ALL STAR BALL TEAM

FOUR SAINTS WITH THE PICK OF THE AMERICAN ASSOCIATION

HOGRIEVER THE ONLY CHAMPION ON THE LIST

Little Huggins Is Named as the Leader of the Cracks—Altrock Placed Ahead of Flaherty and Mock—Toledo Is Missed in the Collecting—Hart and Geier Handicapped.

With the 1902 season of the American association a thing of the past, the fans are filling in the time discussing the surprises of the year.

At the start of many of the players who promised to make the league look up to a par with the American and National, fell down.

Fortunately for the league the stars were most evenly divided. In picking an all-star team players must be taken from almost every club on the circuit.

In picking an all-star team The Globe must give four St. Paul players place. Louisville also secures four positions, its pitchers, Coons and Dunkle helping in the count.

The All-Star Team Is Picked. The all-star team is picked as follows: Gangel, Louisville, 1b.

Hogriever, Indianapolis, rf. Shannon, St. Paul, cf.

Hurley, St. Paul, p. Dunkle, Louisville, p. Coons, Louisville, p.

Altrock, Milwaukee, p. Gibson, Kansas City, p.

His John Gangel, of the Colonels, owns the lead place in the list of first basemen.

Huggins is fast inside player, a shrewd man and a league leader with the stick.

Hogriever has led over every other second sack man in the association.

Lee Tannehill is admitted by all critics to be the fastest shortstop ever signed by a minor league club.

Lee Tannehill is admitted by all critics to be the fastest shortstop ever signed by a minor league club.

Geier Deserves a Place. Terry Turner, of Columbus, has demonstrated from the first day of the season that an all-star team would be incomplete without a place for Little third baseman, Turner, too.

Dunkle and Coons must be picked by anyone discussing a star team.

Altrock, of Milwaukee, did not have a chance to show with the others, being with a second division team.

Gibson of Kansas City, though a youngster, went through the season as one of the successful pitchers and his work helped save a finishing place for the Blue.

In King up this all-star staff of pitchers, several fast twirlers are missed by reason of their being left-handed.

The Second Choices. For a second team, the following players are picked: Kelley, St. Paul, 1b.

Fox, Indianapolis, 2b. Klingman, Milwaukee, ss.

Hart, Columbus, 3b. Lumley, St. Paul, rf.

McBride, Milwaukee, cf. Pelrose, St. Paul, c.

Kelch, Toledo, p. Flaherty, Louisville, p.

Kellum, Indianapolis, p. McDonald, Kansas City, p.

Mock, Toledo, p. In the second list more chance for a place is offered to the Cracks of Kansas City, stands close to Mike Kelley as a first baseman.

Second baseman belongs to Fox, but Levee, of Kansas City, has a right to dispute Klingman's claim for shortstop.

Jimmie Hart, of Columbus is given third base, and Hart, if he had not been played in almost

every position during the season, would have earned a place on the first team.

Hallman has a claim to the place given to Levee. Dillard is ahead of the others in left field.

backstop positions is given to Pelrose, who, backed with a longer experience, would have drawn Hurley's place on the first team.

Kleinhoff, though with a tall-end team all season, made a good record and would have worked through a more successful season if he had been with a winning team.

NO PEACE BETWEEN LEAGUES

National League Managers Talk Over the Situation. NEW YORK, Sept. 25.—The National league baseball representatives got down to work early today.

There were present John T. Brush, who presided; Andrew Freedman and Fred Knowles, New York; A. H. Sothen, Boston; Barney Dreyfuss and Harry Pulliam, Pittsburgh; Harry von der Horst, Ned Hanlon and Charles Ebbetts, Brooklyn; Col. John L. Rogers and A. J. Reach, Philadelphia; James Hart, Chicago; Max Fleishmann and August Herrmann, Cincinnati. F. de Haas Robinson, of St. Louis, was not at the meeting.

The new developments in the American league situation were taken up. At the conclusion of the session John T. Brush said: "We spent the entire session in a general discussion of the situation and not a single action was taken that would interest the public. As a matter of fact, our hands are tied in certain respects and we can do nothing in the line of what the public expects."

Brush admitted that the managers had discussed the situation regarding New York, but he also admitted that his followers were com-

pletely baffled so far as taking any action was concerned.

According to James A. Hart, of Chicago, there is absolutely no chance of peace between the two big leagues next summer.

"Peace" repeated Mr. Hart in answer to a question. "There is no chance of it. There certainly has been no advances made by the other side and none by us. The American league, to my mind, does not want peace just at present. They will never be satisfied until they have placed teams in both New York and Pittsburgh. Then they think they will be able to talk terms on the basis of league-wide-out."

Mr. Hart declared that the situation as to players had been gone over carefully and that the public would be surprised when they learned how few players would jump their contracts this year on either side.

Manager McGraw arrived in the city from his Western trip. He declared he had engaged two American league stars for his team next year. He refused to give the players' names.

James C. Kennedy is expected to say that he will be manager of an American league team in this city next year, adding that the American league had options on two pieces of ground in this city.

SHAMROCK BACKER NERVOUS.

Fast Practice Work of St. Paul Lacrosse Club Bothered Winniepeger. St. Paul lacrosse stock has taken a jump upwards and the players are encouraged at the showing made last night at the practice, which was witnessed by a Winniepeger, who has seen the Shamrocks play in almost every match this season.

After the game he expressed himself amazed at the smoothness with which the Saints work on the field. "It is the kind of lacrosse that wins," he said. "I have seen you play and you meet ours. We think we have a defense that is a stone wall, but from their way their opponents get in on today, I am beginning to wonder about the outcome of the match."

"They told us, too, that the St. Paul defense was a mark, but this must have been in the nature of a trick, for I am sure no one could play goal better than Shepherd did this evening, and the work of the men in front of him was strong."

Interest in the big international match which is to be played Sunday at Lexington is steadily increasing, and the Indians are expected to bring a large crowd being present. The Winniepegers will probably arrive today, and the locals will be able to get a line on their form when they meet them.

The Clarendon and the Windsor hotels will be the headquarters for the visiting team and the contingent of rooters.

A meeting of the St. Paul club was held last night and the team to play in the game Sunday was selected. The list of fortunate ones follows: Goal, J. Shepherd, goal; Jones, point; Raymond, cover point; Murphy, first defense; McAuliffe, second defense; Wadsworth, third defense; O'Brien, center; Oehme, third home; Armstrong, outside home; Slattery, first home; Elliott, outside home; Whyte, inside home; Koffer, left half; spare men; Burdett, field captain.

The local club intends to make the game one of the events of the season, and the Clarendon Hotel has accepted the invitation to face the ball.

ROUMANIA SHUTTING OFF EMIGRATION

In This Way It Will Be Polite and Considerate Toward the United States. BERLIN, Sept. 25.—The Tageblatt today prints a letter from Bucharest, capital of Roumania, dated Sept. 22, as follows:

"The Washington note came like a ray of sunshine from a storm cloud to the Jewish population, the patient laboring classes, who conceived the hope that a favorable turn would follow the interference of mighty America. These people eagerly reached for any straw promising them rescue. But their jubilation has been of short duration. The only effect the American note has had so far is an order, according to the Roumanian newspapers, that no more emigration passports be issued without the usual tax of \$4. It is even reported that no emigration

passports will be granted. The spirit of the government is, 'We are masters here. Nevertheless, it is impossible to be polite and considerate toward the United States. It intends to show this by preventing emigration to the United States.'"

"There is much talk here about 'Yankee arrogance,' but they laughed in their sleeves so long as the American note was without European support. But the news that England had followed with a similar step caused vexation. If the continental powers set jointly it is possible that the Roumanian Jewish question may become acute."

BERLIN, Sept. 25.—Germany has decided not to associate herself in a formal manner with the American and British protests against Roumania's treatment of the Jews. The German government adopts this attitude, it is understood, independently of other continental powers.

BUENOCAMINO IS REPUDIATED

Directors of Federal Party in the Philippines Declare He Did Not Represent That Outfit. MANILA, Sept. 25.—The directors of the Federal party have passed a resolution repudiating the statement made by Felipe Buencamino before the congressional committee in Washington last June, that he represented the Federal party, and denying that the Federalists paid his expenses to the United States.

Senor Buencamino has resigned as a director of the party and purposes to appeal to the members of the party at large.

PROTECTION GETS A LITTLE BLACK EYE

Colombian Government Expects With Their Aid to Put an End to the Revolution. PANAMA, Sept. 25.—The government entertain great hope of the new cruiser Bogota, recently acquired by it in the United States. It is believed that when the Bogota begins operations the revolutionists will lose their prestige at sea, which government officials declare to be their greatest strength.

The American gunners sent down here for service on government gunboats by the Colombian minister at Washington, Senor Cocha, made an examination today of the gunboats Chucuito and Claret, each of which is armed with two six-pounders. These boats are thought to be faster than those in possession of the revolutionists, and the hope is entertained that the government fleet will defeat the insurgents at sea.

The success of the government in its contemplated naval engagement depends on the Bogota, which is commanded by Capt. Armadique, an American, and manned by an American crew. If the Bogota sinks the Padua, the revolutionists' most effective ship, the revolution, it is believed, will be ended.

WASHINGTON, D. C., Sept. 25.—The navy department has received the following cablegram from Commander McLean, of the Cincinnati, at Colon: "Wednesday afternoon, 300 insurgents attempted to board a train about leaving Empire station and capture a Colombian officer, passenger from Colon to Panama. A marine knocked an insurgent officer with the butt of his musket. Guards trained a Colt's in them, but did not fire, as they fled."

TREATY OF COMMERCE WITH CUBA BEING NEGOTIATED

It Will Be Drawn Up on the Lines of Reciprocity. WASHINGTON, D. C., Sept. 25.—Negotiations are pending between Mr. Quesada, the Cuban minister, and the state department with regard to a commercial treaty, an extradition treaty and a treaty to adjust the title to the Isle of Pines. It is the purpose of Minister Quesada to draw up the commercial treaty on reciprocity lines. The fate of such a treaty will depend naturally on congressional action on Cuban reciprocity.
