IS AFTER THE LEASE

ANDREW SCHOCH IS WILLING TO ABSORB THE GEDNEY PICKLING PLANT

AGREES TO PAY \$1,000 A YEAR FOR USE OF GROUND

Dr. Ohage Announces Offer at Conference Between Himself and West Side Representatives—Doctor Insists on Removal of Gedney Spur—Settlement Seems to Be in Sight.

The Andrew Schoch Grocery company has informed Health Commissioner Ohage that it is willing to take up the Gedney Pickling company's West side levee lease, pay the owners a fair sum of money for the plant and factory, pay the city an annual rental of \$1,000 a year instead of \$1, the sum now received, and renounce all rights to the spur track now in the rear of the factory.

This announcement Dr. Ohage yesterday made to Dr. J. G. McNamara and E. H. Wood, representing the West Side Improvement association, both of whom the doctor had invited to a conference relative to an amicable settlement of the problem of the public bath approaches referred to at the meeting of the assembly Thursday evening. Dr. Ohage further announced that Mr. Schoch had informed him that if a satisfactory absorption of the lease were secured, all Mr. Gedney's present employees would be retained, and instead of fifteen persons, an agreement would be made with the city to employ twenty-five or more.

The conference between Dr. Ohage and the West Side representatives was quite lengthy and the situation throughout was gone over in detail. It was in every way dispassionate. Dr. Ohage said he simply desired a safe approach to the island, and with the spur track there he did not think it could be obtained. This he desired removed, the erection of a suitable fence parallel with the main tracks of the Omaha and a flagman stationed constantly at the bridge entrance which the main tracks cross.

Willing to Drop Condemnation.

As to the condemnation of the block containing the four factories, Dr. Ohage announced his willingness to drop the matter, provided the owners aided him in having the spur track taken out. The removal of this spur track, however, he would insist on; also the annulment of the Gedney lease. If this was done he would immediately proceed to improve the tract of ground lying between the factories and the main tracks, provide steps and give a decent approach to the island. The cost to the city he considered would be trifling.

Through it all, the West side representatives listened attentively and seemed much impressed. Both informed the doctor that they were willing to agree to anything that would bring about an adjustment. Both promised to visit the other factory owners and see if they could not secure their consent towards obtaining the removal of the spur track. The Omaha road, it is understood, is willing to pull it up, provided the factory owners are willing. They now have directly across the street from their places of business a freight depot and a number of tracks.

Bridge Would Be Costly.

During the discussion, a bridge from the Wabasha street structure to the island was proposed by the West side representatives, and Bridge Engineer Edmonstone was called in to tell what he knew of its feasibility.

He said it could be built, but the cost would be heavy, probably about \$75,000. He thought the grade would

be too heavy and considered the plan a poor one.

Yesterday Dr. Ohage received from the Chamber of Commerce a letter offering its services in bringing about an amicable adjustment and asking if such was in sight. Dr. Ohage replied that it seemed possible, and thanked it for its offer.

The opinion is general that the controversy over the clogging of the approaches to the baths will be adjusted shortly. Dr. Ohage seems to be master of the situation, and while not obtaining all that he originally asked for, will practically come out of the fray with flying colors. Secretary Wood and Dr. McNamara say the West Side Improvement association is anxious for an early adjustment and is willing to concede anything in reason and that will enhance the interests of both their section of the city and the public baths.

TWO MEN HURT IN A WRECK NEAR ELKTON

Martin Osgard, a Fireman, and Thomas Jones, a Printer, Sustains Serious Injuries.

Martin Osgard, a Great Western fireman living at 420 Starkey street, was severely scalded, and Thomas Jones, a printer, was badly bruised in a Great Western wreck which occurred yesterday afternoon near Elkton, Minn., a small station about 100 miles from St. Paul. Engineer S. Wheaton jumped from his cab and escaped with slight injuries.

The wrecked train was a special freight and was running at a high rate of speed when it struck a switch. The engine and thirteen cars left the track and piled up in a heap in the ditch. Osgard was caught in the cab and was severely scalded by escaping steam. He also sustained several severe bruises about the body.

Thomas Jones is a printer, who was on his way from Chicago to St. Paul. He was in a car load of coal at the time of the accident. When the car jumped the track, Jones was battered about the interior of the car. His head was cut in several places and his right shoulder was dislocated. A relief train left St. Paul shortly after the accident occurred and brought the injured persons back. Osgard was taken to his home and Jones went to the city hospital. The remainder of the train crew were not injured.

Later in the evening Osgard was removed from his home to St. Joseph's hospital, as his injuries were discovered to be more serious than first supposed. The upper portion of his body is badly scalded, and the hospital authorities say that his condition is serious. The exact extent of his injuries cannot be ascertained at present, as they will not develop for a couple of days.

FIVE SUSPECTS ARE NOT THE RIGHT MEN

Police Are Convinced That McHenry Was Not Implicated in Train Robbery.

George McHenry, suspected of being implicated in the Burlington train robbery, was brought into the police court yesterday morning, and a charge of trespassing placed against him. He was then taken back to the county jail. John E. Mooney, the Burlington engineer who claims to be able to recognize one of the robbers, was to have appeared in St. Paul yesterday afternoon to look over the suspects held in the county jail, but he did not come, however, as there is not much credence given to the suspicion that the five men were in any way connected with the gang. The police and detectives ridicule the idea that robbers of the caliber that held up the Burlington train would try to beat their way into St. Paul on a freight train. It is generally supposed in police circles that the gang which held up the Burlington train was under the leadership of "Butch" Cassidy, who is supposed to be the man that held up the Northern Pacific in Montana two years ago. The five suspects in the county jail were probably the gang that passed Tuesday, and no further action will be taken against them. It was learned yesterday that McHenry is well known in Iowa City, Iowa, and that he was there the night of the robbery.

HE SUES FOR INJURIES CAUSED BY FALLING FLOOR

John Nelson Asks for \$5,150 From McCormick, Behne & Co.

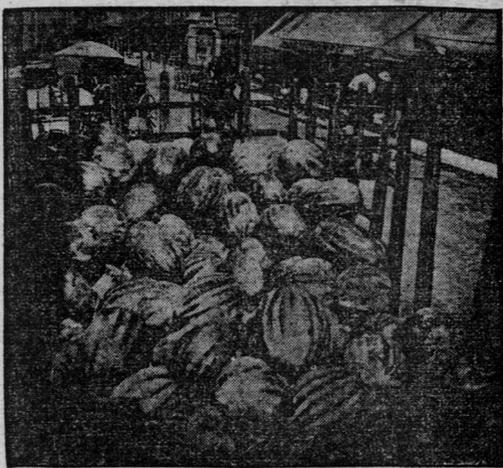

John Nelson has commenced an action in the district court against McCormick, Behne & Co. to recover \$5,150 damages for injuries alleged to have been received on Feb. 5, 1902, while he was in the employ of the company. The plaintiff alleges that he was on the second floor of the company's warehouse and that the bulk of goods on the floor was too heavy for the supports, and as a result the floor gave way, carrying him down to the first floor, together with the bulk and bundles, injuring his knee and inflicting other injuries.

Increases Its Capital.

Amended articles of incorporation of the Dower Lumber Company, Wadena and the Chamberlain Clothing Company of Albert Lea were filed with the secretary of state yesterday. The former increased its capital stock to \$100,000, and the latter changed its name to the Model Clothing company.

Deposits made now will be entitled to 4 mos. interest Jan. 1. The State Savings Bank, Germania Life Bldg., 4th and Minn. sts.

St. Paul Consumes 6,000 Watermelons Every Day

WATERMELON SCENE ON COMMISSION ROW.

According to the receipts on Commission Row these warm days, St. Paul is consuming about four carloads, or an average of 6,000 melons a day. True, some of the succulent fruit finds its way to the rural districts, say the commission men, but the number is so small that the Saintry City can be credited with nearly the entire amount. The melons that St. Paul is consuming just now are freighted from Kansas, Missouri and Indiana. The latter state furnishes the most, for it is there that they grow the best and in the largest number. This may not meet the approval of the average lover of watermelon, who has been wont to associate this refreshing edible with the Sunny South, but it is a fact that one portion of the Hoosier state, the southern part, raises more watermelons than any state in the Union. Jackson county in that state, a near neighbor to Posey county of hoop-pole fame, is the center of the industry and nets its farmers per acre more than the far-famed wheat fields of the Northwest. If it is a Jackson county melon it is all right, and it is this brand of fruit that St. Paul is whetting its appetite on just. The proportion from Kansas and Missouri is fairly large,

BUSY MELON EATERS.

and providing the grower with a compensation after his season of toil and of labor, the consumption has not reached the point that the fruit is to be found on every table in the Saintry City. There is no scarcity, it is simply

more money is the answer you will get if the commission man is asked to explain. The man he buys the fruit from demands more and he has to ask more when he retails them. This is one of the reasons the street gamins has cut the fruit from his daily menu. When he does manage to locate one it is considered a treat and his pals are duly impressed with his importance.

Unlike St. Louis and other cities along the Mason and Dixon line, St. Paul is not equipped with a watermelon exchange. The cars of fruit arrive at the depot and their receipt is heralded by the commission wagons who, with a man to count the fruit and keep an eagle eye on the street Arabs, who hover near with watering mouths, load them up and take them to the refrigerating rooms, to await demands from the grocers and those who retail them.

It will be fully two weeks before the home-grown melon appears in the market. While the crop is large as it generally is, its arrival will not cause any appreciable drop in the price. Some consider the home melon of better flavor and for this reason a little more is asked for each. In size, however, it does not compete. While the commission men handle them, the peddlers sell the melon crop in the product of their own land, and they get the benefit of the profit the commission man makes.

There's no use telling Everybody that the Seal of Minnesota is the Old Reliable, is the sweetest smoke. The price. To be brief, St. Paul is paying 6 to 10 cents more for every melon it consumes this year than it did last. Labor costs more and the people have

more money is the answer you will get

if the commission man is asked to explain. The man he buys the fruit from demands more and he has to ask more when he retails them. This is one of the reasons the street gamins has cut the fruit from his daily menu.

DOUGLAS' VIEW OF THE NEW PRIMARY LAW

Modifies His Previously Expressed Opinion—How Republicans May Vote.

Attorney General Douglas recently gave an opinion as to the rights of an elector to vote at the primary election for the candidacy of a party other than the one he was affiliated with at the last election. In answer to an inquiry from James Martin, chairman of the Republican committee, the attorney general yesterday modified, or as he expressed it, "made more clear" his opinion.

The latest opinion of the attorney general is that a person who voted for the Democratic candidate for governor and congressman, but who supported all or substantially all the other candidates on the Republican ticket, is entitled to receive and vote the Republican ballot at the coming primary election.

Replying, I have to say that, in my judgment, such circumstances entitle the elector to receive a Republican ballot and participate in nominating the candidates of the Republican party, provided, of course, such voter states that he proposes to affiliate at the next general election with the Republican party.

In other words, if a person asserts at the primary election that he intends to affiliate with the Republican party at the ensuing election and declares that he is affiliated with the Republican party and generally supported (to use the language of the statute) his candidate at the last general election, he is entitled to receive the party ballot.

"In a doubtful case, I am inclined to the view that such an elector may vote the ballot of any party with which he has heretofore affiliated, provided he supported a majority of its candidates at the last general election."

MRS. TURNER ACQUITTED OF CHARGE OF CRUELTY.

Evidence Disproves Accusation That She Struck Her Stepdaughter.

Mrs. Bessie Turner, colored, 320 Farrington street, was discharged in the police court yesterday on a charge of cruelty to her eight-year-old stepdaughter Bernice. The warrant for her arrest was sworn out by Humane Agent Mook. The case was tried at length and several witnesses, all colored, and who lived in the neighborhood of the Turners, were examined. They were Mrs. Emma Adams, Mrs. Georgia Stanton, Mrs. Stella Smith and Miss Zara Wright. Dr. Porter testified that in his opinion the injury to the girl's eye was caused by an insect and not by a blow, as was charged. Judge Hine, after listening to the testimony, discharged Mrs. Turner.

FOUND WITH SPOILS

LULU FOSTER AND CLARA BANKS BROUGHT TO ST. PAUL BY DETECTIVES

THE STOLEN PLUNDER IS IDENTIFIED BY LOSERS

Their Connection With the Colored Trio, Jackson, Brown and Franklin Is Fully Established—Police Claim to Have a Clear Case Against All of the Quintette.

Detectives Frazer and Lavelle returned from Chicago yesterday with Lulu Foster and Clara Banks, white women supposed to have been implicated in the burglaries for which three colored men, "Lefty" Jackson, Marion Brown and Mack Franklin, are under arrest at the Central station. The detectives brought back two trunks full of plunder, a considerable portion of which has already been identified. The police say yet have but two trunks in their possession, as one of the women swallowed the baggage check as soon as arrested, and it will be necessary to go through some legal process before the railroad will release the third trunk.

Lulu Foster was arrested under the name of Allie Jackson and claims to be "Lefty" Jackson's wife. She is said by the police to be one of the most notorious female crooks in the country. When arrested by the Chicago detectives, her identity was not established. Detective Frazer recognized her the moment he entered the Harrison street station.

Valuable Plunder Found.

When the trunks were searched at the Central station twenty gold watches, sealskin saccus, pins, jewelry of all kinds and a considerable amount of female apparel was discovered. John C. Shea, of the Colonnade hotel, identified his watch and some pins, which were taken from his flat a couple of weeks ago. Fred De Wilde, whose room in the Windsor hotel was robbed last Monday night, identified his watch. Belle Gordon, 147 West Third street, identified one of the sealskin saccus. A considerable portion of the jewelry found in the trunks is said to belong to Nellie Bryant, of Minneapolis.

The police believe that the plunder already recovered will reach a valuation of \$2,500, with another trunk yet to be searched. By far the greater part of the goods recovered belongs to Minneapolis residents, as the quintette has been operating there for many months past.

Allie Jackson, alias May Clark, alias Lulu Foster, was tried for murder in Chicago eight years ago, but was acquitted. She was accused of killing Allen Joyce, a colored man, and the case was a sensational one for some time. The Jackson woman claimed the killing was done by Stella King. In other respects she has a long record of crime in many of the larger cities of the country. Little is known of the other woman, except that in 1898 she was living at her home in a small town in Illinois. During 1900 she went to Chicago, where she was employed as a waitress in a restaurant, where she began her career.

Came Back Willingly.

Both women agreed to come to St. Paul without extradition papers, although they were advised by their friends to make a fight. The Jackson woman claims the reason she waived her rights was that the women's department of the Harrison street station in Chicago was not clean enough.

The five prisoners will have a preliminary hearing in the police court Monday, by which time the complaint will have been made out and filed. Shea and De Wilde yesterday served garnishment papers on Chief O'Connor to recover the money found on "Lefty" Jackson and Allie Jackson. Each had \$121 sewed up in their wearing apparel. Shea lost \$76 in cash and De Wilde lost \$98.

The police maintain that they have a clear case against all the prisoners and Chief O'Connor is well satisfied with the work. Although little was said about it, the police began to work diligently immediately after the report of the burglary in St. Paul. Now that the gang has been entirely broken up, they feel that it will be some time before any "porch climbers" and second-story workers" will invade the town.

REGISTER KICKS ON THEIR ASSESSMENTS

St. Paul Trust Company and Owners of Lowry Arcade Enter Protests.

The board of equalization held a short session yesterday morning and considered a few petitions, the most important of which was the application of the St. Paul Trust company, trustee of Mary E. Baker, one of the heirs of Norman W. Kittson. As trustee, the company owns lots 2 to 33 inclusive in Full & Brown's addition to Hyde park, formerly known as Midway. The property is assessed at \$22,350, or at the rate of \$900 an acre. In its petition the company protested that \$500 an acre was plenty high enough, as the land cannot be sold for more than that figure. The application was taken under advisement.

J. F. Conklin was present and objected to an increase of \$18,000 this year on the property known as the Lowry arcade. The property was assessed at \$342,900 in 1900, and this year at \$360,600. Mr. Conklin objected to the increase on the ground that the property is not worth any more this year than it was in 1900.

District Epworth League.

The St. Paul District Epworth league cabinet held a meeting yesterday afternoon in the Y. M. C. A. rooms. Those present were: President Carl F. Miller, of Hamline; Vice President S. S. Treasurer Edward Houger, of Fairbairn; executive committee, Rev. B. N. Avison, of Hamline; Rev. W. Brown, of Stillwater; C. P. Carpenter, of Northfield, and E. J. Elder, of St. Paul.

Plans were made for subdistrict convocations to be held as follows: In St. Paul, October, 1902; in Lake City, November, 1902; in Farmington, January, 1903; in Stanton, March, 1903. The details of the programmes will be worked out and announced later. Special attention will be given to Bible study, workmanlike study, education and Christian stewardship.

The annual convention of the district will be held at Fairbairn in May of 1903.

IS IT AN EPIDEMIC?

Vital Statistics Show an Alarming Increase in an Already Prevailing Disease—Are Any Exempt?

At no time in the history of disease has there been such an alarming increase in the number of cases of any particular malady as in that of kidney and bladder troubles now prevailing upon the people of this country.

Today we see a relative, a friend or an acquaintance apparently well, and in a few days symptoms of kidney trouble appear. His serious illness or sudden death, caused by that fatal type of kidney trouble—Bright's disease.

Kidney trouble often becomes advanced into acute stages before the afflicted is aware of its presence; that is why we read of so many sudden deaths of prominent business and professional men, physicians and others. They have neglected to stop the leak in time.

While kidney aches are puzzling the chances of contracting dreaded and dangerous kidney trouble, or eradicating it completely, are greatly enhanced if already afflicted. Many precious lives might have been saved, and many more can yet be saved by paying attention to the kidneys.

It is the mission of The Globe to benefit its readers at every opportunity and therefore we advise all who have any symptoms of kidney trouble to write today to Dr. Kilmer & Co., Binghamton, N. Y., for a free sample bottle of Swamp-Root, the celebrated specific which is having such a great demand and remarkable success in the cure of the most distressing kidney and bladder troubles. With the sample bottle of Swamp-Root will also be sent free a pamphlet treatise of valuable information.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BIG CONTRACTS ARE LET

BOARD OF CONTROL PURCHASES \$90,000 WORTH OF SUPPLIES

In Placing the Contracts, Preference Is Given to State Firms, and St. Paul Gets a Generous Share of the Allotment—Coal Not Yet Purchased.

Contracts for \$90,000 worth of supplies for the quarter, beginning Aug. 1, were awarded yesterday by the state board of control. Upward of 90 per cent of the contracts were awarded to Minnesota concerns.

Within a few days the board will take up the matter of fuel for the various institutions. About 50,000 tons of soft coal and 1,000 tons of anthracite coal are to be purchased. The board may decide to use Illinois coal the coming year if the prices are right.

The contracts awarded yesterday included the following schedules: Crockery and Glassware—Schunmann & Evans, St. Paul; Linen—W. W. Ackerman, St. Paul; Ogden, Merrill & Greer, St. Paul.

Underwear—J. J. Morris, Minneapolis; Minneapolis; Wyman-Partridge, Minneapolis. Clothing—J. F. Burke, Stillwater; Palace Clothing company, Minneapolis; Mike Kitzman, Rochester; Finch, Young & McConville, St. Paul; Ackerman & Co., Boston Clothing company, St. Paul; Wyman, Partridge & Co., Minneapolis.

Dry Goods—Finch, Young & McConville, St. Paul; Tibbs-Hutchings company, St. Paul; Minneapolis; Stone-Webster company, Stillwater; Reynolds-Walco company, Tennesse.

Hosiery—H. H. Choate & Co., Winona; James W. Conner, Owatonna; Wyman, Partridge & Co., Minneapolis.

Books and Stationery—Shoe company, St. Paul; Gotzian & Co., St. Paul; Hats and Caps—Palace Clothing House company, Minneapolis; A. Rohrbach, Stillwater.

Harness and Saddlery—Selgel, Cooper & Co., Chicago; Sheffer & Hossain, St. Paul.

Groceries—Griggs, Cooper & Co., St. Paul; Foley Bros. company, Chicago; Peyton & Twhoy company, Duluth; James W. Conner, Owatonna; Yerka Bros. Co., Winesap; Minneapolis; Surgical instruments—J. J. Morris, Minneapolis; Chicago; Anthony Kelly & Co., Minneapolis; L. Patterson Mercantile company, Manitowish; Minneapolis; J. J. Morris, Minneapolis; Deall & McGowan company, Fergus Falls.

Syrups and Molasses—Griggs, Cooper & Co., St. Paul; Minneapolis; Stone-Webster company, Chicago; Stone-Webster company, Duluth.

Meat Products—Armour Packing company, Kansas City; Lyman Tuttle, Fairbairn; J. M. Schaefer, Owatonna; Swift & Co., St. Paul; J. T. McMillan company, Chicago; J. T. McMillan company, St. Paul.

Ont Meal—Foley Bros. & Kelly, St. Paul.

Flour—Forman Ford & Co., Minneapolis; H. M. Hooker company, Chicago; Noyes Bros. & Cutler, St. Paul.

Drugs, Pharmaceuticals, Surgical Instruments—J. J. Morris, Minneapolis; Surgical Dressing company, Milwaukee; Noyes Bros. & Cutler, St. Paul; Fair & Lange Drug company, Milwaukee; Lyman Tuttle Drug company, Minneapolis; King Bros., Minneapolis; J. J. Morris, Minneapolis; Surgical Manufacturing company, St. Louis; Ernest Lutz, Chicago.

Hardware—J. J. Morris, Minneapolis; Hackett Hardware company, St. Paul; Wolfstetter & Haskell, St. Paul; Schunmann & Evans, St. Paul; Powell-Homes company, St. Cloud; Hibbard-Spencer-Bartlett company, Chicago.

HAZEL PARK.

Mrs. Charles Wheeler, of Maryland street, entertained a party at Hazel Park street, entered yesterday. Miss Sullivan, of Merriam Park, spent Monday with Park friends.

Miss Edwina, of Iowa City, spent the latter part of the week with Mrs. E. S. Ferry, of Stillwater avenue. Miss Edwina, of Stillwater avenue, entertained in honor of his birthday at a family reunion Thursday.

Miss Eva Fabian, of the Bluff, spent Monday with Mrs. W. A. Ames, of Stillwater avenue. Mrs. E. L. Tepe, of White Bear, has returned from a visit to Hazel Park.

Miss Kelley, of city, spent Tuesday with Park friends.

BURLINGTON HEIGHTS.

Mrs. John Wharry, of Dayton's Bluff, entertained a party at Highwood Gables on Tuesday at luncheon. Among the guests were Mrs. J. H. Ames, Mrs. J. J. Clam, Mrs. J. R. Williams, Mrs. J. J. Mathews.

Mrs. John Mathews entertained the Ladies' Card club Wednesday afternoon. The favor was won by Mrs. M. B. Wetherbee.

Mr. and Mrs. Willis J. Howard and Mr. and Mrs. H. W. Peterson, of Stillwater, are on their outing.

Mrs. John Mathews returned Tuesday from a week's visit at White Bear. Mr. and Mrs. F. W. Milson have returned from a visit to Duluth.

Pale. Thin

Pale cheeks, white lips, and languid step tell the story of thin blood, impure blood. Doctors call it "anemia." They recommend Ayer's Sarsaparilla. Ask them and they will tell you just why it makes the blood so rich and red.

Anemic people are almost always constipated. Their liver is sluggish. They have frequent attacks of sick-headache, nausea, and indigestion. Just one of Ayer's Pills each night will correct these troubles.

25 cents. J. C. AYER & CO., Lowell, Mass.

Back to His Old Love

Having severed my connection with Mr. A. Montant will continue the business of the Montant Cafe. I will serve the best the market affords and will be pleased to see old friends and the public in general. Good German Cooking, the best Wines, Liquors and Cigars, will be features of the

Germania Cafe.

MR. J. OLSZEWSKI, Prop.
