

BRYAN WOULD RUN

SO HE DECLARES IN AN INTERVIEW AT MASON CITY, IOWA

BELIEVES THE MONEY QUESTION IS AN ISSUE

Says He Was Misquoted Regarding His Position, and That If Party Wants Him He Will Not Say No—Other News of the Northwest.

Special to The Globe. MASON CITY, Iowa, Aug. 6.—William J. Bryan addressed an audience of over two thousand this afternoon at the Clear Lake assembly.

Mr. Bryan, when asked if his position had been correctly reported relative to his refusal to again become a candidate for president, said that only a part of the interview was used.

Won't Seek the Office. He was not a candidate in the light of seeking to again lead the party, but if the party should decide that he was the proper man to again head the ticket he could not honorably say no.

He believed the money question was still the prominent issue and the conduct of the Republican administration with the Philippine question and the trust problems were sufficient issues to make the campaign upon.

Mr. Bryan speaks tomorrow at Columbus Junction.

HIGH PRICE FOR MONTANA BEEF

Cattle From Northern Part of State Break All Records.

Special to The Globe. GREAT FALLS, Mont., Aug. 6.—Northern Montana cattle have reached the record on rangers for the Chicago market, not only reaching but going far above it and topping the market for all time.

Twenty years ago \$5.50 per hundred was reached for Montana range cattle upon the Chicago market, and the record has stood since that time, being reached last year by the Keeline shipment from Wyoming and the figures have stood as the record.

This record was broken into pieces and the Northern Montana cattlemen who heard the news were smiling all kinds of smiles. The Bloom company shipment from Malta was the record breaker and the shipment was about the fourth largest shipment for the year of Montana range cattle.

There were twenty-two cars of cattle in the Bloom shipment, and twenty cars averaging 1,250 pounds, sold for \$6.50, equaling the record Montana price previous. The other two carloads averaged 1,362 and sold for \$6.90, the highest price ever paid for range cattle in the history of the Chicago market.

KING RETURNS TO LONDON IN SATISFACTORY BODILY CONDITION

POPULAR UNEASINESS IS REMOVED AT SIGHT OF HIM

His Majesty Is, of Course, Welcomed by Vast Crowds With Much Enthusiasm, and Insists Upon Riding in an Open Carriage Notwithstanding a Rainfall.

LONDON, Aug. 6.—The royal yacht Victoria and Albert, with King Edward on board, left Cowes at 1:30 this afternoon for Portsmouth. The harbor station at Portsmouth was reached shortly after 2 o'clock. A special train to convey his majesty to London awaited his arrival at Portsmouth.

The royal yacht was moored alongside the dockyard jetty at Portsmouth. Two Japanese warships fired salutes and were followed by all the commissioned ships in the harbor. The king was officially received at the landing place by Admiral Sir Charles Frederick Hotham and Gen. Sir Baker Creed Russell.

A guard of honor was mounted on the dockyard jetty. Judging by appearances, the king not only will be able to go through the coronation ceremonies, but will be perfectly capable of performing all functions of the service without discomfort. His return to London was accomplished without any ill-effects and his first public appearance since he was operated upon delighted even those who had the most serious apprehensions with regard to the king's condition. MCREE BIDS HAITI TAKE CARE.

Commander McCrea, Captain of the Gunboat Machias, Now Stationed at the Scene of the Revolution in Haiti, Is Pleasing the Navy and State Departments by the Firm Stand He Is Taking in Protecting the Interests of the Fring Line of the Revolutionists and Government Forces.

Commander McCrea, captain of the gunboat Machias, now stationed at the scene of the revolution in Haiti, is pleasing the navy and state departments by the firm stand he is taking in protecting the interests of the fring line of the revolutionists and government forces. Commander McCrea is one of the most popular men in the navy. His presence on this spot at the present moment is calculated to be effective in forcing the Haitians to observe the rules of civilized warfare.

and court functionaries who awaited the train exhibited many signs of uneasiness which were not lacking among the crowds which jammed the approaches to the Victoria station in which a squad of life guards had been placed.

HE WALKS UNASSISTED.

A four-horse royal carriage with red-coated outriders was drawn up to await the arrival of the train.

The king, accompanied by the Queen and Princess Victoria, stepped out of the car and walked across a crimson cloth on the platform some twenty yards to his carriage. The Queen and Princess Victoria entered the vehicle and the king followed, apparently without difficulty and four royal servants placed rugs about his knees.

The king stood up straight as if he had never had an illness in his life, took off his hat and bowed to friends on the platform and the crowds behind the barriers. He seemed to be in the greatest good humor and evidently was delighted to get back. Despite a few drops of rain which fell, he drove out with the top of the carriage down. His face was perpetually lighted up with a smile of satisfaction and he was in appearance anything but an invalid.

The Prince and Princess of Wales and their children drove over to Buckingham palace from York house, and just before their majesties arrived they appeared on the palace balcony and were loudly cheered by the crowds outside. The demonstration increased as the king approached and after their majesties had entered the palace, the crowd sang, "God Save the King" several times.

ARRIVAL IN LONDON.

The departure from Portsmouth was made at 3:40. The train, which was preceded by a pilot engine, reached Victoria station at 5:30 p. m. The station was decorated in honor of his majesty's home coming. Free access was allowed the public, except to the first-class compartments.

The king appeared to be in excellent spirits. The decrease in his weight caused by the operation gave him an appearance of greater height. He stood up in his carriage and bowed repeatedly in response to the cheering throngs on the route to the palace. The Queen and Princess Victoria rode in the carriage with the king and two nurses followed in the next carriage.

Although a rain, which had been falling had scarcely stopped, his majesty insisted upon using an open carriage on the way to Buckingham palace, the entire route to which was lined with enthusiastic cheering crowds.

The admiring comments of the crowds along the king's route from Victoria station to Buckingham palace were mingled with expressions of amazement at the

WE MAY PROTECT BRITISH INTERESTS

Strange Situation Growing Out of the Revolution Down in Colombia.

WASHINGTON, D. C., Aug. 6.—A very interesting situation has developed at Panama which may result in a call upon the United States to protect British interests there. Several days ago the governor of Panama requested Commander Potter, of the United States gunboat Ranger, to leave the harbor and go in search for the Colombian warship Boyaca, which was supposed to be in distress. Permission was granted from here for the Ranger to do so. But yesterday Commander Potter reported that he would not go to sea because of the appearance of the harbor of a revolutionary ship.

Today he cabled that he had been informed that the governor of Panama contemplated seizing the British vessel Quito, and there being no British warship at Panama, he asked for instructions as to what course to pursue. The presumption at the navy depart-

STRIKE NOW ON AT STILLWATER

More Than 350 Men Are Affected by the Walkout, and More Will Follow Soon.

A strike was inaugurated at the St. Croix boom at 7 o'clock yesterday morning, and the works are shut down. The strike has thrown out about 350 men, and the men, who were not there at 6 o'clock that they could go to the office and settle up. Nearly the entire crew went out, only a few men remaining to run out the logs that were in the channel.

The boom shut down entirely later in the forenoon, and officers of the boom corporation say that it will not start again this season unless the men agree to go back and work eleven hours. The strikers, however, insist that they consider a ten-hour day return to work unless a ten-hour day is guaranteed them. They argue that the mill crews and rafting crews are working ten hours, and that they are also entitled to a ten-hour day.

Many of the boom men who went out yesterday were not union men, but they joined the union later in the day, a meeting being held for that purpose.

Mrs. Alice B. Russell, who claims to reside at Excelsior, Minn., and is registered at the St. Paul hotel at Excelsior, made an assault upon Frank P. Nuzum, city editor of the Stillwater Gazette, yesterday morning, and Mr. Nuzum bears a number of lumps and marks as a result of his encounter with the eccentric woman, who has been here since Saturday, and is evidently a Communist.

She visited the Gazette office yesterday morning and seemed to feel aggrieved at the statement made in the Gazette that she had returned home after her visit to the prison last Sunday. She conversed with Mr. Nuzum nearly a half hour, and he finally told her that he was busy and would be compelled to close the conversation. He sat down at his desk and Mrs. Russell scratched his face with a little flag stick, after which she rained blow after blow upon his unprotected head.

He hurried down stairs after an officer, with the woman following him, through the doorway she closed, and interview with a kick. Mr. Nuzum bears unmistakable evidence of the encounter, having several lumps and bumps on his head. She was taken to the city hall and was released, and later she gathered a crowd around her in the city hall, and Officer George Walters told her that she must not do so. She grew indignant and a lively scuffle occurred. She snatched the officer's tie, belabored him with her fingers, and also used her feet to good advantage. The patrol wagon was summoned, and with the aid of another officer, Mrs. Russell was again taken to the city hall.

No formal complaint was made against her, and after she had been cautioned against cutting up any more men, she was released. The woman is about fifty years of age and admits that she has been in an insane asylum.

B. E. Rice, who has for some time been ill with diabetes, died yesterday morning. He was sixty-three years of age, and had lived in Stillwater thirty-three years. He conducted a harness shop on North Second street, and was held in high esteem. Deceased leaves a widow, but no children. Funeral services will be held at the family residence at 7 o'clock this evening, and the remains will be taken to Frederick, Md., for interment.

O. D. Boardman has filed an application for the Republican nomination for treasurer, and George W. Graham has filed an application for the Republican nomination for register of deeds. City Attorney Sullivan has been directed by the city council to contract with the Northern Pacific Railroad company that the company must put in a gate at the Chestnut street crossing.

A special meeting of the city council will be held next Tuesday evening with his bedding traveling out of Lake street.

About thirty-five ladies from St. Paul and Minneapolis, members of the Auxiliary of the Territorial Pioneers' association, were entertained in this city yesterday by Mrs. L. D. Tubbs, the ladies enjoying a basket picnic at the home of Mrs. Lydia Carl, Stillwater's oldest inhabitant, who came here in 1841, and has since resided here. The day was pleasantly spent in talking over pioneer times, and the ladies also visited the state prison.

READY TO PAY THE REWARD.

SALEM, Or., Aug. 6.—Gov. Greer today received a telegram from Constable C. A. Straub, of Creston, Wash., telling him of Harry Tracy's suicide. He telegraphed Sheriff Gardner, of Lincoln county, Washington, suggesting that the body be embalmed and forwarded to Seattle for identification by the Washington authorities for the purpose of paying the reward, and asking that the body be forwarded from Seattle to Salem, to the Oregon authorities. Gov. Greer stands ready to pay the reward to the men responsible for the death. No one has been sent from here to identify the remains, but Deputy Warden A. C. Dilly, of the prison, who is on a vacation, is believed to have gone to Spokane, with the governor's secretary, Walter Lyon, and he will identify the remains.

RESUME OF TRACY'S DEEDS.

Killed Many Men and Performed Astonishing Feats of Daring.

SPOKANE, Wash., Aug. 6.—Harry Tracy escaped from the Oregon state penitentiary at Salem on June 9, in company with David Merrill, after killing four men—Frank W. Ferrell, G. R. Jones and P. T. Tiffany, guards, and Frank Ingraham, a convict, who tried to prevent his flight. On June 28 Tracy killed Merrill near Navaho, Wash., shooting him from behind and leaving his body in the forest, where it was found on July 15. On July 3, near Seattle, in a fight with a posse, Tracy shot and killed Charles Raymond, a deputy sheriff, and E. E. Bresse, a policeman, and mortally wounded Neil Hawley, who died on the following day, and seriously wounded Carl Anderson, a newspaper reporter.

Tracy committed many feats of daring during his flight, in which he eluded various posses, was apparently surrounded, and held up farmers, whom he forced to furnish food and clothing, and by threats of murdering their families compelled them to cover up his tracks. Perhaps his greatest show of daring was displayed on July 2, at South Bay, when he held up six men and forced one, including Gardner, a Colorado cattleman, and William Strong, a boy, in the same state. A total reward of \$5,000 was offered for his capture. He was captured at Washington, offered \$2,500 for his capture, dead or alive. The state of Oregon offered \$3,000, and a brother of one of the men killed at the penitentiary offered \$100.

The reward for Merrill's capture amounted to \$1,500, which has been claimed by his brother, Gardner, a picker, and her son, who found the body near their home.
