

NEW YORK DRUGGISTS INDORSE THE GREAT KIDNEY REMEDY, SWAMP-ROOT

WILSON'S PHARMACIES.

One of New York's Leading Druggists Says the Sale of Swamp-Root is Enormous.

William Wilson is one of the best known druggists in the city. He has been in business on his own account since 1878 and his prosperous drug store at 152 Broadway, Broadway and Wall street, in the heart of the financial market, and at Broadway and Twenty-fourth street, in the center of uptown life, are first of these being the supply store for all three.

Mr. Wilson said to a reporter: The sale of Swamp-Root was never so great as it is today. It is one of the leading sellers. The sale at our Wall street store is particularly gratifying. If the trade handle as much as I do the sale must be simply enormous. These conditions indicate that it is used with wonderful results by a great many people.

W. Wilson

Park Avenue Pharmacy.

Couldn't Do Business Without Swamp-Root. Those Who Use It Recommend It. Sales Doubled.

J. Bernhard, manager of the Park Avenue Pharmacy, at 120 Park avenue, writes:

Swamp-Root is a great seller in comparison with other remedies for kidney, bladder and liver troubles, rheumatism, &c. The best testimony to the merit of Swamp-Root is the fact that its sales have been doubled in the last few months, and in the other fact that those who have tried it recommend it to others. I couldn't do business without Swamp-Root in stock, for there is a constant demand for it.

J. Bernhard Manager

Sells Lots of It.

Dr. T. D. Williams, 5 Montgomery street, Jersey City, says: We sell lots of Swamp-Root, and it gives universal satisfaction.

T. D. Williams

THE OLDEST DRUGGIST.

Charles H. Klippert, Fifty-one Years Behind the Prescription Counter—His Customers Prize Swamp-Root.

The oldest active druggist in the five boroughs of the Greater City of New York, and perhaps the oldest in the service in America, still carries on a thriving business in Harlem, where he has been thirty-six years. He is the venerable Charles H. Klippert, whose store

CHAS. H. KLIPPERT.

is in the ancient building of massive granite which another generation knew as Harlem Market, at 119 East One Hundred and Twenty-fifth street.

Mr. Klippert still serves behind the prescription counter and is as hale and hearty and as alive to business as any of his younger competitors. He puts his estimate of Swamp-Root in these words:

Dr. Kilmer's preparation for kidney and liver troubles sells well in my trade, and those who use it speak in terms of satisfaction of its beneficial effects. Many people value Swamp-Root highly as a tonic, and the sale is always larger in the springtime.

Chas. H. Klippert

DOCTORS RECOMMEND SWAMP-ROOT. CURES LIVER COMPLAINT. CURED TWO CUSTOMERS.

Dr. William Edward Jenner Prescribes Swamp-Root With Wonderful Results.

Dr. William E. Jenner, whose office is in his Walton Pharmacy, at 993 Columbus avenue, where he receives his patients, prescribes for their ills and fills the prescriptions all for one fee, is a graduate of the Long Island College Hospital, Brooklyn. He has had a rapidly growing practice in the city for three years, following a practice of five years in Walton, Delaware County, New York, and he writes that he has prescribed Dr. Kilmer's Swamp-Root in desperate cases of kidney trouble with wonderfully gratifying results.

W. E. Jenner M.D.

Said Dr. Jenner to a reporter:

Those who buy Swamp-Root come again for it, and that speaks for itself. If they got no benefits from its use they wouldn't spend their money for a second bottle. I have prescribed Swamp-Root with good results. One patient who got much benefit from Dr. Kilmer's preparation suffered from an irritable condition of the bladder and he said that Swamp-Root gave him the first relief he had had in two years.

SOLD OVER 20,000 BOTTLES OF SWAMP-ROOT IN ONE YEAR.

F. W. KINSMAN JR. CO.

(Corporation.)

125th Street and Eighth Avenue,
NEW YORK CITY.

James Livson, of 2186 Eighth avenue, only repeats what his customers say: The sale of Dr. Kilmer's kidney remedy, Swamp-Root, is large as compared with that of other preparations, and its merit is attested by those who use it. As a rule I do not recommend any

J. LIVSON.

remedy, but when I am appealed to I repeat what my customers have said. Those who have tried Swamp-Root say that it proved satisfactory, relieving pain and restoring the kidneys to their normal functions. It is used largely also for liver complaint with good results, and is much in favor as a general tonic for debilitated systems.

James Livson

Enabled Them to Resume Their Employments—Wouldn't Be Without It Now.

At the junction of Mott and Worth streets, Chatham Square, Matthew Kramer, Ph. G., has a model drug store. In an interview with a reporter he said: We sell large quantities of Dr. Kilmer's Swamp-Root to those looking for a health restorer, and the sale is larger than that of any other proprietary medicine. I have two customers who were cured of long standing kidney complaint by it. They were enabled to resume their employment. One of them was obliged to use between two and three bottles a week for some time, and now he says he would not be without Swamp-Root on any consideration, and if setting out for a long journey out of the country would take along a supply for the term of his intended absence.

Matthew Kramer

Dr. Salodino's Word.

Dr. Salodino's office is in the pharmacy—the pioneer Italiano Farmacie in New York—at Broome and Mulberry streets. The doctor made the following statement to a reporter:

We have steady demand for Dr. Kilmer's Swamp-Root and our customers express great satisfaction with the results.

Dr. Salodino

Speaks Well of It.

Clarence H. Platt, 191 Court street, Brooklyn, says:

I am glad to say that the great Kidney Remedy Swamp-Root has a large sale and an increasing sale, and that those who buy it speak well of it.

Clarence H. Platt

Increasing Sale Best Testimonial

We sell Swamp-Root very largely and our customers buy it over and over again. An increasing sale of an article is usually the best testimonial any preparation can have, and Swamp-Root has the indorsement under that test. It is the best selling article we have in that class.

Kalish Pharmacy

THREE LEADING YONKERS DRUGGISTS

Praise Swamp-Root, and One Says It Cured Him of Kidney Disease and He Recommends It to All Sufferers

Relieved Bright's Disease.

A. Van Houten, 135 Main street, Yonkers, where he has been for fourteen years, writes:

The best thing I can say of Swamp-Root is that we sell a lot of it and it seems to satisfy those who buy it. They tell me it is a sovereign remedy for kidney and bladder troubles, and is a splendid spring tonic, bracing up the weak and weary system. I know one man who had Bright's disease of the kidneys and who told me he had received great benefit from it.

A. Van Houten

The Wray Drug Company Speaks

The George B. Wray Drug Company, in Getty Square, is the largest and oldest establishment of the kind in Yonkers. Its manager made the following statement to a reporter:

We find Swamp-Root one of the best selling proprietary medicines. Those who buy it come again and speak highly of its curative powers in kidney troubles and kindred ailments.

J. W. Cameron

MANAGER.

Druggist Stahl Cured Himself.

John Stahl Jr., 13 North Broadway, Yonkers, writes enthusiastically in praise of Dr. Kilmer's Swamp-Root, not only as a druggist handling it and hearing it discussed by others, but personally as one who owes restoration of health to it. He says: Swamp-Root is the proprietary medicine I would personally recommend, I have used it myself, and I have had three or four customers who used it on my recommendation and who got grand results from it. In my own case I had severe pains in my back. I tried sev-

eral things, but without relief. I had Swamp-Root in stock, I opened a fifty-cent bottle and took it. The pain entirely disappeared in a few days and I completely cured my kidneys.

John Stahl Jr.

A Russian Apothecary.

Schlossberg, the great Russian apothecary at 388 Grand street, in that great east side where people of all nations of the earth have congregated and one seldom hears the language of America spoken, is a typical student from the land of the Czar. He is a pharmacist and chemist, with his shoelekin from a Russian college.

He was fifteen years in the drug business in Brooklyn before he opened his present store, and is President of the European Drug Company. He said to a reporter:

The use of proprietary remedies is not so general among the people of Eastern and Southern Europe, such as make up the population about me, and even so sterling a preparation as that of Dr. Kilmer has yet to win its way among them. But Swamp-Root has a greater foothold than any other, and my sales of this meritorious remedy for kidney and liver troubles increase rapidly. If these people are slow to accept, they are quick to recognize in Swamp-Root a medicine of great value, and I predict that in another year it will be as popular with them as it now is with the great American public, who recognize in it a practical specific.

I. Schlomsky

Customers Pleased.

The largest prescription trade in Harlem is claimed by the Zalagat Drug Company, of 2117 Eighth avenue, and the business has doubled in a year. Mendel Zalagat, the manager, has been twenty-two years in business. He made the following statement to a reporter:

We have a most satisfactory trade in Dr. Kilmer's Swamp-Root. The sales are large. Our customers are very much pleased with it. They recommend it to another, and that shows more forcibly than I could say it how well they are satisfied with it. As a rule they require it for kidney and bladder trouble, though it is esteemed by many people as a good thing for liver complaints. The sale increases all the time.

Mendel Zalagat

We feel very friendly toward Swamp-Root.

We have sold in our three stores during the last twelve months more than twenty thousand bottles of Swamp-Root, and never in a single case have we had a bottle returned; every bottle has been sold with our guarantee that if not exactly as represented we would refund the price paid.

Of all the kidney, liver and bladder remedies we have sold during a business experience of more than fifty years, we can conscientiously say that Dr. Kilmer's Swamp-Root has sold better and given more satisfaction than all others combined. There is something in it that "gets there," for all tell the same story of good and satisfactory results.

I know hundreds of cases of kidney and liver troubles that have been cured or permanently benefited by Dr. Kilmer's Sovereign Remedy, Swamp-Root.

We are always willing to answer any requests for information sent to us in regard to this wonderful remedy.

F. W. Kinsman Jr.

CURED BRIGHT'S DISEASE. Steady Demand for Swamp-Root.

As if to remind the wayfarer of the days of the middle of the last century, when the Bowery was the great commercial center of New York, the pharmacy of R. H. Luthin appears in the midst of its three-quarter-mile stretch, at No. 191. It was established by G. A. Cassaber in 1845, and has remained for fifty-six years with but a single change, when Mr. Luthin became its owner.

The business is now practically in the wholesale line, though Mr. Luthin's counter trade is still equal to that of most retail houses. Mr. Luthin says of the great specific for kidney ailments:

We find a steady demand for Swamp-Root, not only from our counter trade but from retail dealers whom we supply. The sale of Dr. Kilmer's Swamp-Root is immense and it is superior to most of them, and gives immediate satisfaction.

R. H. Luthin

Brooklyn and Harlem Take Swamp-Root.

Ralph B. Robbins, whose pharmacy at Lenox avenue and 135th street is one of the most popular in Harlem, made the following statement to a reporter:

I have been in the drug business more than fifteen years, and I can say that in every case in which Swamp-Root was taken it did good, and it has a host of firm friends who ascribe to it their recovery from diseases of the kidneys, bladder and liver. It has been a long time on the market. I was located in Brooklyn for several years, and while

mond. From that far corner of the great city he writes: Swamp-Root is the best selling proprietary medicine on the market. It is looked upon in the trade as of high value for diseases of the kidney, liver and bladder.

"One man in the borough, after suffering for years with Bright's disease, was relieved and ultimately cured by Dr. Kilmer's Swamp-Root. I know of several cases in New Brighton who have been cured by its use."

THE WASSOLF PHARMACIES.

Strong Commendations of Swamp-Root from Mount Morris and Morningside—Remarkable Cures of Stubborn Cases.

Mr. Louis Wassolf owns two prosperous drug stores, one in the Cambridge, Madison avenue and 124th street, opposite Mount Morris Park; the other at 951 Columbus avenue, corner of 167th street. The latter is under the management of his brother, H. M. Wassolf.

The Wassolf Pharmacy on Madison avenue began with the new century under the ownership and management of Louis Wassolf.

Said Mr. Louis Wassolf to a reporter: Dr. Kilmer's Swamp-Root sells well. I sell more of it than of any other kidney medicine, which indicates that it is looked upon as of great value as a kidney medicine, while its virtue as a sovereign remedy for troubles of the urinary organs is well known.

L. Wassolf

Manager H. M. Wassolf tells of three conspicuous cases in which its power for the relief of the afflicted was manifested. He said to a reporter:

The sale of Swamp-Root in this neighborhood is large and on the increase. It is recognized as of great medical virtue in the treatment of kidney and liver troubles, and is recommended highly in every way.

I have two customers, one a woman who suffered intensely with pains in the back, due to kidney trouble, and she used Swamp-Root with great benefit.

A man who was laid up with grip, was

LOUIS WASSOLF.

on his back, in fact, with resultant trouble with the kidneys. He used Swamp-Root, and in five or six days was on his feet.

A father told me his son, who was completely run down, is now feeling like a new man, or, rather, new boy, thanks to the use of Swamp-Root. These people recommend it enthusiastically. They swear by it, and on their statement I heartily indorse it.

L. Wassolf

Swamp-Root is the best selling proprietary medicine on the market. It is looked upon in the trade as of high value for diseases of the kidney, liver and bladder.

"One man in the borough, after suffering for years with Bright's disease, was relieved and ultimately cured by Dr. Kilmer's Swamp-Root. I know of several cases in New Brighton who have been cured by its use."

The Zalagat Drug Company

To Prove What Swamp-Root Will Do for YOU, a Sample Bottle Will Be Sent Free by Mail.

EDITORIAL NOTICE—It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty. If you are sick or "feel badly," begin taking the famous kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you have the slightest symptoms of kidney, liver or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of the wonderful remedy, Swamp-Root and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing be sure to say that you read this generous offer in The St. Paul Daily Globe.

Swamp-Root is pleasant to take and is for sale at all Drug Stores of two prices and two sizes—fifty cents and one dollar.
