

Imitations and Substitutes Are Dangerous to You and Your Friends.

Paine's Celery Compound Is What You Need for the Banishment of Your Troubles.

See that you make no mistake or take no false step when you begin efforts to regain lost health. At this particular time, care and vigilance will add greatly to your success. Your case demands the use of the best medicine that science has produced. The acknowledged triumph of medical skill is Paine's Celery Compound, the only safe and permanent cure for all nervous diseases, dyspepsia, insomnia, rheumatism, neuralgia, liver and kidney complaints, and blood diseases.

An error made at this time by the use of substitutes or imitations may lead to a complication of ailments fatal to life.

Tens of thousands in the land are throwing off the shackles of disease and suffering by the use of Paine's Celery Compound. Its powers and virtues will do the same good work for you, dear reader. No experimenting with Paine's Celery Compound; there can be no disappointment or failure to crush your hope.

See that you get the genuine Paine's Celery Compound in its original wrapper and bottle; other celery concoctions are deceptions and frauds.

CITY NEWS

The Second Ward Democratic club will hold a mass meeting in Lucker hall, corner Margaret and Forest streets, Saturday evening.

The funeral of the eighteen-year-old son of Mr. and Mrs. Thomas Conroy will be held from the family residence, 35 Douglas street, this afternoon at 2 o'clock.

Pat Conroy made a face at Patrolman Licha Monday night and the latter escorted him to the central station; he signed a bond to keep a night in police court yesterday morning.

John Wyman, who has been at the detention hospital since Feb. 23, yesterday was adjudged by Drs. Sweeney and Schwyzer to be insane and was committed to the Rochester asylum.

Fred Shattuck, a machine operator at the plant of the American Twine Co., front and Mackubin streets, had his left hand caught in the machinery and badly mangled, yesterday afternoon. He will suffer no permanent injury.

Bartel Amand, an employee of the Montana Meat market, 554 Robert street, fell down a flight of stairs while about his work yesterday morning. His right shoulder was badly sprained and he was taken to the city hospital in a patrol wagon.

George Lafavor was arrested yesterday for drunkenness and disorderly conduct. He had been raising a disturbance at his home on East Farfield avenue, where he smashed the furniture and mutilated a picture generally. He got off with signing a peace bond.

The funeral of Mrs. Charles Johnson was held from the family residence, Collins and Bedford streets, yesterday afternoon. Mrs. Johnson was forty-two years of age, and is survived by a husband and eight children. She was born in Sweden, but lived in St. Paul for twelve years.

The St. Cloud normal school announces its graduating exercises for the class of 1917 for May 27. The class to be graduated is composed of sixty pupils. State Superintendent L. D. Harvey, of Wisconsin, one of the most eminent educators in the West will deliver the commencement address.

Dr. Knox Bacon, while riding in his runabout, on Selby avenue, yesterday, was run into by a street car. A team driver in front of the doctor became unmanageable and backing up, forced the doctor's rig on the track in front of an approaching car. The doctor escaped without injury, but the runabout was badly demoralized.

Mary Tanner, a half breed Indian, was before Judge Orr in the police court yesterday morning on the charge of drunkenness. She had been imbibing quite freely of intoxicating liquors and was in undesirable company, hence assigned to Officer Ryan for protection. She desires to go to the White Earth Indian reservation, and an effort will be made by the authorities to have her sent there.

QUARREL IN FAMILY

REPUBLICANS AT OUTS OVER THEIR ATTEMPT TO DEFEAT OBJECT OF PRIMARY LAW

IT CULMINATES IN A SPLIT

Dunn Says Hard Things of Schiffmann, and Griggs Says Mr. Dunn Does Not Tell the Truth.

There is trouble in the ranks of the G. O. P. The black clouds which are rolling over the head of Representative W. W. Dunn had their inception in the quarrel between the Republicans and the Democrats over the primary law.

While the machine Republicans, sore over the loss of their absolute control of the local party through the primary law, are forcing a repeal of the law, the Democrats of every crime from subornation of perjury to primary colonization schemes, Mr. Schiffmann, former rival of the machine, who has taken on the Democratic cause, is attacking the corporation attorney's office, were fixing up a little bill to amend the pernicious law which has robbed the old bosses of their prestige and power.

He refused to introduce the bill and thought it was forced through the senate by Senator Horton it was lost by default in the house and the Republican press jumped on Dunn. He came right back and introduced the bill, which has a split in their hands which may keep them so fully occupied for several days that their tales of a demoralized Democracy may be expected to be conspicuous by their absence.

Mr. Dunn claims the bill originated with Griggs and Schiffmann would result in permitting the colonizations which they pretended they wished to defeat, as it would have disposed of the formality of registration at the primary elections and thrown them wide open. Mr. Dunn was quoted by a Republican paper yesterday as follows:

"The effect of this voting without registration has been to allow a great amount of colonization and all the evils of the old-fashioned primary election system."

"It would have so far discredited the primary election law as to aid its enemies in forcing a repeal. That was the purpose, without a doubt, of the amendment which was attempted in the closing days of the session of the last year."

"Fred Schiffmann, an attorney at law, and Attorney Frank H. Griggs came to me three days ago with the bill that was afterwards introduced in the senate by Horton. But the only change that was made in the bill was to require thirty days' residence before voting at the primary."

"They told me they wanted the bill passed to prevent one faction of the Democrats from colonizing voters in the Fourth and Eighth wards, and said a whole lot of other things."

"I reminded Griggs that he had given opinion ten days before that the present law would require thirty days' residence, but he said that was all for a bluff."

"He then told me I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. I also told them that a number of friends of mine had been talking to me about the bill and that I had no objection to the amendment."

"I then told them that I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. I also told them that a number of friends of mine had been talking to me about the bill and that I had no objection to the amendment."

"I then told them that I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. I also told them that a number of friends of mine had been talking to me about the bill and that I had no objection to the amendment."

"I then told them that I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. I also told them that a number of friends of mine had been talking to me about the bill and that I had no objection to the amendment."

"I then told them that I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. I also told them that a number of friends of mine had been talking to me about the bill and that I had no objection to the amendment."

"I then told them that I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. I also told them that a number of friends of mine had been talking to me about the bill and that I had no objection to the amendment."

"I then told them that I would think it over and give them an answer next day. When they came around next day I told them that I had read the bill and that I had no objection to the amendment. SALOONS WILL CLOSE

PRIMARY DAY WILL BE DRY ONE IN ST. PAUL.

Practically the primary election law provides that all saloons shall be closed while the polls are open, but those have examined the provision are somewhat in doubt as to its legality.

The provision making the sale of intoxicating liquors on the day of the primary election is so bungled up that some are of the opinion that if it was violated, it would be hard to secure a conviction.

Mayor Smith has been notified by the legal department of that section which demands the issuance of a proclamation notifying the saloons to close, but as to violations for non-compliance, it is somewhat in doubt. The provision by reason of its odd wording, apparently repeats itself.

Saloonkeepers, however, realize that the law means that they shall close and say they will observe it. The saloons will have to remain closed from the opening of the polls in the morning until they close at night.

LICENSE DAIRY MEN

MANY BUTTERMAKERS FAVOR ENACTMENT OF STATE EXAMINATION LAW

STANDARD OF EXPERIENCE

Before Operating Creameries, Buttermakers Would Pass Examination for Certificate of Competency—Graded Salaries.

The buttermakers of Minnesota are beginning an agitation looking to the enactment of a law in Minnesota similar to the present law of South Dakota, which requires a person having charge of a creamery to pass an examination and obtain a state certificate or license before he is permitted to operate the creamery.

State Dairy Commissioner McConnell recently received a letter from a prominent dairymen of the state who says that a young man, with but a few weeks' experience in the creamery business had been hired by one of the neighboring creameries. The young man intended to attend the dairy school and become qualified in a short time, but upon application to Prof. Hancock he was informed that he should not be admitted. He then went to a creamery in the southern part of the state to qualify himself in one month's time. The buttermaker asks Mr. McConnell if there is not some law which will prevent such men from taking charge of a creamery, and says:

"Co-operative creameries are being established in the state, and inexperienced buttermakers are one of the greatest existing evils which have crept into the dairy system, and the cause of most dissatisfaction and ruination than all other evils. It is one of the worst of our existing features of the creamery trust."

Prof. Hancock has been warmly commended for his stand in refusing to admit many men admission to the state dairy school on account of lack of experience.

Mr. McConnell says that, much as it is to desire to have a law which will prevent incompetent men from taking charge of creameries. The only thing the department can do is to look after a buttermaker after he is put in charge of the creamery.

Must Take Time to Learn.

He believes that in taking helpers, buttermakers should have an understanding with them that they will work two years as assistant, and then take a course at a dairy school, and then be permitted to operate a creamery on their own account. He says:

"One year's experience perhaps was enough for ten years ago, but is altogether too short for a man can only learn a few of the fundamental principles of the business in one year, and the second year should be devoted to the study of the business. A man in a dairy school to learn something of the science. After such experience and training a man may be in a position to take charge of a creamery, and if he is an adept scholar, ambitious, industrious and willing to work and learn, he may make a good man with a few years' experience and a little more training."

It has been suggested that Minnesota should have a license law providing four grades, somewhat after the manner of teachers' certificates. It is argued that it would protect the good buttermakers who have prepared by years of work, and would make it an object for them to work and study to better themselves for the work. The different grades of licenses would create a graduated scale of wages according to the competency of the worker, as evidenced by his certificate.

Other suggestions are the passage of a law requiring examination and certificates guaranteeing competency, and it is believed that a similar law effecting the dairy interests would tend to improve the standard and give the profession more dignity and competence.

Congregational Club Meeting.

The Minnesota Congregational club will hold its 26th regular meeting at the Merriam Park church, Monday evening, Feb. 23, at 8 o'clock. The evening will be devoted to a social and a business session. The club is designated as "ladies' night," and supper will be served by the church.

The church is under the leadership of the Y. M. C. A. of Omaha, and E. W. Peck, state secretary of the Minnesota Y. M. C. A., will preside at the "Young Men." Miss Louise H. Richardson, chairman of the state committee of the Y. M. C. A., will preside at the "Young Women." A meeting of the executive committee will be held at 8 o'clock.

Rehearsing Irish Drama.

The St. John's Dramatic club is now rehearsing the Irish drama "Inisfail," a play in three acts, written by the club, and given Sunday afternoon, March 15, and an evening performance March 17 at St. John's school hall, corner of Francis and Forest streets.

WIFE'S INGENUITY

Saves Her Husband

The author of the "Degeneration of Dorothy," Mr. Franklin Kinsella, 23 W. 25th St., New York City, was the victim of a little byplay—but he can best tell the story himself. "I must confess that I have been the victim of an innocent deception which turned out all for the best, however."

I had been resting under the belief, for some years, that coffee served as a stimulant. I had read in the papers, and in other words, "made the wheels go round," and I had an idea that I could not work without it as a stimulant.

It was not until I was in nervousness, loss of flesh, insomnia and restlessness, none of which troubles would yield to any or all medicines. I finally got into rather a bad way and my wife took a little trip to the city and returned with a package of Postum Coffee and first gave me one-half Postum and one-half coffee. In a little time she had me down to clear Postum, and I was none the wiser.

I noticed that I was getting better, my nerves were steadier, and I began to gain flesh and sleep. My wife told me that she had been reading in a book that Postum was performed far better than in my old condition.

Commenting upon my greatly improved health one morning she said the truth, "It is to laugh." So I submitted gracefully and joined the Postum ranks.

Experience teaches that boiling is one-half the fun. The Postum directions are carried out the result will be as fine a cup of rich, fragrant coffee as ever delighted the senses without ruining the nerves."

CAR SERVICE IS BETTER

SO REPORT THE SPECIAL INVESTIGATING COMMITTEE.

The committee selected by the council to investigate the poor service furnished by the street car company some weeks back concluded its labors yesterday by reporting to the council:

"That at the time the council resolution was introduced it was a well known fact that the street car service in St. Paul was wretched. That it was equally well known that the cause of the wretched service was the fact that the council had known that the committee appointed by the council would be powerless to remedy the situation. That since the passage of the resolution and prior to the meeting of this committee the service has improved. That it is now in a substantially normal condition."

The committee was supposed to hold a meeting yesterday afternoon, but only Ald. Hanson, Ald. Hurn and Ald. Thorsen were present. After considering the situation the above resolution was drawn up.

NEW CITY ENGINEER

L. W. RUNDLETT SWORN IN, AND TAKES CHARGE YESTERDAY.

HIS ASSISTANTS ARE SELECTED

A. R. Starkey Is First and George L. Wilson Second Assistant—Several Street Commissioners Are Appointed.

After an absence of three years Leonard W. Rundlett again answers to the title of city engineer. Following his appointment by Mayor Smith, Mr. Rundlett took the oath of office yesterday, and the department was formally turned over to him by Otto Claussen.

As his assistant Mr. Rundlett named A. R. Starkey, George L. Wilson, who held that position under Mr. Claussen, and now on the staff, as the second assistant or office engineer. Street Commissioner Steeg and Building Inspector Wheeler tendered their resignations, but while they were accepted, the names of those who will fill the two vacancies were not made public. It is known, however, that Patrick Gleason will fill Steeg's job.

As street commissioners to take the places of John O. Linden, Louis F. Schultz, William Marquardt and Owen

GEN. OTIS' LAST VISIT

TEMPORARY COMMANDER OF I.O.C. DEPARTMENT TO RETIRE.

MAJ. GEN. E. S. OTIS SPENT THE DAY AT THE HEADQUARTERS OF THE DEPARTMENT OF DAKOTA YESTERDAY. THIS WILL PROBABLY BE THE LAST OFFICIAL VISIT OF THE GENERAL, OTHER AS COMMANDER OF THE DEPARTMENT OR AN ARMY OFFICER, AS HE WILL BE RETIRED MARCH 25.

"Unless something arises this will be my last official visit to
