MONUMENT DEDICATED AT NEW SCANDIA.

Fully 1,500 residents of Washington and Chitago counties yesterday participated in the exercises on the farm of Christ W. Berg, in New Scandia, where the elegant granite monument was erected in memory of Oscar Roos, Carl Fernstrom and August Sandahl, the first Swedish settlers of Minnesota, who located there in 1850, and for many years underwent the hardships and privations of pioneers. The handsome granite monument overlooks one of the most fertile spots in the entire state and is an elegant tribute to the memories of the hardy pioneers. It is of solid granite. Its cornerstone was laid by Rev. Wahlgren, of St. Peter, two years ago, when a celebration was held there commemorating the fiftieth anniversary of the coming of Swedes to Minnesota. The exercises of yesterday were held in the open air, and no finer affair has

ever been witnessed in Washington county.

Addresses were delivered by Gov. Van Sant, Senator Moses E. Clapp, Prof. J. S. Carlson, instructor in Scandinavian languages at the state university; Rev. E. R. Norelius, of Vasa, Minn., president of Augustana synod in Minnesota, and Rev. Theodore Kjelgren, of Ottsville, Minn. All of the addresses were eulogistic of the Swedish pioneers in Minnesota and the pioneers in whose honor the monument has been erected. Swedish and American songs were contributed by a chorus choir, and following the exercises, a pleasant hour was spent in handshaking. The monument was built by popular subscription on the part of residents of Washington county, who take great pride in its completion and the honor it gives to such a large percentage of the population of the North Star State.

MORMONS MEET IN ANNUAL CONFERENCE

Latter Day Saint Says Miracles Still Take Place on This Earth.

That human beings actually communicate with spiritual agencies in this material age, as did the patriarchs in the shadowy ages of remote antiquity, was positively asserted by "seventy" E. F. Cummings, of the Church of Latter Day Saints at the semi-annual conference held last evening at Central hall.

He declared emphatically that in his lifetime he has seen many cures worked by divine agencies that are recorded in the Bible. "The blessed days of old are not lost," said "seventy" Cummings. "The privilege of dreaming prophetic dreams and of seeing portentous visions may still be vouchsafed to the pure in heart, provided they are Latter Day Saints."

"Seventy" Charles Bergeson, of Idaho, traveling as a missionary in the cause of the religion of Brigham Young, told the assembled adherents of the faith of his rites of baptism, and expatiated on its virtues.

A. H. Cummings, president of the Northern States mission, with headquarters at Chicago, who is attending the conference, spoke of the growth of the sect. According to the figures he gave, there are in the church at the present time 200 patriarchs, 6,000 high priests, 2,000 "seventies," who are missionaries; 50,000 elders, and 85,000 lesser priests. There are in the church societies of young women numbering 28,000, while the membership of the young men's society is only 25,000. There is a relief society having a membership of 20,000, and the rendering of assistance to the poor as its object.

Apostle Abraham C. Woodruff, who is a son of one of the pioneers who went with Brigham Young across the trackless prairie and laid the foundations of the cradle of the Latter Day Saints, Salt Lake City, in the valley of the Rocky mountains, says that the Indians have been attracted by the principles of the religion of the Latter Day Saints. Thousands of the red-skinned primitives are numbered among the Saints today. They take to the principles of the religion.

WILL INTEREST EVERYBODY.

Or At Least Everyone Who Suffers From Catarrh.

Catarrh in its various forms is a national disaster and the cause of suffering to everybody suffers from it more or less leads many to neglect its proper treatment.

Nasal catarrh is a common cause of headaches, destroys sense of smell and neglected reaches the throat, causing impairment and sometimes total loss of voice. Bronchial catarrh leads to consumption. Catarrh of stomach and liver are very serious and obstinate troubles, while it is never cured unless the catarrh is the most common of all causes of deafness.

The more serious forms of catarrh begin with nasal catarrh, the local symptoms being a profuse discharge, stoppage of nostrils, irritation and frequent clearing of the throat, sneezing, coughing and general debility.

The old style of treatment with douches, inhalers, sprays, salves, etc., simply give temporary relief, and everyone who has used any of them knows how useless they are and their inconvenience is such that very few have the time or patience to continue their use.

A radical cure of catarrh can only be obtained from a treatment which removes the catarrhal taint from the blood, because no one will now dispute that catarrh is a constitutional or blood disease, and local applications can have no effect except to temporarily relieve local symptoms.

A new remedy which has been remarkably successful in curing catarrh is a pleasant tasting tablet which is taken internally and acts upon the blood and mucous membranes.

It is composed of antiseptic remedies, like red gum, blood purifier, and similar cleansing specifics, which eliminate the catarrhal poison from the system. The tablets are pleasant to the taste and are dissolved in the mouth and thus reach the throat, trachea, and finally the stomach and alimentary canal. They are sold by druggists everywhere under the name of Stuart's Catarrh Tablets.

If desired, when there is much stoppage of the nose, the tablets may be dissolved in warm water and used as a douche, in addition to internal use, but a douche is not at all necessary. A few dissolved in the mouth daily will be sufficient.

Dr. Amies says: "The regular use of Stuart's Catarrh Tablets taken internally will cure the whole catarrhal trouble without resorting to the inconvenient 'douches or inhaler.'"

They seem to give a healthy tone to the whole system, and the relief is really remarkable how soon they will clear the head and throat of the unnatural and poisonous secretions.

Stuart's Catarrh Tablets is undoubtedly the safest, most palatable and certainly the most efficient and convenient remedy for any form of catarrh.

DAUGHTERS OF REVOLUTION GATHER IN LARGE NUMBERS

Patriotism is Strongly Manifested in Speeches and Reports at Minnesota Conference, Held in Minneapolis—700 Women Attend and Reports Are Read From Various Chapters.

Daughters of the American Revolution in the state of Minnesota attended in large numbers yesterday the state meeting of the society held in the Westminster church, Minneapolis. The programme was held in the lecture room, which held a smartly gowned audience of about 700 women. The presence of Mrs. C. W. Fairbanks, president general of the national society, made the state conference a memorable occasion.

On the platform with Mrs. Fairbanks were Mrs. Rising, of Winona, the state regent; Mrs. W. M. Liggett, state vice regent; and Mrs. M. D. Edwards, St. Paul chaplain. These officers were led to the platform by white gowned ushers. Mrs. Edwards pronounced the invocation that opened the programme and Miss Frances sang.

Patriotic Music is Rendered.

The music, which was entirely patriotic in character, was an enjoyable feature of yesterday's conference. It was rendered by C. S. Laird and a quartette, consisting of Miss Edna Hall, Miss Gertrude Hale, Miss Harriet Walter and Miss Margaret Gray.

Mrs. Rising, who presided for the first time at a state conference, made a most favorable impression and her few opening words of welcome were well chosen and well expressed. Mrs. C. W. Keyes, of Minneapolis, welcomed the visitors on behalf of the Minneapolis chapters. She called attention to the fact that with all the opportunity of membership in the society came responsibility of leading in American citizenship. Mrs. S. R. Van Sant, of St. Paul, responded for the visitors. She extolled comity between cities as being the same as friendship between individuals.

Real Daughter is Presented.
