H. W. FAGLEY, VICE PRES. AND TREAS.

Gentlemen

Of today can dress well more economically than the men of yesterday. A few years ago the particular man had to have his clothing made to order, because it was impossible to buy a ready-made garment that would give satisfaction, while today high-grade ready-to-wear clothing is in every respect the equal of high-grade merchant tailored clothing.

Our clothing is the highest grade ready-to-wear clothing in the world; it is designed by the foremost clothing modelers and tailored by expert men tailors. The fabrics used are the best produced, and no detail of high art tailoring is omitted in its make-up.

DOCTORS ENDORSE SWAMP-ROOT

DR. KILMER & CO., Binghamton, N. Y. East Atlanta, Ga., March 1st, 1901. Gentlemen—While it has never been my habit or inclination to recommend the ingredients of which are not all known to me, it seems as if I should make an exception in the case of Dr. Kilmer's Swamp-Root. My experience, so far as I have tested it in my practice, forces me to the conclusion that it is a remedy of the greatest value in all kidney, liver, bladder and other inflammatory conditions of the genito-urinary tract. I now take pleasure in patients who derive great benefit from its use. I shall continue to prescribe it in other cases in my practice with the expectation of good results. Very truly yours,

A. J. Hall, M.D.

Gentlemen—I have prescribed that wonderful remedy for kidney complaint, Dr. Kilmer's Swamp-Root, with most beneficial effect and know of many cures by its use. These patients had kidney trouble, as diagnosed by other physicians, and treated without benefit. Dr. Kilmer's Swamp-Root effected a cure. I am a liberal man and accept a specific wherever I find it, in an accepted school or out of it. For desperate cases of kidney complaint under treatment with unsatisfactory results I turn to Dr. Kilmer's Swamp-Root with most flattering results. I shall continue to prescribe it and from personal observation state that Swamp-Root has great curative properties. Truly yours,

L. Barrow Irish, M.D.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles. EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately, without cost to you, a sample bottle of Swamp-Root and a book telling all about Swamp-Root and containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing to Dr. Kilmer & Co., Binghamton, be sure to say that you read this generous offer in the St. Paul Sunday Globe. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

STATE ON DEFENSIVE

NORTHERN SECURITIES COMPANY WILL MOVE TO VACATE SERVICE OF SUMMONS

WILL BE HEARD SATURDAY

If Motion Is Granted the State Will Have No Further Recourse—Grounds for Vacating Motion.

Attorney General Douglas was served with notice on Friday night that on next Saturday attorneys for the Northern Securities company and James J. Hill will appear in the district court of Ramsey county and move to vacate the service of the summons and complaint in the suit brought by the state against the Securities company.

The defendants are represented by Young & Lightner. The motion to vacate service will be based upon three grounds: First, that James J. Hill is not, in his official capacity as president of the Northern Securities company, a Minnesota resident; second, that the Northern Securities company is a New Jersey corporation and has no property in Minnesota; and third, that the company has no agent in Minnesota to accept service of process for them. Attorney General Douglas and George P. Wilson will oppose the motion on behalf of the state.

The motion brings up the question whether the state has any recourse at all against the Northern Securities company. If the court should hold that the New Jersey corporation cannot be sued in the state courts, the action will fail, in so far as it relates to the other defendants, for the Northern Securities company will be held to be a necessary party to the action. The federal court refused to entertain the suit because the railroad companies were necessary parties, and if the state court refuses to entertain the case, the state will have no recourse.

State's Plan of Action. Attorney General Douglas yesterday gave out the following statement: "If the court grant the motion of attorneys for the Northern Securities company to vacate service of summons on the company and on James J. Hill as president, we will attempt to secure service by publication. "If this fails," he continued, "we will

ST. PAUL IS FIRST WEST SIDE PAVING

HAS LARGEST COUNCIL OF U. C. T. IN THE UNITED STATES

MINNEAPOLIS' CLAIMS NAILED

Question of Supremacy Authoritatively Settled at Last—Local Council's World-Beating Record—270 Members in One Year.

St. Paul has the distinction of being the home of the largest council of the Order of United Commercial Travelers of America in the United States.

This distinction was confirmed yesterday by a telegram from Supreme Secretary Daniels, of Columbus, Ohio, to Secretary J. M. Dresser of the local council, giving him the standing of the four largest councils in the United States. The big four are Saulty City council, 729 members; Minneapolis council, 711; Cincinnati council, 622, and the Columbus, Ohio, council, 562 members. They take the standing at the close of the fiscal year ending March 31.

While being in the lead is a distinction the local council is proud of, the victory is all the greater as it reduces to ordinary braggadocio, the claims of the Minneapolis council, which has been asserting for months that it was first. The telegram is authentic and leaves no room for further doubt.

The race for first place has been between three cities, St. Paul, Minneapolis and Cincinnati and the contest has really been on since the first of the year when the search for recruits began. Even at that date St. Paul was ahead, but some extraordinary activity on the part of the Minneapolis council infused new enthusiasm into local workers, and the result has in every way been satisfactory.

During March the St. Paul council added 114 new members to its list, and this was slightly increased during April, but in the standing given, only the number of members enrolled at the close of March was considered. Any taken in since that time are not included.

In December last the local council had 624 members and the Minneapolis council, 641, but the latter despite these figures contended that it was ahead, and with its new additions announced the fact with a great blare of trumpets. During last year the local council initiated 720 members of which number it lost eighteen. Only three members died.

ENTIRE LENGTH OF SOUTH WABASHA TO BE LAID WITH ASPHALT

CAR LINE ON CONGRESS STREET

Temporary Tracks Will Be Laid as Soon as Permission From the Council Can Be Secured.

As soon as permission can be secured from the council the street railway company will commence the laying of temporary track on Congress street in order to take care of the South Wabasha street car lines which will be out of service while that street is being paved.

South Wabasha street is to be paved along its entire length with asphalt and the work is in progress, all street car lines using that street will be sent over the South Robert street tracks. The temporary track on Congress street will afford access to points beyond South Wabasha.

It is the intention of the street railway company to equip South Wabasha street with the same kind of rails as are now being laid on Selby avenue, 30 pounds to the yard, and as soon as the track laying crew is through on the latter thoroughfare, they will be taken to South Wabasha. Men are now employed in removing the old cedar blocks and preparing for the removal of the old tracks.

Other streets that will be equipped with this class of rails as soon as the council and the board of public works decide they shall be paved, are West Seventh and Eighth streets. The latter street was among those for which bids were secured by the old board of public works, but the contract was not let, because of changes in the material demanded by some of the property owners.

A preliminary order has been introduced in the council for the paving of University avenue where the street car company also has tracks, but it is not thought that the work will be done this year.

Between extensions, paving and the laying of new tracks, the street car company expects to expend nearly half a million dollars this year.
