REFER TO "CRIME OF COLOR"

New England Orator Waxes Furious Because "a Worthy, Pure Man Is Rejected Simply Because His Skin Is Black."

WASHINGTON, D. C., April 21.—Without a word of discussion of the merits of the measure, the senate today passed the river and harbor bill, carrying appropriations of about \$70,000,000. So thoroughly had the bill been considered by the commerce committee that every senator was content that it should pass as reported from the committee.

As no senator was prepared today to begin debate on the Philippine government bill, the measure after a few minutes of informal discussion went over until tomorrow.

ENJOINS FIVE UNIONS

Judge Takes Action at Cincinnati Which Prevents Threatened Strike

COUP WAS UNEXPECTED

Effort Will Be Pushed to Have the Restraining Order Made Permanent—Long Contest Now Appears Inevitable

CINCINNATI, Ohio, April 21.—Judge Hollister today granted a temporary injunction on the petition of the brewers of Cincinnati, Covington and Newport against the American Federation of Labor, the International Union of Engineers and Firemen and the local unions of engineers and firemen from carrying out the strike that was proposed for tomorrow.

Secretary Morrison, of the American Federation of Labor, today from Washington, and after holding conferences during the forenoon with representatives of the engineers and firemen and United Brewery Workmen, it was decided that the engineers and firemen should not furnish steam for breweries where non-union men were employed after tonight.

Sheriff Gets Busy.

The brewers secured an injunction at noon, and during the afternoon the sheriff secured service on Secretary Morrison, Secretary Robert A. McKee, of the International Union of Stationary Firemen, and President Joseph W. Morton, representatives of the International Brotherhood of Stationary Engineers and the officers of the local unions of the engineers and firemen.

While the executive council of the American Federation of Labor in Washington last week decided that the engineers and firemen were not under the jurisdiction of the United Brewery Workers, it also held that the engineers should no longer furnish steam to breweries employing non-union men. The limit for this provision expired tonight, and Secretary Morrison was proceeding to execute it with an order for the engineers and firemen to strike.

Have a Five-Year Contract.

The local brewers have a five years' contract with their engineers, and made a special pleading for its observance in their petition for an injunction. They also held that the shutting off of steam for refrigerator and other purposes would entail an enormous loss on all the beer on hand. During the long lockout of many weeks the brewers have employed new men and insist on them being taken into the United Brewery Workers and retained in their service. As this would prevent the reinstatement of all the old men a contest is inevitable, and the men will contest the making of the restraining order permanent.

Gompers Discusses the Situation.

WASHINGTON, D. C., April 21.—When informed of the action of Judge Hollister regarding interference of union men with the breweries President Gompers of the American Federation of Labor, said: "We are within our lawful rights, and we propose to exercise them."

Stand by the Leaders.

CHICAGO, April 21.—Through its failure to expel the delegates of the seceding 15,000 teamsters of this city, the Chicago Federation of Labor has taken an attitude of open rebellion against the American Federation of Labor, its officers and methods. In defiance of a mandate from President Gompers and Secretary Frank Morrison of the National Body, says the Chronicle, the local labor assembly not only refused to order the expulsion of the teamsters' representatives, but went to the extent of endorsing by formal vote the stand taken by the seceders.

Calls Conciliatory Board.

NEW YORK, April 21.—Senator Hanna has issued a call for a meeting of the conciliatory board of the Civic Federation to be held in this city next Saturday, when questions between the anthracite coal miners and the operators will be taken up. Saturday will end the period of thirty days agreed upon in which negotiations were to be held, pending a settlement by the Civic Federation.

BIG FIRE SWEEPS A SECTION OF LONDON

Flames Seen for Miles—Three Hundred Firemen and Forty Engines at Work at Midnight

LONDON, April 21.—A fire broke out at Barbican tonight which proved one of the biggest since the famous Cripplegate fire of November, 1891. It began in MacQueen's hat manufactory and rapidly spread to the opposite side of the street, the wind fanning the flames, and the burning embers falling in all directions. Three hundred firemen and forty fire engines were engaged at midnight in preventing the further spread of the flames. Owing to the danger that the Aldersgate street station might catch fire, traffic was temporarily suspended on the Metropolitan railway.

The flames were visible for many miles. The guests of the Manchester hotel, adjacent to the Aldersgate street station, hurriedly left the building. Altogether three large warehouses on the south side of Australian avenue, two on the north side and buildings on both sides of New Zealand avenue were gutted. Twenty firms and shops were burned out. Two firemen were injured.

MANGLED AT SODA FOUNTAIN.

Explosion Which Fatally Injures Man—Two Children Hurt.

SHELBYVILLE, Ind., April 21.—A man was so badly hurt that he died and two children were terribly mangled by the explosion of a soda fountain in a confectioner's shop at Fairland, Ind., six miles north of here today.

The dead man was W. S. Robertson, the confectioner, who was attempting to charge the fountain when the explosion occurred. The children may recover.

HAVANA, April 21.—Former Director of Posts Estes G. Rathbone has been released on bail.

It is the duty of every Democrat to register. If you are not registered, you cannot vote. Polls open today from 6 a. m. to 9 p. m.

2,000 ATTORNEYS HOWL AND JEER A JUDGE

Haney's Attempt to Call 17,721 Cases in Chicago in a Single Day Almost Results in a Riot.

Special to The Globe.

CHICAGO, April 21.—Judge Haney undertook to call the entire circuit docket of 17,721 cases today and a remarkable scene of tumult and disorder followed. Over 2,000 lawyers tried to attend on the circuit of the docket. The court room could hold no more than 400, the hallway could not accommodate more than 1,000 other lawyers, the remainder surged about the court house.

The court room where Judge Haney essayed the unheard of feat of calling 17,721 cases in one day was packed until it was like a cauldron of seething, howling, suffocating lawyers and law clerks. All attempts to preserve order or any decent semblance of order was cast aside in the thick and stifling atmosphere. The cries of the bailiffs, the thumping of the gavels, the exclamations of Judge Haney and the jeers, cries and even yells of the crushed and sweating throng were only increased with every effort of the court to carry out the strange task of transacting business with 2,000 lawyers, less than one-fifth of which number could get into the court room.

After several hours of this confusion Judge Haney gave up the task. He had made the mistake of not announcing a limited call for today with the result that lawyers, personally or by their clerks, were compelled to rush to court to protect their clients.

HOLLAND ANXIOUS FOR YOUNG QUEEN

Wilhelmina's Condition Unchanged—Her Mother in Tears—Nation Magnifies Chances of Recovery.

THE HAGUE, April 21.—The condition of Queen Wilhelmina is unchanged. Her physicians say it is impossible to predict the date of the crisis in her illness. An extraordinary cabinet council was held today. The meeting engendered numerous rumors concerning a decision in the matter of the regency, but it is said upon good authority that this matter was not discussed at the council.

It is reported that one of the maids of Queen Wilhelmina's household has been attacked with typhoid fever.

The queen mother burst into tears when she was first told her daughter had typhoid fever. She seldom leaves the sick chamber.

LONDON, April 21.—In a dispatch from the correspondent of the Daily Mail declares the information vouchsafed the public minimizes the gravity of Queen Wilhelmina's condition, and magnifies her chances for recovery. The grief-stricken nation which loves the queen to the point of idolatry, is in a state of terrible suspense, while the politicians are agnost at the possibility of a fatal termination of her illness.

DEMOCRATS CAUCUS AS TO PHILIPPINES

Unanimously Approve of a Bill Looking to the Independence of the Islands by 1911.

WASHINGTON, D. C., April 21.—The Democrats of the house of representatives held a caucus tonight to consider the Philippine civil government bill agreed on by the Democratic members of the insular committee. The caucus lasted until shortly before midnight, when a resolution by Representative Jones, of Virginia, was adopted, unanimously approving the minority bill and requesting the Democratic members on the insular committee to confer with Democrats in order to reconcile any difference existing as to the details of a Philippine measure, with a view of reaching an agreement on one bill to be urged in both branches of congress.

Before the adoption of this resolution, the Democratic members of the insular committee explained the terms of the four separate Philippine measures now proposed. The Republican bill in the senate provides a temporary form of civil government, in effect continuing the present system. The Republican house bill proposes a complete form of civil government, with a Philippine legislature.

The Democratic bills, both in the senate and in the house, look to ultimate independence of the islands, but the house measure goes more in detail on the period preceding independence, fixing July 4, 1911, as the date for complete insular independence. It is with a view to reconciling the details of the two Democratic measures that the resolution were adopted tonight.

SEVEN DEAD EIGHT DAYS BEFORE FOUND

Whole Chicago Colored Family Perishes in a Crowded Tenement House in State Street.

CHICAGO, April 21.—Dead in a stuffy bedroom, in a crowded tenement quarter in State street, the bodies of an entire colored family, numbering seven persons, were found tonight gnawed by rats and in an advanced state of decomposition. The police inclined to a theory of murder and suicide by poison.

The family is that of Jones Butler, an upholsterer, and consisted of Butler, his wife and five children. They had been dead for eight days.

DUMONT DISCUSSES HIS PLANS

Meets World's Fair Officials and Scientists to Settle Contest Conditions.

ST. LOUIS, April 21.—M. Santos-Dumont, the Brazilian aeronaut, today held a conference with world fair officials and several scientists for the purpose of deciding the conditions for the aerial contest to be given at the Louisiana Purchase exposition.

Those with whom Santos-Dumont met were Charles W. Knapp and Nathan Frank, chairman and member, respectively, of the world's fair subcommittee on aerial contests; F. J. V. Skiff, director of exhibits, and Walter F. Stevens, secretary of the Louisiana Purchase Exposition company; Prof. Rotch, of Harvard university; C. D. Mosher, of New York; Prof. C. M. Woodworth, of Washington university; Willard A. Smith, chief of transportation of the world's fair, and others.

HEAT RISES TO 103

Great Torrid Waves Sweep Over Kansas and Other States of Southwest

GROUND NEEDS WATER

Chicago Grain Speculators Becoming Anxious for the Crops—Nevada, Wyoming, Idaho and Southern Montana Get a Snowstorm.

OMAHA, Neb., April 21.—Reports received today from points in the state show a greater degree of heat Sunday than first reports indicated. This climax was at Fairbury where the mercury reached 103, at O'Neill and Ashland it was 95; at Fremont, 96, and at Tecumseh, 94. Clouds late today relieved to some extent the extreme warmth, and indications are for cooler tomorrow. Director Loveland, of the government crop bulletin, said today that wheat in this state is in no danger. The recent copious rains, said he, have left the plant in good order, and in condition to withstand much more severe weather.

Dispatches received tonight from points in the Black Hills tell of rain and snow. At Deadwood five inches of snow had fallen since morning and Rapid City reported an equal amount at Belle Fourche, 30 miles north of Deadwood, a heavy rain fell during the evening. The snowfall, however, is not low and the temperature will not prove serious. Dispatches from Eastern Iowa tell of a hot wind and Des Moines reports a maximum temperature of 87 with a 30-mile wind. The maximum for this city was 85 degrees, which was reached at 4:20 p. m.

Wheat and Rye Need Rain.

LINCOLN, Neb., April 21.—High temperatures continued through Nebraska today, the highest reported being at Rulo, 90 degrees. In Lincoln the maximum was 85. The heat record for the month of April for eastern Nebraska in Lincoln both yesterday and today. High hot winds, which prevailed all day and into the night, added to the discomfort. Wheat and rye are suffering from lack of moisture, and unless rain comes soon the damage will be considerable.

Wind High and Hot.

TOPEKA, Kan., April 21.—The dry, hot wind of yesterday was not in the least abated in force today. While cooler, the wind has been blowing at the rate of thirty-five miles an hour. No rains of any consequence are reported. The ground is very dry. Temperatures yesterday ranged from 100 degrees down to 90. Last year's maximum April temperature was 87. There are indications of scattering showers tonight.

Heat Excessive in Kansas.

KANSAS CITY, Mo., April 21.—The hot southwest winds which swept over Kansas yesterday prevailed again today, and reports of rain have been received at the local weather bureau. Increased damage to vegetation of all kinds will doubtless result. The temperature at Florence and Abilene, in Central Kansas and Hiawatha, in the northeastern corner of the state, ranged from 90 to 95 degrees above in the shade yesterday. The ground generally is reported dry and hard and in need of rain. The mid-summer weather experienced in Kansas City yesterday, when the thermometer rose thirty-two degrees in seven hours, from 59 to 91, prevails today, with perhaps slightly cooler wind.

Promises to Break Record.

ST. JOSEPH, Mo., April 21.—The hot wave which struck this city yesterday continues and at 7 o'clock this morning the thermometer stood at 76 degrees. Two hours later it had crawled up to 82, with prospects of reaching record-breaking heat. Intermittent storms of dust accompanied the heat.

Breeze at St. Louis.

ST. LOUIS, Mo., April 21.—The hot wave that first made itself felt west of here yesterday has reached St. Louis, and between 1 and 3 o'clock this afternoon maintained the maximum temperature of 88, a rise of 25 degrees in six hours. A cool breeze sprang up later and the thermometer dropped several degrees. There are prospects of local showers.

Chicago Speculators Anxious.

CHICAGO, April 21.—Chicago is feeling the effects of the hot wave that developed in the West recently. Relief, however, for a great portion of the Central West is expected today. Prof. Walz, of the United States weather bureau says a storm area of considerable magnitude is gathering over Missouri, Iowa and Illinois. Because of the excessive and unreasonable warmth, thunder showers are expected. Particular interest in the weather is manifested by local grain speculators and many have expressed the fear that unless rain comes to the relief of the winter wheat fields troubles times will ensue on the board of trade.

Snowstorms in Several States.

SALT LAKE, Utah, April 21.—Nevada, Wyoming, Idaho and Southern Montana and parts of Utah and Colorado are experiencing a snow storm that at some points has taken on the proportions of a blizzard. Snow began falling last night and still prevails to a greater or less extent over almost the entire intermountain region. At Lima, Mont., six inches of snow has fallen. High winds and low temperatures are reported from many points.

Too Wet in North Dakota.

Special to The Globe.

GRAND FORKS, N. D., April 21.—A drizzling rain fell during the greater part of the day and drying winds will be needed to put the fields in shape for seeding again. In many sections work had just begun.

BIG ELECTRIC STORM RAGES IN BERMUDA

Eleven Inches of Rain Falls—Hailstones Damage Crops—Lowlands Are Flooded.

HAMILTON, Bermuda, April 21.—An electric storm raged here last night and there was an unprecedented rainfall of eleven inches. The crops were damaged by hailstones the size of limes. The lower lands of the city and the island generally were flooded. The roads are impassable in parts of the country.

A full Democratic registration means an overwhelming Democratic victory. The polls for registration are open today from 9 a. m. to 9 p. m.

WIFE'S AFFECTIONS VALUED AT \$10,000

Luverne Man Seeks Relief From Court After Attempting to Shoot Defendant.

Special to The Globe.

LIVERNE, Minn., April 21.—Suit was commenced this morning in the district court by Otis Popendick against James Fitzgerald for \$10,000 damages for alienation of his wife's affections. The suit is the outcome of alleged improper relations between Fitzgerald and Mrs. Popendick, extending over a period of a year.

Yesterday morning Popendick attempted to shoot Fitzgerald, but missed him. Both families are highly respected. The suit has caused quite a sensation.

DASHED TO DEATH BY A WHIRLWIND

Farmer Living Near Decatur, Ill., Receives Fatal Injuries While Driving Along a Road.

DECATUR, Ill., April 21.—Solomon Weigh, a prominent farmer living six miles west of Decatur, died today as the result of injuries received in a peculiar whirlwind Saturday. Weigh was in a wagon in the road, passing William Schultz is a buggy, when a whirlwind dropped down on the vehicles and tore them to pieces.

Weigh was struck on the head by flying debris, but Schultz was unhurt. One of the horses died from fright. There was no other damage of consequence from the storm.

PRaises DANISH EMIGRANTS.

Minister to Denmark Swenson Speaker at Banquet.

COPENHAGEN, April 21.—The United States Steamship company gave a banquet tonight on board their new 10,000-ton steamship, Oscar II., at which the members of the Danish cabinet and the diplomatic corps were present.

L. S. Swenson, the American minister, spoke in complimentary terms of the high

FOURTH WARD BALLOT BOXES ARE SYSTEMATICALLY STUFFED BY REPUBLICANS.

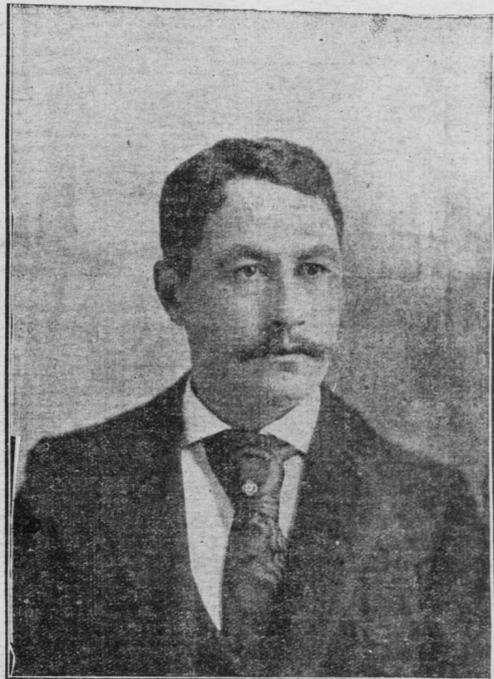

STOOP TO VILEST CRIME

Democratic Committee Uncarths Uncontrovertible Evidence of Opposition's Plot Against the Ballot.

A dastardly attempt to defeat the integrity of the ballot and elect a Republican alderman from the Fourth ward has been unearthed by the Democratic city and county committee. The committee has indisputable evidence that Republicans employed a corps of systematic repeaters at the primary election in the Fourth ward.

The system which was employed in the registration of illegal voters at the primaries, and the character of the anti-primary fight which was waged in the

JOHN H. HEALEY, Democratic Candidate for the Assembly.

John H. Healey, Democratic candidate for the assembly, who has been dangerously ill at St. Joseph's hospital, is one of the representatives of the party who have done so much to assist in the progress and permanent prosperity of St. Paul.

Mr. Healey is still a young man, but is recognized by his associates in business and his large circle of friends as a man of great executive ability and unimpeachable integrity. Mr. Healey's illness will prevent him from taking any active part in the campaign, in which his associates candidates expected a great deal of assistance from him. His interests are not being allowed to suffer, however, by his absence from the field. All of the candidates keep his name before the public, and when the ballots are counted his popularity will be proved by a handsome majority.

class of citizens furnished the United States by Danish emigration. His remarks were enthusiastically received.

\$20,000,000 FOR AN UNDERGROUND ROAD

A. J. Cassatt and Others Arrange to Operate by Electricity a Line Through Subways.

ALBANY, N. Y., April 21.—The Pennsylvania, New York & Long Island Railway company was incorporated today with a capital of \$20,000,000 to construct and operate an underground railway in New York and Queens counties, to be operated by electricity or other suitable power. The directors include A. J. Cassatt and Clement A. Griscom. Mr. Cassatt subscribed for 75,000 shares, and the other directors for 2,000 each. The company's principal office is in New York city.

Continued on Eighth Page.

CARDINAL SARTO.

Prelate Whom the Pope is Reported to Have Intimated May Be His Successor.

tion bill. In addition to the regular items, it contains a provision for the extensive improvement of the grounds and buildings at West Point. These improvements are to cost \$5,500,000, of which a little over \$3,000,000 is appropriated in the bill.

During the general debate on the military academy bill, Gilbert (Ky.) precipitated a discussion on the race question which was participated in by Gillett (Mass.), Blackburn (N. C.), Kitchin (N. C.) and Gaines (Tenn.). Cochran (Mo.) and Gillett discussed the question of the alleged violation of the neutrality laws in connection with the shipment of mules and horses to South Africa.

Mr. Gaines (Tenn.) asked if the governor of Massachusetts when he went to the Nashville exposition, declined to take with him a member of his staff who was a negro.

Why the Colored Man Didn't Go.

"If he did," replied Mr. Gillett, "it was because he did not want to wound the sensibilities of the people of Nashville." Proceeding Mr. Gillett explained that in New England they could understand the prejudices in the South against the negro, against negro domination, but the people of his section insisted that social ostracism should not be visited on those who did not share these prejudices. When a negro man raised himself above his fellows and led a pure, clean, manly life, he thought his worth should be recognized. He did not sympathize with a state or society which accepted a man who was black. He objected to making unpardonable the crime of color. "Do not dodge the issue," cried Mr. Gaines, "did you ever invite a negro to your table?"

"I never have," replied Mr. Gillett, "but I never have been mean enough to criticize a man who has done so." (Republican applause.)

The agricultural appropriation bill was reported.

A resolution was adopted to authorize the admission free of duty of the replica of the statue of Rochambeau.

BANKER BUYS DENVER TIMES.

David H. Moffatt Gets a Newspaper—New Company to Get It.

DENVER, Col., April 21.—The Denver Times was sold today by its bondholders for \$110,000. David H. Moffatt, president of the First National bank, being the purchaser.

A new company will be immediately organized to purchase the paper from Mr. Moffatt. It will be continued as a Republican newspaper.
