

WILL MAKE MERRY

SAINTELY CITY COUNCIL, UNITED COMMERCIAL TRAVELERS, TO DINE NEXT SATURDAY

SIX HUNDRED TO BE THERE

Twin City Drummers Will Foregather in Force for a Banquet and Initiation of Candidates.

Saintly City Council, United Commercial Travelers of America, will celebrate the eighth anniversary of its organization a week from today at Council hall in the Lowry Arcade.

At this entertainment a class of over fifty candidates will be initiated into the order, and a number from Minneapolis council, Minneapolis, will be initiated into that council at the same time.

After the candidates have trodden the hot sands, a special programme will be given, followed by the members being the custom of the council to celebrate its birthday by a dance and social session in connection with the event, but this year it was decided not to have the dance, and to make the entertainment a stag affair.

Grand Counselor F. X. Cravel, of Duluth, will be the guest of honor and the officers of the local council, including the past officers, will give him a reception at the Windsor hotel on the afternoon of Dec. 28, followed by a banquet at 5:30, after which the officers will escort the grand counselor to the place of entertainment, and the meeting will be opened at 8 o'clock.

St. Paul is said to be the home of more traveling men than any other city of its size in the country, and the members feel that the city should have the largest council in the Northwest, if not in the United States. The present membership of the council is 475, and 59 candidates that will be taken in will bring it up to 535. The Cincinnati council, which has a membership of 557, will be the only one larger than the Saintly City.

Eight years ago, the council here was organized, the ceremonies being conducted by Counselor A. J. Dowd, of Chicago. The organization was perfected at Central hall, and twenty members constituted the charter membership. They were:

W. D. Arnold, H. P. Moore, J. M. Dresser, M. V. Sanger, I. N. Hatfield, G. H. Brose, C. W. Rice, J. E. Bork, M. Fischman, A. C. Hoy, J. C. Bailey, E. E. Noble, I. Fischman, G. H. Tully, I. Herman, Clinton Ansley, E. H. Nyhus, E. M. Estey, F. L. Stauffer, L. W. Irvine.

The first officers were as follows: Charles W. Rice, senior counselor; E. M. Estey, junior counselor; L. W. Irvine, past counselor; H. P. Moore, secretary; F. E. Noble, treasurer; J. C. Bailey, conductor; J. M. Dresser, page; G. H. Brose, sentinel.

The executive committee was composed of the following members: one year, C. H. Hoyt, W. D. Arnold; two years, E. H. Nyhus, L. Herman; physician, Dr. J. E. Sawyer.

At the first regular meeting of the council, Jan. 20, 1894, the council adopted its by-laws and constitution and immediately inaugurated a vigorous campaign for members and for the twenty, more than 500 have resulted.

At the entertainment the following well known entertainers will make the evening merry for the drummers. Al G. Flournoy and Mrs. Flournoy, wrestling and boxing, and the members of Prof. Carl Rothfuss, of the Y. M. C. A., who with his ten-year-old daughter, Mamie, will give an exhibition of club swinging.

J. Alexander Jacques, a well known amateur comedian, will also be on the programme. Among the other attractions will be a singing by Miss Mabel Runge, of Minneapolis; James Morrow and D. E. Swift will give a new election map depicting the biggest and most memorable in the history of the Saintly City council.

NOT A PARTY SCHEME

LINCOLN CLUB WOULD LIKE ANOTHER WARD IN CITY'S INTEREST

WHAT THE MEMBERS WANT

Portions of Seventh, Eighth and Ninth Wards Proposed for the Desired Twelfth-Outline of Plan.

The question of a change in ward lines, so as to more evenly equalize St. Paul's voting population as far as election districts are concerned, which is being agitated by the Lincoln Republican club, received earnest consideration by a committee from that body in the club rooms in the Endicott building last night.

The work of the board was entirely confined to suggestions and the same in the shape of a new election map depicting the city an additional ward, will be before the club at its next meeting for final consideration.

The club naturally disclaims any intention of political scheming in the attempt.

A COMMON TROUBLE

Thousands Suffer From It Without Knowing Its Real Character.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by many other remedies without remedies; the real seat of the mischief is lost sight of; the stomach is the organ to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, but perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitate and is irregular; in others the kidneys are affected; in others the bowels are troubled, with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect street, Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes give temporary relief until the effects of the medicine were off. I attributed this to my sedentary habits, being a bookkeeper, with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and an better in every way. The above is written not for notoriety, but is based on actual facts. Respectfully yours, "A. W. Sharper, "61 Prospect St., Indianapolis, Ind."

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, heartburn, heartburn, constipation and headache.

HAS BEEN BUSY YEAR

STATE BUREAU OF LABOR ISSUES REPORT ON INSPECTIONS OF 1901

DECREASE IN CHILD LABOR

Nearly 4,000 Establishments, Employing 5,500 Persons, Have Been Inspected—Over 5,000 of Them Labor on Sundays.

The State Labor Bureau yesterday issued a report reviewing the inspection report of the department for the year. The report in full is 100 pages long. Three thousand six hundred and forty-seven establishments have been inspected during the year, and returns from the same show a total of 55,283 persons employed.

The thousand one hundred seventy-two establishments, with 71,292 people are classified as manufacturing, and 473 as non-manufacturing establishments; 14,201 persons, or 10,554 men, 3,282 women, 157 boys and 83 girls under sixteen years of age are given as employees of the latter, and 61,520 men, 9,064 women, 506 boys and 102 girls less than sixteen years old, but over four years, for manufacturing establishments.

The percent of children employed in factories and workshops throughout the state is 0.38, and for non-manufacturing establishments, to which belong department and retail stores, telegraph and messenger companies, it is 1.7 per cent of the total number of persons given in both manufacturing and non-manufacturing establishments, child labor represents 1.01 per cent.

The following figures show the relative per cent for the three last years: 1898—3,129 establishments, 7,741 persons employed, 0.81 per cent, children under sixteen years. 1900—3,355 establishments, 83,237 persons employed, 0.82 per cent, children under sixteen years. 1901—3,647 establishments, 85,333 persons employed, 0.61 per cent.

The following figures show the relative per cent for the three last years: 1898—3,129 establishments, 7,741 persons employed, 0.81 per cent, children under sixteen years. 1900—3,355 establishments, 83,237 persons employed, 0.82 per cent, children under sixteen years. 1901—3,647 establishments, 85,333 persons employed, 0.61 per cent.

In comparing child labor in the establishments given for 1900 with the number given in 1901, child labor should represent 1.02 per cent of all persons employed. It should also be mentioned that a large portion of this child labor occurred only during the vacation of the public schools throughout the state.

Above figures verify the statements made by students of economic problems that child labor stands in an inverse relation to the general conditions of the country, and that the greater development of its industries and the demand for labor has a tendency to increase the employment of children.

A classification of child labor according to industries shows the following figures:

Table with 2 columns: Industry, Per Cent. Cigar manufacturing 2.5, Cooperage 2.5, Knitting works 12.3, Printing trades 12.3, Tinware manufacture 12.0, Department stores 3.0, Retail stores 3.0.

Sunday work, in addition to regular week's work, as far as the present inspection reached, included 5,374 persons, or 0.23 per cent of the weekly wage-earners.

The following list gives the per cent of Sunday workers in the respective industries and trades:

Table with 2 columns: Industry, Per Cent. Bakers 11.3, Electric light, heat and power 10.5, Flour mills 7.3, Gas works 13.9, Lined oil mills 51.0, Railroad shops, roundhouses, exclusive of train and locomotive crews, 14.2, Ryder, in the operation of the street railways of St. Paul, Minneapolis, Duluth, St. Cloud and Winona, 64.0, and in non-manufacturing establishments, 8.5 per cent.

Five hundred and eighty-one orders have been issued during the year, 10,500 persons secured; they are regulated to safeguarding of machinery, provisions for motor and boiler safety, factories and workshops in case of fire, the improvement of sanitary conditions in bakeries and factories and the blocking of frogs and guard rails of railroad switches.

In Labor's Field.

There was a large gathering at the meeting of the Iron Molders' union last night, held in the Lehigh in the chair, election of officers, which resulted as follows: President, W. J. Harrington; vice president, H. Holland; recording secretary, J. P. White; treasurer, Charles Reiferbach; treasurer, M. S. Peenan; doorkeeper, Willam O'Leary.

The Stillwater Thresher company wrote asking for certain information which would aid in unionizing its shop. A committee of the Twin City Foundrymen's association will be present at the next meeting. The committee reported that it had almost completed arrangements for the ball, which will be given New Year's eve in Federation hall, and promised that no effort would be spared to make it even better than the balls given in the past. Receipts, \$114.50.

Cooks' Union Elect Officers.

The regular meeting of Cooks' Local 271 was held last night in Federation hall, with D. H. Lapham in the chair. Applications for membership were received from Thomas Brown, Chris Steen, W. H. Pallette, B. Young, Ernest Strick, L. Berger, B. Wendler, R. Lusirke, C. Moring, D. Jordan, M. Stockman, C. Kordes and Frank Cook. In the following officers were elected: President, D. S. Lapham; vice president, P. J. Aehelaker; recording secretary, C. A.

Mill Employe Hurt.

John Hirsch, employed as an offer at the Lindeke roller mill, on East Seventh street, had his left foot caught in some gearing at the mill about 7:30 last night. He was taken to the city hospital in the ambulance, where he was treated, but it is not thought any of them will have to be amputated. He is twenty-seven years old and boards at 585 Plum street.

Baby Dead From Pneumonia.

Coroner A. W. Miller was called to the home of Mr. Klumunde, 710 Wells street, yesterday morning to investigate the death of their five-month-old baby, Katherine. Coroner Miller found that baby had died from pneumonia, and issued a death certificate.
