

WANT MARKETS

ENGLAND FEARFUL OF AMERICAN GROWTH IN THE WEST INDIES

TO EDUCATE A CLIENTELE Secretary Chamberlain Proposes to Go Much Further Than the Establishment of Steamship Lines.

NOVEL COURSE OF LECTURES

Special to The Globe. LONDON, Nov. 12.—Because of its desire to counteract the encroachment of American influences in the West Indies, the colonial office is instituting educational schemes in the British colonies of those islands designed to make the king's subjects see an advantage in maintaining close relations with the mother country.

Secretary Chamberlain does not stop with the organization of steamship lines to carry to market the products of the British West Indies. He now prescribes technical curricula for the elementary schools of the colonies and promotes lecture courses to instruct the people in the art of successful development of their resources in the several countries.

PRISON BIRDS WINGED

HUNTERS OF ESCAPED PRISONERS CONTINUE TO STOP THEM BY SHOOTING

THREE MORE ARE SECURED

KANSAS CITY, Mo., Nov. 12.—Three more of the twenty-six fugitive convicts from Fort Leavenworth prison were captured at Bazar, near Cottonwood Falls, Kan., late today, by penitentiary guards, after a fight in which one of the convicts was shot. The captured men are Gilbert Mullin, white; Fred Robinson, mulatto, and Sol Sutherland, Indian. Sutherland was wounded, but not seriously. None of the guards was injured. Only nine of the escaped convicts are yet to be taken, and the whole country is on the lookout.

Two of the convicts captured near Cottonwood Falls, Mullin and Sutherland, are those who captured Sheriff Cook near Topeka, last Sunday. The other, Fred Robinson, had gotten with the others, it is thought, after the capture of Thompson, in Council Grove, last night.

The battle in which the convicts were taken today was brief, but exciting. The guards managed to get in front of the convicts before they reached a piece of timber. Capt. Helford called upon them to surrender. They did not answer, but broke into a run. The guards opened fire without effect. The convicts could not return the fire, having no ammunition. After a brief chase, Sutherland was wounded, and then the others were rendered. Mullin is still suffering from a wound in the leg as a result of the fight with Sheriff Cook, and could not do much running.

Two More Located. ST. JOSEPH, Mo., Nov. 12.—A battle between Sheriff Spencer and a posse and two of the escaped convicts from Fort Leavenworth is expected tonight at some point south of this city. Two of the escaped prisoners were discovered near Wallace, tonight, and William Eikon, a farmer, undertook, single-handed, to take them. He was welcomed with a fusillade of buckshot. Later on he was reinforced, but the second attempt failed.

GOTTAGES NEARLY READY

CHAIRMAN LEAVITT REPORTS ADDITIONS ARE PROGRESSING.

Chairman Leavitt of the state board of control, who returned yesterday from an official visit to Fairbault, reports that the two new cottages at the state school for the feeble minded are progressing very satisfactorily. The brick structural work on the cottages for boys is entirely completed, and the interior finishing may now proceed without interruption. The foundation of the cottages for girls has been finished, and the brick work of the first story about half finished. It is believed that the remainder of the brick work will be completed in about two weeks.

The new hospital of the main building is completed, and will be ready for occupancy as soon as the furniture arrives.

Anarchists Blocked in London.

LONDON, Nov. 12.—An anarchist meeting to "commemorate the legal murder of the Chicago anarchists," which had been called for tonight, was prohibited by the police, who were stationed at the various entrances to the hall in Clerkenwell, London, and sent away hundreds that came to attend the proceedings. The Chicago authorities sent a force of men to the intersection of the Burling-

PANAMA IN NO DANGER

BELLIGERENTS ON THE ISTHMUS NOT MOLESTING PROPERTY.

NEW YORK, Nov. 12.—Passengers arriving tonight on the steamer Orizaba confirm the news that the city of Panama has not been taken by the rebels. Among those who arrived was St. C. Hunt, agent of the Panama Railroad Steamship line at Panama. Mr. Hunt said that things were quiet when he left that city, Nov. 6.

"The reports as to the danger of the city falling have been very much exaggerated," he said. "The Iowas was at Panama when we left, and the Machias at Colon, with sufficient force to protect the foreign interests. The rebels have been careful and have not molested American property. Gen. Alban will hold out, for he has 1,500 troops, well armed and equipped. They have plenty of guns and could get along without the two big ones shipped from this port last week. Traveling is comparatively safe, as all trains carry one troop car. These cars carry the soldiers of the Colombian government. The rebels have appeared at Culobra and Empire, small towns near by, but have not molested the inhabitants. They have received some food and small supplies from their friends, but have not done any damage."

AS BRYAN VIEWS RESULT

"REORGANIZERS" NOT CREDITED WITH ENHANCED PRESTIGE

Regulars Have Not Won Any Signal Victories Either—Dick Croker's Philippic View Is Quoted.

SPECIAL TO THE GLOBE. LINCOLN, Neb., Nov. 12.—In the Commencement of this week W. J. Bryan discusses the result of the election, and while admitting the trend is Republican, claims to find some comfort. In this summary Mr. Bryan makes no reference to the defeat of Tammany, but in a brief editorial paragraph quotes the philosophical of the matter taken by Richard Croker.

Of the state elections he says: "The returns do not give any considerable advantage to either element of the Democratic party. The 'reorganizers' have not gained any prestige where they have secured control, neither have the regular Democrats won any signal victories. In Ohio, Pennsylvania and New Jersey, where the conventions failed or refused to reaffirm the Kansas City platform, the Republicans won."

SLEUTHS WATCH COURT

EVERY MOVE OF MEN CONCERNED IN MIXING SUIT IS NOTED.

COUNCIL BLUFFS, Iowa, Nov. 12.—The trial of the Doyle-Burns mining suit, involving the title to \$1,000,000 worth of mining property in Colorado, was commenced again today before Judge Macey in the district court. United States Senator Patterson, leading counsel for Burns; C. J. Hughes Jr., Scott Ashton and ex-Gov. Thomas, with several other Colorado attorneys and fifty witnesses, arrived early in the day. The break in the trial was caused by Plaintiff Doyle filing an amended petition, which Burns' attorneys set up as new issues which they were unable to meet at once. Additional time was granted them to make a new answer. As in the former trial, a number of detectives were posted throughout the court room, and kept a close watch on the proceedings.

ROYALTIES IN ERUPTION.

Two Grandchildren of Queen Victoria Tired of Wedded Worry.

BERLIN, Nov. 12.—There appears to be foundation for the renewed reports that a divorce of the Grand Duke and Grand Duchess of Hesse is impending. Incompatibility of temper, long existing, appears to have reached the point where a separation is inevitable. They are both grandchildren of the late Queen Victoria, who, with the czar and an extraordinary assemblage of other sovereigns, was present at the wedding, which took place at Coburg, April 25, 1891.

NOYES TO STAY

EVIDENCE SO FAR OFFERED IS NOT SUFFICIENT TO WARRANT HIS REMOVAL

AWAITING RESULT AT FRISCO Attorney General Knox Will Not Promulgate His Conclusions Until the Trial Now Going On Is Concluded.

VINDICATION OR WHITEWASH?

GLOBE WASHINGTON BUREAU, West Building, Room 45. WASHINGTON, Nov. 12.—The department of justice has considered all the evidence and charges on file here against Judge A. H. Noyes, of Nome, Alaska, and unless new and more convincing matter is brought out in the proceedings in California it may be safely predicted that Judge Noyes will not be removed. This will amount to a vindication, or whitewash, according to the point of view.

SAVED FROM THE ROPE.

Missouri Supreme Court Gives a Woman Respite From Hanging.

JEFFERSON CITY, Mo., Nov. 12.—Alice Nesenbauer, tried in 1900 for murdering her husband, was today saved from the gallows by a decision of the supreme court, which held that there was no ground for conviction. She had been tried and convicted and sentenced to death for poisoning her husband by July, 1900. Two of Mrs. Nesenbauer's children had died suddenly, and the fact that all three had been insured; that Mrs. Nesenbauer objected to a post-mortem examination and the finding of a powder in the vault were strong factors in her conviction. Through her trial and imprisonment the prisoner had her baby constantly with her.

Matson has a record of four terms in the penitentiary and three in the house of correction and the county jail. When sentenced the defendant was undaunted and reiterated his refusal to plead guilty. Matson's offenses have been in the main petty thefts.

SOUND SLEEPERS AT PLYMOUTH

Safe Blown Open and Building Shattered Without Any Noise.

MASON CITY, Iowa, Nov. 12.—There is a partial clew to the robbers who broke into the bank at 11 o'clock last night. The building was broken into with tools stolen from the section house. Nitroglycerine was used in blowing open the safe. The first charge blew out the front of the building and blew part of the safe door through a window into the hotel on the opposite side of the street. This work was done so quietly that a man sleeping within twenty feet of the bank building was not aroused. The robbers were not molested and took every cent in the bank.

BODIES ON GARBAGE DUMP.

They Had Been Dissected and Reverently Disposed Of.

FARGO, N. D., Nov. 12.—There is no doubt but that the remains of two people found on the city dumping grounds this morning had been thrown there from some dissecting room. The condition of the bodies and skulls showed that they had been dissected. Great indignation exists over the fact that the skeletons were thrown onto a garbage heap, instead of being buried, and many people fear the graves of relatives have been robbed. Some persons will have the last resting places of loved ones opened to see this. As there is no medical college near here, it is supposed the cadavers were used for private dissection by some physician.

WHY EX-PRESIDENT HARRISON'S SON STUDIED LAW.

INDIANAPOLIS, Ind., Nov. 12.—Col. Russell B. Harrison, son of ex-President Benjamin Harrison, was today admitted to practice law by the county, state, supreme and federal courts on the motion of former Attorney General W. H. H. Miller, who was at one time law partner of the late Benjamin Harrison. Col. Harrison will open a law office in Indianapolis. In reply to an inquiry, he said: "This consummation of a long cherished intention has been hastened by my own desire, and my father's dying wish that I should carry out his intention to fight to the end the unjust and unmitigated treatment meted out to me by the war department. To do this successfully I found it necessary to have a complete training in law, and I have, therefore, devoted all my time to completing my final studies and examinations."

REFUNDMENT ON STAMPS

CANNOT BE MADE WHEN SAME ARE TWO YEARS OLD.

WASHINGTON, Nov. 12.—Mr. Tracewell, the controller of the treasury, has rendered a decision in which he holds that the commissioner of internal revenue is not authorized by section 329 of the Revised Statutes to allow claims for the redemption of documentary or proprietary stamps as a refundment of taxes. The controller holds that the time when stamps were purchased originally is of no importance in the determination of the rights of the person seeking a refund, the only question being the time the stamps were purchased. Documentary and proprietary stamps purchased from the government more than two years before application for refund is made cannot be redeemed.

Secretary Gage Reported to Be in Favor of Ratification of Pending Reciprocity Treaties When Congress Meets.

ANXIETY ABOUT THE MESSAGE

GLOBE WASHINGTON BUREAU, Post Building, Room 45.

WASHINGTON, Nov. 12.—Representative Landis, of Indiana, was in Washington last week, and the first place he went was to the White house. Mr. Landis believes in taking a dilemma by both horns, and he did so in making that call upon President Roosevelt. Ever since Roosevelt was nominated for vice president the Democrats in his district have been picking fun at Landis. When Roosevelt made his tour of Indiana during the campaign of 1900 and entered the Landis district, the Democratic politicians hunted up the bad things he had said about the young New Yorker, and had
