

WELCOME TO BISHOP

Distinguished Prelate, Envoy of King Oscar, in Minneapolis.

PLEASED AT WARM RECEPTION

Delivered Sermon on Martin Luther at Evening Meeting—Will Attend Gustavus Adolphus Celebration.

Bishop Kunt Hennig Gezelius von Scheele, the envoy of King Oscar II, of Sweden and Norway to this country, spent yesterday in Minneapolis, and was royally entertained by the Swedish-American churchmen and other citizens of Swedish extraction.

The bishop, together with his wife, Dr. and Mrs. L. G. Abrahamson and Dr. and Mrs. M. C. Ransone, of Chicago, arrived in Minneapolis during the morning. They were met at the city hall by a large escort and escorted to the West hotel.

Bishop von Scheele exhibited his credentials from King Oscar, after which he entered upon a discussion of church matters. He was questioned relative to statements made by Rev. Gustav Floden, who visited this city three months ago. Mr. Floden claimed to be a representative of the compulsory vaccination of employees of factories, inmates of lodging houses and other places in this country. Mr. Floden recognized only the Swedish Episcopal church as a church to the state church of Sweden.

Bishop von Scheele is also the king's representative, and he appears to be partial to the Augustana Lutheran church. His credentials from the king impress upon him to be present at the twenty-fifth anniversary of Gustavus Adolphus college at St. Peter, and also requests in regard to other Swedish and visit Swedish settlements.

In regard to Mr. Floden, the bishop said:

Mr. Floden is vicar of a church near Bothning and a very clever man. There was no special significance to his visit to this country. His only credential was a permission to leave his parish for a certain length of time. He was an American citizen, and might visit Europe.

At 2 o'clock in the afternoon the bishop, with wife and visitors from Chicago, received at the hotel. This function was followed by a dinner, which 125 sat down.

A menu of eight courses were served in the ladies' ordinary. The hall was handsomely decorated with American Beauty roses and the music consisted of the serving of the courses Schubert's orchestra furnished music.

Following the banquet, speechmaking was indulged in by J. G. Carlson, of the estate university, acted as toastmaster. The formal welcome to Minnesota was extended by Dr. J. Fremling, of St. Paul, president of the national conference of the Augustana synod.

Bishop von Scheele responded, expressing his gratification over the knowledge that the Swedes in America had acquired themselves from the king. He was particularly impressed with the reception accorded his party.

In the evening Bishop von Scheele spoke at the First Lutheran church, Eleventh and Second streets, at 7:30. The attendance was 1,200. The services opened with an organ solo by Prof. C. Swenson, who played Handel's "Largo." Rev. Philip Kehler read David's One hundred and thirty-third psalm and offered prayer. The church choir rendered "Autumn Psalm," by Stenhammar.

The address of welcome the bishop was delivered by Rev. C. J. Petri, pastor of the church.

Bishop von Scheele did not deliver a lecture. It was a sermon, and he took as his text the eighth verse of the first of Martin Luther. Luther he considered as one of the greatest men that ever lived, and he felt certain that the beneficent effects of his work would be felt for centuries to come.

The bishop and his party will be in St. Paul today. He will speak in the evening at the First Swedish Lutheran church, tomorrow he will be in St. Peter, where the formal quarter-century exercises of Gustavus Adolphus college will take place.

TOLMAN IN MINNEAPOLIS.

Distinguished Lecturer Talks on Social Betterment.

The lecture by Dr. William H. Tolman at the First Lutheran church last night under the auspices of the Commercial club, on the problem of "Social Betterment," attracted a very large audience.

The lecture, which was illustrated with stereoscopic views, was interesting and instructive.

Dr. Tolman is the director of the industrial department of the League for Social Service of New York City. He briefly stated the objects of the league to be to bring about a closer bond of sympathy between employers and employees, and to act as a kind of clearing house for the collection and distribution of facts which will serve to bring about such an end.

He said that both labor and capital realize the necessity of a closer bond of sympathy between them. He said that the purpose of the League for Social Service, said Dr. Tolman, is to present to the business men throughout the country the results of efforts which have been made by employers in all parts of the world to uplift the social conditions of their employees, and to show them a more efficient service, and more sympathy between the two.

Dr. Tolman presented a number of these facts in a most forceful manner by the aid of a number of the views which he has collected in England, Holland, Germany and the United States.

The old world is far ahead of America in this respect, and we are commencing to take them in the work of money-making. He said that we are commencing to take them in the work of money-making. He said that we are commencing to take them in the work of money-making.

Dr. Tolman will lecture in St. Paul this evening.

ON THE LABRADOR COAST.

Three Fishing Schooners Driven Ashore—Two Others Missing.

ST. JOHN'S, N. F., Oct. 31.—Three schooners were driven ashore on the Labrador coast last week during a gale. One was laden with the families of fishermen returning from a summer sojourn on the coast. The women and children were rescued with great difficulty, the schooner being beached at Sandy Spit, and the women and children gotten ashore with ropes in all three cases the crews were saved.

Two other vessels, one carrying a Catholic priest who had been making a pastoral visitation, were driven ashore and have been missing for two days. The steamer Glencoe went in search of them, but without result. Twelve lives are involved and it is feared all have perished.

FOR CHURCH IN SHANGHAI.

William of Germany Will Donate Altars and Windows.

BERLIN, Oct. 31.—Emperor William has telegraphed the German Protestant community in Shanghai that he will give "in memory of Baron von Ketteler

peculiar accident. He was standing on the rear platform of a First avenue car, and as the car started up it gave a sudden lurch, and in trying to regain his balance, he fell on his head, and by chance caught the metallic plug from which the wire runs the carries the lighting current to the trolley, and with his other hand caught the brass railing; this made the circuit complete, and it is estimated that 20 volts of electricity went through him.

His body stiffened with the shock and he was unable to release his hold. Others on the platform seeing the cause of the trouble removed the trolley, and in doing so struck the car with a wrench. Being a slight shock to his nerves and a burned finger he was otherwise uninjured. He was taken to the hospital, and his corner and proceeded home alone unaided.

On morning he appeared at the office of the claim agent and made a report of his injuries, and the company says this is the most accident of the kind ever reported to them.

WILL ENFORCE VACCINATION.

The Health Commissioner Can Get Around City Attorney's Ruling.

Health Commissioner Hall will take a new tack on the vaccination problem in the schools of Minneapolis. He has already departed for Chicago to get the board of education to fall in with his ideas of a vigorous campaign for prevention of smallpox.

He will not go ahead of school children the same as all other elements in the community. The law gives the health department the right to enforce compulsory vaccination on employees of factories, inmates of lodging houses and other places in this country. Mr. Floden considers the situation demands it, and as the law gives me this right, I shall make no exceptions.

MEMORIAL FOR WHIPPLE.

Memorial services for Bishop Whipple will be held in Gettemans church this evening at 8 o'clock. Bishop Edsall will read the memorial service, and Rev. Dr. Ten Broeck being the speakers.

The diocesan memorial service, in honor of Bishop Whipple, at the Exposition building, has been postponed; that for this evening being of a local character.

The church people of the city feeling that the day of the festival of All Saints day the bishop for fifty-two years of his life, his death is especially remembered.

GETSEMANE'S NEW PASTOR.

Rev. Irving Johnson to be installed on Sunday.

Rev. Irving P. Johnson will be installed rector of the Gettemans Episcopal church on Sunday. Bishop Edsall will conduct the services. The sermon will be delivered by Rev. Arthur L. Williams, bishop of the diocese.

Rev. Irving P. Johnson is a young man who has had a unique and remarkably successful career. He was born in the town of Gettemans, Minn., where Mr. Johnson was born in 1868.

Mr. Johnson graduated from Union college in 1891, and from the law school of the University of Chicago in 1894. He has since that time been engaged in the study of law. After studying law for six months he began preparations for the ministry, entering the Episcopal ministry in New York City.

There he completed two years of study and began his third year in Oxford, England. The climate in Oxford being inimical to his health, he returned after six months and finished his course at the General Theological Seminary in New York City.

Gettemans church has over 1,300 communicants, the largest number of any Episcopal church west of Chicago.

HALE DEFEATS JAFFRAY.

Wins First Game for Watson Cup Trophy.

In the finals in the Watson cup contest at Minneapolis yesterday, Frank Hale secured a victory by two up, thereby securing the much-coveted trophy and winning the championship of the club.

The club is especially handsomely ornamented with scroll work. Its value is not far from \$500.

The trophy for one year, when it will again be the subject of another contest for the championship of the club.

From present indications it looks as though Fire Chief Canterbury will have no opposition for re-election to his present position when the proper time comes for the council to elect such an officer.

When Deputy Woodcock arrived to receive the money, he found it in his pocket, defying the officer to attach it.

OLD RESIDENT DEAD.

Passing of J. A. Wolverson, One of the Pioneers of City.

J. A. Wolverson, another of the older and best known residents of the city, died yesterday afternoon, after an illness which has extended over several years.

The funeral will be held at the First Baptist church Sunday afternoon at 2 o'clock.

Mr. Wolverson came to Minneapolis in 1848 and in the years which have followed he has been prominent in many

of the city.

He was one of the organizers of the Young Men's association, and was a consistent and active member of the First Baptist church and served for many years as a member of the board of deacons of that church.

He was born in Hunterdon county, N. J., Aug. 15, 1822, and was educated at Miss Ely's, Olmstead, of Hampden, Mass., Nov. 14, 1852.

During the later years of his life he was engaged in the real estate business and was well known and respected by his conferees in the city.

His wife survives him; also three children, Mrs. E. K. Pratt, Mrs. A. Camp and William O. Wolverson.

GRAND JURY WAS BUSY.

Returned Nearly Ninety Indictments—Some Criticisms Made.

The grand jury submitted its report yesterday. It was in session fifteen days, and returned nearly ninety indictments.

It had no recommendations to make on the condition or management of the poor farm. The county jail is also reported as being in excellent condition.

The city lockup came in for its usual roast as regards its surroundings, work-house, as regards surroundings, food, etc., to be of the best, but recommended, on account of present infammatory condition, that the fire escapes be provided.

It was the opinion of the jury that the sheriff ought to be on a salary basis for doing county business, but that the fees should be allowed for civil business.

The present loose method of dealing with saloons by the authorities was also severely criticized. Present laws regulating the closing of saloons on Sunday should be more rigidly enforced, and the saloons which do not comply to present law should be made to do so.

KETCHAM IS SATISFIED.

Says Minnehaha Track Is One of the Best in the Country.

Mr. George R. Ketcham was seen by the Globe yesterday at the Minnehaha track, and was asked what he thought of the result. He said: "I am well pleased. If the wind had not been blowing such a gale you would have seen the record of 2:34 equalled, if not beaten. Minnehaha track is one of the best in the country. I ever drove on." Mr. Ketcham then said, "I did my best, and am glad that I was able to establish a track record, as well as a track record."

The woman was caught in the act of shoplifting yesterday afternoon at the stores. When questioned she refused to give her right name.

"We will have to have your name," said the woman. "It is necessary in order to book you."

"Put me down as Mary Smith, then," answered the woman.

The case came up for trial late yesterday afternoon, but through the work of the Matron Keegan, a woman who was fined \$5 and costs, she declined to tell her name. In order to give her an opportunity to reconsider her determination, she was held in the workhouse and the children, and made a special visit to her cell late in the afternoon, but the woman was still obstinate.

The hours of correction this took the woman away, while the children stood with tears streaming down their cheeks. They also refused to tell their father's name, and they are now being cared for by the humane society.

ARMENIANS IN RUSSIA.

Must Be Subjects of the Czar or Leave the Empire.

ST. PETERSBURG, Friday, Oct. 31.—The Novosti says the representatives of a great Armenian syndicate have just left St. Petersburg for the purpose of buying a concession for the Transcaucasian and Siberian railway. The syndicate is provided with more than 15,000,000 rubles.

Nothing is known in American circles about such a syndicate, but it is believed that the Russian government has, according to the Transcaucasian correspondent of the Novoye Vremya, decided what shall be done with the 46,000 Armenian fugitives who are being deported to the Transcaucasian district of Russia since 1892.

Those who desire to do so may return to Turkey at their own expense. Those who do not wish to do so, must be admitted into a peasant commune. If some remain whom the communes refuse to admit they must apply for admission into a local organization of Meshchines or benefit one of the same kind. By all must be Russian subjects or quit the empire. Those who came after February, 1901, will not enjoy the privileges granted to earlier arrivals.

NEGRO FILLED WITH LEAD.

Makes Break for Liberty From Mob of Lynchers.

HODGEVILLE, Ky., Oct. 31.—A mob of fifty or seventy-five determined citizens came down on this little town at 2 o'clock this morning and a look from the street to the north end of the town, where Granville Ward, a fifteen-year-old boy of near Upton, to commit a crime, and strung him to the court house steps.

So quietly and systematically did the mob come about his work, that the citizens of the town were in ignorance of the existence of a mob until the negro was in its clutches.

The citizens composing the lynching party approached the jail and upon their demand the keys were surrendered to them. The cell in which the negro was confined was unlocked and the negro was taken to the street.

He was dragged down the rail stairs and out into the street. He managed to slip the nose from his mouth, and made a break for liberty, but was caught by a mob of angry men, who were shouting and firing at him with guns and pistols. The negro fell when about 100 yards from the jail house, riddled with bullets.

The nose was again placed about his neck, and he was dragged to the court house and swung to the topmost steps.

The mob was formed in the neighborhood of the court house, and the lynching of the negro had been accomplished by the members of the mob quietly dispersed and went to their homes.

BACK AGAIN AT TOULON

FRENCH SQUADRON'S TRIP TO TURKEY POSTPONED.

French Government Decides, but It Is Believed Now From Constantinople Caused Change of Plan.

PARIS, Oct. 31.—Late tonight the following dispatch was received from Toulon:

"The complete Mediterranean squadron returned to Toulon" this evening and anchored in the coasted.

This would include Admiral Caillaud's division, whose departure has thus either been countermanded or postponed. If the dispatch be correct, it would imply that the government has decided to send from Constantinople since morning which has not yet been divulged and which has caused a change of plan.

It was reported that Admiral Caillaud had been ordered to cruise in the vicinity of a dispatch boat today for possible further instructions, and it is significant that the torpedo boat destroyer Halle-Baudouin had been ordered to return after the afternoon to rejoin the squadron.

WOULD NOT GIVE HER NAME.

Rather Than Do So, Chicago Woman Goes to House of Correction.

CHICAGO, Oct. 31.—Rather than have any name cast upon the name of her husband and children, a woman went to the house of correction yesterday afternoon, and her two little ones, a boy of four and a girl of five, are at the Harrison street annex, awaiting the act of the humane society in their case.

"I would rather serve a term in the workhouse than have my name in the papers at any place of incarceration in the world," she told Justice Prindiville yesterday afternoon, when he went to the Harrison street annex to see the woman, and to have the little ones cared for in some way, "than to let the world know of my shame."

The woman was caught in the act of shoplifting yesterday afternoon at the stores. When questioned she refused to give her right name.

"We will have to have your name," said the woman. "It is necessary in order to book you."

METHODIST BISHOPS.

Time of Session Largely Spent in Discussing Annual Reports.

CINCINNATI, Ohio, Oct. 31.—Bishop Fowler presided over the biennial session of the Methodist bishops. Bishop Goodsell is present today. The work of hearing reports from the bishops on their respective dioceses proceeds. The following new committees were appointed:

On Episcopal plan of visitation—Warren, Walden, Fitzgerald and McCabe. On law and administration—Merrill, Andrews, Foss and Goodsell.

At the afternoon session Bishop Joyce presided, and the time was devoted to Hamilton's report. A report of Bishop Fowler was made yesterday, and those of Bishop Goodsell, McCabe and Hamilton today. The report of Bishop Hamilton included a recommendation for a change to the office of Oklahoma jointly with the Methodist Church South. Bishop Keyes, of the Methodist Episcopal Church South, and Bishop Hamilton have been referred to the territory, and have received propositions jointly for the establishment of an institution in charge of the two branches of the church. All of the reports of the bishops have been referred to the committee, but it is thought that the recommendation of Bishop Hamilton for the institution in Oklahoma will be adopted.

Tonight Bishop Fowler delivered a lecture on Abraham Lincoln.

Bishop Earl Cranston is expected to be here with his report tomorrow morning.
