HORSE FALLS ON HIM

Mounted Patrolman James Finn Probably Fatally Injured

SKULL IS FRACTURED

While Walking Mount to Water Trough, It Steps on a Round Stone and Throws Him--Long on Force.

Mounted Patrolman James Finn, of the Prior station detail, fell from his horse shortly before 6 o'clock last night, and

Merriam Park, and had not recovered consciousness up to an early hour this morning. The physicians in attendance say that he has but little hope for recovery, although there is a possible chance that he may pull through.

Officer Finn had just returned from the Hamline baseball grounds, and was walking his horse to a watering trough at University and Lynhurst. An acquaintance was standing on the sidewalk, and the officer leaned lightly to one side just then his horse, which he had ridden for fifteen years, stepped on a round stone and slipped. The shock was so sudden and unexpected that the officer was thrown forward with the horse on top of him. The horse immediately strove to get up, and after considerable floundering managed to get to his feet.

The officer was picked up within a few inches of the stone curbing, and although there were several witnesses to the accident, none can tell whether he struck the curbing or was trampled on by the horse.

Deep Gash on Temple.

The injured man was taken to the Cobb hospital immediately, but he never regained consciousness. There was a deep gash over his left temple, and it is supposed that there is a splinter of bone pressing on the brain. At first it was thought that the officer had suffered in-

COMMITTEES AT WORK

INDICATIONS POINT TO SUCCESSFUL SEASON OF SUMMER SCHOOL

Arrangements Are Being Rapidly Perfected, and Reputation of Instructors and Lecturers Will Insure a Large Attendance--List of Subcommittees Having Charge of the Affair.

Arrangements for the Columbian Catholic summer school to be held in this city

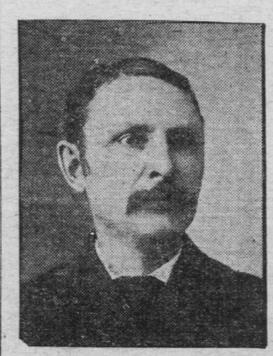

DR. MEADE, Chairman Entertainment Committee.

In July are progressing most favorably, and every indication points to the most successful session in the history of the institution. The various committees are busily at work perfecting plans for the entertainment of the summer school, and have met with unexampled success from the start. The financial committee has been especially fortunate in its labors, and has secured pledges beyond its anticipations.

The attendance at the summer school will be very large. The character of the school and the wide reputation of the instructors and lecturers has attracted attention throughout the country. The following committees are giving their undivided attention to the preliminary arrangements:

Reception Committee.

- Hon. T. D. O'Brien, A. Boedighelmer, chairman, John M. Pesek, Rev. J. T. Harrison, Frank J. Hehl, Rev. J. C. Byrne, E. J. Cannon, Rev. E. F. Gleason, Very Rev. J. Starbha, Hon. E. W. Bazille, Rev. HELP TO SWELL FUND

COLISEUM ASSOCIATION IS RECEIVING CHECKS FOR SUBSCRIPTIONS

Hustling for St. Paul's Coming Big Building Will Be Begun in Earnest Tomorrow, When Business and Professional Men Are to Be Approached by the Different Committees.

Checks for the payments of subscriptions to the Coliseum fund are still pouring in and during the past two days the following firms paid the subscriptions for their employees: Frenzel Bros., A. C. Ferrin, Browning, King & Co., Tibbs, Hutchings & Co., Conham Neckwear company, Northwestern Stamp works, Hotel Aberdeen employes, Mannheim Bros. and A. E. Goodhue. The hustling for the Coliseum fund will commence in earnest tomorrow and a meeting of the Coliseum board will be held at the Commercial club tomorrow evening, when it is expected that the board will designate another Coliseum day for the benefit of labor unions whose members were affected by the strike in May and could not well pay their subscriptions. June 29 will probably be named as the second Coliseum day, and many of those who have subscribed are holding back until after the second Coliseum day. During the coming week the work of canvassing among the business men of the city will be taken up and it is expected that good results will be had before the end of the week.

Mr. Hinrichs, who has had charge of the children's Coliseum buttons, has invited to meet him at the old Auditorium on Eighth Street at 10 o'clock tomorrow morning, when he will present them with a button and endeavor to enlist them to push the work among the boys of the city.

Ellery's Band Secured.

The Coliseum management has secured the services of the famous Ellery's Italian band to give a series of concerts for the benefit of the Coliseum fund. The first one will be given June 15, and they will continue to and including June 29, with matinee on Thursday, June 19. The concerts will be given at the old Auditorium on Eighth Street and the admission will be 25 cents, 50 cents and 75 cents.

The people of St. Paul are too well acquainted with and too enthusiastic over this band to need any more than the announcement in order to secure large audiences. It is worthy of note, however, that the band will appear here under a new leadership, the leader being Sir Emilio Rivalta, who until a few weeks ago was directing the finest concert band in the Italian kingdom. Mr. Ellery has been endeavoring for several years to get Emilio Rivalta to come to America, and only succeeded recently through the assistance of some mutual friends of both himself and the talented young Italian.

LAFAYETTE CAR LINE TO BE TORN UP AGAIN

Complicated Service Rendered Necessary by the Exigencies of Paving Repairs.

Monday the remaining section of Lafayette avenue will be torn up for paving repairs, and a change in the street car service will be made necessary. There will be no cars between Burr and Collins streets and Broadway and Tenth streets. The Grand avenue cars will, in consequence, be operated separately, running down Fifth street to Broadway, along Broadway to Seventh street and on Seventh to Ramsey. For the patrons of the Lafayette line there will be three chances to transfer. Passengers may walk from Burr and Collins to Seventh and Broadway and catch any car on that street, and may return the same way; or they can go to Tenth and Broadway and catch a Mississippi car, or ride to the Maryland terminus of the Lafayette line and walk over to the Mississippi line.

NEW CLUB IN FIRST WARD.

Scandinavian-Americans Have Organized a Democratic Club.

Scandinavian-Americans to the number of about fifty met at Odd Fellows' hall, Payne street and Wells street, last night and organized a club to be known as the Scandinavian-American Democratic club. Another meeting will be held at the same hall next Wednesday evening at 8 o'clock, at which officers for the ensuing year will be elected. All Scandinavian Democrats are invited to attend this meeting.

Socialists to Have an Outing.

The Socialist Labor party will give an excursion this morning on the steamer J. J. Hill and barge to Hastings and St. Croix. The boat will leave at 10 o'clock.

Deposits made on or before June 5 will receive monthly interest on July 1.

ternal injuries, but an examination at the hospital showed no sign of his. Officer Finn was one of the best known officers in the city, having been appointed to the force in 1884, and he has served continuously for eighteen years. For fifteen years he has been detailed as a mounted patrolman in the Prior district, where he had a large circle of friends. He was an exceptionally good officer in every respect, and last night his unfortunate accident was the sole topic of Merriam Park.
