A REAL OPENING DAY

St. Paul Baseball Enthusiasts Plan Welcome for the Saints

DOUBLE-HEADER TODAY

Kelley's Men Play Two Games With Louisville This Afternoon—Another Brace Tomorrow.

Table with columns: Played, Won, Lost, P.C. for various teams like Columbus, Louisville, St. Paul, etc.

Games Today.

St. Paul at Louisville, two games, Minneapolis at Indianapolis, Kansas City at St. Louis, Milwaukee at Columbus.

The promoters of the St. Paul diamond of the order of the Order of Baseball Rooters are now confident that the local diamond is to be the premier diamond of the country.

The fans present at the meeting Monday night were anxious to make the organization a permanent one, but after listening to several explanations they voted to give it the name of the Order of Baseball Rooters.

This chance will be extended to all fans Friday night when the second meeting of the diamond will be held at Sherman hall.

If the plans now being considered by the committee on arrangements are carried through the St. Paul diamond of rooters will make the local opening day of the opening game next Saturday afternoon.

Mayor Smith has already promised the management of the team that he will open the St. Paul season and the fans will be able to claim that the season was opened by one of the members of the Order of Rooters.

In Columbus, the town now boasting the strongest team that has ever been known as the John Grim diamond.

St. Louis Judges Turn Down National's Application for Injunction

CONTRACTS NOT VALID

Missouri Justices Declare the Player's Agreement is Lacking in Mutual-ity.

ST. LOUIS, Mo., May 6.—In circuit court rooms numbers six and seven, presided over respectively by Judges Fisher and Talty, the application for an injunction made by the National League to restrain Shortstop Wallace, Pitcher Harper and Center Fielder Heidrick from playing with the St. Louis American league team was denied in all three cases today.

The decision in each case is based on a lack of mutuality of the contract its violation of public policy and its showing of the existence of a combination in violation of the anti-trust laws.

"We are referred to a recent decision in a case similar to this against one LaJoie in Pennsylvania, where the writ of injunction was issued. Decisions of the courts of other states are persuasive, but they are not binding on us here."

And furthermore, it is sufficient to say that it is apparent from a reading of that decision, that the plaintiff's evidence there was quite different, much stronger than that adduced at the hearing of this case.

Contract Lacks Mutuality. "Again, it is contended, and we are of the opinion that the contract is lacking in mutuality. Defendant is bound as with bonds of steel for the entire contractual period, while section 4 gives the plaintiff power, at his option, to expel defendant, which means to cancel the contract, for certain enumerated acts or reasons, all of which the defendant is not bound to do."

League Controls Players. "We will pass from defendant's contention that the provisions of the contract are as a whole—which includes the league constitution, rules and regulations which paragraph 14 are made a part of the agreement—back to section 4, which is exclusive and arbitrary judge and section 14 gives him the right to end and determine all its liabilities and obligations thereof by simply giving the defendant twenty days' notice of his intention to do so. Numerous cases expressly hold that courts of equity will ever interfere to enforce a contract where the power to revoke or terminate the same is given to either party to the agreement at his option."

Personal Liberty, which is guaranteed to every citizen under our constitution and laws, consists in the right to go where one pleases, and when, and in what manner, which may lead to one's business or pleasure, only so far restricting it as the rights of others make necessary.

LAJOIE APPEAL IS REFUSED. Crack Infielder and Pitchers Bernhard and Frazer Must Obey Injunction.

PHILADELPHIA, May 6.—Common pleas court today entered a decree refusing to allow the appeal taken by the St. Louis American League Baseball club against the injunction of the Philadelphia National League club until a final settlement of their case is made. The purpose of insuring the Philadelphia National League club, the complainant against all damages and losses and as a time, 1:57; umpire, Sheridan.

DETROIT, Mich., May 6.—Detroit-St. Louis, no game; rain.

SEVENTH RACE. Former President of Old League Answers Court's Order and Explains That His Organization is in No Way Interested in Making Contracts With Players.

WASHINGTON, May 6.—N. E. Young, the secretary and treasurer of the National League and American Association of Baseball Clubs, today filed the answer to the writ of injunction issued by Judge Bradley requiring it to show cause why it should not be enjoined from interfering with the members of the Washington club, of the American league, to prevent them from participating in baseball games.

The answer denies that the organization is incorporated, and says only that it is a club, and is not incorporated. It denies the jurisdiction of the supreme court of the District of Columbia over any of the clubs associated with the National league.

Among other things, says the league does not make any contracts whatever with ball players, and that players, Wolverson, Townsend and Delehanty are under contract with the Philadelphia club, but that the National league has no intention to interfere with these four players, and no contract exists between them and it.

Philadelphia club may wish to what the contract with the Philadelphia club to do to enforce its alleged equitable rights.

WEATHER AND THE CROPS. GOVERNMENT SIZE-UP OF THE GENERAL GRAIN SITUATION.

Favorable Conditions in Most Sections East of the Rocky Mountains During the Past Week—Corn Planting Interfered With in Iowa and Wheat Seeding Behind in Minnesota and North Dakota.

WASHINGTON, D. C., May 6.—The weather bureau's weekly summary of crop conditions is as follows:

Nearly the entire country east of the Rocky mountains has experienced a week of highly favorable temperature conditions and the central valleys, lake and Gulf of Mexico regions, and portions of Texas and Oklahoma have received generally ample rains, but in places it has been unevenly distributed.

Excessive rains have retarded farm work in the northern and central and northern portion of the spring wheat region, while the central and east gulf states and portions of the South Atlantic are in need of water. The middle and southern Rocky mountain regions continue to suffer from severe drought with disastrous effects to crop and livestock.

The western portion of the plateau region and on the Pacific coast the week has been decidedly cool with heavy frosts in the plateau districts. Dry and warm weather is much needed in Washington and Oregon.

Corn Planting in South Dakota. Except in portions of Iowa and Minnesota, where corn planting has been interfered with by heavy rains, this week has made very favorable progress in the states of the central valleys and the early planting in portions of the west.

Some planting has been done in South Dakota and planting will be commenced this week in Michigan. Preparation in portions of the extreme northern portion of the corn belt has advanced and the soil is in generally excellent condition.

In the Southern states corn has made favorable progress, though needing rain in portions of the east gulf districts. Moreover, the early opening of navigation for the early opening. The Duluth and Iron Range have the list with a dock tonnage of 448,925, the Missabe comes next with 314,497 and the Eastern has 215,900 to its credit.

Much better dispatch of vessels is now being given the ore shipping roads at their docks, and as a result the volume of traffic has gained greatly during the past week, and is still growing. The Duluth and Iron Range road, at Two Harbors, is dumping into its dock pockets from 25,000 to 30,000 tons of ore a day. The average inland is now getting to run nearer the latter figure. For some time previous to the past few days receipts

IMMENSE GAIN IN IRON ORE SHIPMENTS. Nearly Million Tons Have Been Shipped Before Usual Opening of Season.

Shipments of iron ore from the three Duluth ore road dock systems for the month of April total 973,333 tons. This amount practically to a gain of 200,000 tons over the corresponding season, that much tonnage for has never been any movement of ore to speak of from Duluth, Alouez, bay or Two Harbors in the month of April. In April of 1919 the average inland is now getting to run entirely upon independent mines that also affected its record for the month.

In a general way, the April shipments were affected by incompletion of dock improvements that would have come to them, and more largely, perhaps, to poor dispatch of vessels and irregularity of supply of tonnage owing to the tug strike and the unpreparedness of vessels for the early opening. The Duluth and Iron Range have the list with a dock tonnage of 448,925, the Missabe comes next with 314,497 and the Eastern has 215,900 to its credit.

TRIBUTE TO MEAT TRUST

BOARD OF CONTROL LETS CONTRACTS FOR SUPPLIES

Meat Contracts Are \$3,500 Higher Than for Last Quarter—Seventeen St. Paul Bidders Are Successful—Only Nine Contracts Awarded Outside of Minnesota.

Minnesota has paid tribute to the meat trust in a very material way. The state board of control yesterday awarded contracts for supplies of all kinds for all state institutions for the coming quarter. Chairman Leavitt said: "The advance in the prices of meats from Feb. 1 to May 1 means to the state an additional cost of \$3,513.01. Of this \$3,162.89 was on beef products and \$341.91 on pork products."

The board cancelled all bids for cheese, believing that article too high, and they will buy it on the open market later on. All bids on paints were cancelled because they were too indefinite. Of the contracts awarded yesterday only nine were from outside the state. Seventeen of the successful bidders are St. Paul merchants. The awards were as follows: Test-McCormick, Dubuque & Co., St. Paul; Coffee-Sprague, Warner & Co., Chicago; Baking Powder-Foley Bros. & Kelly, St. Paul; Syrup and Molasses-Griggs, Cooper & Co., St. Paul; St. Cloud Grocery company, St. Cloud; Theopold Mercantile company, Faribault; Minnesota Mercantile company, Stillwater; Sugar-Griggs, Cooper & Co., St. Paul; Soap-Rochester state hospital, Rochester; Minnesota Soap company, St. Paul; Oils-Standard Oil company, Minneapolis; Soda-Northrup, King & Co., Minneapolis; L. DAWSON SALE IS CONTINUED. Judge Jagard Refuses Offer Made by the Chicago Company.

Judge Jagard filed an order yesterday afternoon rejecting the offer of Cole & Milnor of Chicago, on the Dawson claim. The offer of the Chicago firm was some \$5,500 in advance of the price for which the property was sold, but as it was made after the sale was actually concluded, the court holds that the offer cannot be legally accepted.

REVEALED BY A SUNKEN BOAT. MARINETTE, Wis., May 6.—It is thought that the great mystery of this region, the disappearance of Charles Martin and two fishermen who left this port in a sailboat ten years ago, may be cleared up. While trying to raise a sunken boiler near Green Bay, Capt. Thomas Isbell, of the steamer Rumbell, ran across a sunken boat, similar to the one used by Martin. He will raise the sunken boat.

Martin and the two fishermen have never been heard of since they left Marquette, ten years ago, and there has been no trace of their boat. Martin was a prominent business man and a son-in-law of H. W. Lawrence, a wealthy lumberman of Sturgeon Bay.

WORK ON NEW CAPITOL. Contracts for Ornamental Iron Work and Plastering Are Desired by Many.

Bids were opened yesterday by the capitol commission on the ornamental iron work and plastering of the new state capitol. The bids received were as follows: Plaster—M. E. & A. M. Smith, Minneapolis, \$89,245. Metal Ryan company, St. Paul-Plaster, \$33,590; adamant, \$89,590; Zenith plaster, \$32,590. Plaster Bros., Chicago—Plain plaster, Imperial plaster of Kallotte, \$91,590. Lenox, Halderman & Co., Chicago—Plaster, \$89,625, either Zenith or Imperial, \$77,625. Ornamental Iron Work—Twin City Iron works, Minneapolis, \$32,250. F. R. Smith Wire and Iron works, Chicago, \$38,920. Herzog Iron works, St. Paul, \$34,955.

The bids were submitted to architect Cass Gilbert to be scheduled. Mr. Gilbert reported to the commission that the latter on the dome of the new capitol will be completed by May 15, and that by the end of the present month all scaffolding and framework will be removed.
