## LAW IS MISUNDERSTOOD.

### Examiner Johnson Explains About Bank Deposits.

Public Examiner S. T. Johnson takes exception to the statements which have appeared in various newspapers to the effect that if necessary to enforce the new tax law, as it relates to deposits in banks, the books of the examiner's office would be at the disposal of the state.

"The relation between my office and the banks is absolutely confidential," said the examiner, "and there is no power of search which could force us to give up the knowledge which we gain by reason of that relation. Nor is there any law which can compel a bank to make public, even for the use of the tax gatherer, the names of its depositors and the amounts of their deposits.

"There is a lot of wild talk about the organized opposition to the banks of the proposed new law. The truth of the matter is that the proposed tax is just the same as at present, so far as it relates to the bank deposits.

"Under the present law if the depositor chooses to avoid the law, the assessor cannot possibly reach him and the same will be the result under the new law."

Dr. Frank Powell removes to 6th and Cedar, Feb. 1st.

**DAVIDSON BLOCK DEBRIS**

Total Loss Found to Be About \$130,000, With Large Insurance - Complete List of Insurance Carried.

The Davidson block, Fourth and Jackson streets, which was badly damaged by fire Monday night, presented more the appearance of an ice palace than that of a building ruined by fire, yesterday. The entire outside of the building was coated with a thick covering of ice which brilliantly reflected the rays of the sun. From the cornices and other projections immediately above the sidewalk and streets adjoining the building were covered with ice several inches deep.

In the alley which separated the building from the one occupied by Rothschild & Co., as a wholesale millinery store, the ice was several feet thick, completely covering the truck of Hook and Ladd No. 1, which was not released until about noon. The street cars were unable to move on Fourth street until a late hour yesterday morning when the ice which covered the tracks was cut away.

All day yesterday the work of removing the goods from the ruins was carried on. It was a difficult task as the water which came through the ceilings froze and prevented the doors being either opened or closed. On the different floors many articles were literally frozen to the floor and could not be moved until the ice which bound them down was cut away.

This work was carried on all day and by nightfall a great quantity of damaged goods had been taken from the building, but much still remains to be removed. The work will be continued today and the tenants hope to have all taken out by this evening.

City Engineer Claussen had a large force of workmen employed yesterday cutting away the ice from the streets and sidewalks. In many places they were compelled to cut through two feet of ice to reach the pavement below. This ice was hauled away as fast as possible and by dark last night it was nearly all removed.

The different express companies all found room in the building at 142 East Third street, which was recently vacated by the Brown, Treacy & Sperry company. Their teams were busy all morning hauling away what goods they had saved from the ruins.

The losses suffered by the different tenants, as reported in yesterday's Globe, were found to be nearly correct, with the exception that Dranger, Lee & Co. suffered a loss of \$10,000. The extensive loss of this firm was on a large quantity of fancy laces which was in the rooms, which was greatly damaged by water.

### Insurance on Building.

H. & Val J. Rothschild, agents for the building, yesterday gave out the insurance which was carried on the building. Their list is as follows:

Section A, 232 to 240 Jackson street - Citizens' Insurance company, New York..... \$3,000

Section B, 240 to 242 Jackson street - Detroit Fire and Marine..... 5,000

Section C, 242 to 244 Jackson street - County of Philadelphia..... 7,000

Section D, 244 to 246 Jackson street - United States Fire..... 2,500

Section E, 246 to 248 Jackson street - Royal Exchange Assurance..... 1,000

Section F, 248 to 250 Jackson street - Northern Assurance..... 7,500

Section G, 250 to 252 Jackson street - Reliance Fire and Marine..... 1,000

Section H, 252 to 254 Jackson street - Commonwealth, New York..... 5,000

Section I, 254 to 256 Jackson street - Sun Insurance..... 2,500

Section J, 256 to 258 Jackson street - Mercantile Insurance company..... 2,500

Section K, 258 to 260 Jackson street - Citizens' Insurance company, New York..... \$5,000

Section L, 260 to 262 Jackson street - Northern Assurance company..... 5,000

Section M, 262 to 264 Jackson street - New York Fire Insurance company..... 5,000

Total on building..... \$70,000

### A partial list of the tenants of the building was given in yesterday's Globe. The complete list, as furnished by the agents for the building, is as follows:

First Floor - American Express company; Wells Fargo Express company; United States Express company and Steinberg, Well & Co.

Second Floor - Dranger, Lee & Co., laces; Carson, Pirie, Scott & Co., dry goods; Friend Bros., millinery; Anderson, clothing.

Third Floor - Western Express company; Northwestern office; American Express company's branch; Baxby & Co., general merchandise; Drew & Co., shoes; Crutcher & Brundage, clothing; Goldberger & Co., clothing; L. Munnich, penery; clothing; Aaron Posen, shoes; clothing; H. K. Kellough, shoes; clothing; H. K. Kellough, shoes; clothing; Stone & Shaft, cigars; Frederick Files, chewing gum; J. Littman, cigars; clothing; H. K. Kellough, shoes; candy; John G. Miller & Co., men's furnishings.

The part of the building occupied by Sternberg, Well & Co. yesterday presented a dismal appearance. Water was constantly dripping from the upper floors and nothing could be uncovered. Mr. Well, when seen by The Globe, said he could not tell just what the loss would be as none of the goods could be recovered and it could not be told just how badly they were damaged. The fire occurred at an unfavorable time for them, as all their spring goods were in the building ready to be shipped to their customers.

Sexton & Co. had a large stock of cigars stored in the basement of the building and were completely ruined by the water. Their loss is estimated to be about \$1,000.

The estimate of the total loss by the fire given in The Globe, \$130,000, was found by further investigation yesterday to be approximately correct.

## THEIR FIRST BALL

**COMMERCIAL CLUB'S INAUGURAL A BRILLIANT SOCIAL FUNCTION**

**DECORATIONS WERE SIMPLE**

**New Quarters Admirably Adapted for Social Purposes - Nearly a Hundred Members and Wives Present.**

The inaugural ball given last night by the Commercial club was one of the smartest social events of the season. The new club rooms seemed to be especially designed for such functions and the handsome parlor, cleared of its furniture, with its brilliant lights and simple decorations of palms and ferns, made a fitting background for the swags and gowns of the women. The smaller rooms, the drawing room, the smoking room and the billiard room furnished nice places for conversation and retirement. Punch was served in the cafe during the early part of the evening and later, supper was served with covers laid for 100. The sole decorations were a fitting background for the swags and gowns of the women.
