

CELEBRATE THE DAY

ANNIVERSARY OF EMANCIPATION IS OBSERVED BY NEGROES OF TWIN CITIES

F. L. M'GHEE DELIVERS THE ORATION OF THE DAY

He Reviews the Progress Made by Colored People and Hardships They Have Labored Under—He Sees Hope in the Future and Advises Patience and Courage.

Emancipation day was enthusiastically observed by the negroes of the Twin Cities yesterday at Mills farm, four miles from Hastings. Two steamers loaded of colored people, numbering between 800 and 900, were taken there in the morning and afternoon, and the day was spent with music and games.

Day to Celebrate

"It is well that we, the negroes of the United States, should celebrate the day of emancipation, sacred in the memory of Haiti; it is especially well that we now celebrate it, for dark days are being seen by the people who on this day now more than three-quarters of a century ago, received their freedom. And then, again, the negroes of our own land are seeing days as dark as any perhaps they have heretofore seen in this country.

Take Fresh Courage.

"I would not have you be discouraged. I would have you take fresh hold—take hold on the fact that the negro is organizing in his interest and that his organization is attracting at least the attention of the world. Take hold on the fact that you are coming to own more land, having better homes, better churches and higher and better religious life. There is hope for the future because, despite all opposition, despite all embarrasements, there is still that strong determination in the race to do better.

WEST SIDE CANNOT HAVE A NEW BRIDGE

Assembly Turns Down Order Requiring Steel Structure at State Street

For years the West side has attempted to secure council consideration of its effort to compel the Great Western railroad to construct a steel bridge over the right of way on State street, but it was practically defeated yesterday, when the assembly committee on streets gave an unfavorable report on the order calling for such a bridge.

WANT THE BRIDGE TO RUN TO MARIA AVENUE

Second Ward Improvement Association Will Try to Influence Council.

At the meeting of the Second Ward Improvement club, held last evening in the hall at Bates avenue and East seventh street, it was decided to adopt measures to influence the city to run the Third street bridge to Maria avenue, instead of Commercial street, its present terminal. An appropriation of \$65,000 has been made toward the improvement of the bridge, but if the plans are drawn according to the city's present plan, the total cost will come up to \$81,000.

CHARGED WITH SELLING DRINK TO A MINOR

Anton Weinholzer Is Arrested, and the Case Is Continued.

Anton Weinholzer, manager of the Empire theater, was arrested yesterday on a warrant charging him with selling liquor to a minor. In the warrant the name of the minor is "John Doe." The boy gave the name of Johnny Connors, but this is believed to be fictitious. Weinholzer yesterday pleaded guilty to the charge, and the case was continued. Weinholzer claims that he had the boy put out of the theater, and that the boy in a spirit of revenge made the complaint.

COMICAL BULLETIN AT THE EMPIRE THEATER

Patrons This Week Are Being Regaled on Sketch, "Poisoned Catsup."

The burletta at the Empire theater this week deals with the catastrophes that come from the possession of a bottle of catsup that would not pass state inspection. The title is "Poisoned Catsup" and the blunders that are committed and the lowly present of Raymond and Savage are clever comedy acrobats and hand balancers.

ORE SHIPMENTS FROM UPPER LAKES IN JULY

Four Million Tons Sent Out, Which Beats the Record.

CLEVELAND, Ohio, Aug. 4.—Reports for July show that the upper lake ore shipping record of 4,000,000 tons and upwards down the lakes. That beats any record that has ever been made for any month on the chain of lakes and the present record of shipment during this year of upward of 23,000,000 tons.

ST. PAUL AFTER A CONVENTION

One of the Bidders for the German War Veterans of America Next Year.

HAMILTON, Ohio, Aug. 4.—The convention of the German War Veterans of America was called to order today by the president, Frank Erling, of St. Paul, the chamber being crowded. The secretary received letters of congratulation on the success of the organization. Reports were received from sixty-eight societies, with a membership of nearly 4,000. The old society reported a capital of \$14,000, and 2,300 members, and paid debt

funds last year to the families of forty-two members.

Among those making the greatest offers for the next convention are Cleveland, St. Paul and Aurora, Ill. The financial affairs of the organization are reported in excellent condition.

The election of officers will be held tomorrow. August Schall, of Cincinnati, is prominently spoken of for the next president. John Embs, of Louisville, the present vice president, is also a candidate.

The discussion of the matter of publishing the bi-weekly organ of the society, the Krieger-Zeitung, resulted in the appointment of a committee, Messrs. Jacob Schlenker and Moersch, who reported at the meeting today in favor of Rudolf von Ahlefeld as the publisher of the official organ of the society for the next two years. Mr. Ahlefeld, who is a Cleveland man, has been the publisher for some time.

It is understood an important feature of the convention will be the forming of a big organization out of the three distinct flourishing organs, the regular Deutscher Krieger Bund, the state organization of New York, which includes other organizations, and an organization in Wisconsin similar to that of New York. The New York president, Richard Miller, of New York city, and the Wisconsin president, Max Hattlet, of Milwaukee, are here to discuss and perfect the plan of consolidation. The meeting adjourned to go to the fair grounds, where a picnic was held, with prize shooting, concert and dancing.

END OF RONDO LINE

Largely Signed Petition Is Presented for One Between Mackubin and Kent Streets.

Thomas Wilson and a number of others appeared before the park board at its meeting last evening with a largely signed petition for a neighborhood park on the north half of the block on Rondo street, between Mackubin and Kent streets.

TOBIAS ELLER DENIED PARDON BY STATE BOARD

A Prisoner in the Workhouse Cannot Harvest His Field of Grain.

The state board of pardons has denied a petition for the release of Tobias Eller, of this city, from the St. Paul workhouse. Eller was convicted in the municipal court of having beaten his wife and on July 16 was committed to the workhouse for a term of sixty days.

The board was urged to pardon Eller that he might care for a field of grain which, if not harvested at once, would be lost, inasmuch as his wife had no means to have the work done. Among the signers of the petition was the district attorney, who is willing to grant the application.

EMPEROR WILLIAM SAILS TO VISIT THE CZAR

Speculation on the Subjects to Be Discussed by Them.

KIEL, Aug. 4.—The imperial yacht Hohenzollern, with Emperor William on board, sailed this morning for Russia, where his Majesty is going to pay a visit to the czar on the occasion of the Russian naval maneuvers.

ST. PETERSBURG, Aug. 4.—Extensive preparations are being made for the reception for Emperor William on his approach to St. Petersburg. The czar will be met by the czar in the roadstead of Revel, and together they will witness the maneuvers of the Russian squadron off the island of Carlo.

advisory board of Federation Catholic societies. No doubt the 1,500 or more delegates who will meet in Chicago in the next few days for the purpose of completing a federation of Catholic societies of the United States, and who will represent 1,000,000 members of Catholic associations, will also draw up a resolution in the same temperate, respectful tone as so many of our bishops, clergy and laymen have done, in so many parts of the country; not with a view to interfering politically with the adjustment of the relations of the friars with the government in the Philippines, but rather with a view to helping the administration to know the sentiments of Catholics on this grave question, so that adjustment may be effected speedily and amicably, with due regard to the interests of all concerned.

With few exceptions, the Catholic press of the United States has treated the matter of the friars' lands in the Philippines and the charges of proscription on the part of certain officials and school teachers there, with all due respect for the administration, and if the editors have made complaints in any way, it was only with reluctance, to think that any of the chief officials, much less President Roosevelt or Secretary Root and Gov. Taft, could be so certain to support such a base attempt to impair religious faith in the Philippines.

Nothing More to Be Done in Government Suit Before October.

CHICAGO, Aug. 4.—The government suit against the alleged beef trust was sent a step forward here today by the filing in the United States circuit court of demurrers of the defendants, both individuals and as corporations. The demurrers set up, at considerable length that the complaint on which an injunction is asked is insufficient. It is maintained that the suit is multifarious and if allowed to stand would tend to congest the business of the court. In specific terms the demurrers assert that "so much of the bill of complaint as asks a discovery" of the several interests of the defendants and their business methods, "has not stated such a case as would entitle the complainant to the relief prayed for."

The effect of the filing of the demurrers is technically to admit all the allegations charged in the bill of complaint. The argument advanced in support of the packers' position is that, admitting the truth of the charge, no sufficient ground has been shown for the issuance of the petitioned writ. The instrument was signed by John S. Miller, counsel for all the packers.

If the demurrer is sustained by the court, the original complaint may be amended, and if overruled the defendants have the privilege of answering. It is not expected that any further steps will be taken in the case until Oct. 1, when the federal judges return from their vacations.

IS THERE NO END TO OATS INJUNCTIONS?

Twenty-nine More Issued by Judge Chetlain in Chicago.

CHICAGO, Aug. 4.—Judge Chetlain today issued twenty-nine more injunctions as a result of the legal battle over the recent corn in July oats. At the request of Waite, Thorburn & Co., the complainants in the former injunction suits, injunctions were issued restraining the Bank of Montreal, restraining its officers from paying over margins to as many Bank of Trade firms, to whom the complainants had made short sales of July oats.

There is a remarkable difference in the wrong headedness of a jingo combined with complete ignorance of European affairs to imagine that Germany intends to annex the Netherlands. Any German admiral so indiscreet, the Tageblatt continues, would be relieved of his duties immediately.

BECAUSE YOUNG VAN HORNE'S TEMPERATURE IS HIGH

Son of Sir William Goes to Swinburne Island for Treatment.

NEW YORK, Aug. 4.—Richard B. Van Horne, son of Sir William C. Van Horne, chairman of the Canadian Pacific railway, who arrived here last night from Cuba on the steamer Curibya, was today sent to Swinburne island for treatment and observation.

Dr. Doty, the health officer of the port, said that Mr. Van Horne was detained because his temperature was 103. The young man said he had been ill several days after eating something that disagreed with him. He is about thirty years old and is the chief engineer of the new Cuban railway, in which his father is interested.

The physicians at the Swinburne Island hospital said their patient had a fever, but there was no indication to show it was caused by anything of a poisonous nature. Dr. Doty, the health officer of the port, is making examinations to determine the nature of Mr. Van Horne's illness.
