## Strong Testimony from Prominent Doctors

After Years of Scientific Research and Thorough Tests, Prominent Practitioners Prescribe and Indorse DUF-FY'S MALT WHISKEY for All Diseases of the Throat and Lungs.

They Prescribe It Exclusively as a Tonic and Stimulant When the System Is Weak and Run Down from Disease or Overwork.

The following letters from prominent physicians were taken at random from many thousands we have received from doctors, who have made their great successes with DUFFY'S PURE MALT WHISKEY:

Dr. J. D. Cole, Alexandria Bay, N. Y., wrote us, on Dec. 5, 1900; "I have been using Duffy's Malt Whiskey in my family and practice for the past fifteen years, with very beneficial results, and some forms of indigestion: also for cruvalescents after typhoid fever, and all wasting diseases. It is a good tonic for the aged.

Dr. H. Cenicola, Bridgeport, Conn., on Dec. 14, 1900, sent us the following: "I have prescribed Duffy's Pure Malt Whiskey for about seven what is a tonic and stimulant. I cheerfully recommend f."

Dr. J. A. Hammod, Schuylerville, N. T., what is, or pan. 2, 1901; "I have used your allow thiskey for about seven beneficial in cases of debility and for old people. I have used it successfully in cases of typhoid fever after the fever had left and the patient was much debilitated. I cannot recommend it toolighly where a tonic is necessary."

Dr. George S. Converse, New Haven, Cern., on Jan. 16, 1901, wrote: "I have used of typhoid fever after the fever had left and the patient was much debilitated. I cannot recommend it toolighly where a tonic is necessary."

Dr. Albert C. Smith, President Suffolk Diepensary, 10 Charler St., Boston, Mass., wrote us: "In the treatment of the large number of patients who come for aid and relief we find it necessary in our work to use a stimulant which, without question, is absolutely pure, and we are glad to say that In your Duffy's Malt we have succeeded in obtaming what has been of great assistance in many cases of pronounced danger. CLOW TO MEET HATLEY

CRACK BILLIARDISTS CROSS CUES TOMORROW NIGHT.

The first game in the billiard tournament for the championship of the Northwest will be played at Clow's billiard hall tomorrow night, when Charles Clow, of this city, will meet Hatley, of Duluth, in a 300 point game. Fred H. Sabin, the well-known amateur billiardist has been chosen as referee.

in a 300 point game. Fred H. Sabin, the well-known amateur bibliardist has been chosen as referee.

That there is a great deal of local interest in the tournament is evident by the large advance sale of seats. There will be a large contingent from Duluth, and another large one Tuesday night from Fargo, when the local man takes on Peterson. There has been considerable betting on the game. A well known local sporting man yesterday placed \$100 against \$200 offered by a Duluth man. Another local man has bet \$600 to \$300 that Peterson, of Fargo, will not win a game away from home.

Clow, who was defeated in Fargo, feels kindly towards the Fargo people, and especially so toward John Haas, who is promoting the Fargo end of the game. Clow says that he received the best kind of treatment, and that he had received communications from a great many Fargo people reserving seats. There will be quite a scramble for seats, as the capacity of the hall is only about 250, and with the local people and the large numbers from Fargo and Duluth 250 seats will not go very far.

KENTUCKIANS ARE INDIGNANT.

Fame of Their State for Good Horses Sadly Abused.

Kentucky harness horsemen are now having their troubles, which, following closely on the short track scandal at Lexington, has caused much amusement among horsemen in some other states, who have heretofore been rather overlooked by the Kentuckians. Recently President Roosevelt, through an agent, hought in New York three high class harbought in New York three high class harness horses, "Kentucky bred, sah, with a quarter thoroughbred to give them life, sah," the favorite carriage cross in the blue grass state. The horses were shipblue grass state. The horses were shipped to Washington, and much admired for a few days. Gradually their proud spirits disappeared. One of them developed a sad case of corns; another developed a weak pastern, and the third was a fair cart horse, but as a high actor he was a failure. Investigation showed that the horses had been carefully "doctored," and when the effects of the dope wore off which took several days, they wore off, which took several days, they showed their true form. The only time they had ever seen Kentucky was on a railroad map. The horses were shipped back to New York, and others will be purchased. The Kentuckians claim, how-ever, that the man who would malign the name of their state in that manner and impose on the president is guilty of high

IMPROVED BETTING PLAN.

Connecticut Horsemen Will Introduce a Novel System.

Andy Welch, the Hartford (Conn.) horseman and betting man, has a new system which he will introduce on the grand circuit next season. The names of horses starting in a race will be written on a big blackboard. Tickets will be sold on each horse for \$5 each, and as fast as sold the number chalked up under the name of the horse. In this way the bettors will make their own odds. Those holding tickets on the horse which wins the heat, or race, will divide be-tween them the money wagered on the other horses, less a 5-per cent commis-sion. Welch claims superfority of this plan over the present system of auction pools, as it will enable everyone to get their money on, while under the auction system, the good horses command such a high price as to be out of reach of the
