STROBEL HAS CHANCE TO SELL TOLEDO AMERICAN ASSOCIATION TEAM

BRESNAHAN AND STEVENS ASK SHORT TIME OPTION

National League Catcher and a Cigar Merchant Want Place in Hickey League—Present Owner Asks Time to Think Over Offer.

TOLEDO, Ohio, Oct. 27.—There is some prospect of a change in the ownership of the Toledo baseball club and franchise in the American association.

The prospective buyers are Roger Bresnahan and Charles Stevens. Bresnahan is one of the best ball players in the business and has signed a contract to catch for the New York National league team next season for \$4,000.

Mr. Stevens is proprietor of the Valentine cigar store and has had years of experience in the theatrical business, being for a number of years the manager of the People's theater, now the Lyceum.

He says if he is one of the owners of the Toledo franchise he will secure the best team to play in the league, but the players in the stands will be changed to accommodate more people and several improvements will be made.

Mr. Strobel is undecided in the matter and says he is not ready to give them a definite answer at present, but will in a few days.

Ban Talks of the New Team for New York and the Prospects There. NEW YORK, Oct. 27.—Ban E. Johnson, president of the American baseball league, who is in this city, said, regarding the announcement just made of the list of players for the new team here:

"Every man on the list has been signed by an American league club, and moreover, I know the contracts will be lived up to. Baltimore is to be known as our circuit to make way for New York and in this city—right in Manhattan Island—we have a grand grand stadium, convenient, but accessible. We have made known the names of the players who will compete with the Gophers and our next step will be to inform the public of the location of the park. I have been talking to the press and my plans, but this time everything is all right and there is nothing ahead but plain sailing."
