### More Discrimination Against Commanding General of the Army

### HAS TO PAY HIS FARE

### ALL OTHER MEMBERS OF ORD- NANCE BOARD HAVE GOVERN- MENT TRANSPORTATION

### WAS MILES RECALLED EAST?

### Conflicting Statements in Con- nection With the Report That He Was Summoned to Washington and Might Be Court-Martialed.

Special to The Globe.

FORT RILEY, Kan., June 6.—Officers at the post are talking of nothing today but the sudden recall of Gen. Miles, a report which was confirmed here today by other members of the ordnance board.

It developed, according to one of the party, that whereas all of them were traveling on government transportation, Gen. Miles and his secretary, Col. Whitney, had been compelled to buy regular tickets. Gen. Miles furnished the money out of his private purse. The party came as far West as Kansas City in a special car. The general was a guest on the car, for which one ticket was made to represent all on board. When Kansas City was reached, the car was side-tracked, and the journey here, 100 miles, made in the regular sleepers.

"We did not know the depth of the general's degradation," said one of the officers today; "until we saw his secretary hand the conductor two regular railway tickets. The rest of us were all riding on government transportation. We could only surmise that Gen. Miles had joined us without permission of the secretary of war and that he had been obliged to pay his own fare."

"As the commanding general of the army he is president of this board, but as the object of dislike in the executive department he does not seem to have been able to secure the recognition we did."

### ALLEGED RECALL TO WASHINGTON

### Contradictory Statements Leave the Question in the Air.

CHICAGO, June 6.—Gen. Miles reached here this morning. He is alleged to have said to a reporter for a local newspaper: "I have been ordered to Washington. I am not going to the exercises at West Point."

Gen. Miles left for Washington at 5:30 p. m. Just before he left he said: "I have been misquoted. I did not say that I had been ordered to Washington. I did say that I would not attend the exercises at West Point."

Gen. Miles refused to be further interviewed.

WASHINGTON, June 6.—Secretary Root today stated that Gen. Miles has not been summoned to Washington. The general, it is said, is now en route from Fort Riley, Kan., to West Point, in response to an invitation to attend the centennial celebration there next week. Report had it that Gen. Miles was in danger of court-martial on the charge of revealing war department secrets.

The statement attributed to Gen. Miles in Chicago, that he was called to Washington, was exhibited to every officer of the war department who could by any possible means have handled any communication to Gen. Miles, and by each and all of them was positively denied. It is stated that no person connected with the administration has sent any order to Gen. Miles from Washington since his departure on his present trip, nor has the war department communicated with him. The intimation is that any recall, such as referred to by Gen. Miles, must have come from some of his personal friends or family.

It is explained in another quarter that Gen. Miles only desired to see that portion of the field gun tests to which which took place the first day. After that he intended to come East again to West Point, stopping at Chicago to look into some private matters, and his departure from Syracuse, N. Y., where an informal reception is to be tendered him by a body of war veterans.

### Regulars Continue the Slaughter, Hundreds Having Been Killed.

VICTORIA, B. C., June 6.—Advices received here today by the steamer Duke of Ely say a rumor has reached Bangkok that the regulars from Bangkok, Siam, who have been sent to subdue the rebels, are giving no quarter.

Upwards of 200 persons have been recently shot and others wounded, it is said.

## WILL OF PAUL FORD, MURDERED AUTHOR

### Widow and Daughter the Heirs— Two Houses Devised to a Brother.

NEW YORK, June 6.—The will of Paul Leicester Ford, the author, who was killed by his brother, Malcolm Ford, was filed for probate today. His heirs-at-law are his wife, Grace Ford, and his daughter, Lesta. The widow is the residuary legatee.

To his brother, Worthington C. Ford, the testator bequeaths two houses in Brooklyn. He is also given the custody of the books, manuscripts and library there with the request that at his death the same be transferred to the New York public library, on condition that they are to be made part of the Ford collection.

To his sister, Mrs. Roswell Skeel Jr., the author leaves \$5,000. The will was made Sept. 18, 1900.

## LAIID LOW BY BLOW

### Henry Weishaus Murderous- ly Assaulted in Basement of Rietzke's Drug Store

### AFFAIR IS A MYSTERY

### Young Man Goes to Basement With Soda for Engineer, and is Found Unconscious— Likely to Die.

Henry Weishaus, a clerk in Rietzke's drug store, corner of Selby and Western avenues, was found in the basement beneath the store, in an unconscious condition, last evening, shortly after 10 o'clock. There was an abrasion above the right eye, and it is thought that he

met with foul play. His recovery is improbable.

Weishaus was called into the basement shortly after 10 o'clock, and he had apparently been unconscious for some time before he was found. C. B. Nimo, head clerk of the store, was the first to discover him, and to the former Weishaus is alleged to have said that some one had hit him. He rallied only for a moment, and lapsed into unconsciousness again soon after divulging this informa-

tion. While there is no clue to work on in the case, the police are confident that Weishaus was foully dealt with. There are many theories entertained, and there are several people about the Albion block, in which the Rietzke drug store is located, who may know more about the affair than they have yet intimated.

According to the story of Mr. Nimo, young Weishaus received a telephone communication from the engineer of the Albion block about 10 o'clock that two sodas were wanted in the basement, one for the fireman and one for himself. Accordingly Weishaus served the order and conveyed it to the basement, leaving the glasses until the contents had been disposed of.

Shortly after 10 o'clock he started for the basement to get the glasses and return them to the drug store, and that was the last seen of him up to the time he was found by Mr. Nimo.

When found he was lying face downward in the doorway, between two stone walls, and glasses were broken into fragments. The engineer thought he heard some one talking soon after Weishaus left with the glasses, but he is not positive. He also noticed that the lights were suddenly extinguished.

### SEARCHES INSTITUTED.

The elevator boy stepped into the drug store and inquired for young Weishaus shortly after 10, and was told that he had gone to deliver some soda. Later he returned and asked again for Weishaus, and then the search was instituted that led to his discovery.

Dr. Archibald and Davis, who reside upstairs, were hastily summoned and the young man was conveyed to St. Joseph's hospital. He was thought to be suffering from concussion of the brain.

Weishaus is apparently twenty years old, and had been employed in the drug store for several months.

this morning, and was closeted with him over an hour. Later he journeyed to the capitol, and was on the floor of both the senate and house, bidding members farewell. The governor says he has had the time of his life. He didn't have lunch with the president, but he had the heart-to-heart talk for which he was anxious, and told "Teddy" all about merger sentiment in the Northwest. He furnished local papers with an interview, declaring for Roosevelt for a second term, on the platform of anti-everything—trusts, railroads and all the rest.

He has fixed it up with Roosevelt to have the endorsement and moral support of the national administration to help him win over John Lind, and in return, if elected, he is to use the state organization for Roosevelt delegates to the national convention in 1904.

### THEY HANG PRESIDENT ROOSEVELT IN EFFIGY

### Southerners Resent What They Term the President's Vili- fication of the South.

NORFOLK, Va., June 6.—In the presence of 200 persons indignantly over his Memorial day speech, President Roosevelt was hanged in effigy near Princess Anne court house.

There has been much excited comment over the speech in which the president is considered to have vilified the South.

In the mock execution a dummy representing a rough rider was used. The plans were made by several of the best known white men in the country. On the body was attached a placard reading, "He vilified our country for political purposes."

The crowd after the mock execution circled around the suspended dummy, singing, "We'll hang Roosevelt to a sour apple tree." Speeches were made denouncing his Memorial day address, and accusing him of trying to disturb the cordial relations between the North and South for political purposes, and condemning his defense of his Philippine policy of extermination.

### DEMOCRATIC TRUST BILL INTRODUCED AGAIN

### Mr. Richardson Presents a Measure to Strengthen the Sher- man Law.

WASHINGTON, D. C., June 6.—Representative Richardson, of Tennessee, the Democratic floor leader, today introduced the bill revising the trust bill which passed the house in the Fifty-sixth congress and failed in the senate.

It amends the Sherman act by making more stringent restrictions against contracts and combinations in restraint of trade; gives a civil right of action to anyone injured in business by such combination; forbids the use of the mails in furtherance of the business of a combine, and provides for prosecuting the one who ship trust-made goods from state to state.

It is understood that the reintroduction of this bill is in pursuance of the recent action of the Democratic congressional committee in naming a special committee of seven members to devise means for making the trust question one of the foremost issues in the coming campaign.

## VOLCANO KILLS A THOUSAND PEOPLE

### Eruption of Tacana Destroys Half the City of Rataihulen, Guatemala.

SAN FRANCISCO, Cal., June 6.—Upwards of 1,000 lives have been lost and half of the city of Rataihulen, Guatemala, has been destroyed by the eruption of Tacana volcano, according to advices received here today, by the Chilean steamer Palena, from Valparaiso and way ports.

Rataihulen lay several miles back from Champerico, on the coast, and it was at the latter city that news of the disaster was secured. Earthquakes, it was said, had continued at short intervals every day since the great disturbance of April 13, when the city of Quezaltenango was destroyed.

The shocks have been of sufficient strength to sweep the residents of the entire region in a state of terror and little has been done to repair the damage done by them and the volcanic eruptions, pumice stone and ashes thrown from the crater of Tacana have spread a thin coating over the territory surrounding Champerico.

A few days before the Palena left Champerico an earthquake destroyed a small town near Guatemala City, but its name was not learned.

### PROCEEDING AGAINST INSURANCE COMPANIES

### Over a Hundred in Illinois Charged With Conspiracy and Vio- lation of Anti-Trust Law.

Special to The Globe.

CHICAGO, June 6.—Attorney General Hamlin filed today at Belleville a suit against 110 fire insurance companies doing business in this state, charging them with conspiracy and violation of the anti-trust law, and asking an injunction restraining them from further fixing and maintaining rates. Similar suits will be filed in Chicago and elsewhere in the state.

The defendant companies include those belonging to the Western Union, an organization of underwriters which recently put in force a 25 per cent increase in rates in nearly every state in the country. Agents fear that the Illinois
