COMMITTEE OF COMMERCIAL CLUB DISCUSSES WAYS AND MEANS FOR AUDITORIUM

FAVOR KANSAS CITY PLAN

The city improvement committee of the Commercial club yesterday at its regular meeting considered the proposition of building an auditorium for St. Paul and appointed a subcommittee to work out the details of the plan.

The subcommittee will probably hold its meeting Monday, when the various methods of erecting buildings of this character will be thoroughly gone over, and some definite plan settled on.

In a general way the plans for the erection of a public building were gone over yesterday, and the general sentiment appeared to be in favor of the one adopted by Kansas City with so much success.

The Kansas City auditorium which will seat 13,000 people, and leave standing room for 2,000 more, was erected by popular subscription, generally from \$1 to \$5 being secured.

This matter was turned entirely over to the subcommittee, whose chief duty will be to discover the best means of raising the necessary funds for the enterprise.

The following members of the committee were present yesterday: J. W. T. Corning, chairman; President H. A. Bondman, L. D. Wilkes, Oliver Crosby, B. H. Schreiber, E. S. Chittenden, Prof. J. E. Kennig and T. A. Abbott.

FRAUDS OF PALE FACE

INDIANS CLAIM TO HAVE BEEN ROBBED OF LANDS AND HOMES

FOUR GO TO WASHINGTON

Will Appeal Their Case to President Roosevelt—Attract Considerable Attention While in St. Paul.

Four grizzled and aged Chippewa Indian chiefs, direct from the much disputed Mille Lacs reservation, in the northern part of the state, passed through St. Paul last night, en route to Washington, where they will have a council with Great Chief Roosevelt and the land department regarding their lands, which they claim have been taken from them by fraud and coercion.

The four representatives of this passing race were under the guidance of Thomas Daily, an interpreter, and answered to the names of Ah-nus-ah-shuj, Moo-go-see, May-goon-ay-be and On-pe-lo. An animated discussion over the strange things that constantly crossed their vision and the guttural sounds uttered in the Chippewa language drew a crowd of the curious, and during their brief stay at the depot they were the center of attraction.

According to their guide, the Indians are en route to Washington to plead for the passage of a law reimbursing the tribe for land taken from them when the Mille Lacs reservation was opened two years ago. Deprived of the reservation as a hunting ground, many of the In-

CASE OF INFRINGEMENT

BRUNSWICK-BALKE CO. AFTER A LOCAL FIRM.

In the United States court suit has been commenced by the Brunswick-Balke company against Koehler & Herries for an alleged infringement upon a device for bowling alleys. A restraining order and an accounting is also asked.

In New York the company secured an opinion that the patent was a valid one, despite protests to the contrary, and its new energy in attempting to compel alleged infringers throughout the country to pay a royalty on what they have sold.
