RATE MEETING HELD

Executives of Western Roads Discuss the Situation at Chicago

LAW IS BEING EVADED

It Is Said That the Railroad Compapies File Special Tariffs With State Commission, Thus Getting Around Injunction.

CHICAGO, May 6 .- Executive officers of Western roads met here today to dis-cuss the rate situation.

The object of the meeting is to prevent The object of the meeting is to prevent freight rates from going to pieces. Officially it is stated that rates are in no way threatened, being maintained in strict conformity with the injunction of

the federal circuit court. As a matter of fact since the injuncbeen made to the law. However, when a read wants to secure a big shipment by cutting a rate a special schedule is filed with the interstate commerce commission and the road is safe within the law. Since the injunctions were issued more than 600 such tariffs have been filed. It claimed that these tariffs have been filed to take care of contracts obtained before the issuance of the restraining order and that all such contracts will soon

WHEAT AND FLOUR RATES EQUAL.

Request of the Northwest Millers Granted by the Milwaukee Road.

At last the plea of the millers for equal swered. The Milwaukee road took the initial step, and it is expected that the other Western roads will follow its lead. This placing of the export flour rate on the same basis as the rate on wheat will save the millers of the Northwest millions

every year.
Millers have held for years that if the same rate was made on flour as on wheat that the grain would not be shipped out of the United States, but would be made into flour here. President Roosevelt, congress and the interstate commerce commission have all been appealed to by the millers to use their influence toward an adjustment of the rates.

The rate from St. Paul and Minneapolis

on both flour and export grain is now 201/2 cents; formerly it was 23 cents on flour. The rate of 20% cents applies to part lake and part rail shipments. From St. Paul the rate on flour for export by all rail is 5 cents and on grain 17% cents.

A correspondent writes that when the United States ambassador, George Von L. Meyer, first heard the news he was "inclined to let justice follow its course, but on second thought, he was touched by robable ruin of the future career of the American officers and therefore appreached the foreign minister, to arrange natters, if possible.

The action of the American consul at Venice, Henry A. Johnson, was much criticised by some people, as showing "want of tact;" but according to reports which have now arrived here, he acted in the most energetic manner, and with proper backing would have had the officers returned to their ship. The consul's failure to exercise "tact" seems, according to the correspondence from Roms to have been failure to "offer immediately, adequate pecuniary compensation for the damage done and to those who were wounded in the fight."

Failed Wall Street Brokers Are Trying to Pull Themselves Together

IN DREAD OF BANKRUPTCY

Offenbach & Moore, Representative of Arthur L. Meyer, Have Not Yet Regularly Assigned or Failed and Probably Will Not.

NEW YORK, May 6.-Wall street recovered very generally today from its demoralization of the previous day. The stock market made all-around recoveries with active trading at the close. Cal money, which rose to 20 per cent on Mon day, did not advance beyond 12 per cent,

and closed at 6 per cent.

There were no important developments in the affairs of the three stock exchange houses, whose suspension followed the col-lapse in the securities controlled by Dr. W. Seward Webb and Arthur L. Meyer The assignees were at work on the books of Henry Bros. & Co. and Lockwood, Hurd & Co. Both said they were unable to give even an approximate estimate of liabilities and assets. It was intimated that assistance would come to both of these concerns, but just how of when was not made clear. E. T. Perine assignee for Lockwood, Hurd & Co., was quoted as saying that the firm's obligations were not in excess of \$500,000. Speak

ing for the firm one of its confidential employes said this afternoon:
"Things look much brighter for us now

Lockwood, Hurd & Co. held at the time of their suspension about \$400,000 of Webb-Meyer stocks. Whether or not these will be taken over by their promoters could not be learned. J. Adriance Bush, assignee for Henry Bros. & Co., expects to file a schedule of liabilities and assets shortly. This firm's resumption of business is largely contingent upon any assistance they may receive from Dr. Webb and Mr. Meyer. Henry Bros. & Co. hold about the same amount of Webb-Meyer securi-ties as are held by Lockwood, Hurd &

Mr. Meyer declined to discuss his affairs or those of the companies in which he and Dr. Webb are interested. He admitted having conferred with Dr. up town early in the day, but wou¶ say nothing more. An official of the Hacken-sack Meadows company said: "Dr. Webb and Mr. Meyer had another meeting to day, and the prospects of a favorable tlement of all existing troubles are excellent.'

Struggling Against Bankruptcy. It is perhaps significant that Offenbach & Moore, while insolvent from the stock exchange point of view, have not yet regularly assigned or failed, as is the case with the other firms whose suspension was announced yesterday. This is re-garded as an indication that the firm is making strenuous efforts to keep out of the bankruptcy courts. A petition to have Offenbach & Moore adjudged involuntary bankrupts was filed in the United States circuit court today, with claims from three individuals aggregating about \$4,-500 for moneys loaned. The claim is made that the firm, while insolvent, disbursed to certain preferred creditors the sum of

\$5,000. The appointment of a receiver was asked by counsel for the plaintiff.

The general situation was somewhat ment to purchase all of a certain block of Rutland railroad preferred at 108. As a ceived here from Rome give a very dif-ferent complexion to the arrest of the matter of fact, the firm had not with-American naval officers at venue. They say that instead of thanking the king of Italy for his elemency in pardoning the Americans, the United States should dead at 102 from certain parties." These instructions had been earlied out it was

the exchange and in the "outside" mar-ket was very light.
