslike and fair. It is too early to predict success, but the municipal council was not approached until Mr. Verner, who had been to St. Petersburg three times within four years, had carefully studied the whole problem from a financial and technical point of view and through his local representative, Mr. W. A. Heydecker, the American vice consul, had sounded various authorities about the matter.

Verner Means Business.

Mr. Verner's proposal is, briefly stated, to organize a company under the laws of Russia with a capital stock of \$2,000,000 and the right to issue bonds to the same amount. He states that he and his friends can supply the money. He will agree to complete the construction of all existing lines into electrical lines within four years from the date of the franchise and will so arrange the traffic that no needless change of cars will take place in going to and from the center of the city. He will employ grider rails weighing ninety-six pounds (English) to the line and yard, except in the suburbs where eighty-pound rails would be employed. Overhead trolley-wires will be employed, but the insulated copper feed wire will be conduits.

Double deck cars will be abolished and replaced by trains with three separate classes. The platform of the winter cars will be enclosed. Bridges will be widened and strengthened where necessary at the company's expense and the company offers to assume the burden of building a stone or steel bridge across the Nevada river the palace to replace the present wooden structure, the cost of the bridge to be deducted from the annual payments. This is a point of great importance to the city, which is considering the issue of bonds for this purpose. It is stipulated that Russian materials and Russian engineers and workmen shall be employed as far as available.

The compensation clause stipulates the net revenue of the various lines and the payment annually thereafter of a percentage of the gross receipts to be agreed upon by mutual consent. The municipal committee of the city will be empowered to purchase at the end of twenty years, again after the lapse of equal period, and thereafter every ten years. Bonds shall be paid for at par and net earning capacity of the shares shall be capitalized for purposes of purchase.

Not Paying at Present.

The lines have not been paying satisfactorily, owing presumably to increased cost of operation under municipal control. A net revenue of about \$6,000 roubles in the past year is anticipated for 1902.

An immense sensation has been created here by the frankness with which M. Stabokovich, marshal of the nobility of the province of Orel, greeted the missionary congress at Orel. M. Stabokovich boldly preached freedom of conscience, toleration of the dissidents and other heresies with which nobles and officials are popularly supposed not to be tainted. The speech has been printed by the paper of Prince Ouhomsky, which appears

NATIONAL ARCH

PERMANENT TRIBUTE TO MCKINLEY'S MEMORY PROPOSED FOR WASHINGTON

CALL FOR FUNDS SENT OUT

Contributors Will Be Members of the National Memorial Association

INDORSED BY THE PRESIDENT

WASHINGTON, Oct. 27.—The William McKinley National Memorial Arch association tonight issued this statement to the public:

"President McKinley's memory is enshrined in the hearts of his countrymen. But their unexpressed affection demands expression in a material memorial, national in character, to be erected at the national capital, the scene of his greatest labors and achievements. The William McKinley National Memorial Arch association has been incorporated under the laws of the District of Columbia to meet this desire by the erection of a national memorial arch in honor of President McKinley in the city of Washington. It is proposed to place the memorial arch preferably at the Washington approach to the memorial bridge across the Potomac connecting Washington with Arlington, which President McKinley earnestly desired and recommended to congress as a monument to American patriotism.

"Contributors to its fund will be made members of the William McKinley National Memorial Arch association. The treasurer, Lyman J. Case, secretary of the treasury of the United States, Washington, D. C., will receive all contributions and will forward certificates of membership to all contributors. Contributions of money may be handed to postmasters, managers of telegraphs, telephone and express offices or deposited with banks or other financial institutions and newspapers. They are hereby authorized and requested to receive and transmit contributions to the treasurer.

"The association heartily invites and confidently expects the co-operation of governors of states and territories, the mayors of cities and all other public officials, of the press of the country, of the churches, colleges and schools, and all organized cities, and requests that they will take immediate action to promote its object by making and securing contributions. All communications except remittances should be addressed to Thomas F. Walsh, secretary, Washington, D. C.

"The association is in entire sympathy with the proposition to erect a national memorial to the late president at his grave in Canton, O."

VISITED PIKE MONUMENT

SCOTTISH RITE MASONS REMEMBER FORMER COMMANDER.

WASHINGTON, Oct. 27.—In pursuance of established custom, the supreme council of Scottish Rite Masons of the Southern jurisdiction, now meeting here, today visited the grave of Albert Pike, for years grand commander of the council, at Oak Hill cemetery, where his ashes are marked by a large shaft. Upwards of 100 persons, including the ladies accompanying the members of the council, and others, made the pilgrimage.

No special programme had been prepared as the council desired to avoid formality. The first feature of the ceremony was the singing of the hymn, "Nearer, My God, to Thee," in chorus, after which addresses were made by Grand Commander Richardson, Secretary General Frederick Welton of Kentucky; T. W. Harrison, of Kansas, and Frederick Speed, of Mississippi. The ceremonies closed with the singing of "Rock of Ages."

KNOCKED DOWN A LAMP

BABY IS FATALLY BURNED AT ALLEGHENY, PA.

PITTSBURG, Oct. 27.—Thirteen-month-old Robbie Busler tonight at his home, No. 40 Arch street, Allegheny, pulled a lighted lamp from a table and was so badly burned that he can live but a few hours. His mother, Mary Busler, in her efforts to save the baby, was seriously burned about the head and breast. Her recovery is doubtful.

Three neighbors, Peter Grimes, Patrick McGovern and James McGovern, were all painfully burned about the face and hands while distinguishing the flames which enveloped the mother and child, and threatened the destruction of the house. In her excitement Mrs. Busler ran into the yard with her clothing ablaze. It became necessary for the rescuers to literally tear her clothing from her.

PRESIDENT'S BIRTHDAY

ROOSEVELT FAMILY HELD NO SPECIAL CELEBRATION.

WASHINGTON, Oct. 27.—Today was the forty-third anniversary of the birth of President Roosevelt. Occurring on Sunday, there was no formal celebration, and today was spent very quietly. Dr. Nichols, a friend from Baltimore, was at the White house a portion of the day and tonight Commander Cowles was a guest at dinner. The president attended religious services at Grace Reformed church as usual.

ORDERED TO SURRENDER

GEN. SMITH ADOPTING DRASTIC MEASURES IN SAMAR.

MANILA, Oct. 25.—Dispatches from Cebu, Samar, say that stringent and energetic measures are being taken to suppress the insurrection in that island. Gen. Smith has notified all the presidents and heads of the pueblos in that order to avoid trouble they must surrender all arms and turn over the names implicated in the Batangas massacre before Nov. 6, threatening that otherwise the president will be sent to the island of Guam, the villages destroyed and their property confiscated.

The marines under Maj. Littleton W. T. Waller have been stationed at Batanga and Basy and ten gunboats are vigorously patrolling the southern coast. Several villages of head men have been destroyed.

Naval Cadet Loveman Noa, commanding the gunboat Mariveles, who had gone to the straits Nipa, South Samar, to prevent smuggling, was attacked by insurgents. He lost his revolver and was shot and killed.

BRUSH WITH THE REBELS

TWENTY-FIVE KILLED NEAR PASS BY ISLAND CONSTABULARY

Gen. Hughes Reports Encouraging Progress on the Island of Cebu—Natives Suffering From Lack of Food.

MANILA, Oct. 27.—The constabulary report a fight with insurgents near Pass, the province of Iloilo, island of Panay, in which twenty-five insurgents were killed and three captured, together with a quantity of arms and ammunition.

The news from Gen. Hughes regarding conditions in the island of Cebu is encouraging. Lorega has surrendered with his entire force and one cannon and seven rifles, while Gen. Hughes is negotiating for the surrender of Maxilo, who styles himself "Governor Politico-Militar." His surrender will mean the pacification of the province.

Lack of food and the harassing effects of the aggressive tactics now pursued by the American forces are having their influence upon the natives. In many places where rice is sowed out by the government only enough is given for one meal, so that it is hardly possible for any lands to remain in the hands of the insurgents. It is believed that the next manifestations in the island of Samar were chiefly due to the lack of food, the insurgents finding it necessary to make outlets to the coast in order to obtain this. The first labor problem arose through the new tariff has arisen.

That and umbrella factory, employing 600 hands, has found it necessary to close. The lawyers are making a protest to the commission, urging protection, as the same goods from Germany can be sold at the price it takes to manufacture them here.

Chair Is in Readiness. The chair in which Czolgosz will sit to receive the deadly electrical shock was examined and tested today by State Electrician E. P. Davis and a road for the part that it is to play in the final scene of the great national tragedy.

Davis carefully examined the wiring and tested himself that it was in good condition. He also inspected the apparatus in the prison shop, where the current is generated, and at his direction the current was for a brief period sent pulsating into the death house as it will go on Tuesday morning, carrying final punishment to the murderer.

Electrician Davis will look the apparatus over again tomorrow and review with the prison officials the details under which the sentence of death is to be carried out. Czolgosz will be the fifty-ninth man in the state and the fifteenth at Auburn prison at whose electrocution Davis had applied the current.

The death warrant has not yet been read to the prisoner, but it is believed it will be tomorrow morning. The general practice is to read the paper some time after the commencement of the period for the execution designated by the court. That period in this case commenced at midnight today. The firm purpose of Capt. Collins is to have a plan of the execution even the appearance of sensationalism in this case is demonstrated by an incident in connection with one of the principal witnesses. Dr. Carlos F. McDonald, of New York city, a former president of the state lunacy commission, is to be the principal attending physician at the

THE KING HAS CANCER

THREE OPERATIONS SAID TO HAVE BEEN ALREADY PERFORMED

Relief Has Been But Temporary Thus Far and Serious Developments Are Expected.

LONDON, Oct. 27.—Reynold's Weekly Newspaper is the first British paper to assert that King Edward is suffering from cancer of the throat. In today's issue it declares that since his majesty's accession three operations have been performed for the removal of papilloma on the left vocal chord and that one was removed from the right vocal chord last week.

"Assistance was hastily summoned," says this journal, "as his majesty was breathing with difficulty and an immediate operation was performed. But it was regarded as only a temporary relief, the injured epithelium now having become a cancerous growth and serious developments are expected."

Miss Stone Still a Prisoner. CONSTANTINOPLE, Oct. 27.—During the last few days there has been a voluminous exchange of dispatches in cipher with the proposition to erect a national memorial to the late president at his grave in Canton, O."

ONE DAY MORE

LIFE OF PRESIDENT MCKINLEY'S ASSASSIN NOW RECKONED BY HOURS

PRISON CLOSED TO VISITORS

Clothing of the Murderer, Together With Vast Accumulation of Mail, to Be Burned After Execution

PRISONER STILL INDIFFERENT

AUBURN, N. Y., Oct. 27.—The time which Leon F. Czolgosz, the assassin of President McKinley, has to live is reckoned by hours now, but there has been no relaxation of the stringent rule under which the prisoner has been secluded since his confinement. Auburn prison was closed today to the parents of the assassin, and so it will remain until the prisoner has paid the penalty which the law exacts. In fact, the plan to deprive Czolgosz of any notoriety has been extended to deprive Czolgosz of notoriety. Immediately after the execution the clothing of the murderer with the vast accumulation of mail that came to the prisoner officials are anxious to avoid anything of the kind. The plan of burning the clothing and letters of the murderer will prevent the exhibition of relics by those who pander to the morbid.

The hour of 7 on Tuesday morning is the time set for Warden J. Warren Mead for the execution.

Various reports changing that time have gone through Auburn today and tonight. One rumor places the time at 7 o'clock tomorrow, but that is discredited by the fact that Superintendent of State Prisons Collins will not arrive here until 3 o'clock tomorrow and no one of the regularly summoned witnesses have yet reached Auburn.

Chair Is in Readiness. The chair in which Czolgosz will sit to receive the deadly electrical shock was examined and tested today by State Electrician E. P. Davis and a road for the part that it is to play in the final scene of the great national tragedy.

Davis carefully examined the wiring and tested himself that it was in good condition. He also inspected the apparatus in the prison shop, where the current is generated, and at his direction the current was for a brief period sent pulsating into the death house as it will go on Tuesday morning, carrying final punishment to the murderer.

Electrician Davis will look the apparatus over again tomorrow and review with the prison officials the details under which the sentence of death is to be carried out. Czolgosz will be the fifty-ninth man in the state and the fifteenth at Auburn prison at whose electrocution Davis had applied the current.

The death warrant has not yet been read to the prisoner, but it is believed it will be tomorrow morning. The general practice is to read the paper some time after the commencement of the period for the execution designated by the court. That period in this case commenced at midnight today. MURDER FOR FIFTYCENTS

TORIN ANDERSON CONFESSES CRIME TO MONTREAL POLICE.

MONTREAL, Oct. 27.—"I killed a boy last night," said Tobin Anderson, a Dane, thirty-five years of age, to the officer in charge, who he walked into central police station today. "I killed him for money and I only got 50 cents. That is not enough, so I came to give myself up."

Hanson described the locality in which the deed had been committed and the police found the boy's body. It was identified as Samuel Marotto, a son of Samuel Marotto, a well known spice and coffee merchant.

ASK SCHLEY TO SPEAK

CORDIAL INVITATION EXTENDED TO VISIT LOUISVILLE, KY.

LOUISVILLE, Ky., Oct. 27.—A telegram signed by Mayor Weaver, Marion E. Taylor, president of the Board of Trade, Clarence Dallen, president of the Commercial club, and others, has been sent to Rear Admiral Schley, inviting him to visit Louisville after he has visited Chicago on invitation of the Hamilton club. Admiral Schley accepted the invitation to attend the triennial convocation of Knights Templars in Louisville in August last, but later found it would be impossible for him to be present.

GREAT WESTERN PREPARES FOR A STRIKE

Twenty Deputy Sheriffs Ready at Oelwein in Case of Trouble.

Special to the Globe. OELWEIN, Oct. 27.—Deputy Sheriff Thomas, of Fayette county, has arrived here with twenty deputy sheriffs for service in case of disturbance tomorrow when the Great Western railroad will attempt to import men to work in the shops in the place of the 400 strikers.

The railroad officials have given the strikers until tomorrow noon to return to work, but it is not expected that they will do so. The company is preparing to work in the roundhouse and shops for imported men. The strike originated in complaints of men because of alleged brutality of a foreman whose discharge was demanded. The company did not discharge him and some of the men walked out. The work was then transferred on the machine shops to the roundhouse, and this involved the unions. While the strike originally was not a union movement, it is one now.

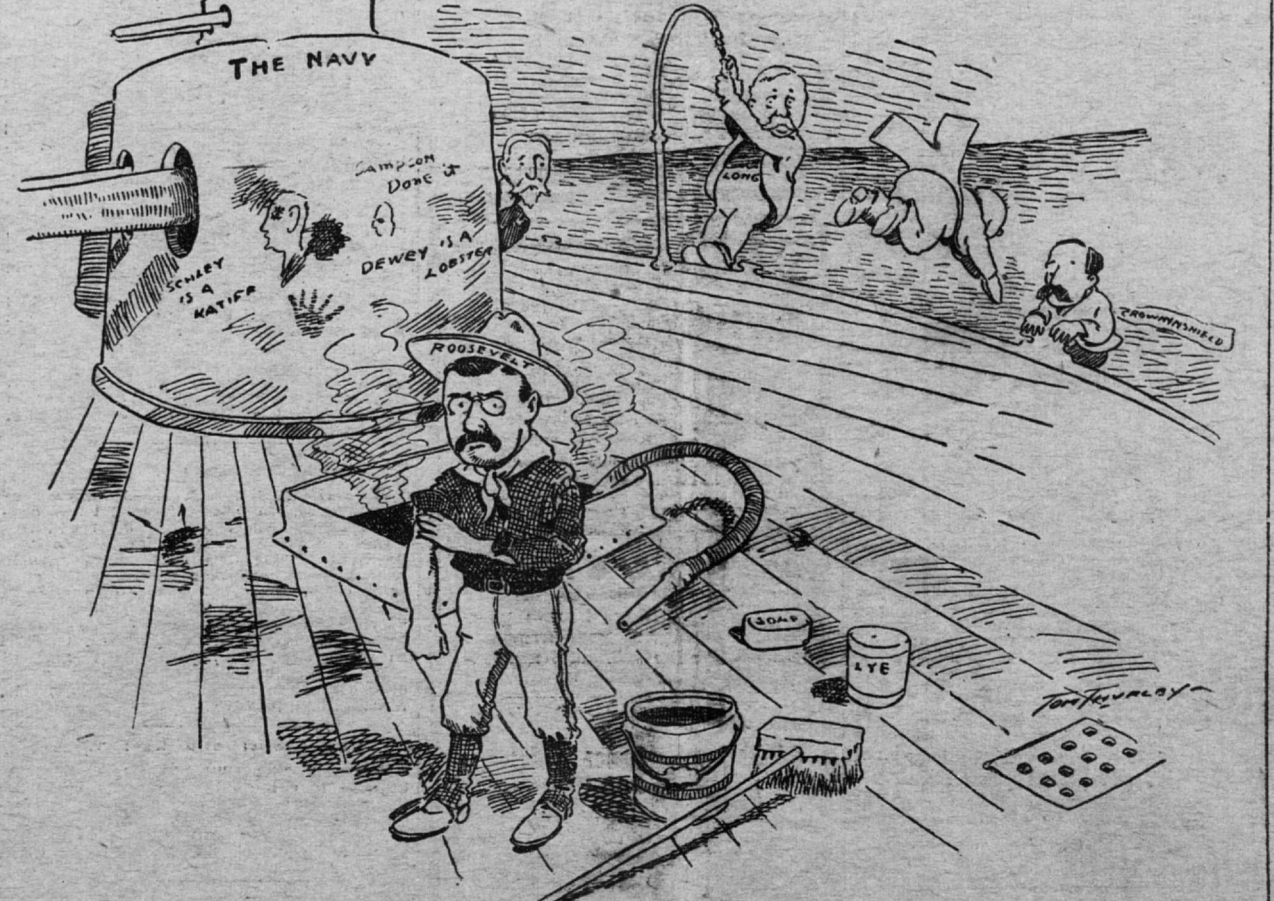

The demands of the men were presented to President Stickney when he, with Cornelius Vanderbit, was inspecting the shops. He refused to consider their grievances.

TWO MEN HELD UP—ONE FATALLY HURT

Masked Bandits Rob Two Freight Car Tourists at Junction, North Dakota.

Special to the Globe. LARIMORE, N. D., Oct. 27.—About 6:30 o'clock this evening, Tolof Halverson and Christ Sandland, who were beating their way from Park River to Larimore on a freight train, and while getting out of the car at Junction, two miles west of here, were met by two masked men who ordered them to throw up their hands. Christ Sandland, instead of complying, started to run. He was fired at twice, but kept on running. Seeing he could not be stopped that way, the smaller of the robbers took after him, and upon catching him, said, with an oath, "now will you stop?" at the same time putting the revolver against his neck and firing. The highwaymen then led their two victims to a mile or more of the prairie, where they went through them, getting \$25 from Halverson and \$25 from Sandland. The latter also had a certified check for \$25.

It is believed the highwaymen came down on the same train with their victims, and knowing that Christ had this money, expected to procure it, not knowing he had purchased certified check. Sandland will probably die. His relatives live at Park River, and are quite prominent people.

President Roosevelt—There'll be something doing here in a minute.
