AMERICAN ASSOCIATION SERIOUSLY CONSIDERING ACQUISITION OF KENTUCKY TOWN

CHANGE WOULD SAVE ROURKE

Hickey, However, Insists That New Organization Will Play in Omaha During the Coming

MILWAUKEE, Jan. 22.—What was accomplished at the meeting held here Sunday night by the magnates of the American association has been kept a profound secret, but there is every reason to believe that the acquisition of Louisville is being seriously considered, which means that the Omaha plan of invasion will be dropped. There has been considerable difficulty experienced in securng grounds in Omaha, and the fact that Louisville has implored the American association to establish a club there may have considerable weight with the directors, all of whom concede that Louisille has claims which cannot be over-

The fact, however, that Omaha last season was the heaviest winner of the eason prejudices the American association magnates in favor of the Nebraska metropolis, and from President Hickey down they allege that they prefer to follow out their original plans to establish themselves there even in the face of opsition which means financial loss to oth leagues. President Hickey said before leaving for St. Joseph last night that he was determined to place a team in Omaha for next season, and expected to secure the concessions he asked within ten days.

RYAN WITH WASHINGTON.

Manager Jimmy Will Pany Center Field for Loftus.

CHICAGO, Jan. 22.—Jimmy Ryan will play center field for Tom Loftus' Washington team in the American league this season. The deal was put through yesterday after a couple of conferences between the two in the Fisher building, and both manager and player expressed themselves as satisfied with the terms agreed upon.

Ryan spent last season with the St.

which organization he served as manager. From all accounts he did not get
in right, and at the close of the season
there was a mutual agreement that Ryan
might go where he chose, with an option
of returning to the Northern city. Loftus has been known to be seeking a
center fielder, and, with Ryan wanting a

For pitchers Loftus has Lee, Patten, Orth, Carrick and Townsend; catchers, "Tim" Donohue and W. Clark; first base, Cary; second base, Coughlin; third base, Wolverton, and shortstop, Ely. ULLMAN HAS NEW SCHEME.

Bookmaker Will Conduct Poolrooms That Cannot Be Stopped.

NEW YORK, Jan. 22.—Joseph Ullman, a bookmaker, who came to this city some years ago from Chicago and who is well known to followers of races everywhere, has a scheme to open what will practically be poolrooms in this city and to conduct them in a way which, his attorneys says, cannot be stopped by law. The scheme is working successfully in St. Louis and the attempt of the police to close the places has been stopped by a decision of the Missouri supreme court. The pian is the formation of a company to do a telegraph and money order business. A wire is secured direct to a race track in another state and the money is forwarded by telegraph as to structions are given by telegraph as to how the bet shall be placed. Sporting Men Enjoy Cocking Main

Near Sheriff's Office.

JANESVILLE, Wis., Jan. 22.—Sporting men from Chicago, Freeport and Rockford came to this city at an early hour yesterday morning to attend what proved to be one of the largest c. 16.18 mains that was ever pulled off in this portion of the country. Fully 300 sports attended the event, which was pulled off within the city limits, and within easy walking distance of the sheriff's office. Hundreds of dollars changed hands on the battles, which lasted for ten hours.

The street cars and many carryalls waited at the depots and conveyed the Illinois visitors direct to the scene of the battles. In fact the whole affair was such a bold disregard for the state laws that many of the leading law-abiding citizens are up in arms over the indifferent actions of the volice officials who Near Sheriff's Office. izens are up in arms over the indifferent actions of the police officials, who they claim were suddenly stricken deaf and dumb for the benefit of the interested

EASTERN BOWLERS SORE.

Beaten on a Vote, They Walk Out of Convention.

BUFFALO, N. Y., Jan. 22.—The split in the American Bowling Congress, which had been threatening since the body convened here in annual session, came this afternoon, when the Eastern delegates left the hall in a body and declined to take any part in the consideration of matters before the convention. The Western delegates then elected the following officers:

President—Frank D. Pasdeloup, Chicago.

First Vice President-W. V. Thompson,

First Vice President—W. V. Thompson, St. Louis.
Secretary—Samuel Karpen, Dayton, Ohio.
Treasurer—George M. Sterns, Des Moines, Iowa.
When the delegates met after recess. Bernard N. York at once offered a substitute for article 15 of the constitution, regarding the vote by proxy. Mr. Sterns, for the West, vigorously opposed the motion. President Langhenry called for a vote, and Secretary Karpen proceeded to call the roll. After one delegate had voted three times, an Eastern delegate made a point of order, which was overruled, President Langhenry maintaining that a delegate could vote as many times as he represented an organization having membership in the congress and could show the proper credentials. The Eastern delegates then left the hall in a body.

The Eastern men got together later, and a committee of five was appointed to report tomorrow on the practicability and advisability of forming a new organization in the East. Meanwhile the bowling tournament goes on as if nothing had occurred to disturb the affairs of the congress. The five-men teams were disposed of tonight, and the alleys were turned over to the two-men teams. The Fidelia Bowling Club of New York won first money (\$230) in the five-men team class, with a score of 2792, which is a new record for the A. B. C. Rio de Altar broke down in the last race and fell. Pat Morrissey, the favorite, bolted at the start and finished outside the money. Pompino won the event from Red Wald. Clever Little Shortstop Has Signed a St. Paul Contract.

CINCINNATI, Ohio, Jan. 22.—Miller Huggins, the clever little second baseman, has signed a contract to play again at St. Paul. The St. Paul team had scarcely disbanded at the close of last seasor when Huggins was asked of last season when Huggins was asked to name his terms for 1902. After eight minutes hard work Parker unintentionally struck Whitmore's nose, drawing blood. At Parker's suggestion time was taken, but in two minutes the men were at it hard again.

Whitmore went right to work to throw his man and for about three minutes he was on the offensive. After that time Parker became the aggressor and forced matters with the local man: Three or four times he had Whitmore in exceedingly dangerous positions, but each time the local man displayed much agility and evidently found no trouble in breaking Parker's hold.

The last three minutes were furious ones. Parker rushed matters in a determined manner, and was after the local man with every known hold and device. Whitmore managed to bridge three or four dangerous positions in a clever manner.

berry, a. photographer of this city, and his mother, Mrs. W. B. Huckleberry, were whipped with rawhides just after mid-night by about seventy-five of the leading men and women of this town.

Huckleberry is about twenty-two years of age, and was married recently to young woman connected with one of the best known families of this county. He also stirred up the residents of the town.
Two policemen were taking Huckleber-

ry before a justice of the peace, his father and mother accompanying them, when the officers were overpowered by the mob. The young man was stripped to his shirt and the lash was laid or his back about fifty times. His mother was punished with similar chastisement. Several well known women begged to be allowed to use the whip on Mrs. Huckle-berry, but they were dissuaded from do-ing so. Richard K. Campbell, special inspector of the immigration bureau of the treasury department, appeared before the house committee today in advocacy of the department's immigration bill, which, he explained, brought together all the scattered immigration legislation enacted since 1875, and also made some minor changes in the existing law in the interest of better administration. It also consolidates the alien contract labor laws. Commissioner of Immigration Powderly, who was to have appeared today, will appear before the committee at a later date.

Mr. Tawney's bill places restrictions on oleomargarine. He said this would relieve dairymen from the charge of seeking class legislation. The Davidson bill is substantially similar to that of Mr. McCleary. The question of the boundary lispute between the United States and Great Britain was revived today, temporarily, in the senate committee on foreign relations, in connection with the treaty authorizing the fixing of the meridian line which was negotiated several years ago. WASHINGTON, Jan. 22.-Debate on the Philippine tariff bill was not continued in the senate today, no member of that body being prepared to proced with the discussion. The bill providing for the establishment of a department of ommerce was under discussion for neary two hours. Little progress was made with it, as, while the debate disclooded no objections to the main features of the bill, there was a disposition on the part of the senate to give it careful consideration and to perfect the details of the

measure. When Mr. Nelson called up the bill, Mr. Quarles (Wis.) offered an amendment providing that the secretary of commerce should have complete control of the work of gathering and distributing statistical information naturally relating to the subjects confided to his department, and to this end the secretary of commerce should have authority to call upon all other departments of the government for statistical data to be published as he may deem wise. He said that the department of labor had been organized at the earnest solicitation of the organized labor of the country in the hope, ultimately, that it mighe become one of the executive departments of the government, with a secretary of labor, who should have a seat in the presi-
