

CANADIANS IN A FLUTTER

Fear the United States Will
Place a Duty of \$4 on
Their Saw Lumber

MEASURE AS A REPRISAL

Because Canadian Government Placed
an Embargo on the Export of
Pulp Wood

LAURIER WOULD PLACATE THE AMERICAN PULP MEN

Pulp Mills on the Northern Border of
the United States Suffer, Being
Largely Dependent Upon Canada for
Wood—Premier May Go to Wash-
ington to Discuss the Matter.

TORONTO, Ont., Nov. 16.—Canadian
lumbermen who are in touch with what
is going on at Washington and in
Canadian government circles are
alarmed over the rumor that a duty
of \$4 per thousand feet will be levied
on Canadian sawn lumber entering the
United States.

It is said that the measure is in-
tended as a reprisal for the action of
the provincial governments of Ontario
and Quebec in placing an embargo on
the export of pulp wood. A number
of pulp mills on the northern borders
of the United States were dependent
largely on Canada for pulp wood, and
these have suffered by the embargo.

No effective reprisal can be taken in
connection with the pulp industry, so
that an effort, it is alleged, is on foot
to strike at Canada through the sawn
lumber industry.

Sir Wilfrid Laurier is anxious that
the governments of both Ontario and
Quebec should take some step that
will mitigate the alleged grievance of
the American pulp men. It is possible
that on his coming trip to Virginia
Sir Wilfrid will discuss the matter with
the American government.

NATIONAL GOVERNMENT PLAN FOR LABOR

Novel Idea Which a Convention of Fed-
erations Will Be Asked
to Adopt.

DENVER, Col., Nov. 16.—Should a
movement begun by the Colorado
State Federation of Labor be favorably
received by labor federations of other
states, a national convention of dele-
gates from these organizations will be
called to meet in Denver to consider
and act upon the plan of the Colorado
federation, which has for its purpose
the adoption of a system of govern-
ment modeled after the national govern-
ment of this country.

Secretary Harry B. Waters, of the
Colorado State Federation, is sending
out letters embodying the plan propo-
sed to the various state federations.
Each federation is urged to appoint
delegates to the proposed convention.

GIVING WAGES OF RAILWAY MEN A LITTLE BOOST

Lake Shore and Rio Grande System
Fall Into Line.

CLEVELAND, Ohio, Nov. 16.—The
Lake Shore road will post notices to-
morrow announcing an average in-
crease of ten per cent in the wages of
switchmen along the entire system.
Not long ago the wages of the switch-
men in the Chicago yards were raised
and the notice tomorrow will apply to
all other switchmen. It will affect
about 1,000 men.

The same company now has under
advisement a more general increase
in wages, affecting a great many em-
ployees. Officials refused to give out
any of the details, but it is stated au-
thoritatively that a sweeping increase
may be made before the end of the
week. It is also stated that the Nickel
Plate will follow with a general in-
crease.

DENVER, Col., Nov. 16.—Under an
agreement reached between Manager J.
Herbert of the Rio Grande system and
the Brotherhood of Railroad Train-
men, the members of that order who
are employed as switchmen in the
various yards of the company are
granted an increase of pay based upon
the Chicago schedule recently adopt-
ed and four cents per hour.

**JOHN SLOAN DIES BECAUSE
HE WOULDN'T TURN OVER**

Strange Cause of a Shooting Affray
in Kentucky.

SOMERSET, Ky., Nov. 16.—John
Sloan, an old citizen of this county,
was shot and killed by James Pratt,
of White County, at the Colyer hotel,
early today. Sloan retired in an in-
famous condition in a room occupied
by several other men. Pratt aroused
Sloan, telling him to turn over.

This angered the old man and he ad-
vanced on Pratt, according to the
statements of other men in the room,
with a knife in his hand. Pratt
drew a revolver from under his pillow
and fired, killing Sloan, fired, kill-
ing him instantly.

**RICE LEAGUE OF LAND IS
WIDENED BY A SURVEY**

Important Phase Assumed by the Estate
of the Murdered Millionaire.

AUSTIN, Tex., Nov. 16.—Information
from Marble Falls, Burnett county, Tex.,
is to the effect that aside from the
Patriotic probably nothing connected with
the immense estate of the late million-
aire, William M. Rice, has created much
public interest than the recent report
of the official survey of the Rice league
of land lying to the south of Marble Falls
and bordering on the Colorado river.

This survey widens the supposed bounds
of the league to an enormous extent,
and takes in supposed holdings of others.
It is the conflict of claims now imminent
that portends the most interesting and im-
portant phase of the matter.

lic school teacher, who died today after

SOCIALISTS TO FORE

BOUND TO ASSERT THEMSELVES
IN THE AMERICAN FEDERA-
TION OF LABOR

EXECUTIVE COUNCIL TO BE ENLARGED BY TWO

One of the Additional Members Will
Probably Be a Representative of the
Socialist Wing—The Latter claims It
Has Rights as It Controls One-Third
of the Votes.

NEW ORLEANS, La., Nov. 16.—
There is a strong probability that the
executive council of the American Fed-
eration will be enlarged from nine to
eleven members at the present conven-
tion, and that one of the additional
members will be a representative of the
Socialist wing of the labor unions.

The Socialists claim they control nearly
one-third of the votes cast in the con-
vention and feel fairly confident of
getting one man on the board. There is
also a strong element opposed to an
increase in numbers, but the Socialists
say they do not expect to win without
a fight, but they do expect to have
won that much when the fight is over.

But the chiefs have so far entered
the race for the place of the next con-
vention—Buffalo and Milwaukee. The
latter place claims the better right, as
it has been a candidate three times
and on each occasion has withdrawn in
favor of the place in which the con-
vention was held. However, energetic
work has been done by the advo-
cates of either city.

District of Columbia Should Vote.
W. E. Kennedy, general organizer of
the International Brotherhood of Elec-
trical workers, has prepared a resolution
which he expects will raise a
breeze upon the floor of the convention.

It is that the present local government
of the District of Columbia is antiquated
and obsolete, and the residents of the
district should be allowed to vote. The
resolution is certain of opposition, as it
is the avowed policy of the federation
to refrain from political matters.

The visiting delegates were hand-
somerly entertained today by the local
laboring organizations, who arranged
several social affairs for them during
the afternoon and secured one of the
theaters for them tonight.

**SERVED IN PRISON
ON A FALSE CHARGE**

Englishman Returns to America After
Release From Unmerited In-
carceration.

SPECIAL TO THE GLOBE.
CHARDON, Ohio, Nov. 16.—John P.
Davis, aged 50 years, arrived here to-
day after serving three years and nine
months in an English prison on the
charge of theft, on what he says was a
false charge. Davis left his home here
four years ago for a visit to the land
of his birth. En route across the At-
lantic he fell in with confidence men
and upon his arrival in England he was
arrested and convicted of forgery and
sentenced to four years' imprisonment.

His friends had not heard from Davis
after he left and had given him up for
dead, when they received a letter from
him last summer. Cleveland men in-
terested themselves in securing the
man's release. Money was forwarded
to the English authorities called to the
case, but not until Oct. 21 did the pris-
on door open for Davis. He lost no
time in returning to America. Davis
shows the effects of long confinement
and his hands bear marks of the
hardest kind of work.

**PRETENDER TO THRONE
OF MOROCCO TAKEN**

Imperial Troops Capture a Gentleman
With Nickname Extremely
Picturesque.

TANGIERS, Morocco, Nov. 16.—Ac-
cording to a report from Fez, the im-
perial troops have captured the pre-
tender to the throne. It is stated that
the sultan, at the head of an army of
25,000 men, will direct in person the
operations to put down the uprising
of the Kabyle tribesmen at Zemour.

Previous dispatches announced that
the sultan, with the entire Moorish ar-
my, was to leave Fez on Nov. 10 to sup-
press the rebellion started by the pre-
tender. The latter began his mission
among the most ignorant and super-
stitious of the Berber tribes. He at
first confined himself to a few conjur-
ing tricks, but this success encouraged
him to attempt bigger things. The pre-
tender is nicknamed "Bu-Hamare," be-
cause he never rode on anything but a
small donkey.

HE IS GIVEN TO HUGGING WOMEN

Man Arrested in Iowa for Distributing
Tokens of Affection Too In-
discriminately.

SPECIAL TO THE GLOBE.
CLINTON, Iowa, Nov. 16.—A man
named Ira Stebbins, from Morrison, Ill.,
has been arrested here on suspicion
that he is the "Jack the Hugger," who
has terrorized women of this city for
the last three weeks. Many complaints
have reached the police department
from different parts of the city of a
man approaching and embracing wom-
en, singly or in pairs.

Last night the offender was caught
in the act of embracing two young
girls. It is said his mind is affected.

In an interview, he says the girls whis-
tled to him and enticed him on. He
does not seem to think he has done
anything to make an outcry about.
Soon after being arrested he was
bound asleep in his cell in the jail.

**RUBINO AN ADVANCED
SOCIALIST INDEED**

Assailant of King Leopold Imbued An-
archistic Principles in London and
Has a Criminal Record.

ROME, Nov. 16.—The ministry of the
interior has established the identity of
the assailant of King Leopold. His
name is Gennaro Rubino, and he is
described in their records as an ad-
vanced socialist. He was condemned
to a long term of imprisonment for
stealing at Milan in 1893, but escaped
to England, where he is supposed to
have imbibed his anarchistic princi-
ples.

His father was a patriotic communal
councillor, but Rubino, while still serv-
ing in the army, was condemned to
five years' detention for writing a sub-
versive newspaper article. These are
the only criminal records that have
been found against him. Since leaving
Italy he has resided continuously in
Scotland and England, first in Glasgow
and afterward in London. Some years
ago he was accused of treachery by his
anarchistic friends and expelled from
their ranks.

According to some reports, Rubino,
in his examination before the magis-
trate, declared that he selected King
Leopold for his attack on account of
his majesty's inhuman conduct toward
his daughter, Princess Stephanie.

He would have killed King Edward, he
added, but for the strong feeling of
the English people in favor of the
king. A dispatch from Rome
says:

"The pope, King Victor Emanuel
and Premier Zanardelli have sent tele-
grams of congratulation to the king of
the Belgians on his escape from as-
sassination. It appears that Rubino
has a brother who is also an anarchist.
He has been talking with distinction
in the Italian war for independence."

**DREADFUL EXPERIENCE
OF SHIPWRECKED MEN**

Sixteen People On a Raft Suffer From
Thirst and Hunger and Three
of Them Die.

WELLINGTON, New Zealand, Nov.
16.—The eight survivors from the
wreck of the British steamer Elangamite
who were rescued on a raft by the
British survey steamer Penguin, were
through a dreadful experience. The
raft from which they were taken
measured only twelve feet long by seven
feet wide and had sixteen persons on
it when it left the wreck. The only
food on board was two apples. The first
apple was consumed on Tuesday and
the second on Wednesday, each being
divided into sixteen portions.

From Sunday, the day they were
wrecked, until Thursday, when they
were rescued, the survivors drifted
sixty miles on the Three Kings Islands,
but without success. Three men died
on Monday night from drinking salt
water. All of the survivors suffered
the tortures of thirst, and four other
men and the stewardess died of ex-
haustion before they were picked up
by the Penguin.

They had a cruel disappointment on
Tuesday night. A steamer was sighted
in the distance and frantic shouts were
raised by those on the raft to attract
attention. The steamer lowered a boat,
which passed within fifty yards of
them, but the boat's crew apparently
did not see the raft and returned to
their vessel.

When the Penguin was sighted only
one of the survivors was able to stand
and all were terribly emaciated.

WASHINGTON, D. C., Nov. 16.—Sec-
retary Wilson is confined to his home by
a severe neuralgic cold which has de-
veloped since the recent political cam-
paign in which the secretary took an ac-
tive part. His ailment has been con-
siderably relieved, but it will be some
days before he is able to resume his
duties in the agricultural department.

ALARMING IN MANILA

STEADY INCREASE REPORTED IN
THE NUMBER OF CHOLERA
CASES

HOSPITAL, CAMP AND PRISON ARE INFECTED

Disease Spreads in the Marquina Val-
ley and There is Danger of an In-
fection in the Water Supply—Papal
Delegate to Settle Church Before
Secular Matters.

MANILA, Nov. 16.—The number of
cholera cases is increasing in this city,
and the spread of the disease is caus-
ing some alarm. There are on an av-
erage thirty cases daily. The Funston
Reserve hospital, the Casual camp at
Santa Mesa and Bulid prison are now
included among the places infected.

The disease is spreading in the Mar-
quina valley, where the danger of an
infection of the water supply is re-
garded as grave. Should the water
supply become infected a general epi-
demic is considered inevitable.

The cholera reports from the provin-
ces show a decrease in the num-
ber of cases.

Seceding Catholic Church.
A conference of the bishops, priests
and leaders of the Philippine Roman
Catholic church will be held in Manila
next week. They purpose to address a
memorial to Mgr. Guidi, the apostolic
delegate in the Philippines, setting
forth their position. A number of na-
tive priests who sympathized with
this movement, but are still adhering
to the Roman Catholic church, will
seek an interview with Mgr. Guidi be-
fore reaffirming their allegiance to
Rome or joining the dissenters.

It is believed that Mgr. Guidi will
deal with the church situation before
entering upon negotiations with Civil
Governor Taft regarding the friar
lands.

THEIR VIEWS ARE OPTIMISTIC.
Gen. Chaffee and Vice Gov. Wright
Drop Words at Omaha.

OMAHA, Neb., Nov. 16.—Gen. Adna
R. Chaffee and staff, en route from
the Philippines to New York, where he
will take command of the department
of the East, passed through Omaha
this afternoon. Tomorrow he will
reach Chicago, where he will be ban-
queted before going to Washington.

Gen. Chaffee spoke of the general
conditions in the islands, which he
said were good. The people were gradu-
ally learning to recognize the civil
authorities and to grow contented un-
der it and that he anticipated little, if
any, trouble.

"Even in Samar," said the general,
"all is now quiet or at least was when
I left there six weeks ago."

"Business there is increasing and
general prosperity is apparent in the
islands."

He said that owing to the war all
the animals had been killed in certain
sections and that as a result the na-
tives were unable to cultivate or har-
vest their crops, which resulted in suf-
fering in those districts, but that the
general tone of the people there was
good.

**BUREAU OF CHILD AND
ANIMAL PROTECTION**

Bill With a Humane Purpose to Be
Introduced in Congress
This Winter.

DENVER, Col., Nov. 16.—Through the
instrumentality of the Colorado Hu-
mane society, Colorado's representa-
tives in congress will introduce at the
next session a bill creating a national
bureau of child and animal protection.
The idea is to establish a national body
to do work throughout the country
similar to that now accomplished by
state organizations.

The bill prepared by the Colorado so-
ciety creates a board of three, to be
appointed by the president, to meet at
Washington. A secretary is provided
for with a salary of \$1,800 and an office
at Washington.

striking Mr. Tate in the forehead. His

cumstantial evidence Sheriff Anderson

SURGEON MAKING A NOSE TO ORDER

New York Young Woman Will Have
the Exact Style of Smelling
Organ She Desires.

SPECIAL TO THE GLOBE.
INDIANAPOLIS, Ind., Nov. 16.—Dr.
L. C. Cline, a well known physician of
this city, has undertaken the delicate
operation of restoring a human nose
after the nasal bones and the sur-
rounding flesh have entirely sluffed
away as a result of an injury received
four years ago. The young woman who
has submitted herself to this operation
is Miss Mabel Osborn, of Fulton, N. Y.
The first stages of the operation have
been successfully passed and the phy-
sician expresses confidence in his abil-
ity to restore the nose not only so that
it will perform the desired functions
but also enable her to select the exact
kind of nose that she wants, a thing
she regards as a decided privilege be-
cause it is one that but few people enjoy.

Before beginning to rebuild, the phy-
sician cut away the decayed bone and
flesh. Healthy tissue was cut from
the inside of the cheeks and moved to
the position to be occupied by the nose.
As soon as this is thoroughly knitted,
it is proposed to restore the full con-
tour of the nose by injecting paraffine
heated to a temperature of 110 degrees
under the skin of the nose and then
mold it into the desired shape.

Old Child.

son, the fourteen-year old son of Mrs.

crime was the result of a quarrel.

**FREIGHT COLLIDES
WITH TROLLEY CAR**

Man Killed and a Dozen Men, Women
and Children Injured in
Chicago.

CHICAGO, Nov. 16.—One man was
killed and a dozen men, women and
children seriously injured in a collision
tonight between a Western avenue
electric train and a Chicago, Burling-
ton & Quincy freight train at the
Eighteenth street crossing. The motor
and trailer which made up the electric
train were crowded with passengers
and it seems a miracle that so many
escaped instant death.

Hugh Curran, passenger on street
car, was the one killed. Those injured
were:

Joseph Dedick, side injured and left
leg badly crushed; Mrs. Mary Dedick,
both arms broken and body bruised;
Joseph Dedick, Jr., left shoulder dis-
located and scalp wounds; Frank De-
dick, badly bruised and cut about
head and body; Mamie Dedick, face
lacerated and body bruised; A. Brown,
back injured, condition serious; Frank
Gayle, motorman, bruised about head
and body; Alex. Langford, conductor
of trailer, four ribs broken and severe-
ly cut and bruised; J. B. Morgan, con-
ductor motor car, right
leg broken.

A mistake of the flagman at the
crossing was responsible for the acci-
dent. The freight train, consisting of
forty-two cars and an engine at each
end, broke in two as it approached
Western avenue. The first portion
passed the crossing, and the flagman,
not seeing the remaining portion com-
ing at full speed, half a block away,
pulled up the gates and gave the sig-
nal that the crossing was clear. The
electric train, which had been waiting
for the freight train, started to cross
and was hit squarely by the last half
of the train.

Both cars were overturned in the
ditch by the collision. Several pas-
sengers noticed the danger in time to
jump before the accident happened,
but the rest of the passengers were
jammed in at the doors unable to get
out. When the two trains came to-
gether the passengers were thrown in
every direction. The flagman and men
in charge of the street cars have been
arrested.
