There will be a meeting of all past post commanders of the different posts of St. Paul, delegates and alternates to the department encampment, at the Metropolitan Hotel this evening.

Ross Town authorities have complained to the health department that patients at the post house are in the habit of straggling over the dead line and wandering into their neighborhood.

The board of abatement will meet on Wednesday afternoon next for the last time, to consider personal property taxes. The last day for the payment of these personal property taxes without penalty is Feb. 28.

Art Zimmer was in police court yesterday on the charge of assault and battery. The complaining witness was William Smith. He told Judge Hise that Smith lied about him and got him turned out of his job. He signed a bond to keep the peace.

Joseph Hart was in police court yesterday charged with larceny, but Judge Hise continued the case until May 2. It appears that Hart went to a dance on Payne avenue, and as he could not find his overcoat when ready to go home, borrowed one from the rack. After escorting his companion home he returned to leave the coat, but was arrested, charged with larceny.

The Prizes.

Two seats to the Thursday night performance of "Naughty Anthony" to each successful contestant.

The Globe's concealed word contest continues a success with the readers of the Sunday Globe, and again yesterday afternoon the contest editor found more than a bushel of answers waiting on a table for the drawing.

This time the contest was more simple and few incorrect answers were encountered. Several of the participants, however, lost their chance of winning tickets to Naughty Anthony by failing to observe the rules of the contest printed plainly in all announcements.

The rules provide that all contestants must send in the word containing the concealed words. Several failed to do this. They clipped out the discovered words and sent the words alone to the contest editor.

Although the series of contests was started some time ago, The Globe's readers refuse to lose interest in an offering of free seats to the theater and the pile of answers on the table in front of the contest editor yesterday afternoon proved better than long arguments that The Globe's readers want prizes as well read.

The contest editor will mail the prizes to the winners this morning.

City Treasurer Bremer is having a full inquiry into the condition of rentals accruing from West side levee leases.

The entire time of one clerk is being given to the task, and, as soon as it is completed, a statement will be made to the legal department.

For Impersonating Deputy Sheriff He is Fined \$25.

P. J. Biber paid a fine of \$25 yesterday for impersonating an officer. The complaint was lodged against him by Mrs. Ada Updegraff, from whom he collected 50 cents by intimidating her with a gun and the claim that he was a deputy sheriff. Mrs. Updegraff purchased a rag of Biber and paid for it in installments. He claimed that there was 50 cents yet due, but she maintained that the amount had been paid and refused to pay the money. COLISEUM WORKS BUSY

EVERYONE MAY HELP CHAMBER FAVORERS

FUND CAN BE RAISED QUICKLY

Valentine Heinrich Makes Suggestion Which Is Enthusiastically Hailed by Committee at Yesterday's Meeting.

"I worked one day for the coliseum—this is the latest and most approved plan for raising the funds necessary for the erection of a coliseum for St. Paul. Erect the plan to get aside a day, preferably in May, when every man, woman and child in the city, will turn in his or her day's wages to the coliseum fund."

The idea was presented to the executive committee at the meeting held yesterday afternoon in the Commercial club rooms by Valentine Heinrich. Mr. Heinrich suggested that every person in the city give one day's income and receive in return a badge bearing the words quoted above. The plan proposes to secure the interest of every organization in the city, fraternal, labor and the like and to have them handle the funds on the members' cash.

The committee received the suggestion with enthusiasm and every person from the highest to the lowest is to be asked to give up the proceeds of one day's labor for the coliseum fund.

J. J. Mahan wrote to the committee from St. Louis, making practically the same suggestion as Mr. Heinrich. The committee received them enthusiastically, and the members expressed themselves as feeling confident that the desired funds could be raised in this manner in almost any city.

The committee appointed to draft articles of incorporation presented the result of its labors, which was adopted. The articles provide that the association shall be known as the St. Paul Coliseum association. The aim of the association, as defined in the articles, is to erect and maintain a building suitable for the accommodation of conventions, expositions, agricultural and horticultural displays, fairs, exhibitions, banquets, concerts and all lawful methods of public entertainment.

Disposition of Receipts. The association is given the power to purchase real estate for the site and to receive the same, but none of the money received is to be used for another purpose than the erection and equipment of a coliseum. The amount of capital stock is set down as \$100,000 at a share, which is to be paid upon call in installments of 25 cents per share. No person is to be allowed to own more than 100 shares and no person is to have more votes than allowed for this number.

The board of directors is to consist of twenty-six members, one-half of whom are to be elected one year, and one-half for two years. The directors are to elect a president, first, second and third vice presidents, a secretary and treasurer, none of which are to receive compensation except the secretary.

The officers and directors of the association are prohibited from ever having the power to mortgage or hypothecate the real estate or to place thereon a trust bond or lien. The limit of indebtedness of the association is \$100,000.

Provision is made in case the association should decide to wind up its affairs, all the money on hand, after the indebtedness is paid, shall revert to the public library.

The report of the subcommittee favored the appointment of different committees, the chairman of the executive committee to select the members of the association, the chairman of the finance committee, Chairman C. B. Bowly appointed the following:

Schemes and Special Entertainments—Walter D. Williams.

Devices for Donors—L. E. Lederer.

Legislation—H. W. Childs.

By-laws and Constitution—J. W. Shepard.

Auditing—J. J. Mahan.

Advertising—P. J. Hall.

The following bank presidents are to be asked to act as trustees of the fund: George C. Powers, Second National bank; H. P. Upham, First National bank; Kenneth Clark, Merchants' bank; J. W. Lusk, National German-American bank.

STATE EXPECTED TO SURPRISE, BY SUPREME COURT DECISION

OFFICIALS DISAPPOINTED, BUT NOT SURPRISED, BY SUPREME COURT DECISION

VAN SANT ISSUES STATEMENT

Says State Will Proceed at Once in Some Form or Other—Doubtless Awaiting Text of Decision.

News of the decision of the United States supreme court was received at the capitol yesterday morning, shortly before noon, and immediately afterwards the governor, Attorney General Douglas, Gen. Wilson and M. D. Munn held a conference in the attorney general's office to discuss the matter.

While the state officials were naturally very much disappointed they have for several days been preparing for unfavorable news and were not particularly surprised. The governor immediately called his stenographer, and dictated the following statement for the comfort of the faithful:

"It cannot be stated positively what will be the method of procedure until the full text of the decision of the supreme court on the question of jurisdiction has been studied. The state will proceed in some form at once, and will exhaust every means in its power to enforce its laws and protect its rights."

The forthcoming action of Attorney General Knox, reported several days ago, gave the state officials more hope, and because of that balm the decision of the court was not so severe a blow as it might otherwise have been.

Attorney General Douglas would say little beyond insisting the statement of the governor. He said the decision in no way touched upon the merits of the case. He said:

"The court may have denied jurisdiction on one of two grounds, either on the ground that the statute violated is a penal statute or on the ground of non-fulfillment of the conditions. If the first is taken, the action will be brought in state courts. If the second ground was taken, it may be brought in either the state court or the federal court of this district. The action will be brought in the state court, and the federal courts will assume jurisdiction in the suit to be brought by Attorney General Knox."

The attorney general will receive a copy of the supreme court's decision within a few days, and then the future course of action will be determined.

EGGS TAKE A JUMBLE

WARM WEATHER CAUSES A DROP OF OVER THIRTY PER CENT

PRICE NOW NINETEEN CENTS

Commission Men, Flooded by Large Shipments, Had to Sacrifice Former Consignments at a Loss.

The lowly hen is busy, so busy in fact that the fruits of her industry were yesterday quoted on 'change at 19 cents a dozen, a drop of over 7 cents from the day previous. Today should see a further fall and if the present warm spell continues, a general figure of 15 cents straight before the week is finished.

To the dealer in eggs yesterday was a dark day on 'change and more than one merchant along commission row found himself on the short side of the ledger in consequence. Eggs poured into the city and stocks purchased at fancy prices had to be sacrificed in order to take care of the week's supply of eggs by a dozen was considered a fair price and at these figures some heavy investments were made. The purchasers banking on a week's advance in prices were somewhat sorely for their foresight and trouble.

The crash is attributed by the commission men to the unusually warm weather, it being generally held that the state. This has started the hens laying and farmers, realizing the high rate prevailing, have suffered no delay in getting the product of their henneries to the market.

Ordinarily the cold storage product is thrown on the market the moment fresh goods begin to make their appearance in any quantity, but this time there are no cold storage eggs, at least the commission men say so. They say that the demand for eggs in the past two months has been so great, that stocks were sadly depleted.

This activity of Mrs. Hen will be repeated by household generally with much satisfaction. For the past two weeks, 30 cents a dozen for goods, often of uncertain age, was a common figure and the prospects were decidedly favorable for even a greater figure.

Deposits made on or before March 5, will receive one month's interest on April 1. Security Trust Company, N. Y. Life Bldg.

SELECTING CANDIDATES

NON-PARTISAN COMMITTEE RECEIVES REPORTS FROM WARDS.

Another meeting of the citizens' non-partisan committee is being held to secure representation for the business men of the city in the council inauguration, at which time that committee has reported.

There has been a slight misunderstanding between the committee and the ward committees, but this was fully explained, and the committee set to work.

A meeting will be called by the executive committee, probably after the primaries, at which time that committee will report upon candidates that it desires to endorse. The names reported last night and at the previous meetings were simply in the nature of a recommendation and are not final.

COSTLY WARM SPELL

MILD WEATHER KEEPS LARGE STREET CLEANING FORCE EMPLOYED

WORKERS ARE HARD TO GET

Removal of Mud and Ice Will Cost \$1,000 More This Spring Than Is Generally Allowed.

Instead of \$6,000 which is required annually to remove the traces of winter in the shape of filthy mud and rotted ice this spring will see the amount swollen to \$10,000. The difference is the result of the unusually warm weather which St. Paul is now enjoying.

"This is a new experience to me," said City Engineer Clausen yesterday, "and if it continues the general interest on April 1. Security Trust Company, N. Y. Life Bldg."

Nearly fifty men and ten teams were put to work yesterday removing mud and ice in the Fourth ward, and while there was some relief it was only temporary. From the heavy grades there was a constant stream of muddy water and the removal of these mud masses had required the constant attendance of men with brooms and shovels.

The greatest trouble is experienced by the department in the securing of teams, many refused to work for the rate of \$2.50 per day. Men are also hard to obtain.

Today the scraper will be put to work, and if the warmth continues the rotted ice will be removed entirely and the streets washed. Not a man was at work Saturday and Sunday, and to this fact is attributed the difficulty experienced yesterday in keeping the crossings clean. The accumulations were too much for the force employed.

POLICE ARE SUSPICIOUS

BURGULARS MAY NOT HAVE ROBBED F. REESE'S SALOON.

The police are still investigating the safe-breaking in F. Reese's saloon, 419 East Seventh street, which occurred last Saturday night. The latest developments in the case point to circumstances which are suspicious. The door of the safe appears to have been lifted from the hinges and not blown open by an explosion, as was first thought. The holes which were bored in the safe are of such a nature and from such a position as would be impossible to be done while the door was on the safe.

The money was in a safe which did not all belong to the proprietor of the saloon, but \$100 of it was advanced by the Northern Star Brewing company to cash checks of railroad men who frequent the saloon. The theory of the police is that some person connected with the saloon broke open the safe to get the money belonging to the brewing company.

Eyes and Nose Run Water.—C. G. Archer, of Brewer, Maine, says: "I have had Catarrh for several years. Water would run from my eyes and nose for days at a time. About four months ago I was induced to try Dr. J. C. Ayer's Catarrh Powder, and since using the wonderful remedy I have not had an attack. I would not be without it. It relieves in ten minutes."

DWYER'S BID BY PROXY

REPRESENTATIVE OF MEMBER OF WATER BOARD LOWEST BIDDER.

Charles E. Signs was the lowest bidder for the plumbing in the new addition to the city and county hospital. The fact that he was listed in the directory as a clerk caused the ordinance taking, developed the fact that he was bidding as the representative of the Dwyer Plumbing company.

John J. Dwyer, who is a member of the water board, and was consequently barred from bidding. This method was taken to allow his firm to participate in the work.
