

DID NOT KNOW SHE HAD KIDNEY TROUBLE

Thousands Have Kidney Trouble and Never Suspect It. Gertrude Warner Scott Cured by the Great Kidney Remedy, Swamp-Root.

Vinton, Iowa, July 15th, 1901. Gentlemen—In the summer of 1893, I was taken violently ill. My trouble began with pain in my stomach and back, so severe that it seemed as if knives were cutting me.

Women suffer untold misery because the nature of their disease is not correctly understood. In many cases when doctoring they are led to believe that womb trouble or female weakness of some sort is responsible for their ills.

Sample Bottle of Swamp-Root Free by Mail. EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail, immediately without cost to you, a sample bottle of Swamp-Root, and a book telling all about Swamp-Root and containing many of the thousands upon thousands of testimonial letters received from men and women cured.

NUMBER OF GRADUATES

Out of Ten Thousand Only 26.4 Per Cent Have Been Boys—Statistics of State Department Since 1877.

Several days ago The Globe published the state superintendent's report on graded schools, showing that there had been during the past year a notable increase in salaries among the teachers in the graded schools. This fact was also true of the rural schools, and it is true that at the present time the average teachers' wage for the entire state is more than it has ever been before.

OHAGE SAYS HE HAS NOT BEEN NOTIFIED

Claims He Has No Information Regarding Anti-Vaccinationists' Debate.

The St. Paul Anti-Vaccination society has selected May 18 as the date and the Metropolitan opera house as the place for their debate with Dr. Ohage on the merits and demerits of vaccination. They have also secured Dr. W. B. Clarke, of Indianapolis, to defend their side of the case, but from present prospects Dr. Clarke will have to go alone.

WAITING FOR WARMTH

PUBLIC BATHS ARE READY FOR COMING SEASON'S BIG RUSH

New Pools Have Been Added and Thick Layer of White Sand Laid in—Further Improvements Are Contemplated, Which Will Be Made This Fall—Opening in June.

By the latter part of next week the public baths and grounds will be in full readiness for the summer's rush. The finishing touches are now being given to both the grounds and buildings, but Dr. Ohage thinks it will be well to June before they can be formally dedicated to the bather and his desire for a plunge.

EXCURSION IN AID OF COLISEUM CAUSE

Two Enjoyable Trips on the Minnesota and Mississippi Rivers Have Been Arranged.

"I am for the Coliseum, are you?" is the inscription that appears on the new Coliseum buttons which arrived yesterday. The buttons are of three varieties, for men, women and children, and sell for 25 cents each.

The second excursion will leave at 7 p. m. and proceed to Shakopee on the Minnesota river, returning at midnight. A good band of music will accompany both trips and luncheon will be served on board. Tickets are 50 cents and the boat and barges will accommodate 1,500 people.

PURCHASERS, BUT NO GOODS.

Plenty of purchasers, but nothing to sell, is the difficulty that confronts the women who have charge of the rummage sale now being held in the West side reading room for the benefit of the reading room. The rent of the room has been raised, and besides this additional expense the room is in need of new books and some new furniture to make it attractive.

THIRTY CONCEALED CASES FOUND BY HEALTH BOARD NEAR MINNEAPOLIS.

Inspector H. C. Sinks reported to Dr. Bracken, of the state medical board yesterday on the results of an investigation for concealed cases of smallpox in Hennepin county, in which he was assisted by J. M. Kistler, county physician. Dr. Sinks discovered thirty unreported cases in Minnetrista township, which borders on Lake Minnetonka. The town board of health had not been doing its duty in reporting or quarantining the cases on account of popular prejudice against such action. Mr. Sinks enforced this state quarantine regulations.

FATHER OF WATERS IS BEGINNING TO RISE

Quick Rise of Six Inches Yesterday Has Infused Hope Into Rivermen.

The Mississippi river is now threatened with a stage of water that will bring it back to its former condition and once more make it navigable for the big boats. Since yesterday a rise of six inches has been noted and the upward tendency continues.

Where a dreary stretch of offensive mud existed south of Raspberry island, water to the depth of several inches is to be found, and it is running sufficiently fast to carry out all the mud and filth that has accumulated from the West side sewers. The late rains are responsible and with a continuance river men think the Father of Waters should be back in its old shape before the week is over.

The low water stranded hundreds of logs from the upper booms, and these yesterday dotted the surface of the river liberally. Drift was also plentiful and the flat dwellers were busy laying in a winter's supply of firewood.

News from below is to the effect that the Diamond Jo packets have been sent out for the season, and the first of the fleet is expected in case waters shortly.
