NEARING THE END

Closing Arguments in Galleghugh Murder Case Will Be Made Today

FATHER AS A WITNESS

Mrs. Galleghugh Swears Positively That Collins Had a Knife in His Hand When He Was Shot.

Yesterday afternoon at 3 o'clock the state of the testimony in the case of the murder of Herbert G. Galleghugh for murder had been introduced in court, and the jury was made acquainted with all the details connected with the crime.

As the attorneys could not finish their arguments during the day it was deemed best to adjourn court until 10 o'clock this morning, when the respective sides of the case will be presented by the counsel to the jury.

At the convening of the morning session yesterday, in the office of the clerk of the witness stand, and State Attorney Boardman, in his cross-examination took her step by step through all the unpleasant incidents which connected her so closely with the case. During the entire cross-examination her testimony on direct examination could not be shaken.

She testified regarding the witness stand, Collins after the unpleasant affair in the laundry and admitted that she had spoken to him, but it was in the performance of her duties at the place, in a measure she had to take a certain course.

Collins Had a Knife. She was positive that Collins had a butcher knife in his hand, and showed the jury the manner in which he held it, and also said that the knife did not fall from the floor until after the second shot had been fired.

Collins was called, but nothing further than what was introduced yesterday could be elicited from him. He described Collins' approach as being stealthy, and in a crouching manner.

James G. Stewart, a Milwaukee freight brakeman, was sworn and identified the revolver as one which Galleghugh had in his possession for several months.

Dr. Galleghugh, father of the prisoner, was sworn, but was not allowed to testify as an expert as to the emotional tendencies of his son.

Detective Brackett was summoned by the state, but placed on the stand by the defense, the purpose being to impeach the testimony of Anna Amstutz and Emma Anderson, who are reported to have denied that they knew anything about the shooting except by hearsay.

Arthur Parks was called by the defense simply to identify a close friend of Collins. On cross-examination he testified that he was the first person in the room when the shooting took place, and that he had seen a knife on the floor near Collins' body.

Anna Nelson, a friend of Mrs. Galleghugh's, testified as to some minor differences in the conversation between Miss Amstutz and Mrs. Galleghugh regarding the shooting.

Jennie Johnson, another employee of the hotel, gave some testimony which was at variance with the testimony of the defendant in a session which was held the day prior to the shooting in the rooms set apart for the help, where it was said that Collins had made the remark "that he would just as soon kill a black devil as not," she claimed that he made no such remark. Miss Johnson was the last witness called.

Today will be taken up almost entirely with the arguments of the counsel and the judge's charge to the jury.

PASTOR BEING TRIED ON SERIOUS CHARGE

Mrs. Alice McGregor Claims That Rev. R. Brown Thrice Took Liberties With Her.

Rev. Richard Brown, pastor of the Fremont Avenue Congregational church, is the defendant in a serious and damages suit which is now being tried in the district court before Judge Brooks and a jury.

The plaintiff is Mrs. Alice McGregor, a comely young woman twenty-five years of age, who was for some years an adherent at Mr. Brown's church. She alleges that on three separate occasions the defendant committed an attack upon her, the first occurring in the church parsonage and the other two at her home, and she asks the court to award her \$5,000 damages as a pain for the sufferings, mental and physical, which these attacks occasioned.

An effort was made yesterday by A. B. Jackson, attorney for the defendant, to induce the court to order the court cleared of spectators, but Freeman P. Lane, attorney for Mrs. McGregor, objected to this, and during the entire session yesterday afternoon the room was filled by a large crowd, among which was a goodly number of the members of the church.

The defendant's wife was also at the trial and watched the proceedings with much interest. Mrs. McGregor's parsonage and her sisters were also in attendance.

Mr. Brown was put on the stand yesterday afternoon and testified to having made calls at the house occupied by Mrs. McGregor on the dates the assaults were alleged to have been committed. One of the visits, he said, was a pastoral call and lasted only a few minutes. The other was made on a Mrs. Anderson, liv-

ing on the first floor of the house. He came there to see about some flags to be used in decorating the church, and incidentally met Mrs. McGregor. He said that he never attempted to be familiar with her.

GAVE OFFICER HARD TUSSELE.

Two Women Are Arrested, Charged With Shoplifting.

Two alleged shoplifters, Ella Howard and Annie Miller, yesterday afternoon gave Special Detective Shaft, of the Powers Mercantile company, one of the hardest fights he has had. The officer became the special guardian of the interests of that firm.

The two women were followed out of the store by the special officer, who suspected them of "lifting" some articles from the various departments of the store. He followed them down Nicollet and into one of the large dry goods stores. When he saw the store one of the women became aware that they were being followed, and with her companion fled from the store. They were closely followed by Detective Shaft.

The officer followed them until they broke and ran, leaving many articles that had been apparently taken from the store lying on the sidewalk. The officer gathered up the articles in one hand and tried to hold on to the women with the other. The Miller woman attacked him and tried to free her companion. He appealed to citizens for help, but instead of taking his part they took the part of the women.

Patrolman Flood arrived on the scene just in time to prevent the women from escape, and they were finally landed in the lock-up, charged with petit larceny. They will be given a hearing in the municipal court this morning.

INJUNCTION WORKS WELL.

Chinese Restaurant No Longer Connected With "Picketers."

The injunction of the federal court, restraining the Cooks' union from interfering with Wong Yui, the Chinese restaurant keeper, is said by Attorney Harlan P. Roberts, who represented the complainant in the case, to have proven entirely successful.

Mr. Roberts says the business is now going forward satisfactorily, and that no interference is being attempted, either by picketing or boycotting purveyors.

Nevertheless, there is a possibility that for damages may be brought against the "picketers." This is admitted by Mr. Roberts.

During the trial it was claimed by the complainant that his business had lost \$2,500, and that half of his trade had been destroyed.

MOBILE, Ala., April 22.—The surrender of Boca del Toro, April 17, has been reported by cable. The fruit steamer Hispania and Mount Vernon, arriving here today bring news of the battle and also of the successful effort to secure return of the American launches, seized by the Liberals.

Upon the report that the Liberals were marching on the city in overwhelming numbers, the American residents were greatly alarmed and appealed to the commander of the United States gunboat Machias for protection. The women and children were speedily taken aboard the gunboat, but the men preferred to remain and look after their places of business.

To protect these a number of marines were landed and a picket line drawn around the American business quarter. President Desires to Exhaust All Other Methods Before Increasing Armed Force in the Island of Mindanao.

MANILA, April 22.—Two engagements have been fought between the American troops and the Moros of the island of Mindanao during the last twenty-four hours. Moore, of the Twenty-seventh infantry, while out with a small party hunting for warter, was fired upon at long range. Lieut. Col. Frank D. Baldwin, with a battalion of troops and a mountain gun, went to the assistance of Moore's party and drove off the Moros, who lost seven men. The firing was at 1,100 yards' range.

The Moro villages were flying red flags, meaning that they intended to fight to the uttermost.

Later Sultan Pualo and a force of natives attempted to recapture the ground gained by the Americans, but the Moros were routed.

WASHINGTON, D. C., April 22.—The war department instructed Gen. Camfies to delay the departure of the proposed expedition into Mindanao until after the receipt of further directions from Washington. Meanwhile, however, that portion of Gen. Davis' command which was selected for the journey will still be held in readiness, and is being kept up to the point of actual departure will be made.
