Passed Gravel Stone as Large as a Pea.

ROYERSFORD, Pa., April 19, 1902. Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen: I had been a sufferer from kidney trouble for about 8 years, with pain in side, back and head, about 6 or 8 months ago I concluded to try a bottle of Dr. Kilmer's Swamp-Root. To my surprise I experienced a decided relief before I had taken half of the bottle, and one morning passed a gravel stone as large as a pea, which I still have in my possession and will be pleased to show to anyone who doubts the efficacy of this wonderful remedy.

JESSE S. BUTTERFIELD. I am well acquainted with Mr. Butterfield and know that the above statement is true in every particular.

DR. MOREY, Druggist. For a simple bottle of Swamp-Root by mail free write Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ground upon which the motion was made for a new trial, it is expected that some sensational testimony will be brought out through Mrs. Tanke.

NORBECK IN ST. PAUL. Week's Carousal and Dissipation Has Completely Shattered His Nerves.

HE SEES HIS ATTORNEY

It is Not Known Whether Prisoner Intends to Make a Full Confession or Again Stand Trial.

Two deputy sheriffs arrived in Minneapolis yesterday morning with Chris C. Norbeck, who had been captured at Carver and later removed to the county jail at Chaska, where he was turned over to Sheriff Dregger, of Hennepin county, by Sheriff Johnson, of Carver county.

The trip was made overland by team, and under difficulties. The prisoner was recognized by the attorney with whom his physical condition was bordering on frenzy. On his own admission when captured he had been on a continual drunk for the entire week of his endeavors to evade officers of the law and his appearance bore out the statement.

Erwin Sees Prisoner. His attorney, Mr. Erwin, called on him at the court house about 9 o'clock yesterday morning, and Norbeck did not recognize the attorney with whom he had been so closely connected for the past six weeks. When asked if he had anything to say he told his attorney that he would talk to him about the matter in the morning, and when told that it was nearly 10 o'clock he could scarcely be made to realize it.

Mr. Erwin then left him, but called in the afternoon to see him, and when he was nearly 10 o'clock he could scarcely be made to realize it.

Can Have His Own Way. Mr. Erwin said last night that his defendant will be given full right to choose for himself in the matter, and if he decides to confess and stand trial upon the mercy of the court that will be his privilege, but if on the contrary he decides to try and make another fight for his vindication, that he will proceed with the case.

Judge Harrison has issued an order that Norbeck be not allowed to see any person except his attorneys, and they may see him in presence of the jailor, Capt. Alexander, who will be present before Norbeck will regain even a semblance of his former self, as his recent carousal has taxed his constitution to its full limit, and he will require medical treatment, and the doctor is of the opinion that he will be all right in time.

GIVES DAMAGING TESTIMONY. Hall Recites Several Conversations With Defendant, "Norm" King.

Detective "Norm" King will be given an opportunity to disprove testimony submitted by the defendant, who had claimed with being implicated in the case.

The evidence in the case is all in the hands of the state is all in the hands of the state is all in the hands of the state.

The state rested at noon yesterday, and Attorney Welch made a motion to dismiss the case.

The principal witness for the state yesterday was A. H. Hall. His testimony was that he had seen the defendant in the case.

King told him, he said, that the case would be heard, and he carried out the fellow who lost the diamond, either he would not identify Adams, and all things would be as stand pat and things would be all right.

March 7 he again met King, and said to him: "Norm, why don't you give me back the diamond?"

King answered: "I haven't got the diamond." Hall then told him that he understood that the diamond had been given to him and that Hooper had been bothering him about it, and that he didn't like King, and that he would like to see King.

Hall then told King that if a bargain had been made, he would carry out the fellow who lost the diamond, either he would not identify Adams, and all things would be as stand pat and things would be all right.

GARDNER RELEASED ON BAIL. Ten Thousand Dollars Has Been Raised Among His Friends.

The horror attendant on the confinement in the state penal institution of Irwin Gardner, to renew his activity yesterday, and before midnight, which they have been trying to gather up, and before midnight, which they have been trying to gather up, and before midnight, which they have been trying to gather up.

Attorney Mead during the day had gone over to Stillwater, and secured Gardner's signature to a personal recognizance, which was turned over to Judge Harrison, who set a bond of \$10,000, in lieu of a surety bond. This money was deposited in the National Bank, and about 9 o'clock last night Irwin Gardner emerged from the prison, where he had been confined for twenty-four hours.

CONFESSES TO HAVE MURDERED MARY TOPPAN. Miss Toppan, Who Is Sent to Insane Hospital, Makes a Startling Statement.

BOSTON, Mass., June 24.—Jane Toppan, who was yesterday sent to Taunton insane asylum by a jury at Barnstable, where she was tried for the murder of Mrs. Mary D. Gibbs, has made a confession to her senior counsel, Judge Fred B. Bixby, that she had murdered her.

Judge Bixby said also that Miss Toppan had admitted that she had committed other serious acts. She said she could not help committing the crimes. She argued, moreover, that she was not insane, and that she was doing wrong when she administered poison to her victims, and she asked Judge Bixby how, under such circumstances, she could be held responsible for her actions.

Morphine was Miss Toppan's agency for producing death. Many of her victims were unsuspecting and most intimate friends of hers, who were patients of reputable physicians who employed her on account of her ability as a nurse. Miss Toppan was so expert in her knowledge of how to employ drugs and poisons that she was able to conceal her proceedings.

According to D. Gobbs, of Calumet, she has killed at least thirty other persons, according to her own confession. Her confession is one of the most startling in the history of the confidence of an unlimited acquaintance; of seeming lovable disposition, in the uses of medicines, especially of narcotics, which she had heard of from patients who delighted at times to see her patients writhing in death's agony.

And her work did not stop there, for she had been seen by a physician attending physician who saw her in a room where she was recovering her normal mental poise and sorrow with the living for the loss of a child.

Jane Toppan's crimes were revolting beyond all description, but the details perhaps will never be known, for the lips of counsel are sealed. YALE ALUMNI MEETS AT NEW HAVEN, CONN. Great Annual Gathering Occupies Most of Second Day of Commencement.

NEW HAVEN, Conn., June 24.—Business meetings of various classes and the great annual gathering of the alumni occupied the early part of the second day of Yale commencement here today.

The alumni meeting was held in alumni hall, Henry Holt, of New York, presiding, while representatives of each class made formal speeches, offering suggestions for the betterment of the university.

During the forenoon the alumni balloted for a member of the university corporation to succeed Thomas G. Bennett, of New Haven. There was but one candidate, Henry B. Sargent, of this city, all others previously announced having withdrawn.

At noon the anniversary exercises of the Yale medical school began. The address to the graduating class was delivered by Dr. Roswell Park, of Buffalo, N. Y., who was also present at the commencement dinner in Memorial hall and attend the exercises of Alpha Delta Club, where the president of the club presented a gold medal, on behalf of the club, to Dr. Edward Everett Hale.

The president and party will then return to the Somerset, and at 6:30 will attend the dinner of the Spanish war officers at the Algonquin. The president of the party will then return to the Somerset, and at 6:30 will attend the dinner of the Spanish war officers at the Algonquin.

CROP OUTLOOK GOOD

Government's Weekly Report Shows Conditions Favorable for Wheat

RAIN IN SOME PARTS

Speaking Generally, the Situation Throughout the Country Is Excellent for All Grains—Improvement in Tobacco.

WASHINGTON, D. C., June 24.—The weather bureau's weekly summary of crop conditions is as follows: The week ending June 23 was abnormal in all districts east of the Rocky mountains, except the South Atlantic and Gulf coasts, with more or less damaging frosts in the central and northern Rocky mountain districts, the Dakotas and upper portions of Iowa and New York. Local showers have afforded relief in portions of the central gulf states and over very limited areas in Texas, but in much the greater part of that state no rain has fallen and high temperatures have prevailed.

Portions of the lower Missouri valley and lower lake region continue to suffer from excessive rains. The conditions on the Pacific coast were favorable notwithstanding the prevalence of hot, drying winds in Washington. The unseasonably low temperatures have checked the growth of corn and over the northern portion of the corn belt and cultivation has been retarded by rains.

Portions of the upper valley, upper lake region and upper Missouri valley, in the lower Missouri valley, Oklahoma, Kentucky, Tennessee and the Middle and South Atlantic states the crop has made favorable progress, and in the central gulf states early corn has been seriously injured by drought and in Texas the crop is the poorest for a number of years.

Winter Wheat Doing Well. Winter wheat harvest has been delayed by rain in the lower Missouri valley, but has progressed favorably in the Ohio valley and Middle Atlantic states.

The crop has experienced no unfavorable conditions during the week, although low temperatures have checked ripening over the northern portion of the wheat wheat states, where the heads are filling well. In Oregon and Washington hot, drying winds have prevailed, but wheat has escaped injury, and in California, where shipments have begun, harvesting continues under favorable conditions.

Spring wheat has done excellent progress generally throughout the wheat region and is heading in the more northerly portions. Too rank growth, however, is reported from Wisconsin and Iowa, with a tendency to rust in the last named state.

The general outlook for oats continues promising in all states of the central valleys and Northwest, although rank growth and lodging are reported from the central Missouri and upper Missouri valleys. In Arkansas, Tennessee and Kentucky prospects are bright, especially in the Carolinas, Tennessee and Maryland.

The outlook for apples in New York and New England is promising, but the prospect is not so bright in the Middle Atlantic and central valleys.

From the Middle Atlantic states and upper Ohio valley and the general favorability of outlook for the states of the central valleys continues.

ROOSEVELT STARTS ON NEW ENGLAND TRIP. Party Leaves Washington on a Special Train—Programme of His Visit.

WASHINGTON, D. C., June 24.—President Roosevelt and party left here on a special train at 4:50 p. m. for Boston. The train consisted of the following: the president, Mrs. Roosevelt, Miss Morris Gray, at University hall. The president and party will then be escorted to Massachusetts and to the commencement dinner in Memorial hall and attend the exercises of Alpha Delta Club, where the president of the club presented a gold medal, on behalf of the club, to Dr. Edward Everett Hale.

The president and party will then return to the Somerset, and at 6:30 will attend the dinner of the Spanish war officers at the Algonquin. The president of the party will then return to the Somerset, and at 6:30 will attend the dinner of the Spanish war officers at the Algonquin.

OUTCOME IS STILL IN DOUBT. Race for Democratic Nomination for Governor in Pennsylvania Close.

ERIE, Pa., June 24.—The result of the contest for the nomination of governor by tomorrow's Democratic state convention is still in doubt with the chances in favor of ex-Gov. Robert E. Pattison, of Philadelphia. Pattison's most formidable rival is ex-Congressman James Kerr, of Clearfield, whose adherents are making an active campaign and profess to be confident of the outcome.

The other candidates are George W. Guthrie, of Pittsburgh, and Col. John A. Woodward, of Bellefonte.

National Committeeman James M. Guffy, of Pittsburgh, whose adherents claim holds the balance of power in the convention, has declared in favor of Pattison and predicted his nomination on the first ballot.

Pattison's managers have made overtures to Guthrie to support him for lieutenant governor if his delegates will vote for the Philadelphia, but all their offers have been declined.

The platform was drafted by Robert E. Wright, of Allentown, and approved by tomorrow's Democratic state convention leaders. The platform makes no mention of the Chicago and Kansas City platforms and deals almost entirely with state issues.

KNIGHTS OF ST. JOHN CONVENTION. Three Hundred Commanderies Represented at Rochester, N. Y.

ROCHESTER, N. Y., June 24.—Three hundred commanderies of the Knights of St. John are represented here at the annual meeting of the order. Today's session was executive. Supreme President Fries, of Erie, Pa., said, however, that his address included recommendations for a biennial convention instead of annual present, and that the laws committee to which the matter was referred would probably report favorably on it and that it would go through. He also recommended a paid organization department be established instead of the present voluntary service.

The report of Supreme Secretary Kane showed that during the year nineteen new commanderies had been organized, and nine ladies' auxiliaries have been organized.

COSTLY FIRE AT DALLAS, TEX. Three Blocks Are Destroyed, Estimated Loss of \$75,000.

DALLAS, Tex., June 24.—Fire today destroyed twenty or more residences, covering an area of three blocks, in East Dallas. Several fire engines were overcome by heat, but none seriously. The loss is \$75,000, with insurance of less than half.

Obstacle Was Insurmountable. Charles Stecker tells the following joke on himself: "There are lots of other ways of making a name for yourself, if you don't get Roosevelt's job. You can grow up to be a good man and that's better than being president. Don't you think so?"

"But I can't grow up to be a good man," wailed the youngster in a fresh return of woe.

"Nonsense!" said Mr. Stecker. "Of course you can! You're just a young fellow. 'Can't neither' belittled the child. 'Why not, I'd like to know'—'Cause I'm a little girl'—Denver Times.

WASHINGTON, D. C., June 24.—The state department today received a cablegram from United States Minister Bowen at Caracas. The officials declined to make public the text of the dispatch but it is understood that it makes out a critical state of affairs arising from the present revolutionary movement against President Castro, which is generally recognized as the strongest that has yet threatened him.
