

Do Not Carry Your Load of Disease Into the Spring Season.

Paine's Celery Compound

Makes Rich, Pure Blood, Strong Nerves, and Gives a New Lease of Life.

Testimony of a Cured Ranch Owner

Has Not Been Sick a Day Since He Used the Great Medicine.

Too often people drag with them into the spring season a load of disease that has proved a heavy burden during the winter months.

The cleansing, healing and life renewing work of Paine's Celery Compound in the past should be sufficient guarantee to every sufferer that it will surely and quickly overcome every form of disease just referred to.

Col. Byron H. Van Raub, owner of the famous Don Carlos ranch, writes as follows from Van Raub, Texas: "I have been afflicted more or less for the past fifteen years with kidney trouble, sleeplessness, and rheumatism, all caused from kidney ailment."

CITY NEWS

The Humane society will hold a meeting at 10 o'clock this morning. The Anheuser-Busch Brewing company has purchased the Ryan property at Seventh and Chestnut streets for \$1,500.

Among the real estate transfers filed yesterday was a double house and lot at 288 North Avenue to W. A. Slickney for \$1,000, and a house and lot, at Oceola avenue, to R. Price for \$800.

The state board of control yesterday let the contract for the rebuilding of the assembly hall at the St. Peter asylum to John Lohse, of Winona, for \$7,424.

The seven-months-old son of Mr. and Mrs. George Loftus, 477 Eleventh street, died yesterday at the family residence, and will be buried at 10 o'clock this morning. The interment will be at Calvary cemetery.

Dr. Morgan broke into the hen coop in the rear of the boarding house owned by Mrs. Margaret L. Taylor, 637 East Fourth street, early yesterday morning and killed forty-one of thirty-eight chickens that were in the coop.

The board of water commissioners yesterday placed a contract for twenty-five tons of lead pipe at \$45 per cwt., and also a contract for the rebuilding of the water works at Western Supply company, of St. Paul.

The funeral of the late George C. Seibert will take place from the Central Presbyterian church at 10 o'clock this morning.

SEVENTH AND CEDAR STS.

A short service will be held at the Buckingham at 9:30, previous to the regular service at the church. The interment will be at Oakland cemetery.

With a promised drop in the temperature in sight, City Engineer Clausen decided yesterday to postpone the scheme of flushing the streets. He was also careful that the liquid mud would choke the catch basins and probably do much damage.

It is expected that a permit for the reconstruction of the Davidson block, lately partially destroyed by fire, will be asked for next month. The cost will be about \$18,000. Architect Louis Lockwood is preparing the plans. No change will be made to the outward appearance of the property.

While the family were at dinner, about 7 o'clock last night, sneak thieves entered the hall of the residence of Mrs. M. Sullivan, 145 West College avenue, and stole two fur coats and bags belonging to Mrs. A. W. Craighead and Miss Rosie Miles, who were visiting with Mrs. Sullivan.

Rudolph Mack, eighteen years old, and employed at Notre-Dame & Cedar, was arrested by Detective Daly last night on a warrant charging him with larceny. P. H. Hoelter, twenty years old, and formerly employed by the same firm, was also arrested on a warrant charging him with a similar offense.

Mrs. Sarah R. Flagg, late of Buffalo, N. Y., died yesterday at the home of her son, Dr. Samuel D. Flagg, the Albion. Funeral services will be held at the Church of the Good Shepherd, corner of Twelfth and Cedar streets, at 4 o'clock Tuesday afternoon. The remains will be shipped to Buffalo for interment.

The condition of Alex Viklund, a farm hand at Cambridge, Minn., who is at Bethesda hospital suffering from an injured arm received as the result of being pushed against a saw in a sawmill near Cambridge, was reported as being much better by the physicians at Bethesda hospital late last night, and he will recover.

City Treasurer Bremer has prepared a new list of the city's levee lease holders and the rentals they have paid, for presentation to the council at its next meeting. The list is incomplete, owing to the fact that it was made out prior to last December and since that time a number have come to the office and settled.

Deposits made on or before March 3 at the St. Paul Bank, Germania Life Bldg., 4th and Minn. Sts., will be entitled to 4 months' interest July 1.

EDUCATORS OF NOTE

CHICAGO CONFERENCE WAS PRO-DUCTIVE OF GOOD RESULTS

MINNESOTA DELEGATES HOME

Dr. Stanley Hall Objects to Teaching of Latin in Public Schools

State Superintendent John W. Olsen, Supt. W. A. Shoemaker and the rest of the Minnesota contingent returned yesterday from the annual meeting of the department of superintendence of the N. E. A. at Chicago.

Dr. Stanley Hall, of the University of Chicago, who is a member of the committee on the teaching of Latin in public schools, expressed his opposition to the teaching of Latin in public schools.

Minnesota was honored by the election of Supt. C. M. Jordan, of Minneapolis, as president of the department. Supt. Shoemaker spoke of the distinguished body ever held. "It was a great meeting," said Supt. Olsen. "The greatest educators of the country were there. It was a privilege and a pleasure to meet them and to hear them discuss the vital questions of education."

Minnesota was honored by the election of Supt. C. M. Jordan, of Minneapolis, as president of the department. Supt. Shoemaker spoke of the distinguished body ever held. "It was a great meeting," said Supt. Olsen. "The greatest educators of the country were there. It was a privilege and a pleasure to meet them and to hear them discuss the vital questions of education."

"The baby Latin and Greek taught in our high schools is but a sanctified relic, the last remnant of a dead and dying civilization, almost every degree of degeneration of the golden age of secondary classical training."

"I raise no question of the great value of these studies for those who go deeply into them. I raise no question of their value as a discipline. I raise no question of their value as a preparation for the study of the classics in college."

"They are the rear guard in the retreat of what was once a great army, but the grasp of this dead hand from the tombs of the past must be released."

"This is a hard age to be young in. Our children must not be trained merely to defend themselves against the forces of civilization, but to carry on an offensive and defensive warfare in fields as yet unexplored."

"The high school as we know it today is a relic of a dead and dying civilization. It is a relic of a dead and dying civilization. It is a relic of a dead and dying civilization."

"The high school as we know it today is a relic of a dead and dying civilization. It is a relic of a dead and dying civilization. It is a relic of a dead and dying civilization."

OFF TO MEET HENRY

GOVERNOR AND PARTY WILL LEAVE FOR CHICAGO MONDAY NIGHT

WILL GO IN A SPECIAL CAR

Gov. Van Sant last night held a conference with a number of German citizens to arrange the details of the trip to Chicago to greet Prince Henry.

The governor, part of his staff and a number of representative German-Americans of St. Paul will leave on a special car Monday evening, arriving in Chicago on Tuesday morning, March 4, when they will be given an audience with the prince.

Gov. Van Sant and a committee of the Central band, composed of H. J. Nienstedt, Otto Kueffner, H. J. Hadbruch, A. Hanft and J. Moersch will present to the distinguished visitor the greetings of the German-American Central band of Minnesota. These greetings are as follows:

Your Royal Highness: In the name of the 5000 residents of German descent of the city of St. Paul, we extend to you a hearty welcome to our new home. Millions of hearts through which German blood pulsates are joined with us today in this greeting to an illustrious son of the house of Hohenzollern, the representative of the emperor of the German people and of the German empire.

Will your royal highness assure his majesty, your brother, that we ever think of our fatherland with the deepest love, and that we pray to God to unite our old fatherland and our new home in the firm bonds of friendship.

This will be the only instrument of its kind which Prince Henry will receive while in this country. The Minnesota committee will meet the prince at 9 o'clock on Tuesday morning. It is not known yet just how many persons will accompany the governor to Chicago.

HIGHER WAGES PAID

FORMER PRESIDENT OF WATER BOARD ASKS FOR \$1,073.26

THREATENS TO GO TO COURTS

Claims He Is Entitled to Amount Under Terms of Old Charter—Referred to Legal Department.

P. W. Hudner, late president of the board of water commissioners, says the city of St. Paul is indebted to him the sum of \$1,073.26. He presented a bill for that amount at the meeting of the board yesterday, and intimates that if it is not allowed his lawyer will follow it up with a note for the amount.

Mr. Hudner at the time of his retirement, a month ago, was one of the few left over who, under the operations of the old charter, were entitled to an annual salary for their services. Under the old state of affairs, which was permitted by the new charter to continue until the terms of office of those holding over had expired, each commissioner received an annual salary of \$100, and the president \$120.

When the new charter became operative Mr. Hudner was a plain commissioner, but when President Waterston was retired a year ago, the title was conferred on Mr. Hudner. Up to date he has drawn the \$100, which was his salary when he entered the board, but he now thinks he is entitled to the president's salary, and asks the difference.

As a nice bit of law is involved, the matter was referred to the legal department for an opinion. There are still two members drawing salary, but this will be discontinued after the first of next year, when their official terms expire.

The water board thinks it is about one of the hardest worked institutions composing the city government, and pleaded with the charter commission to sanction an amendment to the charter giving them each an annual pitance, but it was refused. For the past year the board has received a year, and the commissioners \$100, \$600 a year, and the commissioners \$100.

During the busy season the president's services are in continual demand at the water department headquarters.

Read Want Ads in Tomorrow's Globe

Through the courtesy of Manager L. N. Scott of the Metropolitan opera house, and the representatives of Messrs. James O'Neill and Frederick Warde, The Globe is enabled to present twenty tickets of admission for the two attractions which will appear at that theater next week. Each of these tickets will admit two persons, and they will be given under the following conditions.

Scattered through the want ads in tomorrow's Globe, there will be a number of words descriptive of a St. Paul paper. The puzzle will be to cut out the ads containing these words and paste them on a slip of paper in such a manner that the words shall follow the same order in which they stand in the sentence. The writers of the first ten letters opened, who arrange these words correctly, will be given seats for Mr. O'Neill's magnificent production of "Monte Cristo", which has been proclaimed everywhere as the greatest of the world has ever seen. The next ten will be given seats for one of Mr. Warde's presentations of the classic dramas.

The letters containing the answers must be addressed to the Contest Editor of The Globe, and be mailed or left at the business office. The letters will be opened at precisely five o'clock Monday afternoon, and all interested in the contest are invited to be present at that time.

In the preceding contests a large number of letters have been received on Tuesday morning. It must be remembered that the letters are opened Monday afternoon, and that none received after the time mentioned above can be considered.

READY IN THE TENTH

DEMOCRATIC ORGANIZATION INDORSERS ADMINISTRATION

Resolutions Adopted Expressing Confidence in H.-Ald. Dobner's Chances for Re-election Are Good.

The Democratic organization of the Tenth ward, at a meeting held last evening in the Hampden hotel, adopted the following resolutions indorsing the present city administration and urging the re-election of the present city officers:

Whereas, The growing importance of the Midway district as a manufacturing and educational center, and residence suburb, having been fully recognized by the first time by the present city administration;

Whereas, It is of the utmost importance to the city, that its executive officers should be of the highest caliber, and that the board of police commissioners, board of public works and other administrative boards, should be of the highest caliber;

Resolved, By the Democratic of the Tenth ward, that the interests of the city at large and of the Midway district, particularly, will be best served by a continuation of the present city administration.

C. A. Fleming, chairman of the ward organization, presided over the meeting and the different interests of the ward were well represented. Considerable time was devoted to discussion of the prospects of the re-election of L. J. Dobner as alderman, and it was generally agreed that the outlook was very bright. Frank Klierbeck, one of the present committee members, expressed the opinion that the ward would return a substantial plurality for Robert A. Smith.

O. H. O'Neill, Frank Ford and F. W. Foot, all candidates for the office of municipal judge, were present, and each spoke briefly as to the general situation. The following resolutions of approval of the service of Mr. Dobner, on behalf of the ward, were adopted:

Resolved, By the Democratic organization of the Tenth ward that the interests of the ward most emphatically demand the return of our present alderman.

WORK FOR TEACHERS

READING CIRCLE BOARD SELECTS COURSE OF STUDY FOR 1902

THOUSANDS WILL TAKE IT

Eleventh Year of Circle Work Begins Auspiciously, With Teachers Enthusiastic to Continue Study.

The board of managers for the Minnesota Teachers' Reading Circle met yesterday afternoon at the Windsor hotel to elect officers and select the books for the ensuing year. The board organized with the following officers: Supt. T. C. Wolan, Glenwood, Pope county, president; Supt. A. T. Park, Duluth, vice president; Supt. G. M. Cesander, Winthrop, Sibley county, secretary; Supt. L. V. Wilber, Winona, treasurer. Supt. Hugh Leonard, of Wabasha county, and Supt. Matilda A. Ochs, of Carver county, the other members of the board, were also present.

Publishers had submitted a large number of books for the reading course selections, and the board, after careful consideration, selected "Government in State and Nation," by James and Sanford, and "The Art of Teaching," by Prof. Emerson E. White. These two books will constitute the circle work this coming year.

At the present time the Reading circle work is being taken by between 4,000 and 5,000 teachers, mostly in the rural schools of the state.

This begins the eleventh year of the Reading circle work in Minnesota, and it is now a permanent feature of the state educational system. It is now recognized by county superintendents and principals as an essential feature of the teacher's training.

The rule of the board has been to adopt two books to constitute the course of reading for each year; one of a professional, or pedagogical nature, and the other of a literary or historical character, or along some other general culture line.

The teachers of the state have taken hold of the reading circle work with great enthusiasm, and it has been a great help to the teachers, and of great benefit to the state, because of the better preparation it has given these teachers. The value of 5,000 teachers of the state reading along the same lines at the same time can not be overestimated. The work is not at all arbitrary, it is in charge of the county superintendents in the various counties and is arranged by them so as to best conform to the situation in the county. In many counties the Teachers' County association takes hold of the work, and programmes of the monthly meetings are made up of topics from the books being studied.

The state encourages the work by basing the professional test questions in the teachers' examinations upon the books used during the year by the circle.

The circle has arranged to publish each month in school education an outline of study for the assistance of the teachers who take the work, together with test questions.

The officers of the association say that the work is growing in popularity with the teachers from year to year, and that it is having a most beneficial influence.

The following is a list of the books of years which have been used on the reading circle course of study from its beginning to the present time: "1892. Hewitt's 'Pedagogy.' Barnes' 'General History.' 1893. 'The Schoolmaster in Literature.' Berard's 'History of England.' 1894. White's 'School Management.' Gregory's 'Political Economy.' 1895. White's 'Elements of Pedagogy.' 'Schoolmaster in Comedy and Satire.' 1896. Hunsdale's 'American Literature.' Krohn's 'Psychology.' 1897. Enticore's 'History.'

THREE TO STEP OUT

MAYOR SMITH MAKES APPOINTMENTS ON PARK AND SCHOOL BOARDS TODAY

FOUR MORE COMING SOON

Oscar Clausen to Be Replaced and Three Vacancies on Board of Public Works to Be Filled.

Mayor Smith today will clean up the first of a series of board appointments that fall due with this month. On March 11 the list will be complete when a number of city engineer will be named and the board of public works provided with new material.

The appointments to be announced today will be those of the school board and the board of park commissioners, there being two vacancies on each. On the park board L. T. Chamberlain and Gustav Willius are the retiring members and they will not be reappointed. Instead Dr. Robert O. Earl, a prominent physician of the First ward, and J. H. Allen, of the firm of J. H. Allen & Co., wholesale grocers, will be named. On the board of school inspectors Dr. Christian Frye will be appointed to succeed himself, and E. C. Ives will supplant Jasper W. Waite.

Mr. Waite in some manner became distasteful to certain residents of the First ward, with whom he could not get along. He had been in the office for the past month, Mayor Smith's office has been a frequent stamping ground for delegations and individuals who offered protests against his appointment. The appointment of L. W. Rendell as city engineer, to succeed Oscar Clausen, and Peter Van Hoven, Edward Murphy in the firm of J. H. Allen & Co., of public works will not be made until the 11th. On these the biggest interest is centered as the changes mean much for those interested in the clerical and mechanical forces, especially in the engineering department.

"I'm glad it's about over," said Mayor Smith yesterday. "They haven't given me much rest of late, but then I guess that goes with the job."

POLICE COURT RECEIPTS

CLERK DIX'S REPORT SHOWS \$1,304 WAS COLLECTED.

The report of Clerk Dix, of the municipal court, for February, shows that during the month \$1,298 was collected in fines in the police court, and \$106.50 was collected for fees in the city branch. Of the amount collected in the criminal branch, \$100 went to the Humane society. Fifty-four unfortunates were committed to the workhouse during the month to serve, an aggregate of 1,245 days. The total number of cases in the criminal court was 271. Sixty-one complaints and forty-five warrants were issued.

MANY SEEK THE PLACE

FIFTEEN APPLICANTS FOR PRESIDENCY OF ST. CLOUD NORMAL.

On Tuesday the state normal board will meet at the state capitol to take up the matter of a successor to President George R. Kleeberger, who has resigned. There is a large number of applicants for the position, only one of whom is from Minnesota, Dr. Waite A. Shoemaker, of St. Cloud. The other applicants are: H. K. Wolfe, Lincoln Neb.; M. J. Small, Pasadena, N. J.; O. Manchester, Normal, Ill.; J. B. Waseley, Fort Haut, Ind.; Samuel Weir, Cincinnati; James H. Hayes, Greeley, Col.; D. B. Waid, Marquette, Mich.; H. J. Duvenport, Lincoln, Neb.; H. E. Kratz, Sioux City, Iowa; James A. Ament, Alva, Okla.; George Francis James, Los Angeles, Cal.; P. W. Search, Worcester, Mass.; D. Cloyd, New York, and George H. Howe, Normal, Ill.

Dr. Shoemaker is confident of being chosen although there has been some opposition to him in the board. He received three votes at the last meeting of the board and has one other member now pledged to support him. It will take five votes to elect. Mr. Norby, of Ada, is not likely to be in attendance.

Delightful Relief from Catarrh—Here is one of a thousand such testimonials. The Rev. A. P. Buckley, of Buffalo, says: "I wish all to know what a blessing Dr. Agnew's Catarrhal Powder is in a case of catarrh. I was troubled with this disease for years, but the first time I used this remedy it gave most delightful relief. I now regard myself entirely cured after using it for two months."—24.
